THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, OCTOBER 2, 1911. NUMBER 1

BUCKNELL TAKES THE FIRST GAME

'VARSITY TRIMS LOCK HAVEN.

Touchdowns by Gdonaic, Topham and Field Goal by Topham Net 19-0. Score.

Football season was ushered in most favorably on the local gridiron, Saturday, when Bucknell defeated the sturdy Lock Haven Normal School eleven with a 19-0 score.

The varsity scored twice in the first period, with two touchdowns by Gdonaic, followed shortly after by a field goal by Topham. Again in the second period Bucknell scored a touchdown after a thrilling 40 yard run by Topham, who later crossed the goal line.

The day was an ideal one for football and the team was in excellent shape. There was a good crowd in attendance, attracted there in hopes of seeing the Normalites give the varsity a scare similar to last year's contest when Lock Haven held the Orange andBlue to a 6-0 score.

Lock Haven won the toss up and chose the kick off. Topham received the ball and advanced it to the center of the field. The varsity fumbled on the first down due in all probability to haste and excitement. But after the blunder the team steadled down and rushed the pigskin repeatedly for big gains. It took precisely three minutes for the varsity to show its speed when Topham electrified the spectators by making a 40-yard run around right end. His mad dash was checked just short of the goal post. Gdonaic carried the ball over on the next play. The ball was returned to the center of the field, Lock Haven kicking off. It was the same thing over again. The visitors tried in vain to stop the brilliant advances of the varsity but to no purpose, Cruikshank and Topham vying with each other for honors. Gdonaic scored his second touchdown For the third time this period the ball was returned to the kick off. There was no stopping. The men worked like Titans. A 20 yard gain by Cruikshank and the ball was within 25 yards of Lock Haven's goal. Here Topham tried for a field goal, which shot swiftly over the bar. First period ends 13-0.

The second period opened with Lock Haven making desperate efforts to check Bucknell's advance. They seemed to succeed, the struggle becoming intenser. But suddenly Topham darted out from the ranks, dodging, side stepping warding off with a stiff hand, the speedy full back made a sensational run for 60 yards, only to be brought to the ground within 10 yards of the coveted goal. Fate was not altogether unkind. He was chosen to advance the ball again and with a mighty plunge he carried the ball over. The first half ended with the score 19-0.

Coach Dickson started the second half with several stubstitutions, in order to save his men and give others a trial. Loewen took Cruikshank's place. Zehner and later Aleshauckes relieved Keiser, while Shippman was substituted for Topham. It was here that Lock Haven succeeded in stopping Bucknell's advance, but only to lose the ball when in their possession. Loewen distinguished himself by making several long runs. There was no score in this period. The fourth period was also a scoreless one, in spite of the fact that Cruikshank who replaced Loewen at quarter made another thrilling end run for 60 yds.

Too much credit cannot be given to the work of the men on the line. The men held their ground, every one of them. The back field would never have gotten away with successful gains but for the stubborn defense of the line. McCormick, Hearn, and last year's heroes, Schmidt, Jordan and Bartholomew proved staunch allies.

BUCKNELL		LOCK HAVEN
Jordan	left end	McDermott
Hearn	left tackle	Lininger Smith
Richardson	left guard	Bloom
Schmidt	center	Weber
Dunkle	right guard	Rosenblum
McCormick	right tackle	Benson Reading
Bartholomew	right end	Greninger Adams
Cruikshank	quarter-back	Bressler Loewen
Keiser,	left half-back	Adams Nealin Zehner, Aleshauckes
Gdonaic,	right half-back	Ruffner
Topham	full back	Mathews Shipman

Touchdowns—Topham, Gdonaic. 2. Goal from field—Topham. Goal from touchdown, Jordan. Referee, Wolfe, Cornell. Umpire— Cockill, Bucknell. Field judge—Kase, Bucknell. Time of quarters—10 minutes each.

LYCEUM COURSE.

Thus far the work done in the interest of the Y. M. C. A. Lyceum Course has been encouraging. The town people have responded to the canvass in a manner quite gratifying. The canvass of the school will begin tonight. Every student should be ready to sign for at least one course ticket. The price is $1.50; and there are six good numbers. At this rate there may be some who will want two tickets instead of one. Such people should be encouraged.

Y. M. C. A. RECEPTION

HEARTY WELCOME AND GOOD CHEER PREVALENT.

The Y. M. C. A. Reception on Saturday evening, Sept. 23, has been pronounced very successful. The general spirit and enthusiasm were very encouraging. This reception was marked by the interest taken in it by men heretofore apparently uninterested. "Vice" Schmidt, master of ceremonies, carried out an interesting program after refreshments had been served. In the speeches, all sides of college life were touched upon by Dr. Harris, football men, ministers, professors and representatives of the classes.

Thus far this year the Y. M. C. A. has added to its membership 65 men. Not all the men have as yet been approached. The Y. M. C. A. is anxius to have this year, a goot football team, great college spirit, and a booming Y. M. C. A. It believes that Bucknell is better today than it has ever been, and that the outlook is hopeful indeed.

The first regular meeting of the year was held on Thursday evening. It was well attended. The address by Prof. Stewart was one of the best, most practical ever delivered before the Y. M. C. A.

CLASS ELECTIONS.

At the meetings of the four classes the following officers were elected for the coming collegiate year.

SENIOR CLASS.
President:—James Harris .
Vice President:—Ralph Davenport.
Secretary:—Ada Brooks.
Treasurer:—George Reiter.
Historian:—Cecil Childs.
Poet:—Helen Ruth.

JUNIOR CLASS.
President:—Henry Steele.
Vice President:—John Bogert.
Secretary:—Marian Fischler.
Treasurer:—Edwin Brush.
Poetess:—Margaret Weddell.
Historian:—Clay Sanders.

SOPHOMORE CLASS.
President:—Frank Worrilow.
Vice President:—Fred Schnure.
Secretary:—Marian Harman.
Treasurer:—George Keech.
Poet:—Helen Eede.
Historian:—Edna Whittman.

FRESHMEN CLASS.
President (pro tempore). Rogers.
Football Manager: Russell Shipman

—Remember! Cheer Practice and P-Rade Thursday.

NEW YEAR BRINGS BUCKNELL BIG BOOM

FORMER RECORDS BROKEN.

Total Registration of 160 New Students in College Alone. Changes in Faculty.

Another college year, Bucknell's sixty-sixth, has loomed upon the horizon and has been ushered in by old Father Time. And when Father Time ushered in Bucknell's sixty-sixth he did the job right, for with the new year was presented to the University a boom—it is impossible to find a more adequate word —which can be proclaimed with every degree of safety to be the biggest in the history of the institution. As a result everything is alive on the hill and Bucknell is setting out upon the circuit of 1911-1. at a pace which if maintained will break all former college records.

Official figures up-to-date place the number of new registrations in the collegiate department alone at 164, all but a few of these of course being listed in the Freshmen class. According to Prof. Joseph M. Wolfe, Registrar these figures are unparalleled, in Bucknell's history, and moreover include only those new students who are actually on the grounds. A significant fact is that while the classical and similar courses have held their own the big increase in new men is felt in the various engineering courses.

Official statistics as to the new registrations in the Academy, the Institute and The School of Music are not yet obtainable, but all indications go to show that these associated schools have also felt the effect of the big boom.

In the college the resignations of two professors have taken place, Prof. Leo L. Rockwell, Instructor in German, who was forced to resign on account of his health and Prof. Karl Glycart, Instructor in Chemistry. The new Instructor in German is Prof. Charles Evans. Prof. Evans had three years of experience as a teacher after receiving his A.B. at Haverford College in 1902. He then studied three years in Germany, chiefly at the University of Leipzig, and more than one year in Paris. About two years ago he was appointed by the Univ. of Penna. to a Harrison Fellowship in Germanics, which ran out last June. He has completed his work and is now finishing his thesis for the Doctor's degree. In the summer of 1910 he returned to Germany and renewed his studies at the University of Berlin. Mrs. Evans is German and has been in America but one year. Prof. Wm. T. Winters is the new instructor in Chemistry. He has a Ph.B. degree from Johns Hopkins and formerly taught in Albright College. Professor Chas. C. Fries is now assisting Prof. Phillips with the Sophomore Rhetoric classes on the hill.

In the Academy John Kase, '11, fills the vacancy caused by the resignation of I. N. Earle, '10, teaching mathematics and German. Walter, '13, is an assistant in Rhetoric. Miss May Hollingshead, of Milton, a graduate in Music in 1904, and who has since that time been pursuing graduate work, has been added to the corps of instructors in the School of Music.

1911 Football Schedule

Oct. 6, Lehigh at South Bethlehem.
Oct. 14, Wyoming Seminary at Lewisburg.
Oct. 19, A. & M. College at Raleigh, N. C.
Oct. 28, Rochester University at Rochester.
Nov. 4, Lafayette at Easton.
Nov. 11, Army at West Point.
Nov. 18, Villa Nova at Wilkes-Barre.
Nov. 18, Sophomore-Freshmen at Lewisburg.
Nov. 25, Haverford at Lewisburg.
Nov. 30, Ursinus at Reading.

FRESHMEN WIN SCRAP.

In the annual class scrap, held the first Saturday, following the opening of college, the Sophomores suffered an overwhelming defeat at the hands of the Freshmen. The new men entered the contest with the firm determination of winning and proved too great an obstacle for the Sophomores to surmount. The advantage rested with the Freshmen from the start because of their majority in numbers. Although outnumbered the Sophomores fought until the finish and caused the Freshmen much annoyance at times. The scrap was interesting and in several instances showed the pluck and nerve of the underclassmen. The contest was witnessed by a large crowd of spectators composed of townspeople and students.

"TOOTERS" WANTED.

All students who can play band instruments or who may desire to learn to play such instruments are requested to gather in Room 7 at 4:15 Wednesday afternoon. Bring instruments. The Bucknell band owns several pieces that need volunteers.

ATHLETIC CONTROL

EXECUTIVE BOARD RE-ESTABLISHED.

As a result of the adoption of the report of the special committee on Athletics the following shall comprise the new Executive Board on Athletics:

Professors Heim, President, Hamblin, and Griffith, Comptroller, with Oscar Wolfe, '12, assistant. The Alumni members are Thompson and Leiser, while the two student members are Hoffman and Everett.

The following is an extract of the Committee's report "The Faculty members to be elected annually by the Faculty; the Alumni members to be elected by the General Alumni Association and the two undergraduates to be elected by the Athletic Association."

"The Faculty shall designate one of the Faculty members of the Executive Board as Financial Comptroller, whose duty it shall be to supervise the finances of the Athletic Association, both as to receipts and expenditures. No purchases shall be made, or bills paid unless endorsed by him. The Faculty shall appoint an assistant to the Financial Comptroller, who shall perform such duties in the financial management as the Financial Comptroller shall assign to him."

The reorganization of the management of the affairs of the Athletic Association comes in endeavor to aid the various managers in acquiring and preserving all material and property entrusted to them. The Comptroller and his assistant will have the right and duty of soliciting subscriptions from Alumni and other friends of Athletics.

Y. M. C. A. HANDBOOK.

The Y. M. C. A. handbook this year is one of superior quality and is up-to-date. The handbook committee deserves a great deal of credit for producing it. This book is made possible largely through the advertisements in it and we ask the students to give them due consideration.

The method of distributing the handbook has been changed. To many of the new men it was sent before they came here in order that its contents might be a help to them at a time when help was most needed. Although not all other students have as yet received one, there is one for every fellow and they will be distributed soon.

DECREASE OF "ADS" INCREASES EFFICIENCY

OUR PLATFORM "BUCKNELL."

Big Gain in Subscriptions Expected As Management Proceeds to Make Paper More Attractive.

Editorial.

Here is the first issue of The Orange and Blue, free from two columns of "ads," just as we promised it last year. And it is not so for the first few editions only, but it is to stay so throughout the entire year. We are thoroughly pleased wih the prospect of having so much more space in which to print all the Bucknell news, that we think should come to the attention of the readers of this paper, rather than having before us the problem of "cutting down" much of the available material that comes to our hands.

We have great hopes of what we shall be able to accomplish through the increasing of our "elbow room." At least we shall strive to do this much:

(1) A special section each week will be devoted to alumni news. Every effort will be made to collect all possible material for it. But of course the staff does not know all the alumni and does not come to hear of all their activities. The size and importance of this section therefore will depend greatly upon the interest which our readers, faculty, alumni and students take in it and their corresponding readiness to put into our hands everything which will help to keep the alumni section alive. Suffice it to say: we consider the alumni section one of the most important in the paper. and the larger it grows the better we will be satisfied.

(2) We want above all to leave plenty of open space in the editorial column to communications. Too many good, snappy, right-to-the-point communications we cannot publish. They too will be regulated by the activity of our readers in sending them to us.

(3) As far as possible throughout the year special numbers and "features" will be arranged to add to the attractiveness and to relieve the monotony of the weekly sheet. Already a special number is brewing. Watch for it!

The accomplishment of these intentions of ours is made possible only through the fact that the "ads" have been decreased. Inasmuch as the utility and the attractiveness of the college paper will thus become greater, the management is naturally expecting that Bucknell people will lend their support in the way of subscriptions to a greater extent than was the case last year—and rightly so. There is no incentive to edit a paper or to manage a paper, that is but little read by the alumni and students of the college which it represents and in whose interest it works. Our platform is most throughly "Bucknell,"—nothing more nor less. If you by your subscription make possible and worth while issuing The Orange and Blue, and issuing it free from many ads, you are helping that which helps the college, which in turn benefitted or is benefitting you. Be loyal, subscribe and keep out the "ads" and help the staff fulfill the cry for a better Orange and Blue which arises from Bucknell people everywhere, each year.

LEHIGH NEXT.

The next scalp the Varsity is out after is that of Lehigh. The game will be played next Friday at South Bethlehem. The Orange and Blue and the Brown and White have not met on the grid-iron in years and a victory in this first contest of the renewed relations is one of the most desired of the season by both colleges. This battle will be the first real testing strength of both teams this season.

GREETING.

As we again dip into ink our editorial pen, dry and rusted from the summer's disuse the first word we write is "Greeting." Yes, a greeting most hearty to you the old men who are back again to Bucknell life, and a greeting just as hearty to you the new men, whom we meet for the first time through these columns.

Bucknell certainly opens the new year with a boom such as she has never had before. A record-breaking increase in the size of the Freshmen class, the promise of an increased endowment, a continued growth in facilities and equipment in the various departments, a more harmonious undergraduate atmosphere, so essential to that much-sought-after college spirit, a promising football eleven and many auspicious omens all serve to make the outlook most optimistic.

Here we have the good start. Are you going to take advantage of it? That is entirely with the students. Surely the old men realize what is expected of them if this boom is to be continued throughout the year. To the newcomers we would sing the song that never grows old in the singing. Be loyal above all to your college: imbibe just as soon as possible that substance called college spirit and all its accompanying attributes, get into every good college activity; be a live wire, and at the same time don't forget the class-room. Live up to those ideals through thick and thin and next June we'll be shaking hands with each other and wonder how it all happened.

POSSIBILITIES.

A new college year. Think of its possibilities! Aren't you hoping, as we are, that this year will be the "best ever" for Bucknell? And don't you often get ideas and dream of plans whereby this year may in reality be the "best ever," whereby vague hopes may be converted into live actualities and this college of ours be substantially improved. Don't let those dreams vanish; don't laugh those ideas away as you are wont to do from pure neglect. They may be valuable. Get an easy chair, sit down, think them over; if you are still convinced of their feasibility, put them on paper and mail them into The Orange and Blue. Valuable suggestions published will set others to thikning and—well, who knows what might not come about on the old hill as the result of your communicated ideas which otherwise might have blossomed forth only to perish.

In short we are trying to emphasize by this little discourse what we harped on so often last year in this familiar strain: "The Orange and Blue invites brief communications from the students and alumni on all vital college questions. Communications should be mailed or handed to editor."

In another place notice is given of a prize contest under the auspices of the Pennsylvania Arbitration and Peace Society. The worthy object of such a contest should attract the attention of our best speakers, without mention of any monetary consideration. We hope that Bucknell will be represented this year as she was last in the great movement for the extinction of war as a means of settling international disputes.

"By" Dickson says we can't have a winning football team unless we have the right kind of college spirit back of the men—and he's right. The cheering at Saturday's game was best heard on the hill for many a season. The fellows have responded well this year to the call for better college spirit. Keep it "agoin" and make it even better!

To the present Sophomore class belongs the credit of instituting the best hazing stunt yet,"that of teaching the Freshmen how to give the Bucknell-el-el on their first nights in college. If only they had not spoiled the good start by such shallow-brained acts as painting the cannon, the memorial and the pavements of the town.

Hardly anything can so effectively and at the same time so quietly advertise a school as a first class University Glee Club which can give entertainments in the various cities and towns. For the sake of the college it should be the duty of every man who has the ability to go out and make the Club a success.

Reports are that the great increase in attendance this year is due largely to individual work on the part of the students. Let's keep it up.

And this above all, to thine own Athletic Association be true —don't fail to buy a season-ticket.

SUMMER WEDDINGS.

LINDEMANN--RENN.

Prof. C. A. Lindemann, '98, of the department of Applied Mathematics was united in marriage on June 28 to Miss Stella May Renn of Philadelphia.

SABLE--SNYDER.

It became known at a luncheon given in Lewisburg, last summer that E. A. Sable, '11, and Miss Myra Snyder of Lewisburg were secretly married in Wilkes-Barre on March 24, 1911, while the groom was still a student on the hill. Mr. and Mrs. Sable are at present residing in Lewisburg.

CONDICT--MASON.

Announcements have just been issued by Mr. and Mrs.Clinton Adams of PostMills, Vt., of the marriage of their daughter, Isabel to E. Carroll Condict, A. B., '08, A. M., '11, on Sept. 17, at the home of the bride.

PORTER--STEPHENS.

Ruth Stephens, '05, daughter of Dr. and Mrs. Leroy Stephens was united in marriage to Leroy S. Porter, ex-'12, at the home of the bride's parents in Lewisburg, on Aug 1.

HARPEL--POORMAN.

Miss Edith Harpel, of the class of 1909, was married at her home in Mt. Carmel, Pa.,on Sept. 7, to Mr. Vinton W. Poorman.

SAYLOR--SOLES.

Edwin W. Saylor, '07, pastor of the Erie Ave. Baptist Church in Williamsport, was married early in the summer to Miss Cora E. Soles of Munhall. The church gave them a reception on July 20.

TERRILL-YINGER.

On Aug. 15, at Etters, Pa., Chester J. Terrill, '10, was unitde in marriage to Miss Susanne Yinger of that town. Mr. and Mrs. Terrill are now residing in Englewood, N. J., where Mr. Terrill is in charge of the Commercial Department of the High school.

FRIES--WEBB.

Prof. Charles C. Fries, '09, was married to Miss Nala D. Webb, '09, on June 24, at the home of the bride's parents in Rutherford, N. J. Prof. and Mrs. Fries are now residing on North Second street.

SENTENCE NOTES OF THEIR ACTIVITIES.

Oliver, '11, has entered Crozer Theological Seminary.

Davis, '11, is Principal of the High School in Valdez, Alaska.

Violet, D. Nesbit, '11, is a teacher in the Livingstone, N. J., High school.

Eugene Van Why, '09, is Superintendent of schools at Winsted, Conn.

Miss Grace Royer, '08, is an assistant in the Mifflinburg High School.

James M. Stewart, ex-'76, is a practising physician in Paterson, N. J.

C. P. Higby, '08, is instructor of English in the Fairmount, W. Va. Normal school.

John Kase, '11, is teaching mathematics and German in Bucknell Academy.

Charles Elson, '09, intends to take his Ph.D. in German at Columbia University.

R. W. Haller, '08, has charge of the German department at White Plains, N. Y.

J. K. Bowman, '11, heads the German department of Indiana State Normal School.

W. H. Gatehouse, '10, is Principal of the High School in Kitzmiller, Maryland.

Carl Hoechst, '07, tops the German department in the Washington, Pa.-High School.

S. Homer Smith is head of the department of history in the Sunbury High School.

THOS. H. CHAPMAN.

Rev. Thomas Hinds Chapman, '76, recently passed away at his home in Wilkinsburg, Pa.

BELLE E. CRAIG.

Miss Belle E. Craig, a graduate of the college in 1909, late of Wilkinsburg, Pa., died in June 1911.

WALTER H. BERTIN.

Walter H. Bertin, '08, died during the summer in the Williamsport hospital from an operation for intestinal trouble. At the time of his death he was Vice-Principal of the Williamsport High School. While here in college Bertin was Editor in Chief of The Orange and Blue and a member of the Phi Gamma Delta fraternity.

GEORGE A. GEBHARDT.

Geo. Arthur Gebhardt, '08, passed quietly away at the home of his parents in Jermyn, Pa., Sunday, September 24, from typhoid fever, from which he had suffered for nearly three weeks.

The deceased was a member of the Sigma Alpha Epsilon and Phi Delta Sigma fraternities and was one of the most popular members of his class in the University. He was also a member of the Methodist Episcopal church at Jermyn and of the Bible class of the Sunday school.

The following from the Jermyn newspaper attests the important role the late Mr. Gebhardt played in the business life of his home town: "Geo had become one of the prominent figures of the daily business life of Jermyn. To all appearances well endowed physically, and by a liberal education equipped in every particular to meet the demands of the exacting age in which we live, people marvel at his early demise. The floral offerings at the funeral were especially beautiful and significant, the gifts of friends, relatives and employees."

$100 IN PRIZES.

The Pennsylvania Arbitration and Peace Society offers $100 in two prizes of $75.00 and $25.00 for the best orations on subjects connected with the movement for International Peace. The contest is open to all under-graduate students of Bucknell. The winner will be entitled to represent Pennsylvania in an inter-state oratorical contest.

Students who may wish to enter the contest are requested to consult with Professor Bromley Smith.

—On account of the Bucknell-Lehigh game next Friday, Oct. 6th, the Orpheum will give a matinee that day at which time reports from the game will be announced as they are received by wire from the field at South Bethlehem. Doors will open at 3.30.

MASS MEETING

SMALL BUT SPIRITED GATHERING RESPONDS TO FIRST CALL.

Commencement Hall was the scene of a small but enthusiastic mass-meeting, composed mainly of freshmen and sophomores, Wednesday night. DeLancy, '12, had charge of the cheering practice, while rousing speeches by Coach Dickson, members of the team and the presidents of the various classes stirred up enthusiasm to the highest pitch.

Coach Dickson in the course of his talk pointed out the reasons for Bucknell's failure last year, among which was lack of spirit. He deplored the fact that so little interest was manifested by the student body at the games, citing instances of loyalty and spirit that had produced wonderful effects upon the gridirons.

Oscar Wolfe, '12, then took the platform in behalf of the Athletic Association. He laid particular emphasis upon the necessity of purchasing season tickets in order to carry out this season's schedule. Oscar handed out the gospel to the Freshmen, referring them to Rule 14 for Underclassmen which requires every Freshman to purchase a season ticket.

It was decided at the meeting to hold cheering practice on the hill once a week while the 'Varsity is practicing, and thus serve a two-fold purpose.

THE EARLY CHRISTIAN UTOPIA.

Two reasons may be given for the study of the book of Revelation. First it is frequently misinterpreted and turned into an instrument to be used in behalf of fanaticism; second, it presents a formal program of Christianity.

Because of its mechanical structure, because of its claims respecting the sources of its material, and because of its strange figures, we should not approach it as we might approach the rest of the New Testament.

The scientific method is to classify it with the apocalyptic literature and then to approach it keeping in mind that it is an outgrowth of the apocalyptic movement. When we take up the book in this manner, we find that it is a contribution to the solution of the problem of the conflict between good and evil.

MANDOLIN AND GLEE CLUBS.

The student body is showing an increased interest along musical lines this year. At a recent call for candidates for the Univ. Mandolin Club 14 expressed a desire to aid in this movement. During the past two years spirit has been lacking in this direction but the students are realizing the need of musical clubs at at a university. The work is under the direction of Professor Stolz and Miss Armstrong of the School of Music. The club meets on Tuesday afternoon at 4.15 in Bucknell Hall at which time any who wish can enter the club.

From present prospects Bucknell will be represented this year by a very able Glee Club. At a recent meeting held in Bucknell Hall Van Osten, '14, was elected Manager. The work has already been placed on a good basis and being under the direction of Professor Stolz will no doubt prove successful.

SEMINARY NOTES.

Alberta Bronson, '12, spent Sunday at her home in Girardville.

Kathryn Ryan, '11, of Asbury Park, N. J., was here for the game Saturday.

Mary Jameson, '11, of Danville, visited Ada Brooks, '12, over Saturday and Sunday.

The Sophomores gave a stunt party on Friday evening for the Freshmen girls.

Ruby Stuck, '12, is in Paxton where she was called upon the death of her grandfather.

Sallie McSparron, ex-'12, of Philadelphia, was at the school for the first few days of the term. Miss McSparron is at present attending Swarthmore college.

On Saturday evening, Sept. 21, the Y. W. C. A. entertained the new girls at an informal reception. The first regular meeting of the Association was held on Tuesday evening, when Helen Ruth, '12, led.

Another Consignment of New Fall Goods

There has not been such a selling of fashionable dress goods as we have had this season. Another lot received today in the new Tussah Carina a beautiful lustrous material worth $1.50 our price $1.00a yd. The popular French Serges at $1.00. Heavy Twill Serges from 50c up. A big line of mixtures in gray and browns from 50c, 85c, $1.00 and $1.25 a yd. A line of the new checks and stripes at $1.00.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, OCTOBER 9, 1911. NUMBER 2

BUCKNELL TRIUMPHS OVER LEHIGH IN HARD STRUGGLE

TOPHAM KICKS FIELD GOAL.

Bucknell's Appearance on Lehigh Field, Saturday, Was the First Since 1901.

Fighting fiercely every minute of the contest, "By" Dickson's proteges scored a well earned victory over the "Brown and White"on Lehigh Field, Friday, by the margin 3-0.

The game was one of great interest to the Lehigh supporters, and was waged with considerable bitterness. Coach Dickson who was Lehigh's coach for four years up to 1909 being more than anxious to beat the South Bethlehem collegians, while the "Brown and White" was just as anxious to show him a thing or two.

The only score of the game came toward the end of the first half, when Topham dropped a field goal from the 23-yard line. Both teams made frequent resort to punting the strong defense of the line men making straight foot ball impossible. The battle was waged for the most part in the center of the field, the ball see-sawing back and forth with honors about even.

First Quarter: Bucknell chose to defend the West goal and kicked off to Vela. Onside kick to Bucknell netted 20 yards. The varsity attempted a line plunge, but failed to gain. On the third down Bucknell punted and McCafferty, receiving the ball advanced it to the 50-yard line. Lehigh took the ball to the center of the field on the next play. Failing to gain Lebair punted to Bucknell's 20-yard line. The varsity lost the ball through a fumble and Lehigh gained 12 yds. on a fake play through left tackle. Both teams resorted to punting and the quarter ended with the ball in center of field.

Second Quarter: Bucknell punted on third down. Lehigh failing to gain punted. The varsity by means of terrific line plunges carried the ball to Lehigh's 30-yard line. Attempt at forward pass failed. Jordan then tried for a field goal, but the ball fell short. Lehigh punted and recovered the ball on a fumble. The varsity checked Lehigh's onslaught and receiving the ball on a punt advanced it for 10 yards. Here, both teams exchanged the ball on punts and Topham recovering the ball took it for 20 yards to Lehigh's 25 yard line. A forward pass to Bartholomew netted a small gain. Topham on the next play kicked a field goal from the 23-yard line. Quarter ended with ball in Bucknell's territory. Score 3-0.

Third Quarter: Up to this point Lehigh played a slow, heavy game. But a sudden realization of the mettle of the foe—and the sting of defeat seemed to infuse more snap and vigor. Goaded on by the cheers of their fellow students and patrons, the "Brown and White" displayed such a spirit of aggressiveness that the varsity had to strain every fibre to check their heavy advance.

Bucknell kicked off to Lehigh's 15-yard line. Lehigh punted the ball to the center of the field. The varsity playing straight football made first down. Held without a gain on the next play, Topham punted to Lehigh's 5-yard line. The "Brown and White" in turn punted to Bucknell. Crulkshank made 8 yards on the next play and then Topham sent the pigskin over to Lehigh's territory. Lehigh succeeded in carrying the ball for first down but was penalized 15 yards for holding. Quarter ended with ball in Bucknell's possession on Lehigh's 40-yard line.

Fourth Quarter: Lehigh kicked off to Bucknell who advanced it 15 yds. A pretty run around left end on the next play netted Bucknell 25 yards. The varsity punted. Lehigh receiving the ball made steady advances. It was at this point that Keiser sustained an injury to his shoulder and was replaced by Shipman. Lehigh penalized for holding, punted. The varsity in turn punted the ball to Lehigh's territory. Here the "Brown and White" fumbled the ball on a forward pass. Bucknell punted again and Lehigh received the ball on their 5-yard line. Failing to make a successful forward pass Bucknell secured the ball. The varsity then tried for a field goal, but the ball fell short. Lehigh punted to our 40-yard line just as the quarter ended. Final score—Bucknell 3, Lehigh 0.

Bartholomew	r. e.	Bailey
Crulkshank	q. b.	Pazetti
Keiser	l. h. b.	Western
Gdonalc	r. h. b.	McCafferty
Topham	f. b.	Crichton

Goal from field—Topham. Substitutes—Bucknell, Shipman for Keiser, Schaffner for Schmidt, Schmidt for Topham. Lehigh—Greene for Bailey, Goyne for McCafferty, Cox for Branco, Flick for Western, Kennedy for Crichton, Price for Pazzetti, Ackerly for McKenzie. Umpire—Davidson, U. of P. Referee—Dennison, U. of P. Field Judge—Black, Lehigh. Linesmen—Zehner, Bucknell, and Wagner, Lehigh. Time—Four 12-minute periods.

The mass meeting and parade accorded to the varsity on the eve of its departure, Thursday evening was without the slightest doubt the most enthusiastic in years. The usual routine of cheers, songs and speeches by the football men characterized the affair. But it was just what was needed to spur the men to victory.

Not since the celebration of Bucknell's victory over Yale, last spring a year ago, was the old campus the scene of a jubilant conflagration until last Saturday night when , the Lehigh victory caused the shades of the campus to light up from the flames of another great bon-fire.

A huge pile of debris located on the south eastern end of the field was the object point, towards which Freshmen, Sophomores, Juniors and Seniors hastened. The entire Seminary turned out to add gusto and charm to the occasion.

Several members of the football team were persuaded to say something relative to the game. Several others succeeded in getting away. The Freshmen in the meantime forming the snake dance filled the air with their shouts of victory. A final cheer for the fair co-eds and the celebration was over.

THAT OLD BELL

IT IS PERMITTED TO PEAL OUT ANOTHER VICTORY.

That old bell, that old-fashioned school house bell on West Wing which, (so it was said when the 1911 electric bell system was installed) had rung its last with the closing of college in June, is not silent yet. When the Bucknell-3, Lehigh-0 score was flashed from South Bethlehem, and the boys on the hill wanted to celebrate, in spite of all the yells and the noise there seemed to be something missing until a rope was attached to the old bell and once more its tones pealed out another athletic victory.

The bell was not torn down during the summer in consideration of the urgent request of the alumni but has since then hung ropeless and neglected until last Friday. The new electric bells may be all right to get a fellow to class on time and all that—but when it comes to celebrating a victory, give us the old-fashioned school house bell.

PITTSBURGH ALUMNI DINNERS RESUMED

NEXT "SPREAD" OCTOBER 12.

Opening Fall Reunion Gave Good Staft to Monthly Functions. Some New Recruits.

On September 14th, the Pittsburgh-Bucknell Club resumed their monthly dinner hour with the first fall dinner at the Hotel Henry. The "regulars" were pleased to see several new faces in their midst, two of these being "old boys" John W. Hague, Esq., '73, and Rev. A. B. Bowser, '88. Others in attendance were H. B. Wassell, '00, F. A. Riegel, ex-'07, F. R. Zug, '07, Rev. A. M. Whitby, '07, C. E. Long, '08, John J. Williams, '08, E. B. Hulley, '07, C. P. Edmunds, '10, B. M. Ogden, ex-'09.

After a delightful spread, the boys turned to their cigars and after-dinner talk. The latest gossip from Bucknell and Lewisburg, news regarding various graduates, vacation stories and business so engrossed the interest of those present that the allotted hour rapidly stretched itself into two. Bro. Hague entertained the boys with a description of his visit to Dr. David Jayne Hill at the American Embassy in Berlin last summer.

These Bucknell dinners will be given the second Thursday in every month until summer, at 6.30 P. M., at the Hotel Henry. The dinners are thoroughly informal and the cost only 75 cents a plate. All Bucknell men in and around Pittsburgh are urged to present themselves at the Henry the second Thursday of every month.

CAPTAIN SCHMIDT

"VIC" CHOSEN TO LEAD THIS YEAR'S ELEVEN.

Last Tuesday Bucknell's captainless team got a captain, when "Vic" Schmidt, '12, was elected by the Executive Board of the Athletic Association to fill the vacancy caused by the failure of Captain Snyder to return to college. "Vic" who hailed from North-East Mammal, Philadelphia, has been a 'Varsity "H" man

CAPTAIN SCHMIDT.

for the past three years, filling the positions of end, quarter-back and fullback, and now he is holding down in great style the Center position which at the beginning of the season promised to be one of the weak points in the line.

Schmidt, now that he has assumed the captaincy is working hard together with Coach Dickson to bring a big bag of victories into the Orange and Blue camp this fall. The men are back of him and as a result he is able to instill some "pep" into the team which has been so conspicuous by its absence other years.

DICKSON TO LEAD Y. M. C. A.

In spite of the fact that the 'Varsity and some of the students were on the Lehigh trip a large number of the fellows turned out to hear Prof. Fries at the meeting in the Y. M. C. A. hall last Thursday night. The speaker pointed out the danger of a man, just entering college, forgetting those vital principles which only a twice borne life can give.

Next Thursday night at 9 o'clock Coach "By" Dickson will give a talk on "Clean Athletics." Every man in college is urged to turn out and make the meeting a big success.

MRS. JOSEPH E. EDWARDS.

Mrs. Joseph E. Edwards, formerly Miss Margaret McClintock, '13, died of tuberculosis last Thursday, October 5, after an illness of eight weeks. At the time of her death she was residing in Wilmington, where her husband Joseph Edwards, '10, was pastor of the Hope Baptist Church. The funeral took place on Saturday from the Delaware Ave. Baptist church in Wilmington, which was the home church of both Mr. and Mrs. Edwards.

BUCKNELL NOMINEES

MANY ALUMNI FIGURED IN RECENT PRIMARIES.

Bucknell men figured largely in the recent primaries, especially in those offices in which a knowledge of the law is required. In Union county A. W. Johnson, '96, was successful for the Republican nomination for the Judgeship, defeating Judge H. M. McClure, '77; Colonel W. R. Fellmer, '77, won the fight for the Democratic nomination and A. A. Leiser, '69, was nominated without opposition by the Keystone party. In Northumberland county, Voris Auten, ex-'79, was the Democratic nominee while Lincoln S. Walter, '86, was defeated for the Republican nomination after a hard fight. In Delaware county O. B. Dickinson, ex-'77, received the nomination on the Democratic and Keystone tickets for Judge. T. J. Baldridge, ex-'95, recently appointed Judge in Blair county, received the nomination of the Republicans for a full term. In Union county Cloyd Steininger, '03, was the choice of the Republicans for Distrtict Attorney, while in Northumberland county A. K. Deibler, '99, was successful for the same office. In Philadelphia Senator E. L. Tustin, '84, won the Republican nomination for Recorder of Deeds by a large majority. In Salem county N. J. Rev. J. Warren Davis, '96, received the Democratic nomination for Senator.

T. E. Halfpenny, '75, Republican defeated C. Dale Wolfe, ex-'93, for the nomination for Prothonotary in Union county. J. H. Wingert, '73, was defeated for the Democratic nomination for County Commissioner. In Clarion county W. A. Hindman, ex-'77, won the Democratic nomination for Judge.

DEUTSCHER VEREIN BEGINS.

The first meeting of the Deutscher Verein for the year was held last week at which session the club reorganized by electing officers as follows: President, Davies, '12; Vice Pres., Everett, '13; Secretary, Miss Ruth, '12; Treasurer, Walter, '13; Critic, Huyette, '11. Prof. Evans was elected into membership. The next regular meeting will be held Thursday evening when Prof. Evans will speak.

PI BETA PHI RECEPTON.

On Thursday afternoon the Pi Beta Phi fraternity gave a reception in honor of Mrs. L. E. Thiess of New York City. Mrs. Theiss (Mary Bartol, '94), is the editor of the "Arrow," the official publication of the fraternity; beside this, she writes for several other magazines. The guests included the Delta Delta Delta girls, the patronesses and alumnae of Pi Beta Phi, and Miss Barr of Philadelphia.

ALUMNI PUBLICATION IS PROPOSED

PLAN TO WAKE UP ALUMNI.

Communication From "1907" Urges Consideration of Publication As a Crying Need.

Though Bucknell has fourteen hundred living Alumni, she has no medium of communication by which to maintain among them an active and intelligent interest in her welfare. The ignorance of some graduates in regard to present conditions at the college is appalling. Engrossed in newer interests, they do not know the advances made at the hill in their absence, and fail to realize that the Bucknell of today is not the Bucknell of a few years ago. Failing this knowledge, they cannot rightly estimate the signs of the times, and in their ignorance grow indifferent or even hostile. In short, they do not know their college as she now is. How can they sympathize with her? among us are all too little acquainted.

And even the better informed with the prestige of the college in the educational world at home and abroad, too little aware of the really stupendous influence she exerts through her graduates over the whole earth. We are ignorant of her history; of the devotion and sacrifice through which her early life was shaped, of the devotion and sacrifice by which her present activity is maintained. We forget too often the trials of the past in the troubles of the present, and fail to presage from the triumphs of aforetime triumphs yet to come.

Furthermore, contrasted with a few indifferent or disaffected sons of old Bucknell, there are many who take a deep and active interest in her welfare. They wish to see her grow, not essentially in size, but in endowment and equipment to meet her needs. They wish to see her teachers better paid, her laboratories better equipped, her libraries better filled. Yet they lack means of expressing their individual opinion and their common will. They feel too often hampered by the impossibility of securing united Alumni action in behalf of any policy, save by the cumbersome and expensive method used in electing Alumni Trustees. Furthermore, the Alumni Association business meeting at Commencement time is rendered incapable of real constructive work by the lack of general understanding of the measures proposed, resulting in loss of time through discussion of minor points. Thus is lost almost the entire force of Alumni sentiment and activity.

Is this loss a disadvantage? It is a disaster. For in these days of subsidized education the small college must stand or fall with the support of its Alumni.

The question then is: how shall we strengthen and maintain the pride and loyalty of Bucknell men and women? We must begin a campaign of enlightenment. There must be a means of intercommunication by which we may receive and impart what we know and believe concerning the efficiency, the beauty, the idealism of our college. This means must be an Alumni publication.

Not only will such a publication meet an urgent need in the portrayal of present conditions at the hill, and rouse the old loyalty by sketches of former days, but it may, by contributions from the pens of the many sons of Bucknell eminent in education, politics, or literature, gain for itself a position of no slight significance among the reviews of the day.

Practical obstacles no doubt there are to such a venture, but none insurmountable, and supported as it certainly would be by the great body of Alumni, it just as certainly would be successful. Will the Alumni Board of Managers take the matter in hand and submit its findings to the Association? "1907."

ALUMNI PUBLICATION.

When one considers that Bucknell has over 1400 living alumni and then considers further how few of these are actually interested in the welfare and the work of the college, merely through indifference, the necessity and practical benefit of an alumni publication is evident. One hears almost daily mention around college about stirring up the alumni to support this or that movement. What could more effectually do this than a publication, which should come regularly to the attention of the "grads" with the primary purpose of getting them awake to the current issues at Bucknell?

Certainly the alumni organization should give this matter much thought. The old cry of 'too much expense" will be raised as the chief objection no doubt. All we can ask of the alumni is: don't give it up before you have tried it; get it going and make it attractive and alive. If these 1400 living alumni are normal beings, a large share of them cannot but become enthusiastic in its support and there you have it—a paying proposition in more ways than one.

GETTING THEIR GAIT.

The game with Lock Haven gave us some idea about the calibre of our 1911 football team but with a "prep" team as our opponents it did not establish many conclusive facts. Saturday's game with Lehigh was the first severe test upon the mettle of the Orange and Blue warriors. The great 3-0 victory shows that the team has the staying qualities and with continued improvement through the daily practices, barring any very serious accidents, should be able to hold its own with the college teams against which it is pitted.

Now the team has struck its gait and it looks like a good one. All praise to the men for the victory they brought us last week, the best football victory for several years. Clip it up, boys, make that gait faster and faster, tear through 'em—that's what we want to see and that's what we know you can do.

If the persons who prematurely lighted that bonfire Friday night were college students, as we have been informed, we would appreciate it if they would let us have their cuts to run in a special issue to be headed "Some Shining Examples of True College Men." Too bad they didn't jump in too and add to the size of the conflagration.

We note with pleasure from the report of E. B. Hulley, '07, Secretary of the Pittsburg-Bucknell Club that the monthly dinners have been resumed at Hotel Henry. We would be pleased to hear of the renewed fall activities of the alumni clubs in the other large cities, such as Philadelphia, New York, Chicago, Washington, and Scranton, etc.

BUCKNELL CHAPTER HONORED.

The Bucknell chapter of Phi Gamma Delta was signally honored at the annual convention of the Phi Gamma Delta fraternity this summer when two Bucknell men were elected to national office in that body. Harry B. Wassell, '00, was elected national archon for a term of four years, thus becoming one of the five national officers of this large fraternity, which has chapters in 58 colleges and a total membership of over 12,000. E. B. Hulley, '07, was elected editor-in-chief and manager of the fraternity magazine, The Phi Gamma Delta, which is issued monthly during the college year. The Phi Gamma Delta is one of the oldest fraternity magazines extant, having been established in 1879.

Two Bucknell graduates are now editing fraternity magazines, the other editor being Mrs. Mary Bartol Theiss, '94, of New York City, editor of the Pi Beta Phi "Arrow."

ALUMNUS GOES TO CHINA.

Rev. Chas. L. Bromley, '08, of Uniontown, and his recently married wife, sailed October 4th from California to China to engage in missionary work. The couple left Uniontown on August 4th for a trip through the west, and were tendered a reception before their departure by the Uniontown Baptist church, of which Bromley's father, Rev. J. S. Bromley, is pastor.

WITH THE "BIG LEAGUERS."

Two of Bucknell's stars on the diamond have recently jumped into faster company. Northrop, '10, after leading the Tri-state pitchers with 27 games won out of 31 pitched was drafted by the Chicago Nationals.

Jimmy Clarke who played a sensational game for Altoona was sold to the St. Louis Nationals. He reported shortly before the close of the Tri-state season.

SOPH.-FRESH. GAME.

At a recent meeting of the Athletic Executive Board it was decided to change the date of the Sophomore-Freshman football game from Nov. 18, to Oct. 21, Saturday. The change of date is due partially to the fact that a number of fellows have expressed their intention of attending the Bucknell-Villa Nova game at Wilkes-Barre on Nov. 18.

WEST POINT, NOV. 11.

The West-Point football game which was published in The Orange and Blue last week, and also on the cards which have been printed, to occur on Nov. 14, has, according to Manager Brewer, been scheduled for Nov. 11 and all previous announcements to the contrary have been a mistake.

WYOMING GAME.

While the game with Wyoming this Saturday will not in the nature of things test the strength of the Varsity as some games later on, still Wyoming Sem. has a strong "prep" school aggregation and will afford an interesting game on the local field. Everybody out with lots of spirit.

TIFFANY—APPLEBY.

Carl W. Tiffany, '03, was married August 24 to Janet L. Appleby, of Mt. Union, Pa., at the First Presbyterian church. Carl is a creosoting expert in charge of the creosoting plant of the Pennsylvania railroad in South Philadelphia.

Prof. Daniel H. Krise, Ph. D., '00, is creditably filling the position of principal of the Braddock high school. For several years, Prof. Krise was in charge of the schools in Centreville, Washington county, going from there to the California State Normal School, where he was teacher of mathematics.

Rev. Mansfield F. Forbell, '03, is pastor of the North Main Avenue Baptist church of Scranton.

DR. HILL DISMSSES RUMORS.

Regarding the resignation of Dr. David Jayne Hill, '74, from his post as American Ambassador to Germany, certain hostile interests have spread the impression that the resignation was the outcome either of the Doctor's activity in the potash dispute with Germany, or his lack of means to keep up the social demands of his office. In a recent interview, Dr. Hill dismisses these reasons as absurd and says:

"At the time of my resignation in April there was much speculation regarding the reason therefor, and a legend concerning my course in the negotiations between my Government and Germany over the potash controversy was carefully prepared and widely circulated, positively declaring on alleged authority that my conduct was displeasing to the Department of State. Under such circumstances, the duty of a loyal diplomat is silence, and faithfully I performed this duty.

"On leaving office, six months after my resignation, I believe that it will be a pleasure to the President if I make public at this time an autograph statement made by him some months ago, which should effectually silence and exterminate the legend which certain newspapers have endeavored to keep alive. He says:

"I write now to assure you that I never had the slightest reason to criticise your course and the service at the very important post of Berlin. You have vindicated your appointment in every way, and it has given me pleasure to deny emphatically and categorically that your resignation grew out of any disagreement on the part of the Administration with your conduct in this country's relations with Germany in regard to the potash or any other question."

NOTICE.

There are a few of the "1912 L. Agendas" left. The manager has decided to place these on sale at the reduced price of $1.00. This book would make an excellent souvenir for the new men to take home to their friends. Copies can be secured at the College Book Store.

HILL GOSSIP

Ruth, '12, and Rockey, '12, were spectators at the Bucknell-Lehigh game.

Neil Baker, '11, who is employed in Altoona, spent Sunday with his parents in town.

Jordan, '12, and Crulkshank, '15, spent Sunday at the latter's "prep" school, Blair Academy.

The Phi Gamma Delta fraternity entertained informally in their halls on Friday night. About forty guests were present from Lewisburg and Milton.

Coach Dickson and several of the players left to spend Sunday in Philadelphia after the game at So. Bethlehem. They will all report for practice today.

R. T. Smith, T. L. Smith and L. E. Smith, of Gettysburg College visited their Phi Gamma Delta brothers enroute to the State-Gettysburg football game.

Gronde, '11, left today enroute for a western trip in the direction of Erie, Pa., as University Representative, filling the position formerly held by E. B. Woods, '10.

The Freshmen football aspirants were out on hte field Friday afternoon in first practice in preparation for the big game on Oct. 21. To have a good game it is none too soon to begin work with the contest but two weeks off.

A clipping from a Pittsburg paper with the head-lines "New Men At Tech" reads as follows: Murray who played left end on the Bucknell team last year joined the Carnegie Tech football squad yesterday." There are signals twisted somewhere.

As a climax to the bon-fire celebration Saturday night the boys indulged in a little harmony, to the accompaniment of the Y. M. C. A. piano before the entrance to West College. No reason why their aesthetic nature should not be appeased so long as there is no harm done to the piano.

COLLEGE BIBLE CLASS.

The historical situation that called for the Revelation is depicted in the seven letters to the seven churches. The vision preceding the letters represents Christ as a priest clothed with heavenly radiance and with power.

The cities addressed are the leading cities near the coast and the churches in them have failings peculiar to their situation. The features in these churches that needed attention may be classified under three heads: a tendency to adopt heathen practices; worship of the emperor; and retrogression. Persecution was associated with the first two and the causes of the third are set forth.

These conditions place the writing of the book in or after the latter part of the first century. The third feature contains this suggestion: these people were losing their early enthusiasm because some ideas they cherished were leaving them.

LYCEUM TICKETS ON SALE.

Practically all the soliciting for the sale of Lyceum tickets is completed. The tickets are now being delivered. They are going fast. Those who have not already attended to it will do well to order at once. The committee is becoming somewhat happily alarmed that the demand for course tickets will possibly exceed the supply. No more than five hundred can be sold. After this number is reached only single admission tickets will be handled, at fifty cents each.

The delivery "on the hill" starts tonight. It is requested that the fellows have their money ready. Tickets will be placed in the hands of Professor Wilcox, at the Academy. Those wishing to buy there can do so at any time,—while they last.

SEMINARY NOTES.

Mr. and Mrs. N. G. Lennington, of Scranton, are visiting their daughters, Ruth and Ramona Lennington, '15.

Miss Minnie Brobst, '09, is an instructor in German in the Scottdale, Pa., high school.

Miss Boynton, of the Music School, has returned to take up her work at the Seminary. During the summer she was very ill at her home in Springfield, Mass.

New Fall and Winter Gloves

This week begins our annual October Glo.e Sale which is an event of interest to everybody. Mainly because we have larger quantities up to the highest standard, therefore thoroughly reliable. This is Milton's greatest glove and only a few of the many styles can be mentioned in this space. New French kid, 2 clasp in black and colors are ooffered at $1.25 to $2.00. 16 button kid in black and white at $2.50. 12 button kid in black and tan at $3.50. 16 button suede in black at $3.50. We fit on the above styles and any imperfection we give another pair. Mocha in black and colors at $1.50. Mocha silk lined at $1.00 in gray and tan. New cape glove in tan, greys and black from $1.00 to $1.50. 12 button cape at $2.50. 10 button chamois $2.50. Regular length chamois in natural and white at $1.25 and $1.50. Many styles of heavy fabric gloves in fall styles.

Autumn Silks and Trimmings

Our luxurious silks are the talk of the town and the staple plain colors as well as the fancies are seen here in abundance. New bordered silk dress patterns, very fashionable at $1.75 a yd., only 5 yds. for a dress. Fancies in all colorings for waists and dresses from 50c to $1.00. Plain Messalines and Tafetas from $1.00 to $1.50. Trimmings, the newest trimmings you always find here first and not only a few styles but hundreds of different Band and Braid effects are shown. Black Tinsel, Colored and Persian Braids, all widths from 5c to 75c a yd. Lace insertions, straight Bands and Galoons from 25c to $4.50 a yd. Lace Collars $1.00 to $2.50. Cluny Venise and Macrema Bands at $3.50. All-Over from $1.00 to $5.00 a yd.

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, OCTOBER 16, 1911. NUMBER 3

BUCKNELL BATTERS WYOMING 22-0

TOPHAM MAKES 75-YARD RUN.

Varsity in Excellent Form Plays a Fast and Clean Game. Many Sensational Runs Made.

The 'Varsity experienced little trouble with Wyoming Seminary on the local gridiron, Saturday, defeating the Kingston boys by a 22-0 score.

The game was an intensely interesting one to look at; there were few penalties, while long runs and spectacular plays were the features. Topham's 75-yard run through the entire Wyoming team was a thriller that brought every Bucknell man to his feet and made the old hill resound with cheers. Several costly fumbles on the part of the Orange and Blue men were instrumental in keeping down the score. Twice, did a varsity man race down the field for 40 and 50 yards only to drop the ball when brought to the ground by an opponent. Then too, the forward passes were unsaisfactory, the Wyoming ends proving too alert. But they were trivial offenses compared with the general team work. The back field raced around Wyoming's ends at will, rushing through their line of defense for repeated gains. Bucknell's defense was of the strong order, allowing Wyoming but two first downs, and quite often hurling the enemy for losses.

Brady, the New Rochelle back, was given his first trial, Saturday. He played a strong game at left half back and but for an injury to his shoulder in the first quarter it is likely that he would have satisfied all expectations. Captain Schmidt was also laid out, but nothing would prevent the plucky leader from continuing at his post.

Wyoming won the toss, and kicked off to Bucknell, who defended the west goal. Crulkshank received the ball and sped down the field for 40 yards. On the next play Topham carried the ball 20 yards, it took Bucknell just about three minutes to score. Brady carried the ball over the line for Bucknell. Jordan kicked the goal. Crulkshank got the ball on the next kick off and carried it for 20 yards. Crulkshank, Gdonaic and Brady advanced the ball to Wyoming's 30-yard line. Here the varsity lost the ball on Brady's fumble. Wyoming punted the ball which was seized by Pauxtis making a 50-yard gain. This successful assault braced the varsity, and Wyoming made no more gains, the quarter ending. Bucknell 8; Wyoming 0.

Second Quarter: Shipman was substituted for Brady. Varsity lost the ball on a fumble. Wyoming failing to gain, punted to Gdonaic who scooped it and dashed for 15 yards. Bart received a pretty forward pass from Crulkshank but was nailed to the ground, just short of the goal line. Imagine this disappointment when it was found that the varsity had not made the required distance, and that the ball was Wyoming's on their 1-yard line. Wyoming punted to Bucknell. The next play was a forward pass to Jordan. This time it proved successful. Another rush and Gdonaic carried the ball over the line. Jordan failed to kick the goal. Quarter ended with score 11-0.

Third Quarter: Crulkshank received the kick off and carried the ball 30 yards. Gdonaic followed with another gain, while Topham tore down the field for 50 yards on the next play. Here Bucknell lost the ball on an unsuccessful forward pass Failing to gain Wyoming punted. Topham and Crulkshank carried the ball down the field. Gdonaic rushed the ball over the line Jordan failed again to kick the goal. Jordan received the kick off, and advanced it 20 yards. Topham gained 15 yards on the next play. Bucknell failing to gain lost the ball. Gdonaic recovered the ball on a fumble on Bucknell's 35-yard line. With perfect interference and with the running and speed of a red skin, Topham tore through Wyoming's line for a spectacular 75-yard run for a touchdown. Shaffner took Schmidt's place at center, while Schmidt substituted for Topham. Quarter ended, score 22-0.

Fourth Quarter: Bucknell continued to make long gains on end runs. Captain Schmidt was knocked out, Mahoney taking his place. Varsity tried several forward passes which were fumbled. Quarter ended without a score. Final score 22-0.

Bucknell		Wyoming Sem.

Topham	full back	Fox

"CHRISTY" TRIUMPHS

OLD BUCKNELL STAR WINS FIRST OF WORLD'S SERIES.

Christy Matthewson, ex-'02, is still master of the art of pitching ball. This fact he clearly demonstrated last Saturday in the opening game of the World's Series between the New York Giants and the Philadelphia Athletics. The game was a pitching battle between two of the greatest twirlers of the day, Chief Bender and Matty, and Matty came out on top. Bender pitched the more sensational ball of the two, but Christy's twirling according to the commentators on the game, was of the conservative, the "heady" and steady variety, which has always made Matthewson stand out as the greatest pitcher on earth.

Matthewson has been pitching Major League ball ever since he left Bucknell in 1900 and since then each year he has been the idol of fans everywhere. Each season some pessimist predicts that he will never come back into his old time form again. Early this year when "Christy" failed to pitch the sensation ball of former days it seemed as if their predictions had at last reached fulfillment, but with the latter part of the season the old war-horse came to the front again and twisted the sphere as well as in the days gone by. Saturday's victory was his supreme triumph. "No other pitcher except Matty could have won that game against the brilliant pitching of Bender," say the authorities on baseball, "not even the great Marquard."

"BY" DICKSON LEADS Y. M. C. A.

The athletic meeting of the Y. M. C. A. awakened a great deal of enthusiasm and an attempt was made to revive one of the old alma mater songs which should be dear to every son of Bucknell. This song will be sung from time to time at the regular meetings until it becomes a part of every man in college.

Coach Dickson gave a talk on football and athletics in general, and showed how each of us may better himself physically. He urged that we keep up the spirit and enthusiasm shown thus far this year, and expressed his opinion that it is one of the causes of the great spirit shown by the team.

The next two meetings will be of unusual interest. Next Thursday evening at 9 o'clock Prof. Davis will give one of his talks which are always interesting and helpful.

The following Thursday evening the meeting will be held in Bucknell Hall. Prof. Martin will give a history of the development of music, as shown by the master musicians. Oscar Wolfe, '12, will render one of the master pieces of each musician discussed illustrating this development.

DUNCAN—HASKELL.

The marriage of Vera E. Duncan, ex-'07, to Lewis Clarke Haskell, has been announced. At home, after December 15, Murray Bay, Quebec, Canada.

ALUMNUS WORKED WAY THROUGH U. S.

SOME GREAT EXPERIENCES.

Mitch, '10, With Companion Tramped Country For a Year. Idea Originated at Bucknell.

George F. Mitch, '10, and his companion Howard A. Walter, returned to their homes in Philadelphia last summer after a year's tramp through virtually every part of the U. S. on one of the most eventful and novel trips that mortal man is permitted to experience. Starting out with comparatively no money in their pockets they worked their way from coast to coast, stopping in one place only long enough to earn their transportation to the next. The idea of the trip originated while Mitch was still at Bucknell and immediately upon graduating after securing a comrade he set out to fulfill his plans. The following extract from The Philadelphia North American gives a detailed account of their many experiences:

First they went to Pittsburg, where they sought positions. None were to be had. They noticed that Pittsburg people had let the numbers on their houses become dim or disappear entirely. So they purchased a lot of figures and went to work. Few house-

GEORGE F. MITCH, 1910.

holders failed to take advantage of the opportunity to have their houses renumbered, and for two weeks the wanderers worked early and late, until they had numbered hundreds of houses and earned a substantial sum of money.

Then they went to Cleveland, where they shipped as sailors on a lake steamboat, and made the trip to Duluth and back, experiencing the hardest work of their trip. Once, when ordered to paint the boat, Mitch, with a paint brush in his hand, fell overboard. He succeeded in getting hold of a pile, as the vessel was in port, and before the mate threw him a rope he demanded to know if Mitch had lost the paint brush.

In Chicago they secured work in department stores and sold goods over the counter. They made their way to the Mississippi and worked their way to St. Louis on a river boat. There they got employment. Mitch in a cleaning and pressing establishment. He had been there only a few days when he learned to his horror that the man next to him at the table was a murderer.

Kansas City next, where Walter tried another department of a big department store, while Mitch went to work among the poorest Polish and Russian Jews in a clothing store. Then they took a fancy to Ordway, Col., and decided to stay a while. They rented a room, got circulars printed and opened a cleaning and pressing establishment. In two weeks they had Ordway properly cleaned and pressed and went to Denver, where they got work for the Christmas season in a department store, again trying different branches of the business.

They visited the Grand canyon, descending nine miles, from snow to blooming roses, and back again. Then shipping their suitcases ahead and shouldering their knapsacks, they walked to San Francisco, through the valley. They slept at ranches or in barns and camped with the hoboes.

They worked as shipping clerks in San Francisco wholesale houses, went by boat to Portland and Seattle and made their way to Spokane, where they obtained jobs in a shoe store. "I will sympathize with a shoe salesman as long as I live," commented Mitch.

At Laclede, Idaho, they worked in a lumber camp. They walked through the Yellowstone Park, taking ten days to do it, last May. They discovered a lake one balmy day and took a swim. The water was delightful as to temperature. Then, as they swam about, there was a heavy snowstorm.

Another tramp of fifty miles to a railroad station, and they went to Salt Lake City. No jobs appearing, they bought self-wringing mops and sold them from door to door. Mitch then went to Colorado and hired out as a farm hand, while Walter went to Oklahoma, declining to work on a farm with the mercury at 106. In Oklahoma he got a job on a railroad with a section gang, which proved to be worse. Both pronounce their experiences then as the roughest of the trip, barring only the lake trip to Duluth.

They became reunited, and Mitch got a job as night clerk in a restaurant at Guthrie, where he had the honor of cooking a plate of beans for William Jennings Bryan. Then Mitch went to Memphis, where he canvassed for a magazine ,while Walter continued on to Savannah to visit his brother. He was joined there later by Mitch, and they worked in a 5 and 10 cent store for a while.

That ended their labors. They had visited other cities than those mentioned, and after leaving Savannah, visited Washington and Mt. Vernon, and then headed for home.

(Next week Mitch's own letter about his trip, written especially for The Orange and Blue, will be published.)

LYCEUM COURSE STARTS NEXT WEEK

MANY ATTRACTIVE NUMBERS.

Y. M. C. A. Has Arranged Series of Excellent Entertainments To While Away Dull Evenings.

One week from tomorrow night the Lyceum Course opens. As most of the "old men" remember, the opening number last year was a lecture on Socialism. To some this was intensely interesting but to others,—well it was, to say the least, not exactly an entertainment. The committee, was not the last to recognize this fact. One thing was at once made sure; the next course must open with a good lively entertainment. It is firmly believed that this will happen the Tuesday of next week.

The delicate task of opening the course this year has been given to the "Commonwealth Quartet." They have never appeared in this town before. If there is anything in roputation,—and there usually is—we may expect a very pleasant evening. Many of the reports come from other college towns, and they are all good. The company which gives satisfaction in a college town usually has something worth while. They must. Perhaps no audience is more difficult to please than one made up, to a great extent, of college people. But in spite of this fact the quartet, which we shall hear, has given full satisfaction to college audiences, repeatedly. It speaks well for them. All hope they will sustain their, so far good, reputation.

In the other five entertainments the same idea has been kept up,—that only the best is good enough for Lewisburg. No one went to sleep last year while Gov. Glenn, formerly of North Carolina, was on the platform. Many in both college and town praised him in the very highest terms. He will be back this year with the same good natured face, the same flashy wit, and the same bald head that he had last year. His subject, however, will be different. With this exception he will be the same as usual,—unless he has purchased a wig. All want to hear him. He will be here November 16.

There will be still another number this term. On December 4, the Fellows Concert Company will answer to their names by giving another high class entertainment. The company is mixed,—three young ladies and two gentlemen. It will, therefore, be an attraction for both Seminary and College. The program will have some of the classical, some of the humorous, and always enough variety.

The last three numbers will come during the winter term, starting with January 10. Dr. Guy Carleton Lee will be the first man of the hour. He is a man who has done considerable writing, much traveling, a great deal of lecturing and all the time has studied incessantly. His life has been a busy one. He has accomplished things; and such men are the ones to study. They are better than text books.

A little later in the term William Sterling Battis, an interpreter and impersonator of the works and characters of Charles Dickens, will add his talent to the others. It is something a little novel,—somewhat a combination of the literary and the entertaining. The program which best combines these two qualities is the most valuable. No knowledge of Dickens's works is necessary to enjoy this number. On the other hand it will be a great help in preparing one to enjoy this great author all the more. The course will be closed about the middle of February by the "Nordland Girls." If they are as good as the closing number was last year, one can do no less than say that they are a good company.

The outlook is good. There is every reason to believe that the course, this year, will even surpass that of last year.

SOPHS POST PROCS

BUT FRESHMEN OBJECT. LIVELY SCRAPS ENSUE.

Town and college were disturbed early on Thursday morning last by reports of revolvers and numerous shouts, announcing the annual posting of the Sophomore procs. The Freshmen had detected the absence of Sophomores on the hill on Wednesday evening and had placed guards throughout the town. The Sophs spent the early part of the evening in the surrounding country and it was not until three o'clock that they attempted to enter the town.

Immediately the signals were given and the entire Freshmen class was aroused. They hurried in a body to the central part of town and at the corner of Third and Market streets encountered a good number of Sophs. Here the Freshmen were quickly victorious. From that time until dawn several troops of Sophs made attempts to post procs in different parts of town, but whenever Freshmen approached usually preferred to beat it. The posting of the procs this year varied from that of other years in that there was not one big fight but a series of small encounters and retreats.

DEUTSCHER VEREIN.

The second regular meeting of the Deutscher Verein was held last Thursday evening. After the usual songs and business routine an address by Prof. Evans proved to be of especial interest. As his subject the professor chose the duel, as a special phase of German student life. Prof. Evans who has spent several years in the fatherland and has a thorough acquaintance with its people and their customs, enabled the members of the Verein to reap much benefit from his rich experience. Next week Frauelein Martin will speak.

ALMA MATER SONG.

Bucknell has one of the prettiest and noblest alma mater songs of any college in the country; and yet many fellows heard it and sang it for the first time in the Y. M. C. A. halls last Thursday evening and looked quite surprised and delighted to know that Bucknell owned such a grand college song. And many fellows, who were not fortunate enough to attend the rousing meeting last Thursday, have not heard it yet. It is not their fault altogether, surely; upon whom the blame should be placed for letting our alma matter song be forgotten so long, we do not know. Never mind that; we now know we have the song and we want to revive it and learn it. Let's get to singing it—sing it at the mass meetings, at Y. M. C. A., in the fraternity halls, in the evening "harmony" on the hill; learn the tune, learn the words and if you can't sing it whistle it. Don't let our alma mater song die.

The song is entitled "Dear Bucknell." In another column are printed the words. Learn them and then get the tune from the other men who know it. Put words and tune together and SING IT. It's a good tonic for dormant college spirit.

MORE ABOUT SUBSCRIPTIONS.

We can't help rejoicing a trifle over this bit of news we received from the manager last week: So far as the canvass has been made the students have responded unusually well this year to the call for their practical support of The Orange and Blue in the way of subscriptions. That made us smile all over, when we heard it for it is just that for which the staff has been striving—that is to put the paper in popular favor with the students and to make it their publication and not an individual enterprise. The great increase in the percentage of subscriptions among the students thus far assures us that they are with us, and it will be an inestimable incentive for the staff to publish a paper that is worth while. We are not running out of a supply of printer's ink, however. Let this be only a starter; there are many more names missing which should be on the manager's honored list.

What's the matter with the alumni? We have made a special effort this year to publish a greater quantity of alumni news than heretofore; and yet the majority of the "grads" seem to be entirely oblivious to our efforts to gain favor in their sight. Subscriptions from that source are coming slow. The undergraduates have responded nobly to our appeal. Why not the alumni? Subscribe and do your part toward giving The Orange and Blue a boost.

The Philadelphia North American in the write-up on the World's Series game on Saturday, is kind enough to mention the fact, when speaking of the great prowess of the mighty Matthewson, that this Giant is an alumnus of Bucknell. Bucknell is always proud to own "Christy" as one of her famous sons.

Some of our Bucknell men, who profess to wield the pen with more or less dexterity, should put their writing qualities to the test by submitting an essay to the Lake Mohonk Conference, in their annual prize essay contest. Bucknell needs honors in this direction as well as any other and we have men here, who, if they would enter, could make a strong bid for the prize.

We don't believe in this science of comparative scores exactly but a Bucknell man who is at all interested in his team can't help thinking things when he "dopes" it out this way. Bucknell beat Lehigh, 2-0, who held Princeton to a 6-6 tie. Princeton defeated Colgate 31-0 which latter team held Cornell to a single touchdown. Bucknell comes pretty nearly out on top by such figuring.

The announcement in this issue of the numbers which will appear here in the Lyceum Course under the auspices of the Y. M. C. A. gives assurance that the local populace will be treated to a series of excellent entainments even better than last year. If at the least they are as good as the former course, nobody has room to register a complaint. We should be truly thankful that in a town like Lewisburg where entertainment of that nature is so scarce, we have the privilege of hearing something to chase away the dull motony of the weekly routine.

COLLEGE BIBLE CLASS.

The Utopia in the book of Revelation is dramatic in form. In chapters five and six the author raises the curtain and presents the first scene and the leading characters: God and Christ.

The scene is a brilliant court. About the throne are pages; but they are themselves kings. On the throne is God. The truth in this imagery is this: God is working in this world and men worship Him because of what He is.

In the right hand of God is a sealed book; it contains the program of the world. No one in heaven or on earth is qualified to open the book. At last the Christ comes; he is qualified. For by his death he has become the head of a kingdom and has acquired by his suffering the power to interpret the history of the world. Therefore all creation does homage to him.

P-RADE ON WEDNESDAY.

A P-rade will be held on Wednesday noon to give the team a spirited send off for their game with the A. and M. college at Raleigh, N. C. The fellows are to meet in front of the Post Office not later than 12.50 and then parade to the Penna. railroad station.

This game will no doubt be a hard one for it was heard from a former Bucknell boy, now living at Raleigh and who has been out looking the A. and M. aggregation over, that they have a fast team. But with our fellows coming out of the Wyoming game in pretty good shape, and with the speed which Coach has already developed, Bucknell will be in the game every minute of play. Don't forget the time—12.50 P. M.

FRESHMEN ELECTIONS.

At a recent meeting of the Freshmen class the following officers were elected to supplement those elected earlier in the term:

Treasurer—Fahringer.
Secretary—Miss Craig.
Foot ball Captain (Pro tempore)—Hare.

The following committee was appointed to frame the constitution and by-laws: Earle (chairman,) Teed, Moyer, Schich, and Stevenson.

STETSON

"DEAR BUCKNELL."

"Dear Bucknell" is Bucknell's alma mater song. Once dominant in the activities and functions of college life, then forgotten, it is now being revived as one of the choicest songs that a college can call its own. And "Dear Bucknell" is distinctively a Bucknell song, and not a parody, as it were, on a popular "rag" as are many of the songs that are sung at the games and mass meetings. It was written by Samuel Sears Merriman, of the class of 1886, and was published in the Bucknell song-book edited by the class of 1897. Following are the words of the three verses. Clip them out and learn them.

Dear Bucknell, oft of thee we're thinking,
And memories fond come trooping by;
The tireless stars may cease their blinking,
But thoughts of thee shall never die.
And though the years steal swiftly oe'r us,
And winter comes with biting sting,
Our hearts with youth's undaunted chorus,
Shall e'er with praise of Bucknell ring.

We burn the incense of affection,
As in thy sacred fanes we meet,
While down the aisles of recollection,
Come thronging forms we love to greet;
And though life's bitter storms sweep o'er us,
And pleasures bide on fleeting wing,
Our hearts shall blend in loving chorus,
While alma mater's praise we sing.

To thee we swear our proud allegiance,
Thy loyal sons are we, and true,
Nor time, nor tide, nor fortune's pageants,
Shall daunt the Orange and the Blue;
Then with thy glory e'er before us,
Our loving tribute, we will sing,
And once again in hearty chorus,
Thy praise, dear Bucknell, we will sing.

CHEMICAL SOCIETY.

The Chemical Society was re-organized Friday, Oct. 13. Prof. Owens was elected President; and Carls, '14, Secretary. After the election of officers, Prof. Owens gave a talk on "The Beginnings of Chemistry."

He said in part: "Chemistry is a very old science. It began when animals first began to eat, but was first begun by man when he made fire. Fire is probably the first chemical action intentionally carried on by man. The Phonecians in their day had advanced to a stage in chemistry where they could make and color pottery very well. The fact that men became intoxicated very early indicates that they knew how to make spirits. The dyeing of cloth was also developed quite highly at a very early age. The Greeks were among the first to find out that fire causes a chemical change, but their knowledge of chemistry was based largely upon reason and not on experiments."

SOPH.-FRESHMEN GAME.

The 'Varsity playing on Thursday this week, leaves next Saturday open for the annual Soph-Fresh. game.

On the Sophomore team there is plenty of good material with the return of the entire team of last year and an abundance of new men entering this fall. The prospects for a winning team are bright. In the Freshmen team an uncertainty exists, but from the wealth of varsity material which has made good, it seems that a winning 1915 football team is to be expected. Fetter, '13, is coaching the team.

A recent ruling of the Athletic Executive Board renders ineligible for playing in the inter-class game, any man who has played in any of the three 'Varsity games, Lock Haven and Wyoming included.

IN UTAH ALFALFA FIELDS.

Hertzog, '10, was employed during the summer by the Bureau of Entomology, at Washington, D. C. He was sent with a party of entomologists to Utah where they investigated into the habits of the weevil, which has been so destructive to the alfalfa fields of that region, in order to find some method of exterminating this insect. Hetrzog is now back at his former position as professor in Peddie institute.

HILL GOSSIP

Bell, '10, was in town on Saturday night.

Rhodes, '11, visited his Sigma Chi brothers Sunday.

Loewen, '15, sub 'Varsity quarterback, has left college.

Everett, '13, spent Saturday and Sunday with his parents in Slatington, Pa.

Van Osten, '14, and Hamlin, '15, entertained their fathers here over Sunday.

White, '15, was compelled to leave school on account of the death of his sister.

"Jimmy" Clark, '14, of the St. Louis Nationals, is visiting with his Delta Theta Upsilon brothers.

Paul Snyder, '11, Principal of the Mifflinburg High School, was a spectator at the Wyoming game Saturday.

The Alpha Sigma fraternity held a smoker and card party in their halls on Market street, Wednesday evening.

The Demosthenean entertained several out-of-town guests at a smoker in their halls on Saturday evening.

Frank Painter, '08, and John Peoples, '11, of Jersey Shore, recently visited their Sigma Alpha Epsilon brothers.

Sigma Alpha Epsilon fraternity entertained a large number of friends in a delightful manner Friday evening with a card party at the chapter house, corner of Fourth and St. George streets.

Walter Blair, ex-'04, catcher on the New York Americans, and Bert Daniels, '10, fielder on the same team, have been renewing acquaintances in town and college since the close of the major league season.

$100 FOR PRIZE ESSAY.

The Lake Mohonk Conference on International Arbitration again offers its annual prize of $100, for the best essay on "International Arbitration." The donor of the prize is Chester Dewitt Pugsley, Harvard, '09; all undergraduate men students of any college or university in the United States or Canada are eligible to compete. The contest closes March 15, 1912.

Each essay should show an understanding of the nature and history of international arbitration and must not exceed 5000 words, 3,000 being preferred. All essays should be addressed to H. C. Phillips, Secretary Mohonk Lake, N. Y. The award of the prize will be made at the Lake Mohonk Conference in May 1912. The prize last year was won by Harry Posner of the Mississipi A. & M. college. Further particulars may be obtained from the editor.

MANDOLIN CLUB ELECTS.

At the meeting of the Univ. Mandolin Club on Tuesday evening the following officers were elected: Manager, Fetter, '13; Secretary, Hamlin, '15; Treasurer, Miss Lenington, '15; and Leader, Miss Armstrong. The club has arranged to hold weekly practices and under the leadership of Miss Armstrong, of the School of Music, should prove a credit to the university. The music has arrived and the work begun in earnest.

SEMINARY NOTES.

Frances McNall, '14, spent Sunday with her parents in Muney.

Emma Kelser, '12, visited at her home in Mt. Carmel last week.

Marion Harmon, '14, was at her home in Montgomery over Sunday.

Helen Levegood, '12, and Ada Brooks, '12, were visiting Ethel Hottenstein of Milton, Saturday and Sunday.

Miss Scott and Miss Kalp were in Williamsport on Saturday and Miss Stanton spent the day in New Berlin.

The Student Aid Association at Carnegie Tech has established a classified Employment Bureau, which obtains positions both for graduates and undergraduates.

The Colgate Madisonensis is now being published in the form of a weekly newspaper rather than a bi-weekly magazine, as formerly.

This is the way The Daily Princetonian explains flunking: "Most men flunk out because they study too little most of the time, too much part of the time, and not enough all the time."

Underwear of Every Description

This is the store that carries the two best makes of underwear on the market, the Forest Mills and Essex. No other store in Milton can equal these brands either for quality or fit. Every desirable wight for fall and winter are ready for your choosing either in light, medium or heavy weight.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, OCTOBER 23, 1911. NUMBER 4

A. & M. GIVES 'VARSITY FIRST DEFEAT

BIG CROWD SAW CONTEST.

Heavy Penalizing of Bucknell Team and High Temperature Figured In Result—Score 6-0.

In the presence of one of the largest crowds that ever witnessed a Bucknell football game, the 'Varsity suffered its first defeat this season at the hands of the heavy A. and M. college team of Raleigh, N. C., last Thursday afternoon. The N. C. state fair was in session and the chance to see a Pennsylvania team in action attracted many. This was the first appearance of a Bucknell team on A. and M. soil and the hearty reception accorded them will surely go a long way in cementing athletic relations between the schools.

At the game the sun beat down upon the contestants and the great crowd sweltered in summer clothing and straw hats. Despite the disadvantages of such a sudden change in temperature, Bucknell played a good game and lost none of the ginger which has characterized the team this season. Captain Schmidt, Bartholomew, Jordan and Topham were the stars. "Tip" did his usual effective kicking often punting for sixty yards. Reading was out of the game with a bad knee, Dunkle playing his first game at tackle, while Teamer was in the left guard position.

The game was won in the first quarter. A. and M. kicked off to B. U. on the 5-yard line, Cruikshank advancing the ball 20 yards. Bucknell failed to gain in two attempts and Topham punted for 50 yards. A. and M. immediately began to rush the ball, first for 3 yards, then for 15 and 5. Harris, the 184 pound fullback went through the line for ten yards, following it by a 20 yard run around the end. A. and M. tried two forward passes in succession, Bucknell obtaining the ball in the second attempt on their 20-yard line. "Cruik" made an end run for 8 yards. Kelser made first down through the line. After a penalty of 10 yds., Topham punted to Robertson who was downed by Jordan in his tracks. The Farmers, as they are familiarly known, made several small gains, on short end runs and line plunges. On a punt formation, Robertson went through right tackle for the longest run of the game, 30 yards. On the first down Coal went over the Bucknell line for a touchdown.

Coal kicked the goal. During the remainder of the quarter, the playing was even. A. and M. received their only penalty, 15 yds., assessed for holding. When the quarter ended Bucknell had the ball on their 40 yard line.

On the first play Topham gained 4 yards around left end. "Cruik" made first down. Topham kicked to A. and M.'s 40-yard line. Bucknell received another penalty for offside play. Failing to gain Coal kicked to Topham. "Cruik" made first down. On a forward pass A. and M. recovered the ball. On the next play Richardson recovered the ball on a fumble. A forward pass to Jordan resulted in a 15-yard gain, in the remainder of the quarter Bucknell clearly outplayed the home team and threatened to score continually. Three times A. and M. punted without getting the ball out of their territory. Bucknell worked two successful forward passes and failed once. When the first half ended Bucknell had the ball on A. and M.'s 10-yard line.

Third Quarter: Gdanele received the ball on the kick-off and advanced 15 yards. Topham fumbled, A. and M. recovering the ball. Three attempts netted only 8 yards. Bucknell coming into possession of the ball on their 10-yard line Topham made 20 yards around left end. "Tip" punted. By a series of plays A. and M. advanced the ball to the 15-yard line where Hurtt tried for a field goal but was unsuccessful. The ball was put in scrimmage on the 25-yard line. When the quarter ended A. and M. was in possession of the ball in midfield.

Fourth Quarter: In this quarte Bucknell again was near the goal line. After failing to gain A. and M. surrendered the ball on Bucknell's 50-yard line. Bucknell tried an onside kick which rolled down the field, evading five or six players before Hern recovered it on A. and M.'s 20-yard line. Bucknell tried for a forward pass but lost the ball. Neither team was dangerous from this on. Bucknell suffered severely from penalties in all 105 yards.

Throughout the game Bucknell kept the crowd on edge with its snappy tackling and dashing offensive work. In fact the spectators were surprised when A. and M. got away with the game with an uncrossed goal line. In speaking of the game the Raleigh News and Observer says: The visiting team as a whole, though lighter than A. and M. was fast and fiery, and unusually well balanced. A. and M. may have to meet heavier teams this year, but it is not likely to meet one which plays football any harder.

Line-up:—

Bucknell		A. and M.
Jordan	left end	Phillips
Hern	left tackle	Hurtt
Richardson	left guard	Sykes
Schmidt	center	Floyd
Teamer	right guard	McIver
Dunkle	right tackle	Drum
Bartholomew	right end	Selfert
Cruikshank	quarter-back	Stafford
Kelser	left half-back	Coal
Gdanele	right half-back	Hartsell Robertson Coal
Topham	full-back	Harris Anthony

Touchdown, Coal. Goal, Coal. Officials: Referee, Gass, Lehigh. Umpire, Jackson, Baltimore City. Field Judge, McNutt, Ohio State. Linesman, Thompson, A. and M. Quarters, 10 minutes.

"PITTSBURGHERS" DINE

SECOND FALL DINNER FINDS MORE NEW FACES.

The second fall dinner of the Pittsburgh-Bucknell Club proved as great a success as the first. This dinner was held at the usual meeting place—the Hotel Henry, Thursday evening, October 12th. The following were present: E. A. Morton, '05; Dr. M. F. Goldsmith, '06; Dr. A. G. Hess, '07; C. A. Bernard, '07; E. B. Hulley, '07; H. C. Thompson, '08; "Nick" Rosenberg, '11; C. A. Long, '08; C. P. Edmunds, '10; P. J. Abraham, '10; J. J. Williams, '08, and B. M. Ogden, '09. There were no set speeches, but all had their say just the same, and the evening was voted a great success.

There has been some talk of having a smoker during the fall to get all the Bucknell men in this section together. This would come before the regular Annual Winter Dinner, which will be held this winter according to schedule.

There have been a number of the Bucknell boys drifting into the Pittsburgh district lately, and all are making good. The arrivals within the past two months include three members of the '07 class: Dr. A. G. Hess, interne at the Allegheny General Hospital; Prof. Coit Boecsht, German Department, Washington, Pa., high school, and C. A. Bernard, naturalization examiner for the government, located in the Federal Bldg. There are several others of the '07 class in Pittsburgh also. The '06 and '08 classes are also well represented here. These members of the '11 class are new arrivals: Shreve and Rosenberg, attending Pittsburgh Law, and A. J. Huston, at the Westinghouse Electric.

The next dinner will be held at the Hotel Henry, November 9th.

Y. M. C. A. CONCERT.

Remember that the Commonwealth Quartet will be here tomorrow night. Course tickets will be on sale at the door. Any who have not secured their tickets yet will be able to do so tomorrow night.

SOPHS. THE VICTORS IN AQUATIC GAME

THE FRESHMEN FOUGHT HARD.

Consistent Line Plunges by Powell in Last Quarter Gave 1914 Annual Game, Score 6-0.

Although the gridiron seemed more suitable for a game of water polo than football, the Sophomores defeated the Freshmen on Saturday afternoon in the annual football game by the score of 6-0. The field, wet and soggy hindered both teams from showing their real strength. The Freshmen were at a slight disadvantage in weight but played a steady consistent game.

The Sophomores by better team work kept the ball in Freshmen territory the entire game except the early part of the second quarter. The line of the Sophomores seemed too strong for the Freshmen while the Sophomores made repeated gains through the Freshmen line. The punting of Stergis, '15, kept the Freshmen goal from danger the early part of the game. Aleshauckas, '15, at right half, played a good game and made some hair raising tackles. Captain Powell and Criswell were the main ground gainers for the Sophomores.

Although the condition of the field was conducive to fumbling there were few fumbles made and none of these costly. Neither team worked the forward pass successfully although several attempts were made.

The Freshmen won the toss and Captain Smith chose to defend the west goal. During the first quarter both teams were forced to resort to a kicking game. The forward pass was tried several times during this period but failed. The quarter ended with the ball in Freshmen territory and without any score.

In the second quarter the Freshmen managed to get the ball on the Sophomore's 25-yard line but were unable to advance it farther. By an exchange of punts the Freshmen could work the ball steadily toward the Sophomore goal. Criswell, took all hope of scoring from the Freshmen by carrying the ball for an end run of 25 yards into the middle of the field. The half ended with the ball in the center of the field.

Honors were divided in the third quarter until the latter part when Criswell and Powell carried the ball for successive gains through the Freshmen line. The Freshmen line was weakening and formed the chief place of attack for the Sophomores. This quarter ended with the ball in the Freshmen territory and a score for neither side.

The fourth quarter opened with the ball on the Freshmen's 10-yard line and by successive plays the Sophomores carried the ball to the 10-yd. line of the Freshmen. Here the Freshmen rallied and held the Sophomores for small gains. Powell on the third down carried the ball over the Freshmen line for a touchdown. Hagan kicked the goal. The Sophomores kicked to Aleshauckas who returned the kick to Powell. Powell after having dodged several Freshmen was finally stopped on the Freshman 25-yard line. It seemed as though the Sophomores would make another score. The Sophomores by line plunges worked the ball to the Freshmen 5-yard line where they were held for downs. Sturgis then punted the ball out of danger. The quarter ended before the ball was scarcely put in play. The following is the summary:—

Sophomores		Freshmen
Musser	left end	Fullmer
Riggs	left tackle	Capt. Smith
Frantz	left guard	Edwards
Golightly	center	Mallett
Whited	right guard	Van Dyne
McCombs	right tackle	Rawson
Jefferis	right end	Haus
Criswell	quarter-back	Cughnivor
Moore	right half-back	Aleshauckas
Powell	Capt. left half-back	Fahringer
Hagan	full back	Sturgis

Substitutions: Welchons for Whited Schnure for Frantz, Stapleton for Moore, Speare for Haus, Hare for Cughnivor, and Gale for Fahringer. Referee—Prof. Wolfe. Umpire—Geo. Cockill, '05. Field Judge—Tyson, '12. Time of quarters—10 min. Touchdown, Powell. Goal from touchdown, Hagan.

Y. M. C. A. HALL CROWDED.

At the weekly meeting of the Y. M. C. A. Thursday night there was the largest attendance of the year. Before all were seated, some had to sit upon the window-sills of the Hall. The fellows heard a good talk given by Dr. Davis, who pointed out some of the dangers every man has to fear while in college.

Next Wednesday night at 8 o'clock the Y. W. C. A. together with the Y. M. C. A. will have the pleasure of listening to Dr. Martin who will give a talk on "Great Composers and Their Works." Wolfe, '12, will assist by rendering selections of the different composers. There will be lots of seats this time fellows!!

CLARENCE IRA PHILLIPS.

Clarence Ira Phillips, a native of Turbotville, and a graduate of Bucknell University, with the class of 1905, died at the home of his uncle, the Rev. Lewis Robb, at Wilkinsburgh, Tuesday, of typhoid fever, aged 28 years.

He went west about six years ago, where he became employed with the Westinghouse Electric Co. He was a member of the Reformed church and superintendent of the Sunday school there and stood high in the community. The services were held from the home of his grandparents, Friday morning at Turbotville, with further services in the Reformed church of that place.

MITCH'S LETTER

EXPLAINS GREAT VALUE OF TRANSCONTINENTAL TRIP.

Editor of The Orange and Blue:

In response to your recent request for a brief summation of the value of our late "transcontinental trip" it is with pleasure that I state the following:

We all realize to some extent that this age places more value, apparently in the concrete than in the abstract. Therefore, although I could write a good-sized book in telling that which we learned enroute each city visited lending itself easily to a chapter intensely interesting, yet, for the present purpose I will confine myself to a statement of concrete facts indicating our accomplishment. The North American clipping preceding this letter will tell the story, part of which was published in two of last year's issues of The Orange and Blue.

In our extended tour across the states, my chum and I are truly proud of that which we were able to accomplish in perfect health all along the way. It was our privilege to stand, as perhaps some of you have, in wonder and awe by the side of America's greatest water-fall—Niagara; it was our hardship to sail on all the Great Lakes, save Lake Ontario; it was our interesting experience to paddle wheel on the upper and lower Mississippi and to touch all the tributaries of that great river. We rode by train through the very heart of the Rocky Mountains twice, in the north and in the south; we steamered the Pacific Ocean from the Golden Gate, California, to Portland Oregon, incidentally seeing the scenic beauty of the famous Columbia River. It was our novel experience to "tramp it" for 350 miles through that rich and beautiful state of almost perpetual summer; to wander through the tall forests of Idaho; to explore the mystic depths of the Grand Canon of Arizona, as well as to view the marvelous beauty of Yellowstone National Park. Finally we leave you to judge whether to stand by the calm waters of the Gulf of Mexico in the intense heat of a southern summer (Aug. 17.

Continued on page two.

BUCKNELL ALUMNI ARE DOING THINGS

MANY ACTIVITIES AND HONORS.

The Week Brings Reports From Numerous Graduates. Alumni News is Increasing. Welcome Change.

Following is not an extensive alumni history, but just the news notes which have been gathered in the regular course of the past week, of the recent activities of a few of our graduates. It is a pleasure to note the steady increase in the amount of alumni news each week, so that in this issue we can devote not only the column on the third page but this on the first. The cause for this is not that the alumni are so much more active than usual, but because our friends, professors, alumni and students are taking an active interest in putting available news into our hands, and because this year the alumni section has been put in the hands of a special editor. This response to our call in the first issue for the increasing of the graduate news is a hearty one and we live in hope that it will continue.—Editor.

ALUMNI MAGAZINE WRITERS.

One of the most active magazine writers among Bucknell alumni is L. E. Theiss, '02, connected with the New York Sun. There is hardly a month that Mr. Theiss has not at least one magazine article published. Among recent ones are these: "Bad Water vs. Good Health," Pearsons for June; "Preparing for a Rainy Day," Pictorial Review for July; "Investments for Families of Small Incomes" Pictorial Review for Sept.; "Why the Price of Coffee Increases," Pearsons for October; and in Pearsons for July appeared "Fake Sweets and Soft Drinks to be Dodged," by Mary and Lewis Theiss. Mrs. Mary Bartol Theiss, who assists Mr. Theiss in his work, is a daughter of Dr. Bartol and a graduate of '99.

Mr. Theiss's articles are all very interesting and instructive, and are in constant demand among magazine publishers.

Frederic B. Jaekel, '03, of 4014 Pine St., Philadelphia, Pa., is winning considerable repute as a magazine writer. He has recently done quite a little work for Colliers, McClure's, World's Work, etc. One of his recent books is "The Lands of the Tamed Turk" and another one which is in the hands of the publishers (McBride, Nast and Co., of N. Y.) and is now running serially in Travel Magazine is "Windmills and Wooden Shoes." Mr. Jaekel writes in a delightful strain, and the output of his pen is in constant demand. He is managing the lecture work of his father-in-law, Nox McCain.

"CHRISTY" TO GO HUNTING.

With the close of the World's Series "Christy" Matthewson will take a hunting trip in the Adirondacks according to reports. A telegram was received last week by the Conservation Commission of the state of New York from E. A. Sterling, ex-'02, a classmate of Matty's here at Bucknell, and at the present time forester of the Penna. R. R. to the effect that he and Matthewson wanted to get a hunting license to shoot game around Delanecott Place at Raquette Falls. The license was granted.

ALUMNI ELECTED BY BAPTISTS.

Senator Ernest L. Tustin, '84, was elected President of the Gen. Baptist Convention at the annual meeting of this body in Reading last week, and Mr. Barry S. Hopper, chairman of the Board of Trustees of Bucknell University was elected treasurer. Rev. Charles A. Walker, '89, was chosen Recording Secretary and Lewis C. Walkinshaw, '86, was elected Vice President.

OLD "GRAD" STILL ABLE.

The following from the Wilkes-Barre Times Leader: "Although 88 years of age Rev. A. B. Still of Danville,

SEASON TICKETS.

It is, we firmly believe, a fact to be regretted that the Board of Trustees at their annual June meeting did not see fit to impose a compulsory athletic fee upon the students, especially when the alumni expressed themselves so heartily in favor of it, and nearly every man in college signed a petition requesting it. The Orange and Blue at the time ardently supported the movement, and even yet maintains the same platform.

But there is another side to the question. The powers that be, have much more to consider in establishing a measure, compelling an athletic payment from each man, than we undergraduates possibly know of. At any rate the compulsory fee is unobtainable at present. Why not then make the best of the situation as it now stands? Here is the hard thing to understand: practically every man in college last year wanted the compulsory fee, and we've no doubt that a canvass would reveal the same result now. And yet a very small percentage, comparatively, of the students have purchased season tickets. Everybody wants to see the Athletic Association on a flourishing basis, such as it does not now enjoy. Tell us, you Mr. Season Ticketless, why can't you just as well pay your fee to the Association voluntarily, as when you are compelled to do so? It would amount to the same thing in the end if every fellow could but see it that way.

COMMUNICATION.

(The Orange and Blue invites communications, but does not hold itself responsible for opinions expressed therein).

Editor of The Orange and Blue:

Some time last spring, nearly the entire student body signed a petition asking for a compulsory athletic fee. For some reason this request could not be granted by the Board of Trustees, and the Athletic Association has to depend entirely upon voluntary subscriptions, which, one might think after having seen the long list of names on the petition, would be amply sufficient. It is, however, a sad fact that only about 30 per cent. of the student body have bought season tickets while the rest probably expected "dad" to pay the fee, thus increasing their budget by five dollars. This is an exceedingly sad state of affairs, which at the same time explains the poor financial standing of the Athletic Association.

If some of those fellows who call themselves "college men" (about all they have in common with college is their residence) would use their money for a more wholesome purpose than wasting it on many foolish diversions things might look different around here.

When election time comes around those "staunch supporters" of athletics at Bucknell will probably show their spirit by buying a one dollar membership ticket which entitles the holder to a vote, and then voting for some man whose only qualification, or rather disqualification for the office in question is his control of the necessary votes.

But there is still another class of "friends" we have in mind, namely, those who proclaim that they cannot attend the games on account of their studies, thus giving an excuse for not buying a season-ticket. For those fellows we can have only pity and sympathy for their musty brains must be motheaten, and earthly knowledge does not know of any cure for such an evil. We are not through yet. At the beginning of the year, the rule was passed that all Freshmen should procure season-tickets. Now, if that Sophomore class would enforce that rule instead of giving vent to their personal grudges against Freshmen it would be of some service to the college.

One often hears that there are not enough games played on the home grounds. But who is to blame for this? Nobody but the student body. As long as such a poor support continues, most of the football games will have to be played away from home because the Athletic Association cannot afford to run into one deficit after another. This is a sad story, but what are we going to do about it? "Illom."

DER DEUTSCHE VEREIN.

At the regular meeting of the Verein last Thursday evening, an address by Miss Martin entitled "Seeing Roosevelt in Berlin" was the important feature of the program. This phase of Miss Martin's experiences in Germany proved to be not only highly interesting in itself, but became doubly so through the speaker's easy and natural, yet animated delivery. The following business was transacted during the course of the evening: The time of meeting was changed from Thursday, 7.30 P. M. to Tuesday 3.30 P. M., as an experiment during the present term. The program committee reported these assignments:

Oct. 24—Prof. Hedge. Herr Everett
Oct. 31—Frauelein Stanton.
November 7—Grillparzer's Sappho—Frauelein Fischler, Frauelein Snyder.
Nov. 14—Oberammergau with Lantern slides: Frauelein Hare.
Nov. 21—Frauelein Busch.

Six new members were elected into the Verein. They are: Stout, '13, VanOsten, '14, Karis, '14, Ripel, '14, R. H. Moore, '14, and Markowitz, '14.

MITCH'S LETTER.

Continued from page one.

1911) is a location more to be desired than to stand on Pikes Peak in a fierce snow storm (November 29, 1910) viewing the Rocky Mountain system. We experienced both.

Further, we touched enroute nearly all parts of the United States excepting New England, entering thirty-five states of the Union, and also, the Canadian border, stopping from one day to two months in very nearly fifty of the principal cities of the United States. In all the trip we traveled, in one year and fourteen days, about 14,000 miles; some by rail, some by boat, some by carriage and some on foot. Our course brought us north to the 49 degree latitude, south to the 30 degree latitude and from the Atlantic to the Pacific and return and it caused us to climb 14,000 ft into the clouds and 2200 feet into the bowels of the earth. In all the journey there was no serious accident and by the Goodness of Providence we were returned safely to Philadelphia and our friends.

These, then, are a few facts which are of course, central points around which the purpose of our trip was most splendidly realized.

Our trip comprised one year's work in the School of Humanity. As is the case with all education, collegiate or academic, the value now can be only partially estimated: the real and full worth will appear in the study and experience of our future lives on the earth.

preached an able sermon on Sunday morning in the Baptist church at that place. Mr. Still is an alumnus of Bucknell University, graduating in the class of 1852." He is the only surviving member of that class, which had seven members and was the second ever graduated from the university.

ON MEMORIAL COMMISSION.

The Gettysburg Pattlefield Memorial Commission has provided for the office of assistant secretary and clerk of records, and Col. Thomas Chamberlin, '58, at No. 424 Walnut street, Philadelphia, has been elected to fill the position. Hereafter all complaints that names have been omitted from the tablets on the State Memorial, or are wrongly speiled will be addressed to him.

GRIFFITH–ETNOYER.

On Wednesday evening, October 18, Havard Griffith, '07, Pastor of the First Baptist Church of Port Allegheny, Pa., was married to Miss Pearl Etnoyer of Highspire, Pa., near Harrisburg, at the home of the bride's parents. The ceremony was performed by Prof. Llewellyn Phillips of the University. The best man was S. Homer Smith, '07, a classmate of the groom. Whittby, '07, and Simington, ex-'08, were also present.

Rev. A. E. Finn, '91, is pastor of the Baptist church at Rochester, Pa.

The address of Flora A. Sigel, ex-'88, is 833 Marion St., Denver, Colo.

Rev. John S. Sherman, '00, is now pastor of the Emanuel Baptist church, Woods Run, Pittsburgh.

Alan M. Fitch, '11, is a chemist in the laboratories of the General Chemical Co., in Brooklyn, N. Y.

A. E. McNinch, '09, is connected with the engineering department, Bureau of Public Works, Pittsburgh.

E. B. Woods, '10, is teacher of mathematics and the classics in the Red Bank High School, N. J.

E. O. Bickel, '05, formerly principal at Danville, has become principal of the Bethlehem High School.

"Jake" Northrop, '10, is back at his former position as Principal of the McEwensville High School.

Rev. R. B. McDaniel, '88, is professor of Bible and Greek at the Alderson Baptist Academy, Alderson, W. Va.

Born in June to Rev. and Mrs. W. H. Wheatley (Florence Bacon, '08), of Whitehall, N. Y., a son and daughter.

Helen A. Selinger, '03, was married on June 14 to James C. Griffin. Their new home is at 319 W. Tenth St., Erie, Pa.

W. W. Fetzer, '04, Homer Smith, '07, Sara McFarland, '10, and Julia Cramer, '11, are all on the faculty of the Sunbury High School.

Rev. James S. Braker, '88, pastor of the First Church, Lynn, Mass., has accepted a call to the First Church, Burlington, Vt.

Leonora Shamp, '09, resigned her position at West Hampton, L. I. and is now an instructor in the Collegiate Institute, at Mona, N. Y.

J. F. Bond, '03, who is an expert with the Armour Packing Co., is now located in Pittsburgh, his address being 2655 Perrysville Ave.

Pastor Frank Anderson, '94, of the Johnstown Baptist Church, has declined the hearty pastoral call of the Tabernacle Church of Albany, N. Y.

Rev. Benjamin F. Bieber, '02, for the past four years pastor of the Centre Hall Lutheran church, has accepted a call to the pastorate at West Milton.

F. W. Robbins, '98, for twelve years superintendent of the Public schools of Bethlehem, Pa., has accepted the superintendency of the Public schools of Lebanon, Pa.

Jane R. Fowler, ex-'03, recently took the Denver examinations for high school teachers and has received an appointment to teach in the new Denver high school for girls.

Dr. Ammon G. Hess, '07, having finished his course in medicine at the University of Pennsylvania, is now serving as interne at the Allegheny General Hospital, Pittsburgh, Pa.

Christy Mathewson, ex-'02, the premier pitcher of the Giants, was beaten by the Cincinnati team August 19 for the first time in three years. Christy won 22 consecutive games from the Reds.

HILL GOSSIP

Earle, '15, entertained his father for a few days last week.

Snyder, '11, and Baker, '11, of Altoona, spent Sunday in town.

Askey, ex-'12, is studying medicine at Medico-Chi in Philadelphia this year.

John Park, of Troy, Pa., spent the week with his brother, Edward Park, '12.

Hanks, ex-'12, now a student at Cornell Law School, is visiting his Phi Kappa Psi brothers.

"Doc" Hoskins refereed the Gettysburg-Muhlenburg football game at Gettysburg on Saturday.

Sholl, '10, of Philadelphia, was entertained by his Demosthenean brothers for the past few days.

Prof. and Mrs. Evans will make their home on South Sixth street where they have rented the Bower property directly opposite the Seminary.

The combined Mandolin and Glee Clubs of the University made their first appearance before the public eye when they posed for a flash-light in the Baptist church Wednesday evening. In their next public appearance they assure us they will in addition to posing furnish some music of the first class order.

"Vic" Schmidt, with several other members of the 'Varsity team, was walking along the street in Raleigh the evening prior to the game, when somebody greeted him with "How are you Captain Schmidt—how do you boys like the town?" "Fine" said Bucknell's captain as he looked up to find that the person who had addressed him was none other than the Governor of North Carolina. Nothing like this popularity with the notables.

The Freshmen, following the old precedent, hoisted a bit of felt inscribed with the numerals 1915 from a tree on the athletic field during the last quarter of the football game Saturday and rallied in small numbers to its defense. The defense was all unnecessary however for Sophomores in that vicinity were as scarce as sunshine has been the past week. Up until two years ago the football scraps were the liveliest of the year but our modern Sophomores refuse to dispute the right of the verdant class to furl their numerals over the campus one cent say whether it is on account of some moral objection to the principle of fighting, indifference, a feeling of good will and generosity toward the incoming class, lack of numbers and nerve or what. At any rate our college customs in reference to the football scrap are changing.

SEMINARY NOTES.

Alberta Bronson, '12, spent Sunday with her parents in Girardville.

Miss Bush attended a Baptist convention in Reading on Thursday of last week.

Alice Scott, '12, of Milton, was the guest of Miss Callahan, '12, at the Seminary Saturday evening.

Miss Baldwin, of Bridgeton, N. J., is visiting Winifred Miller, '12. On Saturday Miss Baldwin gave a dinner party for her niece at the Cameron House.

On Friday evening the Pi Beta Phi fraternity initiated the following girls: Ethel Bottenstein, '12, Edna Whittam, '14, Frances McNall, '14, and Beem Ott, '14.

COLLEGE BIBLE CLASS.

In chapters six and seven we have the beginning of the action and antagonisms. The breaking of the first four seals reveal conquest, war, famine, and desolation as judgments of God. The abiding truth in this presentation is this, the world is not in the hands of the wicked, but in the hands of God.

The breaking of the fifth seal revealing the martyrs crying for vengeance, embraces the eternal truth that the individual's final reward is the sharing of His consummation in future time. The breaking of the sixth seal ushers in the catastrophe which the Jews expected just before the end. But the finale is postponed by one chapter.

In the intermezzo in chapter seven the redeemed of Christianity is presented in the great throng from every tongue and nation. This throng, enjoying day and night the presence of God, have come to their position by sharing in the sufferings of Christ.

Again We Lead in Dress Goods

FOR TAILORED SUITS AND COATS

Simply enormous bargains are ready for you in the heavier weight waterials for suits and coats in blacks and colors. Among the large showing are the:

Cravanetted serges, broadcloths, kerseys, unfinished worsteds, venetians and gray mixtures. No store in this vicinity can match our prices, qually considered. Every woman can choose with perfect safety and certainty of getting the best material here as well as the best assortment of weaves. You cannot fail to choose satisfactorily at our store. Get our prices they are moderate.

Pretty One-Piece Dresses

FOR MISSES AND LADIES. MATERIALS OF POPULAR SERGES.

Such a gathering of one-piece dresses is not seen outside the large cities as we carry. We have made a selection from the best displays and are confident that they will arouse your appreciation. The tailoring is most handsomely done. The colorings are browns, navys, garnet, red and shepherds checks. Trimmed in contrasting colors, plaids satins and some embroidered large collars and cuffs also lace yoke effects.

PRICED FROM $3.98 UP—

A new line of Peter Thompson dresses for juniors in sizes from 13 to 17 years.

Select Your Coat Now

While your size is here and the selection is at its best. The new reversible and double faced styles seem to be very popular. Plain cloths and mixtures with the large sailor collar effect are shown this week. Fur, plush and caracul coats in the desired lengths are displayed in all their beauty and elegance. Our fur coatls are made right and wear right and will look right throughout the entire service. We can save you money by buying your fur coat here. You have a choice in fur in Poneys, Nearsels, Mermats and brown and black Coveys. Our coats will please you as the material, fit and coloring is perfect.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, OCTOBER 30, 1911. NUMBER 5

BUCKNELL BESTS ROCHESTER UNIV. 5-0

BRADY MAKES ONLY TOUCHDOWN

Win Sensational Game From New York Collegians. Score at End of Third Quarter.

Cheered on by the enthusiastic yells of the Bucknell alumni, prominent with arm bands and huge pennants, the 'Varsity wrested a brilliant victory from Rochester University at Baseball park, Saturday.

The game was the most important one on the local schedule and although the Orange and Blue had never met the Rochester eleven on the gridiron, Bucknell's almost perfect record was well known. As was expected a great crowd witnessed the game. Bucknell's supporters were there in force and made things lively during the game and after the contest participated in a monster celebration. The weather conditions were fine. Both teams were in excellent shape, Brady being the only man on the varsity squad in poor condition. This, however, did not keep him from the game nor did it handicap him in scoring the only touchdown. Bucknell plainly outclassed the New Yorkers in speed and line bucks. Gdaniec was easily the hero of the game. It was due to Joe's terrific line plunges that the 'Varsity succeeding in scoring. Topham as usual played a fast consistent game. Save for the initial plays of the game Bucknell's work was beyond criticism. The Bucknell blankets were used for the first time at the game and made quite an impressive spectacle.

Rochester was first upon the field, varsity following a few minutes later. Rochester won the toss and chose to receive defending the south goal with the wind at its back. Jordan kicked to Rochester. Runner downed in his tracks on 10-yard line. Rochester made a first down and then punted. Topham made first down on the next play. Punts were exchanged. Gdaniec and Topham rushed the ball to Rochester's 10-yard line when quarter ended.

Second Quarter: At the beginning of quarter ball was Bucknell's with Rochester's goal to gain. Rochester held varsity for downs and kicked off for 30 yards. Bucknell carried the ball to opponents 10-yard line and lost on downs. Rochester kicked out 25 yards. Topham tried for a drop kick which was blocked. Gdaniec made a 15-yard line buck but varsity was held for downs. No score.

Third Quarter: Bucknell kicked off to Rochester. Held for downs Rochester punted. Varsity held for downs, punted. Here Rochester tried for a field goal from their 17-yard line, failing utterly. Bucknell put the ball in play on the 25-yard line. Topham punted to Rochester. The latter tried for another field goal, which failed. Bucknell recovered and carried the ball to midfield on downs. No score.

Fourth Quarter: Bucknell took ball in midfield and carried it 55 yards in successive bucks to the 2-yard line when Brady went over for a touchdown. Jordan failed to kick the goal. Bucknell kicked to Rochester. By means of line bucks and successful forward passes, Rochester carried the ball to the varsity's 10-yard line. Here a dispute arose, which resulted in a heated argument and a 15-yard penalty for Rochester. "Tip" sent the ball sailing down the field. Time was called shortly after. Final score 5-0.

Bucknell		Rochester
Jordan	left end	Long
Hern	left tackle	Keogler
Richardson	left guard	Gay
Schaffner	center	Backus
Dunkle	right guard	Adams
Thomas	right tackle	Forysthe
Bartholomew	right end	Benzoni
Cruikshank	quarter-back	Kaiser
Brady	left half-back	Yorkey
Gdaniec	right half-back	Brown
Topham	full back	Forsyth

Substitutes: Schaffner for Schmidt. Brady for Keiser. Shipman for Brady.

Among the Bucknell contingent the familiar faces of Fetter '09, Fetter '10, Gibson '10, Mathias '09, Rusch '09, McAllister '11, "Happy" Cooper '05, Demelt '06.

DER DEUTSCHE VEREIN.

Last Tuesday the Verein convened in Bucknell Hall at 3.30 P. M. Songs, business, and literary productions constituted the program. Prof. Hedge read a German letter: Herr Everett spoke on "Das dramatische Gefouge Wilhelm Tells" and read a short treatise on "Der Geschichts hintergrund Wilhem Tells." The following new members were elected into the Verein: Misses Glover, '14; Davis, '12, Etzweiler, '14; Shivers, '14, and McNall, '14. It was decided to hold the annual "Festessen" on Nov. 7, 1911, at the Cameron House in honor of the anniversary of the founding of the Verein.

HALLOWE'EN AT "SEM"

PREPARATIONS BEING MADE FOR ALL-SAINTS CARNIVAL.

Determined to surpass all former Hallowe'en festivities the girls of the "Frill and Frown," under the able direction of Miss Edith Schillinger, are putting forth every effort to make the program of the evening a highly interesting one and typical of the occasion.

The fortunate guest who should chance through the dimly lighted hall, amid wierd corn-stalk caverns, guided by beacons, grimming imps and hob-goblins, glimmering ever and anon, fleeting ghost-like nymphs, is drawn enchantedly onward by the low, solemn strains of elfin music. A sudden turn reveals a score of fair graceful figures with haggard and drawn faces crouching anxiously over a simmering pot wherein a Dye philter of fudge and pickles is brewing, and upon whose issue the fate of more than one swain hangs. At this point the entranced guest, whose imagination has been carried from fantasy to fantasy will be abruptly returned to earth by the appetizing odors of fried doughnuts and cider. And as the fantastic figures slip noiselessly away to the strains of "Auld Lang Syne" darkness and silence envelope a scene whose pleasantries will linger long in the memories of the fair co-eds.

EDDIE MANNING A FUTURE STAR.

Clipping from a Bighamton, N. Y. daily.

"Eddie Manning, the clever infield baseball star, who has been at his home in this city, has gone to Philadelphia to resume the study of dentistry at the Univ. of Penna. Manning was one of the classiest diamond performers on the Pacific coast during the year and is touted by competent baseball critics throughout the West as being sure to figure in the not distant future as a major league sensation.

It is not the first time that Manning has attracted the attention of sleuths sent out from the headquarters of big league magnates, and it is probable that Frank Farrell of the New York Americans now has a string securely attached to the diminutive infielder, as he was the property of that club last year and was sent to Harry Dillon's Los Angeles team, where his performances were at all times scintillating. His fielding, batting and base running were the features of many games.

Unlike many baseball players who are content to masticate a diet of icicles during the days of discontent and frigidity, Eddie Manning is always a busy little man. He coached the Swarthmore College baseball team in the spring this year baseball team ly played on the Bucknell University team. He is president of his class at Pennsylvania."

Beginning next year fraternities at Wisconsin will not be permitted to invite men until their second year.

BLANKETS PRESENTED TO FOOTBALL TEAM

A NEGLECTED NEED FILLED.

Thirteen Lewisburg Business Men Donors. Recognition of 'Varsity's Great Work This Fall.

Twelve big and heavy football blankets, done in the colors of the school, were presented to the Athletic Association Thursday afternoon by Francis T. Baker and John F. Prowant as a gift from thirteen business men of Lewisburg.

The blankets were first used Saturday by the 'Varsity in the game at Rochester and their beauty as well as heat-retaining properties were fully appreciated by the members of the team. The body of the blankets is blue with a narrow border of orange around the edge. In the center is a big orange "B."

In presenting the blankets to the football squad, as representatives of the Athletic Association, Mr. Baker stated that he was the representative of a number of Lewisburg men who were deeply interested in the athletics of the University and especially in football. These men, he said, were proud of our Varsity team this season and of the excellent work it has done thus far, and, to show in some measure their appreciation, wished to present the Athletic Association with much-needed blankets for the team.

The appreciation of the Varsity squad for this thoughtful gift was clearly shown by the spirited manner in which two loud and lusty Bucknell-e'el's were given for the donors at the close of Mr. Baker's remarks.

NOW FOR LAFAYETTE.

With Rochester well disposed of and a string of four victories bagged to but one defeat, the triumphant 'Varsity goes to Easton next Saturday after the biggest game they have trailed this season, in the form of Lafayette's pig-skin warriors. If the 'Varsity can bring the hide of this prey back to the "burg" with them Saturday night it will make one of the juciest morsels that has ever been toasted over a Bucknell bonfire.

Just what the chances are is a matter of speculation which can be made favorable to either side. Both colleges are represented by "corkin" good teams, that's granted. Bucknell has played five games. Lafayette six. Both have had one defeat, the Maroon and White's coming just last Saturday at the hands of the Indians.

Between Bucknell and Lafayette there has always been the greatest of football rivalry, in fact the first game of football ever played by a regular Bucknell University team was against Lafayette in 1882, when the latter won, 59-0, in 1908 the Orange and Blue held the Easton team to a tie 6-6 score and last year lost 12-0. Bucknell is just about due for a victory this year. Following is Lafayette's record this season:

	Laf.	Op.
Bloomsburg	53	0
Ursinus	2	0
Swarthmore	11	5
Gettysburg	36	0
Syracuse	10	0
Indians	0	19

FRESHMEN PROCS POSTED.

The posting of the Freshmen procs on Friday morning caused but little commotion. No attempt was made to post any of the mysterious sheets on the hill. The town suffered only slightly. Few scraps took place, few procs were visible and were it not for the announcement, one would scarcely know that the posting had taken place.

ALUMNUS ADDRESSED C. E.

Rev. J. Henry Haslam, '90, who is pastor of the Gethsemane Baptist Church, Philadelphia, addressed the Union County C. E. Convention held at the Lutheran church Friday evening. He spoke on "The Quickening Call of Christ."

VILLA NOVA GAME CANCELLED.

At a recent meeting of the Executive Board of the Athletic Association, it was decided to call of the football game scheduled to take place with Villa Nova at Wilkes-Barre on Nov. 18. Notice to that effect was sent to the main line institution this week. The reason for the action of the Executive Board is well known to all students here, and the Villa Nova team and their cohorts undoubtedly had little difficulty in locating the cause when they received the communication.

The step of the Board is a decidedly wise one. There was every reason to believe that in the case of a game between the two institutions the Villa Nova team would employ the same unsportsmanlike tactics, that those higher up in authority down there tried to effect against the Bucknell team right here on our own field early in the season. The Orange and Blue does not want to meet any team where all indications go to show that they will not receive the square deal.

LYCEUM CONCERT

COMMONWEALTH QUARTET FURNISHED GOOD PROGRAM.

The Lyceum concert Tuesday evening by the Commonwealth Quartet was very good. Everyone seemed to feel well repaid for the effort spent for the entertainment. The house was full, and all showed the keenest interest. From the very start the program was one filled with varying and spicy numbers well adapted to the occasion. The audience was satisfied. They showed it by their frequent hearty applause.

Several times the Quartet threw the audience into a roar of laughter by their striking characterizations. The imitations of the "German Band" and the "Village Choir" both set the house in an uproar. Some considered the latter the hit of the evening. Others seemed to think that the zenith was reached when the reader, assisted by the Quartet, presented Riley's word picture of the bare-foot boy trudging down the dusty road: "Out to Old Aunt Mary's." It almost seemed that the quaint old land marks were visable as the soul of the Rustic poet was poured out before the listeners. Whichever number was best they were all good.

KEYSTONE ACADEMY CLUB.

Last Friday evening a few undergraduate Bucknellians hailing from Keystone Academy met in the parlors at the "Sem" for the purpose of reorganizing the famous old Keystone Club permanently.

After much enjoyable discussion of current events from the "Miniature Bucknell" and pleasant re-alling of familiar scenes and mutual friendships, Arthur D. Waltz, K. A. '07, B. U. '12, was elected president pro tempore, and Miss Ruth Leninaton, K. A. '10, B. U. '15, Temporary Secretary. Then ways and means were discussed, resulting in the appointment of a Constitution and By-laws Committee. The next meeting will be called by the President as soon as this committee is ready to report, which will be in about one week.

All students now attending Bucknell that ever attended, for any length of time, at Keystone, are cordially urged to seize the privilege of being "there with bells on" at the next meeting.

CULE-JONES.

Mr. and Mrs. Samuel R. Jones announce the marriage of their daughter, Mary Elvira to Mr. Thomas Edward Cule on Wednesday, Oct. 18, at Scranton, Pa. At home after Nov. 7, 1218 Division St., Scranton. Mr. Cule is a graduate of Bucknell, class of 1904 and is teaching in the public schools of Scranton.

A students' union has been formed at Iowa.

Twenty-two per cent. of the men at Stanford are out for football.

FORMER INSTRUCTOR LECTURES HERE

BUREAU OF STANDARDS TOPIC.

Mr. Hostetter Came on Invitation of Electrical Society. Gave Lucid Discussion of Workings of Bureau.

In response to an invitation from the Bucknell University Branch of The American Institute of Electrical Engineers, Mr. J. C. Hostetter, '08, former instructor in chemistry at Bucknell, delivered an address Friday evening before the joint meeting of the Branch and the Chemical and Physical Society. Mr. Hostetter is at present Asst. Chemist in the National Bureau of Standards, Washington, D. C., and he chose as the subject of his address "The Organization and Work of The National Bureau of Standards."

He gave a very lucid discussion of the reason for the existence of the Bureau the way in which the field of research is divided among the several divisions of the Bureau and how the work is carried on. The address was very well received, and the continued interest in the former instructor was evidenced by the large number in attendance.

Y. M. C. A. MUSICAL PROGRAM.

Those who attended the Y. M. C. A. meeting in the chapel on Thursday evening were favored with a rare musical treat. Oscar Wolfe '12, rendered selections from four classic and four modern authors as follows: "Messiah," Aria, "The People that Walked in Darkness,"—Handel; Sonata No. 2, C. Major,—Haydn; Sonata No. 18., Fantasia,—Mozart; Sonata No. 13,—Beethoven; Fantasia 16 and Volkslied,—Mendelssohn; Nocturnes 11 and 12,—Chopin; "Lohengrin," "Elsa's Dream" and "Procession to Cathedral,"—Wagner; "To Spring," and Sonata Opus 7. Meinetto,—Grieg.

Introductions, biographical and interpretative were given with a suggestion of the place of music in human art and culture by Dr. Martin Mr. Wolfe's rendering aimed to give the hearers a good understanding of the composer's quality and characteristics. It was sympathetic, accurate, musician-like,—holding the attention to the music and not distracting it to the performer. The audience manifested the greatest appreciation of his performance, paying strict attention to the program throughout; then, at its close giving vent to their enthusiasm in applause that was as sincere as it was generous.

The subject for Wednesday evening, November 1st, will be 'Gleanings from Northfield' given by the delegates from the association to that great students' conference.

WE'LL ALL BE THERE.

A rumor has been floating around that Bucknell spirit, which was so wide-awake recently, is peacefully slumbering again. If it is, it's going to be rudely wakened Thursday night at nine o'clock when every man in college including the team itself is going to turn out for a monster mass-meeting in Commencement Hall and raise the biggest racket that has ever shaken the benches up there. Every man is going to be there for the team has let it be understood that the enthusiasm they re-ive from that mass-meeting is going to have much to do with beating Lafayette. Of course we intend to beat Lafayette and of course we are all going to be there Thursday night to do our important share in the beating. These mass meetings aren't a hazing stunt for Freshmen but simply an opportunity for our football enthusiasts to do their part toward winning the game. Enough—see you Thursday night, nine o'clock, Commencement Hall.

The majority of fraternities at the University of Pennsylvania have adopted rules regulating the rushing system. This is a step forward in raising the dignity of fraternities and the calibre of the men initiated.

OUR ALUMNI NEWS.

After all the value which the training and life of any particular college gives its students, is to be measured largely by the heights to which the graduates of that particular institution have attained. They have put into practice this training in actual life and the result is shown in their achievements.

It is a fact firmly established that Bucknell's train of alumni is long and distinguished and one which rivals the output of any college in the country. It is essential then that the activities of our alumni should come to the attention of undergraduates, prospective students and the alumni themselves if the prestige of the institution is to be maintained at top notch, both in attendance and in scholastic standing. It is an incentive to the present students, an inducement to prospective students and a means of maintaining interest among the alumni.

In keeping with these opinions we have long since arrived at the opinion that in this student organ too much live alumni news could not be published and we welcome the present increase in the size of this department.

THANKS!

The thanks of the entire student body is due the thirteen Lewisburg business men who last week presented the Athletic Association with twelve handsome Orange and Blue blankets to be used by the varsity football teams of this and coming years. In recent years many of the larger colleges have provided appropriately designed blankets for their gridiron teams and this commendable movement on the part of Bucknell's local supporters keeps the University abreast of the times on the athletic field as well as providing much needed protection for the athletes during intermission in the games. Especially is the school indebted to John F. Prowant and Francis T. Baker, of Lewisburg, for the thoughtful and munificent gift for it was these gentlemen who conceived the idea and solicited the funds necessary for their purchase.

An amateur detectives association has been formed at Purdue which has for its object the development of the powers of observation. Each member of the club will commit some act which has been defined by the rules of the club as a crime; the other members are to prove that the crime has been committed.

ON THE RIM OF THE WORLD.

In an article entitled "On The Rim of the World," a traveler writes as follows about the location of Dr. Edgar Shields, '01, at Yachow, West China:

One of the pathetic sights is the Mission Hospital on the main street of the town. Why pathetic? Think what this means. There is not another hospital for hundreds of miles to the north of here, not till one stumbles upon one away to the north somewhere in Russian Siberia. To the west thousands of miles over the mountains, away through Thibet and perhaps in Persia somewhere, one may be found. To the south one may travel long stages through the mountains before in distant Burma medical aid and a hospital may be available. Where in all the world is medical aid more imperative or where will a less occupied field be found? All through this Rim of the World country this hospital at Yachow stands alone. And through the apathy of American Baptists, though the building was sometime since erected, it is not yet furnished and the doctor in charge, Dr. Shields, has no suitable equipment with which to meet the sick and needy who come out of the wilds seeking aid. Only a short time since the doctor was compelled to send a poor fellow, who had come twelve days' journey from the interior to ask for help, four days further on his journey to the east of Chengtu, for the help that he could not give for lack of equipment. One sees ignorant suffering humanity all about. Ignorant that help is possible. Suffering where medical aid is within bare reach, but that skill cannot be utilized for lack of a few paltry dollars to equip a hospital. Never in my life did a hospital so appeal to me as does this one on the very outskirts of civilization. Nothing beyond to aid human suffering. It must appeal to the sympathy of men as one thinks of the need.

COLLEGE BIBLE CLASS.

When the seventh seal is broken there follows a silence for about half an hour. Then the denouement is postponed once more. A new action is introduced in the blowing of the seven trumpets. At the sounding of the first six one-third of the earth and of mankind is destroyed. The catastrophies causing this destruction are introduced as occasioned by the prayers of the saints for vengeance and they are closed with an expression of God's purpose in them: to lead men to repent. And while those woes are rife, the saints are protected.

With our knowledge we do not interpret catastrophies as the early Christians did. Yet we share their faith in this manner: we believe that there is a righteous Father in the universe, that catastrophies are judgements in that they carry their lessons, that the saints are favored in the earth, in that they possess the principles upon which the world is founded.

Rev. John Y. Sinton, '98, was installed as pastor of the First Baptist church, Royersford.

Trauger, '11, is teaching in the Science Department of the High School at Middletown, N. Y.

Rev. A. Lincoln Moore, '91, of Franklin, Pa., was recently elected president of the Penna. Baptist Minister's Union.

Chas. T. Hallowell, '70, who holds a pastorate in Wheaton, Minn., is at present visiting his parents in Conshohocken.

Abraham, '10, has entered the University of Pittsburg Law School and his address is 806 Wallace street, Wilkinsburg, Pa.

D. Webster Shipman, '87, is a candidate on the Socialist ticket for the office of District Attorney in Northumberland county.

Edmunds, '10, and Ogden, ex-09, who are with the Westinghouse Electric Co., are residing in Wilkinsburg at 806 Wallace street.

Rev. T. M. Eastwood, A. B., '72, D. D., '06, of Burlington, N. J., is the newly elected Vice President of the Baptist State Convention.

Warmkessel, '10, has resumed his teaching in the Department of Modern Languages at the Ishpening High School, Ishpening, Michigan.

F. R. Bower, '07, holds a responsible position with the Swain Nelson and Sons Co., Nurserymen and landscape gardeners, 941 Marquette Building, Chicago, Ill.

Dr. Harold N. Cole, '06, of Cleveland, Ohio, is spending a year in post graduate study in Europe, after which he will return to Cleveland to take up practice as a physician.

Tuman, '11, who has been spending the summer as purser on the steamboat Keansburg which plied between New York and Keansburg, N. J. will this fall take the Civil Service examinations in New York City.

Hon. M. W. Shreve, '84, has announced that he will be a candidate for the state senate from Erie county. Mr. Shreve has served three terms in the lower house at Harrisburg and was mentioned prominently for congressman.

The following from the Ursinus Weekly: In honor of her guest, Miss Weddel, a graduate of Bucknell University, Miss Ermold entertained very delightfully at Olevian Hall last Saturday evening. The occasion was a success in every way and was thoroughly enjoyed.

D. W. Robinson, '04, is principal of the High School at Bayonne, N. J. He has also entered on a course of work in New York University, for the degree Ph. D. taking as his major study, Education.

From the Kutztown Normal Vidette, October 1911:

D. H. Nester is principal of the High School at Rahway, N. J.

J. Webster Trauger and Mabel H. Fenstermacher were married in August at Kutztown, the home of the bride's parents. They are residing at Middletown, N. Y., where Mr. Trauger is Principal of the High School at a handsome salary.

HILL GOSSIP

Kleine Royer, '09, is visiting his Phi Kappa Psi brothers.

Bates, '15, entertained Elmer Hoose during the past week.

Raymond Greene, '02, was visiting friends here on Thursday last.

Worrilow, '14, entertained his brother on the hill the past few days.

The Forum held one of their enjoyable "stunts" in their halls Friday evening.

Jefferis, '14, spent Saturday and Sunday at his home in West Philadelphia.

"Bob" Saylor, '10, instructor in mathematics at the Harrisburg Technical High School was visiting with the boys on the hill Sunday.

The Demosthenean entertained a number of town and out-of-town guests in Hallowe'en Revelry at their halls on Friday evening.

All the Bucknell graduates who are now attending the Rochester Theological Seminary were out cheering our team to victory last Saturday at Rochester. Same Bucknell spirit although affiliated now with another institution.

Louis W. Robey, '04, who is an attorney in the law offices of George Wharton Pepper, Land Title Building, Philadelphia, spent Friday evening with his Demosthenean brothers.

Plenty of "pep" is needed in the spirit we show the 'Varsity this week before they leave for Lafayette. Let's see if we can't get the whole college just teeming with it all this week, so that one won't be able to take a breath of the atmosphere about here without inhaling some.

The send-off accorded the 'Varsity when they left for Rochester was a mighty good one. It was encouraging in that it showed that college spirit, which flamed up so finely early in the season, had not died down entirely, as one might almost believe from the recent dearth of mass-meetings and cheering practices.

Members of our football team are great believers in omens for when they went to South Bethlehem to play Lehigh they saw a hay wagon along the road and with firm belief that it was a good omen they saluted it, and look what they did to Lehigh. Last Friday when traveling to Rochester they saw the same omen and look what happened. Here's for a sight of a haywagon on their trip to Easton to play Lafayette.

SEMINARY NOTES.

Ruby Stuck, '12, was at her home in Tower City over Saturday and Sunday.

Maze Callahan, '12, and Margaret Harter visited Alice Scott, '12, in Milton on Sunday.

Miss Williams, of Nanticoke, visited her sister, Anna Williams, '15, for a few days last week.

Mrs. Brouson, of Girardville, spent Saturday and Sunday with her daughter, Alberta Bronson, '12.

Miss Yabe, who has been present at the C. E. convention in Lewisburg lunched at the Seminary Sunday evening and later gave the girls an informal talk on the customs and condition of women in Burma.

INTERCOLLEGIATE.

The Daily Nebraskan recently was printed throughout in greeen ink. The reason is in doubt—whether the editor is an Irishman or a Freshman.

The various organizations at DePauw are considering the formation of a union. Both fraternities and clubs will belong, and suitable rooms will be secured for a general headquarters.

It has been estimated that the students of Michigan during the last year used 132,240 cigars, 33,180 boxes of cigarettes, 52,00 packages of smoking tobacco, and 6,850 plugs of chewing tobacco.

More than 650 Chinese students are enrolled in the American schools and colleges. Of this number Cornell gives instruction to fifty. There are also a number of natives of India studying at Cornell.

For the first time in 275 years of Harvard's existence a blood relative of the founder of the institution matriculates—Lionel De Jersey Harvard, a member of the class of 1915. He was prepared for college at the same London school at which John Harvard prepared for Emmanuel college, Cambridge, 300 years ago.

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, NOVEMBER 6, 1911. NUMBER 6

LAFAYETTE, 6; BUCKNELL, 0

CONTEST CLOSE AND DOUBTFUL.

Penalty Responsible for Maroon's Only Touchdown. 'Varsity Played a Brilliant Game.

Before a large crowd, consisting chiefly of Lafayette supporters Bucknell met its second defeat of the season at the hands of the sturdy Lafayette warriors in one of the fiercest and most spectacular gridiron battles ever fought on March field. Lafayette 6—Bucknell 0.

Ideal football weather prevailed when the referee's whistle blew for the beginning of play, and both teams went into the struggle determined to win. Although crippled by the loss of Spiegel their star back-field man, Lafayette presented a strong line-up and with Cap. Dannehower at the helm, their plays were run off quickly and in a manner showing that they had been well coached in the game. Their line plunges were fiercely aggressive and well directed and often tore off large gains through Bucknell's line, which, however was always able to hold back their fiercest onslaught, when a touchdown seemed imminent for the other side. The only score was a touchdown scored after repeated line plunges by Lafayette's back field after they had been held for three downs within Bucknell's 10-yard line when a close decision on a penalty was given in favor of Lafayette and only a one-foot gain was needed for a score.

Bucknell's ends outclassed in all departments the Lafayette ends in getting down under Topham's punts in excellent style and often downing the man with the ball in his tracks. They broke up a great many of Lafayette's end runs and open plays by their alertness and speed. "Tip" Topham's work was the feature of the game with his never failing ability to punt out of danger, his kicks often going for 40 or 50 yards, and his end runs netting consistent gains. Once he dodged the entire opposing team with the exception of one man, who downed him with a brilliant tackle. Schmidt at center proved the back bone of the line, breaking up line plunges and often getting through the line before the play was started. His work on the offensive was also excellent, never failing to get the ball back with a snappy pass that always reached the man.

First Quarter: Lafayette won the toss and kicked off to Bucknell who chose to defend the goal at the south end of the field. Topham received the kick and run it back to the 25-yard line where it was lost on the first play by a fumble. Bucknell however held for downs, and Topham kicked to 25-yard line. After failures at forward passes, on Lafayette's part, Bucknell again received the ball, only to lose it by fumbling. By successive plunges Lafayette rushed the ball to Bucknell's 5-yard line and there Bucknell was penalized for off-side putting the ball less than 1 yard from the goal. Dannehower barely crossed the line for a touchdown, the only one of the game. He also kicked an easy goal. The rest of the quarter was a see saw up and down the field, Topham's 35-yard run through an open field, bringing the crowd to their feet. Within striking distance of the goal, two forward passes failed and Lafayette kicked out of danger. "Tip" returned the kick and the quarter ended with the ball in Lafayette's territory.

Second Quarter: Bucknell held for downs and Lafayette kicked to Topham who after several small gains, Bucknell tried an on-side kick but it was blocked and recovered by Lafayette. Crufkshank caught Lafayette's forwar pass. Topham kicked out of danger, but Dannehower ran back the punt well into Bucknell's territory. For a few plays it looked like another score for Lafayette but Bucknell took a brace and held for downs. Again Topham was called on to punt out of danger, and again by often repeated line plunges the ball was brought back into Bucknell territory until it rested on the 2-yard line, where Bucknell again threw back the line plunges and recovered the ball. The second quarter ended in a kicking duel in which Topham outclassed the Lafayette punter and the half ended with the ball in midfield. Lafayette 6—Bucknell 0.

Third Quarter: Keiser received the kick and ran it back for 20 yards Topham made a good gain on an end run, but in the next play Lafayette recovered a fumbled ball. At this point Lafayette was penalized for hurdling and the next play was a forward pass which gave the ball to Bucknell. After an exchange of punts Topham gathered in an on-side kick and ran it back to the middle of the field. After an unsuccessful forward pass on Bucknell's part, Lafayette pulled off two successful ones, neither one netting much gain. After a number of attempted forward passes on both sides, all of which were dis-

Continued on second page.

STUDENTS AS FIREMEN

BUCKNELL BUCKET BRIGADE BATTLES BIG BLAZE.

While the science of fire fighting is not to be found in the curriculum, quite a large number of the "hill topers" showed themselves to be firemen of no mean ability at the chair factory fire Monday night.

The conflagration originated on the second floor of the finisher's department, due to spontaneous combustion. The night watchman endeavored to extinguish the blaze, but the explosion of a nearby oil tank rendered his efforts futile. An alarm was sent in, and quite a number of the college fellows who happened down town at the time lent a helping hand in drawing the fire apparatus to the fire.

Arriving at the scene of the blaze, the boys jumped right in to the fight and regardless of ruining their clothing and jeopardizing their lives assisted in removing the barrels of oil that threatened to ignite and carrying the fire hose to the various buildings. The firemen were badly hampered by the smallness of the water main. For a long time the water pressure was not enough to throw a stream over the small buildings. In order to prevent the flames from spreading to the other structures a bunch of students were sent to chop down the tramways already afire. The intense heat made it necessary for the firemen to direct the stream upon those working on the tramways. In spite of this precaution the work was extremely dangerous and attracted the attention of the large crowd of spectators.

The fire was finally controlled after the oil buildings, the office, blacksmith shop, rope and paper buildings were destroyed, together with a huge water tower, which stood nearby. The loss incurred was $40,000.

MANDOLIN CLUB BUSY.

Hereafter the University Mandolin Club will meet Monday evenings at 7:30 instead of Monday afternoon at 4:15 as formerly. Owing to the resignation of Fetter, '13, as manager Maddox, '14, was elected to this position at the last meeting. The work is progressing and under the leadership of Miss Armstrong will prove a success. All members are requested to meet regularly each week which will greatly help to the success of the club.

INSTRUCTOR AT U. OF P.

Louis W. Robey, '04, formerly a professor in the Academy and at the present time an attorney in Philadelphia, is this fall instructing at the University of Pennsylvania, from the Law Department of which institution he graduated in 1908. Mr. Robey teaches commercial law in the collegiate department several hours a week.

CAP AND DAGGER RENEWS ACTIVITIES

COMEDY TO BE STAGED SOON.

Dramatic Society Will Make First Public Appearance About Thanksgiving.

The Cap and Dagger Club, the Bucknell men's dramatic society is bestirring itself with renewed fall activity. Strengthened by the recent addition of some new and promising talent, the club, under the able direction of Miss Edith Schillinger, as coach, is now in the midst of preparing their first production of the year and expects soon to make its season's debut. Ever since the burning of the Opera House, late in 1908, the Club has been hampered because of the lack of a proper auditorium in which to stage its plays. It is expected however that a suitable hall will be found this year and everything gives promise that the men of Bucknell University will again be represented by a dramatic society, which will do full justice to the talent of the fellows on the hill, as the Frill and Frown has upheld the dramatic qualities in the Seminary.

The play, on which daily practices are now being held is entitled "All A Matrimonial Mistake." It is a farcial comedy with a laugh in every line. Eleven fellows are in the caste, four of whom will assume the role of maidens, coy, charming and fair. Many of the parts call for humorous characters and the club is especially favored in having some rare talent to fill the bill in the mirth-making line. It is a fact becoming more firmly established at every practice to those who are following the work that in the personnel of the club this year there is the greatest array of dramatic ability, that has come together here for a long time. In addition the caste is working with a seriousness of purpose which in itself is an assurance of success. The play is rapidly rounding into presentable shape and will be staged shortly before Thanksgiving.

It is the intention of the Cap and Dagger men that the presentation of this first play shall be only the formal inauguration of a year of hard work. The members contemplate not only presenting several other productions here but also are looking forward to realizing that long-cherished hope of the dramatic stars of former years, of going on the road for short trips and staging their comedy in various cities and towns. If the present enthusiasm and interest of the members continues there is no reason why this dream should not come true.

The Cap and Dagger Club of Bucknell University was first organized under this name in the fall of 1908. Various dramatic societies had been formed among the men before that time but the present organization made its formal debut when in the fall of that year they presented in the Lewisburg Opera House, "Half-back Sandy." The success of this play gave the new club an auspicious start and since then the men's dramatic club has continued under that name. Miss Edith Schillinger, Teacher of Elocution and Dramatics at the Seminary has the credit of being the originator and promoter of the club and has been the capable coach in all its productions.

The Cap and Dagger still has room for any dramatic talent which may be lying dormant on the hill. All who have aspirations for membership should hand their names to Miss Schillinger and they will receive the consideration of the club.

FRILL AND FROWN.

Beginning today is the Frill and Frown's "open week." All those who wish to be candidates for admission into the club should hand their names to Miss Schillinger during this week. New members will be chosen by competition among the various candidates.

NORTHFIELD REPORT.

The Y. M. C. A. meeting on Wednesday was not as largely attended as usual owing to the change of night, for the mass meeting.

The report of the delegates from the Northfield conference for college men was one that should awaken interest in this greatest of summer conferences. Bucknell had six men there last summer, and only half this number could give a slight idea of the impressions they had of Northfield. Next year there should be enough Bucknell men to make a baseball nine, with a few subs. "Bill" Goehring told something of the speakers; John Fetter something of the athletics, and "Abe" Lotte something of the trip. Two more important topics remain that of the association with other college men, and the stunt night. Some Bucknell men ought to begin to plan now to take in this conference next summer.

Next Thursday evening at 9 o'clock there will be a meeting of unusual interest. "Coxy" Thompson, '04, will speak to the fellows.

CAPTAIN O'BRIEN

"PORKY" WILL LEAD BASEBALL NINE THIS SPRING.

The baseball "B" men at a meeting on Wednesday afternoon elected "Porky" O'Brien, '12, captain of the 'Varsity baseball team for this spring. "Porky" who came here from Dickinson in his Sophomore year has ever since been one of the mainstays of the nine, covering the all-important second sack and has for two years won his 'Varsity "B" in baseball as well as in football. With his ability and his previous experience O'Brien should furnish everything that is necessary for a winning team this spring so far as the captaincy goes.

"PORKY" O'BRIEN, '12.

Just prior to the election the following men of last year's baseball team were awarded the 'Varsity "B": Captain O'Leary, '13. O'Brien, '12, Loveland, '11, Lister, '12, Zehner, '13, Daniels, '14; Logan, '14, Campbell, '14; Hagan, '14; Worrilow, '14.

WEST POINT SATURDAY.

Probably the hardest game the Varsity has on the schedule is the contest listed for Saturday with the Army at West Point. The Army is to be ranked with the best of the college elevens in the country this year and among the many scalps they have taken is that of Yale. Lehigh was defeated at their hands 29-0, week before last and on Saturday the strong Georgetown team tied them at 0-0.

Because of the loss of the Lafayette game the team does not feel pessimistic over the result next Saturday; in fact the 'Varsity will be able to go up against the soldiers with a line-up in far better physical condition than they presented to Lafayette. If they can but play their usual strong game, and Dame Fortune changes her frown into a smile if—if—well just beware West Point lest your stronghold be captured by an unsuspected enemy.

Gronde, '11, University representative, is at present in Pittsburg.

MUSIC INSTRUCTORS RENDER CONCERT

BUCKNELL QUARTET APPEARS.

Selections Were Given in Captivating Manner Displaying Talent of School of Music Faculty.

The Faculty of the Bucknell School of Music assisted by the Bucknell Quartet and Miss Elizabeth Heinsling rendered a musical program at the Lutheran church Friday evening last. The proceeds of the concert will be contributed toward payment of the new piano secured by the Sunday school.

Miss Boynton's piano solo "Kamenoi-Ostow" which is a decidedly difficult composition, was made a pleasure because of the performer's splendid interpretation and exceptional technical ability in development of the theme.

Miss Rice captivated the audience with her splendid tonality and pleasing rendition of "O Dry Those Tears;" the solo was re-enforced by Miss Armstrong's Violin Obligato.

Miss Hollingsheadd's Solo (Minuet la Antico) was admirably rendered and with Miss Boynton executed "Heimkehr aus der Fremde' with artistic exactness and ease.

Too much cannot be said in praise of Miss Armstrong's violin solos, given as only a musical enthusiast interprets the compositions.

In the absence of Miss Schillinger, Miss Elizabeth Heinsling assisted by Miss Rollins at the piano entertained the audience in an able manner.

Quite unusual for Lewisburg audiences, was the treat offered by Prof. Stolz who sang "Der Wander er" in master style.

The Bucknell University Quartet made its first appearance of the year with decided success.

Program.

March . . . . . Selected
Trate Orchestra

Quartette, Story of a Tack . . Park
Messrs. VanOsten, Parmenter, Fisher, Stolz.

Piano Solo, Kamenoi-Ostrow
Rubinstein

(b) "Obertass" Wieniawski
Miss Armstrong

Piano Solo, Minuet a la Antico
Schoeck
Miss Hollingshead

Orchestral—Selection
Trate Orchestra

ON TO READING!

It was announced at the mass meeting last Thursday night by "Bob" Darlington, ex-'03, that a special train will be run to Reading for the Ursinus game on Thanksgiving Day at a return trip rate of $2.70 PROVIDED that 200 people will go. A number of town people have signed up but few of the college students thus far. The object of the train is to get the Bucknell students there to yell and it is hoped that during the week many fellows from the hill will hand their names to Darlington for a place on the "special." On to Reading!

Because of the baneful influence of divorces over the students, the Nevada legislature recently seriously considered the removal of the University of Nevada from Reno to Carson City.

CAP AND DAGGER.

Needless, a long discourse on the value of dramatics at a college. It is with a sense of gratification and pleasure that we welcome the return in our midst of The Cap and Dagger Club; gratification because this important phase of college training is not to be neglected, pleasure because we know that the college is to be treated throughout the year with some stage productions worth while.

The praise of the men who are working in the caste this year cannot be sung too loudly; they possess unusual talent and they are coupling with it hard and earnest work. Under such conditions Cap and Dagger should heap its laurels higher than ever. To all the college men who possess the ability to star on the stage, the portals of the club are open if their worth stands the test. At least the honor of membership and the training received from active part in its affairs is worth the effort of competition for enrollment in its ranks.

AN APPRECIATION.

Mr. A. D. HOUSTEN, superintendent of the Lewisburg Chair Works is going to reward the six Bucknell students for their valuable assistance at the Chair Works fire last Monday night.

We hope that this broad minded employer's appreciative recognition of the students' worth will serve to correct some grievous and erroneous opinions held by the folks down town. This large, transitory population, the student body, which apparently serves no loftier purpose than to loiter on the streets and disturb the peace of the community with their nonsensical pranks, might it not be converted into a useful and profitable member of the community? Where in all the world could a better qualified type of manhood be found to serve as firemen than these young, athletic fellows, full of daring, unburdened by the cares and responsibilities of domestic life?

Then again, where is there a better method to weld together these two distinct bodies, the student and the citizen, for their mutual benefit than to make the one realize the other's worth? Here would be an excellent opportunity to initiate the student into the practical workings of municipal government: its problems and solutions. The much criticized institution, the college might then stand on the same level of efficiency with the "nail mill."

ALUMNUS OFF FOR PHILLIPINES

An unusual honor has been conferred upon Lester Harris, '11, in an appointment as a Third Lieut. in the United States Army. He has been assigned to Constabulary work in the Phillipine Islands, and is now on his way to his new post of duty, having left Lewisburg the fore part of last week.

The appointment came to him as a complete surprise. Recently the War Department decided to increase the number of Army officers, as West Point is not turning them out rapidly enough, as they needed officers for Constabulary work in the Phillipines, and the grade of Third Lieut. was established. These appointments were made from three sources, first, from the ranks of the Army; second from National Guardsmen who have served three years, and third, from civilians. All of them were required to pass a rigid physical and mental examination, and Mr. Harris having stood the test, received this signal honor, he being the only one receiving the appointment from this vicinity, and was one of 200 in the United States. The young Lieut. expects to be in the Islands for two years.

LAFAYETTE, 6; BUCKNELL, 0.

Concluded from first page.

mal failures and a clever 50-yd. run by Topham the quarter ended with the ball on Lafayette's 25-yard line.

Fourth Quarter: Bucknell tried an onside kick which sent the ball rolling down toward Lafayette' goal with Teamer gaining on it at every stride. On Lafayette's 10-yard line he dived for it and as he left his feet two Lafayette men did the same. The ball was given to Lafayette a decision that was very obviously in error, as was admitted by several of Lafayette's players after the game. In fact many of the decisions during the game were in error, but as they were distributed to both sides, complaints were useless. Bucknell tried two more forward passes, Lafayette blocking the first one and catching the second. Topham received Lafayette's punt and after shaking off three men, made 20 yards through a broken field. Another onside kick took the ball into Lafayette's territory, but a long kick in return went over Crulkshank's head and crossed the goal line where it was downed by Crulkshank for a touchback. Topham punted from the 35-yard line. The rest of the game was a kicking duel with a few unsuccessful forward passes here and there. The game ended with the ball in midfield and both teams still fighting hard.

Bucknell		Lafayette

		Roth
Topham	full back	Marshall

Touchdown Dannehower. Goal from touchdown, Dannehower. Referee—Dunbar. Umpire, Hopkins. Field Judge, O'Brien. Head Linesman—Koerber. Time of quarters—15 min.

BRIEFS ON THE GAME.

The Eastonian backfield outweighed that of Bucknell by fifty pounds and as a result Lafayette made their big gains with line plunges. The Orange and Blue eleven gained ground on end runs—twice "Tip" broke away for long runs.

Everytime our little fullback was tackled an attempt was made to injure him but "Tip" was there every time.

While the fellows were sitting in the hotel lobby at Easton Saturday morning a load of hay passed and the fellows did not fail to salute it. Better luck next time!

When the football team arrived in Easton they noticed placarded on a trolley car of the town the predicted score of the game, and it read thus: Lafayette 33, Bucknell 0. Fooled weren't they? And if things had only broken the other way their conjecture might have been a little more overcalculated.

I guess you know that we have the class in the squad. The following remark was made by the Conductor on the Lehigh Valley: "It's the best bunch of men I have met this year on my runs."

An improvement could have been made in the umpiring. Several times "Cap" Schmidt disputed the official and upon referring to the rule book "Vic's" statement was verified.

SCRUBS LOSE

BLOOMSBURG NORMAL WON EASILY 10-0.

The Bloomsburg State Normal School had little trouble in defeating the "Scrubs" at Bloomsburg last Saturday.

The Normalites were in fine form, displaying good team work and speed, while their heavy line proved a bulwark of strength against which the second team pounded in vain. The Reserves on the other hand could not execute their plays successfully. The work of the back-field was hampered considerably by the weakness of the line; the opposing linesmen breaking through the defense would quite frequently hurl the runner for a loss.

Bloomsburg scored a touchdown in the first quarter, and another in the fourth period. It was only in the last quarter that the "Scrubs" showed anything like aggression, and threatened to score when the whistle blew. Doyle got away for a good gain in the period on a pretty forward pass.

One of the features of the game was the large crowd of Normal school rooters, mostly girls, who cheered the warriors of the "Lemon and Maroon" with spirited songs and yells, which did not cease until the game ended. Between halves the fair rooters paraded around the field waving pennants and banners.

Brown	right half-back	Clark
Myles	fullback	Alleshouckes

SPIRITED MASS MEETING

YELLING NEVER BETTER. TEAM AND ALUMNI SPOKE.

On Friday evening a good-sized crowd met in Commencement Hall to hold as was announced "an old-fashioned mass meeting." The crowd was the largest seen in Commencement Hall for such an occasion and the spirit shown fully attested the fact that college spirit is at a much higher notch than in former years.

The team occupied seats on the platform and fully appreciated the enthusiasm. After some snappy yells and songs directed by Delaney, '12, and Fetter, '13, Mr. Prowant, a business man and loyal supporter of Bucknell, made a few remarks on the school spirit. Darlington made a plea for the spirit to be directed into another line, that of getting more scrub men. Registrar Wolfe next responded and congratulated the student body on its enthusiasm which he said exceeded that of former years. Professor Smith gave a very amusing talk on "pep."

Manager Brewer and Captain "Vic" Schmidt spoke on the spirit and asked that it be continued until the end of the season. After short speeches from the varsity men the meeting was brought to a close by a most spirited round of yells and songs.

That the spirit shown the early part of the season had not died out was shown by the size of the crowd and the great volume of the yelling which rang and re-echoed through the hall as never before. The team fully enthused thanked the fellows for the spirit shown and asked only for more scrub men to come out on the field to help them in their daily practices.

DER DEUTSCHE VEREIN.

The Verein met last Tuesday afternoon in Bucknell Hall. Oscar Wolfe, '12, favored the members of the Verein with a most interesting address in brief upon the school system of Germany. During the course of the business program it was decided to postpone the date of the "Festessen" from Nov. 7, to Thursday, Nov. 9.

COMMUNICATION.

Editor The Orange and Blue:

Students are prevented from participating in the chapel exercises by the lack of song-books. An ample supply of these would tend to increase the attendance.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

Moyer, '15, spent Sunday at his home in Muncy.

Zehner, '13, spent the week-end at his home in Tamaqua.

Bliss, '12, and Goehring, '12, accompanied the team to Lafayette Friday.

Phillips, '13, and Snyder, '14, spent Saturday and Sunday in Easton and witnessed the game.

Bartlette, '15, entertained the Forum at his home on St. George St., Friday evening.

Kappa Delta Phi fraternity held their annual founder's day banquet, Thursday evening, Nov. 3.

Hereafter the University Glee Club will hold regular weekly practices on Thursday evening at 6.30.

Leighou, ex-'11, now at State studying forestry, spent Sunday with his Phi Gamma Delta brothers.

Llewellyn, ex-'12, who is now in business in Pittsburg, spent several days with his Kappa Sigma brothers last week.

Tegtmeier, '12, Edwards, '13, and Sprout, '14, spent Sunday with L. W. Sprout, '10, at Keystone Academy, Factoryville, Pa.

Principal, W. W. Fetzer, '04, and Prof. S. Homer Smith, '07, of the Sunbury High School faculty witnessed the defeat of their team at the hands of the Academy here on Saturday afternoon.

Glover, '14, who spent the past week at his home in Erie on account of illness, has returned to school.

Rook, '13, entertained his Sigma Alpha Epsilon brothers at dinner Friday evening at his home in Winfield.

Peoples, '11, of Jersey Shore, spent Sunday with his S. A. E. brothers.

A letter received from E. S. Hartshorn, '10, of Perth Amoby, N. J., states that he is about to leave for Travares Florida, where he will do some prospecting for the firm with which he is employed. The Roessler and Hasslacher Chemical Co. Mr. Hartshorn is connected with the engineering department.

Among the interested spectators at the Lafayette game on Saturday were James A. Tyson, '11, of the Westfield N. J. High School Faculty Ralph Tyson, ex-'14, of Jefferson Medical School, Philadelphia., Redcay, '11, who is working in Easton for the State Highway Department, Crowell, '11, and Kinnaman, ex-'13.

SEMINARY NOTES.

Miss Boynton was in Williamsport on Saturday.

Frances McNall, '14, spent Sunday with her parents in Muncy.

Margaret Harter visited in Shickshinny a few days last week.

Mildred Durand, of South Hampton, is visiting Alberta Bronson, '12.

Ada Brooks, '12, spent Sunday with Mary Jameson, '11, in Danville.

Olive Long, '12, was at her home in Mill Hall over Saturday and Sunday.

COLLEGE BIBLE CLASS.

Chapters twelve and thirteen of Revelation represent historical events. The woman is the Christian community, the successor of the faithful Israel. The child born of the woman is the Messiah who sprang from faithful Israel. The dragon is Satan whose anger against Christianity is caused be his defeat in heaven. In chapter thirteen Satan is represented as embodied in the Roman empire. The special evil of the empire is its demand that all worship the emperor. Satan is also represented by another beast or the priesthood, the business of which is to compel the people to worship Nero.

The author expresses two truths in the midst of these terrible representations: "Here is the patience and the faith of the saints" and "Now is come the salvation and the power and the kingdom of our God and the authority of our Christ."

COMMUNICATIONS.

All communications mailed to The Orange and Blue must be signed by the real and not the anonymous name of the writer. In event of publication the communication will appear with an anonymous signature but as an obvious safeguard it is necessary that the editor should know the identity of the author. If the student who signed himself "Percentator" will interview the editor an explanation will be made why his communication was not published.

The Greatest Blanket Sale Ever Held in Milton

Velvet

THE SMOOTHEST TOBACCO

COME, boys, a cheer—All together—V-E-L-V-E-T—smooth.

Velvet cheers you on and cheers you up. It's so smooth. The selected leaf is hung in the warehouse over two years—changing harshness to complete mellowness. Then all "bite" has disappeared—and good taste and the enjoyable smoothness are pre-eminent. This "time process" is not patented—just costs us more—and the result is "Velvet"—smooth and wonderfully pleasing.

Now once more—everybody—V-E-L-V-E-T—smooth! At all dealers.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, NOVEMBER 13, 1911. NUMBER 7

BUCKNELL FIRST TO SCORE ON ARMY

LOSES TO WEST POINT 20 TO 2.

Outplayed in First Half Bucknell Rallies and Taking the Offense Scores in Last Period.

Outweighed ten pounds to a man and opposing a team which ranks among the best in the United States Bucknell's warriors on Saturday held the Army to a 20 to 2 score and scored the first points that have been made against the Cadets this season.

All of the scoring done by the Army was made in the first two quarters but in the second two periods the Orange and Blue "came back," and played ball with the determination and tenacity which has marked our former contests, outplaying the soldiers in open play and keeping the ball on Army territory nearly all of the time. In justice to the cadets, however, it may be said that injuries caused the removal of several of the regular Army players during the game, the coaches saving the men for the all-important game with the Navy.

While the Army made first-downs more frequently than Bucknell during the first two periods it was noticeable that all three touchdowns were made on long runs which were accompanied by an extra large measure of luck. Only once did they carry the ball very far into the danger zone of the collegian goal and then, on the 2-yard line, the Bucknell line withstood the attack of the soldiers as did the embattlements of Fort McHenry against the onslaught of the British.

The first touchdown was made by the Army only two minutes after Jordan had kicked off and came as a surprise to both sides. Bucknell was forced to punt but just after the ball left Topham's toe it was blocked by a soldier and Cook, scooping it up on the 45-yard line, ran for a touchdown with several Orange and Blue men after him. Cook also kicked the goal.

It was late in the first quarter that Army forced the ball to Bucknell's 2-yard line where the latter got possession of the spheroid on downs and Topham punted out. Hyatt, by making a fair catch, enabled Cook to add three more points to the Army's total by a drop kick from the 35-yard line.

In the second quarter the Army made an on-side kick on the 35-yard line which bounded to a corner of the field and, after eluding the grasp of several men of both sides, was safely clasped to the bosom of an Army man for another 5 points. Cook kicked the goal.

Later in that period MacDonlad took the ball at the center of the field around right end and after being once thrown to the ground by two Bucknell players, rolled from their grasp, jumped to his feet and tore off down the field, successfully sidestepped Bucknell's secondary defense and carried the pig skin behind the goal posts for the Army's final score.

In the second half Bucknell more than held her own, working the forward pass successfully for many long gains and completely outclassing her adversaries in that department. Once, with the ball in Bucknell's possession on the Army's 7-yard line, the former was penalized 10 yards when, with about 13 yards to go on third down, a forward pass was made to Bartholomew who succeeded in making all but about a foot of the necessary distance before being thrown.

Bucknell's only score came in the fourth quarter when they worked the ball to the Army's 6-yard line where they were held for downs. A cadet attempted to punt out from behind the goal line but Thomas right tackle broke through and blocked the kick and the West Pointer who picked up the ball was thrown behind the line for a safety.

Considering the high grade of football played by the Army and the record of that team for the present season Bucknell students and football supporters are proud of the showing made by the team Saturday and several of the many enthusiasts from here and from New York who witnessed the game, as well as Coach Dickson, are confident that had our men played the first half with the confidence and aggressiveness which they exhibited in the second, the results would have been much different.

Every man who took part in the game for Bucknell played with whole body and soul and to say that one or another starred would be to do injustice to the others. The long, high spiral punts of "Tip" Topham, however, were a feature of the contest which was very noticeable.

Army		Bucknell
Gillespie	left end	Jordan
Weyand	left tackle	Hern
Walmsley	left guard	Richardson
Sibert	center	Schmidt
Huston	right guard	Dunkle
Littlejohn	right tackle	Thomas
Cook	right end	Bartholomew
Hyatt	quarter-back	Craikshank
Brown	left half-back	Keyser
MacDonahl	right half-back	Gdaniec
Hodgson	fullback	Topham

Substitutions—Bucknell, Brady for Keyser, Teamer for Richardson, W. Point, Rowley for Gillespie, Wynne for Littlejohn, Lanphire for Cook, Purnell for Walmsley, Walmsley for Sibert, Hobbs for Hodgson, Barton for Brown. Touchdowns—Cook, Sibert, MacDonahl. Goals from touchdowns—Cook, 2. Drop kick—Cook. Referee—Okeson. Field judge—Hatch. Umpire Williams. Lineman—Lieutenant Hodges. Fifteen and 10-minute quarters.

GOV. GLENN COMING

NEXT LYCEUM NUMBER, THURSDAY EVENING.

Governor Robert B. Glenn needs no introduction in Lewisburg. Those who heard him last year know what he is. If you did not hear him just ask someone who did hear him. That is the way to learn his worth.

A great many from the town as well as from the school considered Gov. Glenn's lecture as the strongest number on the course last year. Surely it was at least one of the strongest. The house was full. Everyone went home feeling that the evening had been one of great profit, as well as pleasure.

He will choose his own subject. It is quite probable, however, that his choice will be "Character Building." It is a broad subject and one often discussed; but not everything has been said on it yet.

As announced on the posters, the lecture is to be given on Thursday, November 16. Doors open at 7.30 P. M.

MINISTERIAL MEETING.

The ministerial association held its first meeting of the school year last Thursday evening at the home of Professor Martin. A short business meeting was followed by interesting accounts of the experiences of those who were engaged in pastoral work during the summer. They were then delightfully entertained by Professor Martin in a reading from Browning, and by the piano selections of Mr. Oscar Wolfe. Light refreshments were served, and a good social time indulged in. The membership of the association is now thirty, and President Ikler is planning a prosperous year of activity along various lines.

SIGNS WITH TRI-STATE.

Joseph Logan, ex-'11, Bucknell's rather young baseball player, has signed to play with George Cockill's Reading team of the Tri-State League for 1912 at a very good salary. Joe made good with the Sunbury team of the Susquehanna League of baseball clubs and batted at a .372 clip. As center fielder on the Varsity team last spring "Joe", played a most sensational game, both at bat and in the field, that did credit to the reputation the Bucknell campus has of producing famous ball players.

ALUMNI ELECTED TO MANY OFFICES

JOHNSON UNION-SNYDER JUDGE

Graduates Won Five Judgeships Throughout State. Honors For Them in New Jersey, Too.

Bucknell men again came to the front at the general election on Tuesday last, former students of the institution winning out in nearly every case in which they were contestants. At home three of the members of the faculty were honored. A. W. Johnson, was the successful candidate for Judge in the Union-Snyder district. Mr. Johnson graduated from the University in 1896 summa cum laude, was admitted to the bar in 1898 and represented this district in the

A. W. JOHNSON, '96
Judge-elect.

State Legislature in 1901. He is 38 years of age, is recognized as one of the leading members of the bar in this section of the state, and is in every way qualified to fill the important position which he assumes. Cloyd N. Steininger, '02, was re-elected by the Republican-Keystone, and Democratic parties to the office of District Attorney. Prof. Wm. E. Martin, '71, was elected Borough Auditor.

Miss Anna E. VanGundy, Institute, '85, won the distinction of being the first lady to hold office in Lewisburg, defeating the Republican and Keystone candidates for the four year term of School Director.

T. E. Halfpenny, '75, was re-elected Prothonotary of Union County without opposition. Senator E. L. Thistle, '84, escaped the Republican rout in Philadelphia and came out a winner for Recorder of Deeds. In

CLOYD STEININGER, '02
Re-elected District Attorney.

Salem County, N. J. Rev. John Warren Davis, '95, pledged to support Gov. Wilson's program, was elected State Senator, not only leading the ticket at this election but rolling up one of the largest Democratic majorities recorded in the history of the county. J. Thompson Baker, ex-'69, was elected first mayor of the new city of Wildwood, N. J. After a hotly contested fight, T. J. Baldridge, ex-'95, was elected Judge in Blair county. In Clarion County W. A. Hindman, ex-'77, Democrat, was elected Judge after a spirited fight, succeeding the Republican who defeated him at the general election ten years ago.

Voris Auten, '79, of Mt. Carmel, won out in the judiciary battle in Northumberland County and will occupy the bench for a second term. In Luzerene County A. M. Freas, '87, after a most closely contested election received the judgeship.

In all five Bucknell graduates were elected to the bench in the various counties of Pennsylvania at the polling last week.

ALUMNUS INVENTS COSMOSCOPE

J. E. Williams, '02, has resigned his position as principal of the High school, at Ceres, Cal. He has invented a Cosmoscope to illustrate the geography of the heavens that is highly spoken of. At present he is lecturing under the auspices of the Scranton Correspondence School, but expects to return soon to California. Mr. Williams visited about college for a few hours last Wednesday. His address is still Ceres, Cal.

ASS'T. TO AUDITOR GENERAL.

Ex-Judge I. S. Walter, '86, of Mt. Carmel, has been appointed assistant counsel to the Auditor General of Pennsylvania, an office created since he made announcement of his independent candidacy for Judge and entered upon his new duties last week.

PROBE FOR COLLEGES

PRESIDENT HARRIS, '69, AND DR. PHILLIPS, '71, ON COMMITTEE.

Investigations of a sweeping character into the activities of higher educational institutions were decided upon in Harrisburg, last Wednesday by two State bodies having in charge the safeguarding of educational interests, and they will be inaugurated within a short time. Among those on the investigations committee are two Bucknell men, President John Howard Harris, '69, and Dr. George M. Phillips, '71, Principal of the West Chester State Normal School.

The investigation was ordered by the State College and University Council, composed of leading educators, and it directed that the secretary report on the accuracy of reports "that academic degrees are conferred by certain institutions in Pennsylvania to which the College and University Council has not granted the right to grant degrees." In addition to requiring a report on this matter at the next meeting the council named Dr. J. H. Harris, Bucknell University; S. B. McCormick, University of Pittsburgh; Dr. Geo. M. Phillips, West Chester State Normal School; Provost E. E. Smith, University of Pennsylvania, and W. Schaeffer a committee to report to the next meeting of the council "the draft of an act relating to the safeguarding of the Commonwealth against the granting of honorary degrees."

PASSION PLAY PICTURES.

The next meeting of the Deutscher Verein will be held at the original hour, Thursday evening at 7.30. The program promises to be of more than usual interest. Fraudelin Hare, who witnessed the presentation of the Passion Play in Oberammergau, Germany, in the summer of 1910 will give her impressions of this survival of the old mystery plays. Her talk will be illustrated with lantern slides and for this reason the place of meeting will be changed from the Seminary to the Chemical Laboratory.

HEAD NURSE AT PITTSBURG.

Catherine Ruth Bower, '00, is head nurse in the West Penn Hospital of Pittsburg. The new hospital building which will be ready for occupation in December is one of the finest in the state.

"ON TO READING" NOW IS THE CRY

"SPECIAL" TO BE CHARTERED.

200 Needed to Fill Train. Bucknell Must Be Well Represented at Big Game.

"ON TO READING" ye sons of Bucknell, ye wearers of the Orange and Blue, ye grinds and ye sports; yea all ye who would profess your loyalty to the greatest of football teams, "On to Reading." Sound the watchword, keep it ringing until every man on the hill flocks forth on Thanksgiving morn bound for "Pretzeltown" and the Ursinus game.

A special train has been chartered for the trip. It will leave Lewisburg at 7.30 or 8.00 the morning of the game arriving in Reading about 11 A. M. The return trip fare is $2.75, just about one-half the regular rate. The time of departure, returning, is not yet decided but it will be at such an hour that everybody will be able to spend the evening there and take in the pleasures of the city. It is necessary that 200 should sign up to go in order to get the "special" but 200 is not the limit. Fifty town people have signed up and if 150 more can't be scraped up from among that army of students on the hill, Bucknell doesn't deserve a football team.

Bucknell must be represented at the game by a rousing big cheering section or Ursinus will show us up before the people of that section. Have you got the stuff? Are you a loyal backer of your team? Then sign up for the "special." It is the only trip the students as a whole have a chance of taking with the Varsity this year.

And now to the important feature the game: It will be played at the "Circus Maximus" a park seating about 6,000 people. The field is so large that the gridiron can be placed diagonally from bleacher to bleacher, thus having the play fully before the audience and preventing long distance views so common in football games. From present indications the park will be filled by the people of Reading and vicinity, besides the "rooters" who will come on the Bucknell and Ursinus special trains.

After the game the Bucknell and Ursinus teams will attend one of the theatres and it is expected that a big share of the continents from both colleges will spend the evening there. At the theatre public presentation will be made to the winning team of the Reading Trophy. Here's hoping Bucknell lands the gift.

All those who want a place reserved on the "special" should hand in their names to "Bob" Darlington or any member of The Orange and Blue staff, promptly. Do it now. Reserved seat sale will open at the University Book Store on Nov. 23 and will close Nov. 27. Prices for the game will be 50, 75 cents, $1.00 and box seats $1.50. All seats above 50 cents are reserved. A special section will be reserved for the Bucknell Cheering Section. Find out where this is before you buy your ticket and sit there.

Now fellows, get together, step up, start the movement "On to Reading."

MUHLENBERG WILL BE NEXT.

The athletic management announces that arrangements have been completed to play Muhlenberg College at Allentown, next Saturday, Nov. 18.

By so doing Bucknell will meet the Allentown Collegians on the gridiron for the first time and judging by the excellent record of that institution, the Varsity can look for no easy struggle. Muhlenbers won a decisive victory over her old rival, F. and M., last Saturday, by a 9-0 score.

The members of the staff of the Hawkeye, the Iowa annual, will give a series of dances for the purpose of arousing enthusiasm in the publication.

ON TO READING!

"On to Reading," that is the cry and it is a good one. Unfortunately the games of importance played on the home campus are few. The fellows get little chance to see the 'Varsity in the smoke of a real battle, and just as much is the team deprived of our yells and cheers to goad them on to the coveted victory. A deplorable state of affairs this. Now, however there appears a little silver lining to the cloud. Arrangements are made so that the entire student body can witness the Ursinus game at Reading, at comparatively little cost and inconvenience, thanks to the "special." We all want to see the fray and the team needs our support: therefore "On to Reading."

Again this game is to be the big event of the football season in that section. It is being advertised broadcast over all that part of the state. Enthusiasts from near and far will flock in crowds to see the rival elevens clash and Bucknell and Ursinus will be on the tongues of all. The game will be of the utmost importance in bringing our institution into prominence before the public eye of that large district and it will do much toward booming Bucknell PROVIDED Bucknell makes a good showing. Of course we expect the team to win and they can be depended on to do their part. But more than that; the onlookers will naturally expect to see a bleacher full of students from here yelling their lusty throats hoarse for the Orange and the Blue. Ursinus will be there in full force. Will Bucknell students cast shame upon the fair name of Bucknell spirit and our great Bucknell team by their absence? "On to Reading."

FOOTBALL OUTLOOK.

It has been the custom among Athletic editors of most college publications to write inspired accounts of the season's football outlook long before the strength of the teams were tried. A good number of these roseate critics have been forced to swallow their unsavory "dope" because their fair alma mater "could not find her true form" or the whole team was injured and the scrubs were valiantly defending her fair name.

It has been the policy of the Orange and Blue to let the 'Varsity speak for itself—and it has done the horoscoping a great deal better than we could have done it. The West Point game was a decisive defeat and it came at the hands of one of the most powerful football machines in the country. The next three games will not be so difficult. The 'Varsity's outlook for the remainder of the season is decidedly favorable and the spirit so vital to all kinds of endeavor is assuming greater force and form. There is some talk about giving a banquet to the football men. Let us hope it will materialize.

DISTRICT CLUBS.

One reads in the Y. M. C. A. handbook that there are a number of clubs organized at Bucknell for social purposes such as the Phila-Bucknell Club, New Jersey-Bucknell Club, Williamsport-Bucknell Club, etc. All the clubs mentioned were at one time in a state of existence here, but throughout all of last year, none of them showed any signs of life. It was an excellent movement which was started in founding these organizations. From a social view point their value is not to be overestimated. With occasional reunions and possibly a banquet now and then, under a common bond of home ties they were the means of cultivating friendships which might otherwise not have been formed and were a material aid in establishing that atmosphere of harmony and good-will which we all want to see about college.

Again by organizing the students from one particular locality and by holding a big function at Christmas time in that particular section, as the Phila.-Bucknell Club did in former years, these clubs were a factor of inestimable importance in booming Bucknell, both in increasing the prestige of the institution and in attracting students. Why then let these clubs die? Their important function is evident. Recently the good work was started when the old Keystone-Bucknell Club revived. Let the people from the other localities follow in their foot-steps and the result will be a gratifying one to the students themselves and a great benefit to the college.

COMMUNICATION.

To Editor of Orange and Blue:

In last Sunday's papers I noticed by the head lines that Dickinson beat Bucknell in football 29 to 0. Now by continued reading in the subject matter it was seen that it was not Bucknell University team but Bucknell Academy team which lost to Dickinson Seminary.

This of course would be clear to the fellows on the hill but those papers reach a number of homes where to readers not so fully acquainted with the situation, it would seem that the 'Varsity had lost.

Is there not some way Mr. Editor whereby this practice of confusing the Academy with the 'Varsity in our daily papers could be stopped?

STUDENT.

COLLEGE BIBLE CLASS.

In chapters fourteen to sixteen the movement of Revelation gathers its forces for the finale. The Lamb with his host is represented as ready to make the final attack. And the Son of Man also comes on a cloud. But again the end is postponed. Three angels announcing the final judgement interrupt the action. Then their announcement is followed by another break: the pouring of the seven bowls discharging woes upon the earth.

Intermingled with the conversing movements we read the eternal principles of the book: God's rule in the world, patience in suffering, the conviction of ultimate triumph. There is this suggestion in the description of the singing in chapter fourteen: in the din of the noise of things and of men they who live in eternity hear the music of eternity.

T. EDWARD HALFPENNY.

T. Edward Halfpenny, '75, recently re-elected Prothonotary of Union county died at his home in Lewisburg yesterday morning, aged 54 years. His widow and three daughters survive. The late Mr. Halfpenny has been Prothonotary and Clerk of courts in this county for the past seven years.

INTERCOLLEGIATE.

The most popular man in Minnesota will soon be decided by the votes of the co-eds.

No sooner did the news of the recent victory of Penn. State over Penn. become known than a detachment of State Police was sent to State College in fear that the students in their jubilation might do serious damage to town property there.

R. D. Royer, '05, is serving in the capacity of General Superintendent of the Guscarora Valley R. R. Co., at Port Royal, Pa.

Steinhilfer, '05, has resigned his position as professor of Latin in the Wilmington, Delaware High School, and is at present in Williamsport.

Rev. R. J. Davies, '94, pastor of the Abington Baptist church, Waverly, Pa., has been granted a six month's furlough by his congregation and will during that time reside in Brooklyn, N. Y.

Dr. George B. Harris, '06, read a paper on the "Treatment of Pyorrhea Sylvcoluris with Bacterial Vaccines" at the regular meeting of the Dental Society of the state of New York, held in Brooklyn, Oct. 9. Dr. Harris considered in his paper the making of vaccines by improved methods.

ENTOMOLOGIST OF INDIANA.

Among the Bucknell men who are doing things, may be mentioned Chas H. Baldwin, '08. Although comparatively a recent graduate, Baldwin has already made for himself an enviable reputation among scientific men. On leaving college he took charge of the science department of the Goshen, Ind., High School. There he met with great success and conducted a number of interesting original experiments in connection with entomology. He quickly became recognized as an authority on larvae and insect pests. He was appointed an assistant to State Entomologist Douglass and did a great deal of demonstrating throughout Indiana, showing farmers and fruit growers how to protect their products and trees from the ravages of insects and plant diseases. Baldwin continued at this work for two years meeting with marked success everywhere. In appreciation of Baldwin's efforts and ability, Governor Marshall in July appointed him to the office of state entomologist of Indiana for a period of four years. His headquarters are in the capitol building in Indianapolis. Baldwin's rapid progress and ability in his chosen field of work indicate that he has a very brilliant and useful career ahead of him.

1908 MISSIONARIES.

The class of 1908 has taken the lead in foreign missionary work and will soon have three members on three different foreign fields. Bromley after a course at Rochester Theological Seminary sailed on Oct. 4th for China. Kerschner took his theological work at Crozer and sailed on Nov. 4th for Brazil South America, where he will work with Reno, a Bucknell graduate, of the class of 1900. Conflict choosing yet another theological seminary, Newton, having finished his course sails on Nov. 25th from Boston for Burma, India. That will soon scatter the class of 1908 further than any Bucknell class of recent years.

INTERCOLLEGIATE DEBATING.

Bucknell undergraduates, professors and alumni are always able to take a just pride in the fact that their institution ranks very favorably with other institutions of its kind not only in scholastic standing, but in general all-round collegiate activities, which form such an essential part of a college training but are not listed in the prescribed curriculum. In many of these so-called outside activities Bucknell men can claim the distinction of excelling but in one of them at the present time our alma mater is failing sadly short. That is intercollegiate debating.

Up until two years ago Bucknell could hold her head high, when it came to debating honors. Then we were a representative in a triangular debating league together with Lafayette and Gettysburg, and more than once did Bucknell come out on top. Through poor organization and management, the league broke up, straightened in finances. Since that time with the sole exception of the Junior Debate, all activity in this essential phase of college training has ceased. As our exchanges come to us every week and we hear of this and that intercollegiate debate, we cannot but feel that if someone here would only take the initiative, Bucknell too could be enrolled with these other institutions and meet them on the debating platform.

We make an appeal: who among the undergraduates, faculty or resident alumni will take up the matter and fill this great need of which we have heard student after student remark? Arrange the debates, issue the call for candidates, pick a 'Varsity team and see if Bucknell with her talent of today does not gain her old debating prestige, won by the talent of yesterday.

BANQUET THE TEAM!

The victory Bucknell won over Muhlenburg on Saturday, while more decisive than any we have won this season against a college team, was merely a continuation of the consistent good work the Orange and Blue warriors have been doing all fall. Even in the three games which resulted in defeat the 'Varsity played with the same pluck and push that has characterized their victories and defeat certainly cannot in any case be ascribed to loafing on the job. Saturday's game was not won by a sudden and unexpected splurge of brilliant playing; it was a case, pure and simple, of keeping up the past good work.

Such praise cannot be given to every team on the gridiron, nor indeed to every former Bucknell team. The students are aware of this fact and they are supporting the men well. Why should we not keep up the good work to the end as well as they and when the football season is over give them a rousing banquet, a big Bucknell affair that will raise the spirit here another notch and will give the 'Varsity a practical assurance of our loyalty and appreciation. Talk this up and later more definite plans will be presented whereby the celebration may be put on foot.

AN OPPORTUNITY.

In another column we call attention to a request from the Business Men's Association of Lewisburg: that a team of students present, under the auspices of that body, the affirmative and negative arguments concerning Parcels Post. It is not often that such an honor comes to students. The townspeople are often inclined to believe that college men are so full of mischief and sport that serious affairs are not within their ken. Here, then is an opportunity to show what the college really means, to bring before the public its intellectual side. Why not go out for it?

CHEMICAL SOCIETY.

The regular meeting of the Chemical Society was held Thursday afternoon. Prof. Winters made an address on "The Relation of the College to Industrial Chemistry." Prof. Owens then announced that the next meeting would be held Thursday afternoon, Nov. 23. Prof. Winters said in part: College courses of today are judged by their ability to produce dollars and cents. On this account too much attention is often paid to industrial chemistry in the earlier parts of the college course. Ancient chemistry was mostly industrial. The change to pure chemistry was made in the latter part of the eighteenth century. Lavoisier introduced deductive chemistry. Then followed the atomic theory, the basic laws of chemistry, quantitative and qualitative analysis and organic chemistry. About the middle of the nineteenth century chemistry became again mainly industrial—a change brought about by the Bessemer method of compounding steel. As soon as pure and industrial chemistry meet on common ground, each can help the other. Conservation is the keynote of industrial chemistry today. The student of industrial chemistry should be well grounded in pure chemistry, mechanics and mathematics. He should be full of resource, courage, endurance and horse-sense.

B. U. CRUSHES MUHLENBURG.

Continued from page one.

went to Muhlenburg and they dropped it over the uprights for a field goal and their only score shortly before the quarter ended. Final score Bucknell 20—Muhlenburg 3.

All the men played great football but some of the striking features were Gdaneic's clever side-stepping Captain Schmidt's headwork, Jordan's open field tackling, "Tip's" punting against the wind and his speedy end runs.

Line-up:—

Bucknell		Muhlenburg
Jordan	left end	Wacker
Hern	left tackle	Flexer
Richardson	left guard	Katz
Schaffner	center	Sayacool
Dunkle	right guard	Snyder
Thomas	right tackle	Krause
Bartholomew	right end	Dixler
Schmidt	quarter-back	Reisner
Keiser	left half-back	Blackburn
Gdaneic	right half-back	E. Loser
Topham	fullback	Scott

Substitutions, Bucknell, Teamer for Richardson, Sturgis for Topham, Crulkshank for Schmidt, Schmidt for Keiser, Shipman for Schmidt; Muhlenburg, Skean for Loser, Leiser for Wacker, Sermoulin for Snyder. Touchdowns, Schmidt, Keiser, Gdaneic, Bartholomew. Goal from placement, Reisner. Referee—Deitrich. Umpire —Ellicott, Lafayette. Head linesman —Sinclair, Swarthmore. Time of quarters—12 minutes

"ON TO READING."

Everything is progressing finely for the Reading Trip on Thanksgiving Day. Sixty town people have signed up for the "special" and a number of students. Seventy-five more men from the hull are wanted to take the trip and the "special" will be chartered. A further reduction has been obtained in the rate from $2.70 down to $2.55. Shell out! "On to Reading!"

Born to Dr. J. Riley Bailey, '06, medical missionary under the Baptist Board at impur, Assam, Sept. 17, 1911, a son, James McClure Bailey.

Lewis C. Walkinshaw, '96, is superintendent of the Sunday School of the First Baptist Church of Greensburg, Pa. Born to Mr. and Mrs. Walkinshaw, Oct. 19, a daughter, Rachel.

Rev. D. A. Solly, ex-'95, after seven years of a most successful pastorate at the Central Baptist Church, Wayne, Pa., has resigned there to accept the call of The First Baptist Church, Greensburg, Pa.

"PAT" O'BRIEN INDIAN COACH.

The Carlisle Indians by their recent victories over Pennsylvania and Harvard and in fact every other institution which they have met on the gridiron this year except Syracuse have a firm grasp on the football championship of the country this year. Part of their success may be attributed to the fact that a Bucknell man is having something to do with coaching them, all due credit to the famous Coach Warner. One can never tell. At any rate an old Orange and Blue football satellite, captain of the team here in 1908, and at present a Dickinson Law School student is Assistant Coach for the redskins this year. His name? "Pat" O'Brien.

ALUMNI OFFICE HOLDERS.

It was announced in The Orange and Blue last week in the list of Bucknell men who had won offices in the recent elections that Voris Auten, '79, had been elected to the bench in Northumberland county. The statement was in error. Mr. Auten having been defeated. Two other elections overlooked were that of Charles E. Stein, '83, to the Lewisburg School Board, and that of Mr. Townsend, who has been for many years the University Electrician, to the Lewisburg Town Council.

PARCELS POST DEBATE.

At a meeting of the Business Men's Association of Lewisburg last Tuesday evening a communication from some organization with headquarters in Chicago was read. The members were asked to go on record against the proposed Parcels Post and to forward their decision to Congressman Focht and Senator Oliver. After a short discussion the members found that they had not enough knowledge of the subject to make a judgement and that they lacked the time and the literature to make an invesigation as to its merits and demerits.

Whereupon it was resolved unanimously that an invitation be extended to a team of students from Bucknell University to present the arguments for and against Parcels Post at a public meeting. Prof. Bromley Smith was asked to convey the request to the proper authorities and to the students

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Robert G. Slifer, '98, visited in town recently.

Muffly, '15, spent Sunday at his home in Turbotville.

Still, '13, spent the week-end at his home in Danville.

"Doc" Hoskins is Physical Director of the Y. M. C. A. at Milton.

O'Brien, '12, and Schreiber, '12, accompanied the team to Muhlenburg last week.

Phi Gamma Delta entertained a number of the college girls in their halls Friday evening.

The Glee Club will hold practice in Bucknell Hall Thursday evening at 7.30 instead of 6.30 as usual.

Davenport, '12, visited at State College last week during the Pennsylvania Day festivities there.

Rhodes, '11, and Bowman, '10, were among the spectators at the Muhlenburg football game in Allentown.

Parke, '12, has returned after a week's visit at his home in Troy, where he was called by the illness of his father.

Mrs. Geo. R. Bliss, '05, and Mrs. T. M. Shorkley, '00, are visiting their mother, Mrs. Sarah A. Shorkley, on Third street.

Prof. Leo Rockwell, '07, who is spending the year at his home in Monroetown is renewing acquaintances about college.

The Lehigh correspondent to Sunday's Public Ledger remarks that "Lafayette and Lehigh had equal difficulty in defeating the strong Bucknell eleven." Evidently this fellow's imagination is as weak as his memory.

INTERCOLLEGIATE.

Mexico now boasts of a National University, at the City of Mexico.

A soft gray hat is to be the official headgear of the Sophomores at Columbia.

At George Washington University, the editor of the undergraduate paper receives free tuition.

At Washington and Jefferson all who fail below a certain average in physical measurements are required to take four hours a week in the gymnasium.

The faculty at Notre-Dame College has passed a regulation forbidding the smoking of cigarettes. They have announced that those who disobey the order will be suspended.

The newest thing among the collegiate organizations is the Bucknell Bucket Brigade which did such effective work recently in saving the Lewisburg Chair Factory from total destruction by fire.

Princeton has established a new department of physical educaiton including swimming and giving "first aid" in drowning. Every student is examined and a special course ordered for him in the gymnasium. All students must pursue the course assigned.

Because a farmer made his son go to work in the fields when he refused to attend classes at Muhlenburg, during the recent strike of the Sophomore class there, it came to pass that the young man preferring college to farm work together with his class-mates returned to his books, completely breaking the strike.

A solid silver cup has been received by Yale University from the Government of Japan in recognition of aid given at the time of the Russo-Japanese war. In the spring of 1905 the Japanese students of the University united in giving a play called "Hana-Yome." Five hundred dollars was realized from the production of the play and the entire amount was sent to the Japanese government.

COLLEGE BIBLE CLASS.

With the seventeenth chapter the author of Revelation begins his description of the final overthrow of the arch enemy of the church, namely, Rome. His description is presented in apocalyptic, prophetic and dramatic forms.

The fall of Rome, the author asserts, was due to the hostility of her own subject kings. And then as in all crises he states the underlying principle: these evil men were instruments of God. The author sharing the idea of his age believed in what seems to us to be a mechanical working of God. We share the author's view that God is in all things. But we interpret his operation thus: evil is self-destruction and this self-destruction is evidence of the operation of God in all things.

The Glove Store of Milton

Away last January we gave our import order for gloves in order to get the best Skins and lowest prices, therefore you can come here with confidence knowing you can choose from the best selected line in Milton and for the least money. Buy your holiday gifts from this large stock. Our French Kid gloves in regular length we fit on and give you only perfect goods, colorings in black, gray and tan. At $1.50 we give you embroidered Cape gloves in tan unlined. Silk lined in tan at $1.50, Silk lined in black at $2.00. Mochas in tan and gray at $1.00. Mochas silk lined at $1.50 in black gray and tan. Unlined in tan and gray at $1.75. Chamois in white and natural at $1.25. The $1.50 styles only in white. White doeskin and washable mocha at $1.50. Tan and gray Gauntlets lined at $1.50. Misses French Kid in tan at $1.50. Ladies 12-button Kid in black and tan at $2.00. 16-button in white and black at $3.50. Ladies 12-button Cape gloves at $3.50 in tan. The celebrated ayserK brand in fabric gloves in silk at 50c to $1.50 in black and colors. Long silk gloves $1.00 and $1.50 in black and colors. BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, NOVEMBER 27, 1911. NUMBER 9

BUCKNELL EASILY SWAMPS HAVERFORD COLLEGE 15-0

BIG CROWD WITNESSES CONTEST

Despite the Slippery Condition of the Field, the 'Varsity Scores on the Main-Liners at Will.

Saturday was "at home day" for the Varsity. It was the first big contest of the season on the college gridiron and drew forth a great and gay assemblage of spectators who watched the mud be-splattred wearers of the "Orange and Blue" rip the offense of the Haverford team to shreds, while their brilliant array of trick plays completely demoralized the visitor's defense.

The field was in miserable condition the recent rains rendering the ground treacherous and in many places mud two inches deep. From the very nature of the field it was readily inferred that the playing of both teams would be confined to line plunging and forward passes. The weather overhead was ideal and there was just enough snap in the atmosphere to make the action fast and spirited.

Despite the unfavorable condition of the gridiron both teams handled the slippery pigskin in almost faultless fashion. There were few fumbles and one only proved costly. This happened on Haverford's five yard line. The forward pass was fairly successful and was highly instrumental in the Varsity's first score when "Bart" caught Schmidt's pass netting 25 yards. Haverford was less fortunate making only one consistent gain on the forward pass.

Bucknell winning the toss-up chose to defend the west goal. "Bart" received the kick-off on the 15-yard line and rushed the ball to the center of the field before he was tackled. Brady hit the line for a small gain on the next play. Gdaniec followed with a fierce plunge through the line, netting 5 yards. Topham tried an end run next but the slippery ground proved too much of an obstacle for "Tip" and he was dropped by a Haverford man without gaining. Right here, Capt. Schmidt executed a perfect forward pass to "Bart" who carried the ball within 10 yards of the goal line. On the next play Gdaniec planted the ball within one yard of the coveted goal. Capt. Schmidt took the ball next and rushed it over the line. It took but three minutes for the Varsity to tally the first touchdown. Jordon kicked the goal.

Thomas received the next kick-off making only 10 yards. The ball being dangerously near the Varsity's goal line Topham punted the ball out of danger. Haverford got the ball and tried in vain to advance through the line and around the ends. Failing in their attack the visitors punted the ball to Topham, who advanced it 20 yards. During the remainder of the period the Varsity's offense alternated between line plunges by Brady and Gdaniec for Bucknell and frequent punts by Haverford. Quarter ended, Bucknell 6; Haverford 0. Ball on Haverford's 45-yard line.

Second Quarter: Brady and Gdaniec advanced the ball several yards, when Bucknell tried a forward pass to "Bart:" failing Topham punted to Haverford. Bartholomew received Haverford's punt. The ball was advanced to the visitors 5-yard line where Bucknell was held for downs. Haverford punted the ball out of danger. Jordan tried for a field goal from placement but the ball shot under the bar. The quarter as a whole was featureless with the exception of Topham's spectacular left end run for 40 yards on a fake punt. Quarter ended with ball in middle of the field. No score.

Third Quarter: Topham gathered in Haverford's kick-off and returned it 10 yards. By a series of line bucks Brady and Gdaniec planted the ball on the visitors 20-yard line. Schmidt figured in the next play by

Continued on third page.

SEASON TICKET STATISTICS COMPILED

61 MORE THAN LAST YEAR.

Even Yet Athletic Supporters Are Too Few. Fraternity Percentages Stir Competition.

The summary of season tickets sold this fall shows a substantial gain over last year though there is still considerable room for improvement. Last year there were only one hundred and fourteen college students who bought season tickets; this year there are about one hundred and seventy-five. But there should be a far larger number than this out of the three hundred and twenty-five men in college.

Notwithstanding the fact that practically every man signed the petition for a compulsory athletic fee of five dollars, which amounts to the same thing as compelling every one to buy a season ticket, and that it was in the upperclass rules that Freshmen should buy the tickets, there are scarcely more than half the fellows who have them. And in very few cases are there valid excuses. Many fellows see fit to spend five or ten dollars for a dance but when it comes to supporting athletics in a moderate way they are too poor.

It has been deemed advisable to publish the proportions of men connected with each fraternity who hold season tickets. Several fraternities made a point to see to it that every member got a ticket and it should be a matter of pride for each organization to have as high a percentage as possible. If we cannot have the compulsory athletic fee one way to increase the revenue from season tickets is to make each fraternity responsible for its own members. Since collection of data for these percentages was started ten or fifteen more season tickets were sold bringing up the percentages of several organization ten or fifteen points. In justice to some it must be said that they have several members of athletic teams who do not feel like paying to see games in which they themselves play which is a reasonable excuse in many instances. The following are the percentages of members in each fraternity who hold season tickets.

Phi Gamma Delta, 100 per cent.
Demosthenean, 100 per cent.
Phi Kappa Psi, 97 per cent.
Sigma Chi, 81 per cent.
Delta Theta Upsilon, 71 per cent.
Kappa Delta Phi, 70 per cent.
Forum, 50 per cent.
Alpha Sigma 41 per cent.
Kappa Sigma 33 per cent.
Sigma Alpha Epsilon 28 per cent.

SPEAKER OF THE HOUSE.

By the terms of the act of 1905, P. L., 148, the chairman of the judiciary general committee is in line to succeed to the speakership of the lower house of the Pennsylvania legislature made vacant by the death of Speaker Cox, and upon Representative Milton W. Shreve, '84, of Erie, will devolve the duties of speaker, as he is chairman of that committee. Of course, should there be an extra session in view of the question over congressional reapportionment and the time of mayors in third class cities taking office, a new speaker would have to be elected.

FOOTBALL BANQUET ASSURED.

A Senior committee has been appointed to make preparations for a banquet to be given the Varsity and the scrubs as an appreciation of their splendid work this season. It is quite likely that some night during the first week after the Thanksgiving recess will be the time selected for the occasion. More definite arrangements will be announced in next week's issue of The Orange and Blue.

SCIENCE IN ATHLETICS

MASTERFUL TALK BY MR. GRAHAM WEDNESDAY NIGHT.

Last Wednesday night to a large enthusiastic audience in Bucknell Hall, Mr. George M. Graham Sporting Editor of the Phila. North American, spoke on science in athletics.

At the outset Mr. Graham congratulated the students on the good spirit shown, both on the athletic field where cheering practice was held and at the Mass Meeting that night. He said that if some colleges whose enrollment was more than five thousand students, had the same spirit as was manifest at Bucknell their football record would be far better than it is today. Let the good work continue; we have seen evidences of what spirit does, so keep the ball rolling.

Mr. Graham in that manner peculiar to newspaper men pointed out with exceptional wit and humor, that sport is primarily a science, and that no form of sport is more scientific than the game of football. He said that he could not find a time in the history of the world when football was not played. Our modern and more complex game said he is an outgrowth of the earlier and cruder forms, and each step in the advancement of the game was one solely of science. It is a case of the science of the offense against the science of of the offense against the science of the defensive.

In regard to the players, Mr. Graham said, that an athlete to be of stellar quality must have science. It is not enough to have a big physical form, but coupled with this physical side there must be a mental side. Brains and Brawn go together in the make-up of a good athlete. He proved this by giving illustrations of football men who have won games by good head work.

In any other line of sport this holds good, baseball, boxing, and swimming all have their scientific sides.

In closing Mr. Graham gave us some sound advice on the betering question. He said that if you must bet, do so on any other thing than sport, for it is the rufuation of good clean play.

Mr. Graham is an able and forceful speaker and his wonderful personality and pleasing manner won for him a host of friends among the students here. The Orange and Blue expresses the hope that a Bucknell audience may soon again be permitted to hear this newspaper man whose unusual ability as a Sporting Editor has won for the North American an army of readers all over the country.

BIG SMOKER TONIGHT

ROUSING GOOD TIME PROMISED IN "GYM." AT 8.00 P. M.

Tonight at 8.00 P. M. there will be a big smoker in the "gym" and a general good "get tozether" time. There will be smokes a plenty, an orchestra, composed of our musically inclined students, that will make things lively with "those entrancing, captivating strains," a few short speeches by some of our town alumni, and lots of Bucknell spirit. It's not going to be a cut and dried mass meeting but just a good sociabe evening that will afford an opportunity for the fellows to mix up a little and get better acquainted.

The smoker is to serve a two-fold purpose, first to celebrate the Haverford victory and second to get the spirit tuned up to right degree for the Ursinus game. We have got to whoop things up a bit for this last fray. Let's make tonight a real "everybody out" night!

OLD ALUMNUS DIES.

Octavius P. Chamberlain, '59, Prosecutor of the Pleas of Hunterdon county for ten years and County Judge for five years, died at Flemington, N. J., aged 78.

BUCKNELL AND URSINUS CLASH AT READING THURSDAY

"MATRIMONIAL MISTAKE" SCORES A HIT

CREDIT TO CAP AND DAGGER.

Farce-Comedy Evokes Much Mirth From House. Actors Star In Feminine Roles.

"Great!" "It certainly was splendid!" "Wasn't 'Mucker' good?" "How did you like the widow?" "What do you know about 'Trott' and 'Lotts'?" With these and many other delighted exclamations and questions, a pleased and more than satisfied audience left the Lewisburg Armory last Friday evening after two and a half hours of real, solid hearty enjoyment. For did not the boys "pull off" with grand success the initial drama of a season that judging from the favorable impression created at the outset, promises to eclipse all former seasons in the history of the organization?

The farce-comedy was entitled "A Matrimonial Mistake" and was divided into three acts. The time of action was presumed to be in 1898 at the outbreak of the Spanish war, and the places of action were Judge Quakley's parlor in Meckerville, N. J., Camp Alger, and the parlor of the Shoreham Hotel, Washington, D. C. The cast was as follows:

Simeon Meeker, Lawyer, etc.,—
Talbot, '12
Judge Quakeley, A Parchy Old Party . . . . . Igler, '12
Senator Carrollton A Thin Old Party Hean, '12
MacAllister Macbeth, A Young Scotchman . . . . . Smith, '13
Dick Carrollton, The Senator's Son Middleton, '13
William Trott, Servant to Meeker, Fisher, '13
Job Lotts, A Recruit . . Willits, '15
Mrs. MacFarlane, Who Has Everybody's Welfare at Heart,— Sprout, '14
Tennie, The Judge's Daughter, Michael, '15
Janet, A Scotch Lassie . . Kelly, '13
Mrs. Eva Brighton Early, A Young Widow . . . . . Irland, '15

The superior training of superior talents can, of course, lead only to superior success. And that all three "were there" in "A Matrimonial Mistake" is established beyond a doubt. Talbot, '13, who in the person of Simeon Meeker, had the leading role, pursued the varying fortunes of the "lawyer, etc," with a spirit that besoke a correct interpretation of the braggart whose "innate duty" could be "at the base of supplies" alone. Mrs. Brighton Early was the designing young widow whose busied machinations finally landed the mecker (?) salmon (Meeker, Simeon) in her matrimonial net. It is not necessary to state that Irland, '15, was quite successful in the part. Smith, '13 and Middleton, '12, developed their roles with remarkable talent, especially so in their matrimonial complications, where the absence of the "real thing" must certainly have been an encumbrance. And we must not fail to praise the character roles, Hean, '12 and Igler, '12, as the two "old parties" Fisher, '13, and Willits, '15 as the regiment whose trials and troubles never failed to be the source of much amusement. Sprout, '14, Michael, '15 and Kelly, '13, also won laurels in the feminine characters.

In fact, the enthusiastic zeal of the cast and Miss Schillinger's efficient training resulted in a great success. Come on with the next!

MATRICULATION TODAY.

Bucknell's largest Freshman class, consisting of 109 men and 46 women matriculated in Bucknell Hall this afternoon, thus acquiring full membership in the University.

Ninety out of one hundred and seventy-five men who were recipients of Rhodes scholarship honors last year were from the United States.

RUNNING OF "SPECIAL" CERTAIN

More Than 200 Expected to Board Train Thursday Morning. Invitation From Penn Wheelman Club.

The "special" to Reading for the Ursinus game on Thanksgiving Day has been chartered. It will run for sure. Bucknell students, Lewisburg, Sunbury and Milton town people have been signing up at a good rate during the past week, sufficient to insure the management of a well filled train and to warrant their going ahead and ordering the "special." The train will run on the P. & R. and will leave Lewisburg at 7.45 a. m. the morning of the game. The time of departure from Reading will be decided definitely later but it will not be until after the show in the evening.

There is but one thing still needed to make the trip a success; that is more students. The train is being filled not so much by the fellows from the hill as was anticipated when the "special" was planned as it is by the town people. While Bucknell can be only too glad to welcome all these friends among her loyal supporters on that day, still it will be a sad spectacle indeed if friends of the institution and not her own sons do all the rooting for the Orange and Blue. A fair number of students are signed up but not nearly enough to give our team the backing they deserve or to make for the college and the student body the kind of a showing it needs. There is a big quota at the present time on the fence, waiting to be coaxed over. That's poor policy. Decide for yourself. Get off the fence now and be sure you get off on the side toward Reading.

Everything is arranged to afford a most pleasant day for the Bucknell delegation. An invitation has been sent through Mr. Ralph S Koser, to the Bucknell students from the Penn Wheelman Club, offering the hospitality of their quarters. The two teams have accepted an invitation from the management of the Orpheum theatre, one of the leading showhouses in Reading, to be their guests at the evening performance after the game. At the Circus Maximus a special section has been reserved for the Bucknell crowd and all tickets should be bought there.

The train will continue right through to the Franklin street station in Reading where a big barge especially prepared for the occasion and decorated with the college colors will take the Bucknell aggregation to the Mansion House where the team will make its headquarters. The hotel too will be profusely adorned with Orange and Blue and at dinner that night a big time is planned in honor of "the old college on the hill." The Reading Trophy which is to be publicly presented to the winning team at The Orpheum is now made up and is a large silver cup, adorned with miniature footballs and engraved with the suitable inscription.

The latest word from the Ursinus camp is to the effect that the students from there are coming over in full force accompanied by a large crowd of supporters. They have already engaged a large section of the Circus Maximus for their delegation.

When you decide to go hand your name at once to James Harris, '12, Goehring, '12 or "Hob" Darlington.

"Come on along, come on along" to the Ursinus game. ON TO READING!

DEATH AT NEW BERLIN.

Galen H. Lotz, ex-'64, died at his home in New Berlin Sunday morning, Nov. 12th at the age of 67 years and 3 months. The funeral was held from his late residence on Wednesday at 10 a. m. Services were conducted by the Rev. M. I Calkins, D. D., of Mifflinburg. Interment in family plot at New Berlin.

MATRICULATION.

More importance than perhaps we students are wont to give it, should be attached to the formality of matriculation through which the new students of the University passed this afternoon. The fact that these people have matriculated means that their work so far in the institution has been of sufficient calibre to warrant Bucknell University giving them official recognition as its students, and class standing. It is not entirely red tape; there is a much deeper significance underlying it.

Now that they are actually Bucknell students in regular standing it behooves the members of this new class to stop a moment and ponder over the responsibility that lies upon them of shaping the destiny of their alma mater either for better or worse. While seemingly of little importance now, their scholarship, their ideals and their spirit will in a time not far distant be of the utmost influence in rating the standard of the whole school. We feel that just now Bucknell is having a banner year in every respect, that things are going better than for some years past. Let us urge it upon this new class to take as their ideal not only the maintenance of the conditions as they are now but even the betterment of them. And further let them bear in mind that it is upon the alms and standards established now that the later results will largely depend.

Again it is necessary to revive the old topic "Keep the campus beautiful." Some fellows have either carelessly or maliciously thrown lighted matches into the leaves on the hill and started on several occasions widespread conflagrations injuring the lawn, making the campus look unsightly and in one instance nearly burning down the bleachers. Certainly there should be an immediate stop to such proceedings.

The hearty thanks of the student body goes out to Calhoun's band of Northumberland which came here on Saturday and furnished gratus the musical setting for Bucknell's victory.

The alumni came back in goodly numbers to see our team work out against the main-liners. We hope to see many more at the Ursinus game, Thursday. "On To Reading."

The Western Pennsylvania-Bucknell Club has reorganized. Will the others fall in line?

PROF. LEADS Y. M. C. A.

DISCUSSED SIGNIFICANCE OF RECENT ELECTION.

There was a large and interested crowd at the regular weekly meeting of the Y. M. C. A. on Thursday evening. Prof. Hamblin gave a review of the recent election and its bearing on politics in general, and the relation of the Christian man to politics.

Prof. Hamblin said as the election was not one to elect state officers its significance might not be as great as at first thought would appear. But the election of mayors hostile to the present regime in some of the largest cities of our state, may take enough of the illegally registered voters from the lists to carry a state election. It is estimated that in Philadelphia alone there are at least 70,000 such votes cast.

Prof. Hamblin expressed it as his opinion that the Christian voter should be a fair-minded man, not bound to any party, but electing as far as possible the best man regardless of his party affiliations.

Concerning the Socialistic increase he said it is the inevitable outcome of the way in which the real desires of the people are often opposed, because they are at variance with the selfish interests of the legislative leaders. This is done both by committee manipulation and by the presiding officers of the legislative bodies. Trusts are allowed to charge exorbitant prices in order to get unfair profits. The people of America are going to demand their rights, and it has already shown a great increase in the number voting the socialist ticket. While there should be no hostility to corporate enterprises as such, and while all property is equally sacred before the law, the corporation or trust being a fictitious person ought to be as completely subject to the law as a private person, which is far from being true in many instances. For generations, corners or monopolies have been according to the common law illegal. Yet trusts have sometimes been formed expressly to do this work, forbidden and individual.

CHEMICAL SOCIETY.

At the meeting of the Chemical Society on Thursday afternoon Rice '11 and Armstrong, '14, discussed the manufacture of paper. Rice spoke of the mechanical side of the process of manufacture and Armstrong of the chemical side. In past times paper was generally made of wood; now of cotton, rags, silk or cornstalks. The raw material is treated with soda lye. After the paper material is taken from the mixture the residue is often worked over for the soda. In wood material sulphurous acid is often used instead of soda lye. Whatever the raw material is, the essential idea is to make it as small as possible. In this part of the process water is added to make a pulp. This pulp is then bleached. The bleacher is now done with hypochlorites or electricity. The pulp is then passed through sieves to free it from knots and lumps. It is then put into forms which contain the trademark. These forms have sieve-like bottoms through which a part of the water escapes. The sheets are then further dried between layers of felt. The final drying is done in rooms in which the paper is hung up and left for perhaps six weeks.

DER DEUTSCHE VEREIN.

The Verein and its guests were delightfully entertained in the Chemical Laboratory last Monday evening, when Fraulein Hare spoke of Oberammergau, its inhabitants, and their decennial presentation of the Passion Play. A number of lantern slides depicting the village of Oberammergau in its picturesque Alpine setting, and portraying the leading actors and various tableaus of the play proved an enjoyable complement to Miss Hare's address. Miss Hare, graduate of '10, was one of the many spectators at the recent Passion Play of the same year, and her personal experiences at the time combined with the interesting history of the origin and development of the play to hold the attention of a gratified auditorium.

WESTERN PA. CLUB.

At a meeting of the Western Pennsylvania Bucknell Club last Friday the following officers were elected pro tempore:—

Howard Goehring, '13, Chairman; Miss Rittenhouse, '12, Secretary.

About thirty members were present; all showed a desire to make the club a success. It was decided to make the eastern boundary a line running north and south through Johnstown. All students west of this line are eligible to membership. The meeting adjourned to meet again on Dec. 8th in Bucknell Hall.

BUCKNELL EASILY SWAMPS HAVERFORD COLLEGE, 15-0

Concluded from first page.

a right end run for 12 yards. The play proved an unfortunate one for the doughty captain. He sustained a severe wrench to his injured knee, which severely handicapped him. Brady ploughed through the center for a touchdown on the next play. Jordan kicked the goal. Several minutes later Brady intercepted a forward pass by Haverford and made 20 yards. A fumble netted Haverford the ball. The play for the most part of the quarters was confined to Haverford's territory. The latter becoming more aggressive kept the "Orange and Blue" on edge. With the ball on Haverford's 20-yard line "Tip" tried a drop kick which striking an oncoming lineman was luckily deflected over the goal bar. Keiser who took Bartholomew's place at end proved a valuable addition. Quarter ended, Bucknell 15; Haverford 0.

Fourth Quarter: Several substitutions were made in the final quarter. Cruikshank relieved Capt. Schmidt at quarterback; Schmidt took Brady's place. Haverford taking a decided brace began to press the Varsity hard. By means of several determined line bucks and a successful forward pass Haverford carried the ball to the center of the field. Losing the ball on the third down Bucknell came back with equal determination but was penalized 15 yards for a misplay. Haverford snatching at the last straw to score on Bucknell tried for a field goal which was blocked. The ball going to the Varsity, Cruikshank tore off a pretty 30-yard run around left end. Haverford held Bucknell for downs but lost the ball trying to make a forward pass which Captain Schmidt intercepted. Cruikshank again thrilled the spectators when he returned a punt 30 yards by clever dodging and side stepping. Topham punted. Haverford tried several forward passes only one of which was successful. Gdaniec intercepted the last forward pass and made 40 yards. "Tip" punted again but the ball was blocked and by a desperate effort recovered it. The quarter ended here. Final score 15-0.

Bucknell		Haverford
Jordan	left end	Farquhar
Hern	left tackle	Brownlee
Teamer	left guard	Moon
Schaffner	center	Cope
Dunkle	right guard	Froelicher
Thomas	right tackle	Taylor
Bartholomew	right end	Murray
Schmidt	quarterback	H. Thomas
Brady	left halfback	Wallerstein
Gdaniec	right halfback	L. Thomas
Topham	fullback	Sangree

Referee, Godcharles, Lafayette. Umpire—Young, Cornell. Field Judge—Mahoney, U. of P. Head linesman—Wolfe, Cornell. Linesmen—Haverford, Cowder; Bucknell, Lyne. Touchdowns—Schmidt and Brady. Goals from touchdown—Jordan, 2. Goals from field—Topham. Time of quarters 15 minutes. Substitutions—Keiser for Bartholomew, Cruikshank for Schmidt, Schmidt for Keiser, Keiser for Brady, Kalcelee for Taylor, Locke for Moon, Poley for Froelicher, Lowry for Wallerstein.

SKATING CAPS FOR FRESHMEN.

Freshmen at Bucknell will be allowed not only to don sweaters and jerseys after Thanksgiving but also to wear skating caps instead of the little blue cap with the green button on it. These skating caps will be blue and will have a green tassel. They will be on sale at Prowants any time after Thanksgiving and any freshman desiring to keep his head warm can avail himself of this opportunity. This should prove a popular cap during the cold months and it is up to the men of 1915 to make it so. No freshman will be permitted to wear an ordinary cap on week days hereafter. Should he have occasion to change caps for any reason he has the alternative of wearing the little skull cap or the skating cap.

TO PUBLISH BUCKNELL NEWS

Commencing with the December issue Bucknell news will appear regularly each month in The Intercollegiate. Special subscription rates of 15 issues for $1.00 can be obtained through the correspondent, VanDine, '16, at 21 West Wing.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

BUCKNELL'S WRITE-UP

CARTOONS AND ATHLETIC HISTORY IN SUNDAY'S N. A.

The article on Bucknell's eleven in Sunday's North American written by Mr. Geo. M. Graham was received by the follows on the hill with great enthusiasm, and appreciation both on account of the cartoons which cartoonist Hoban ably drew and the masterful comment and praise written by Mr. Graham.

Great credit is given by the writer to Coach Dickson for the strong eleven he turned out from youngster material. He also says that the individual players deserve infinite praise for the present good record, for back of this showing is a team of the staff which made "Spartans."

To use Mr. Graham's exact words in regard to spirit shown at the University we have, "Bucknell's spirit is notably good. The Mass Meeting the writer attended was notable for the splendid singing and cheering and the delegation that is going to Reading for the Ursinus game will do its share in pulling for victory."

HILL GOSSIP

Prof. Rockwood was a spectator at the Army-Navy game Saturday.

P. L. Cordray coach at Dickinson Seminary, visited his Sigma Chi brothers here on Sunday.

John T. Hyatt, Esq., '91, of Jersey Shore, Pa., and Mrs. Hyatt were the recent guests of Dr. and Mrs. W. L. Gerhart.

John S. Stephens, '01, is now in town and will go to San Francisco, Cal., as the representative of the American Pencil Co.

"Cy" Shreve, '11, visited his Phi Gamma Delta brothers during the week. Shreve is at present a student in the "Pitt" Law School.

Among the alumni who were back and witnessed the Haverford game were Cressinger, '93; Clement, '98; Smith, '07; Fritz, '09, Florin, '09, Painter, '10; Northrop ,'10; Noftsker, ex-'10; Neff, '11; Snyder, '11, Howell, '11.

SEMINARY NOTES.

Frances McNall will entertain Helen Ott, '14 and Winifred Miller, '15, during vacation.

Miss Florence Peters, of Lancaster, visited Margaret Harter from Wednesday until Friday.

Hope Craig, '15, will spend the Thanksgiving recess with Miss Galloway, '13, in Lewisburg.

Helen Levegood, '12, and Vera Campbell, '15, returned on Monday from spending a few days with Dean and Mrs. Armsby of State College.

Miss Mary Baker, the Y. W. C. A. Secretary for Pennsylvania, Maryland and Delaware, visited the Bucknell Association the early part of the week and led the meeting on Tuesday evening. Miss Baker is a graduate of Leland Stanford University and recently came east to take up this position.

COLLEGE BIBLE CLASS.

In chapter twenty the author gets rid of the villain in the drama. In the process the writer has two steps. First he has Satan bound for a thousand years, second he presents Satan as conquered and cast into the lake of fire. While Satan is bound Christ and the martyrs with their headquarters in heaven reign on the earth and after Satan is destroyed the wicked are judged and cast into the lake of fire.

It seems impossible to separate the real from the imagery. Because of the poetical nature of the material, this chapter has been a powerful weapon in the hands of fanatics. Two truths we are sure of: Christ will in some manner reign on this earth; for all Christlike, forces perpetuate life in this world; the wicked will be punished in their wickedness and the punishment will increase as the wickedness continues.

ALUMNI JOTTINGS.

Verna Whittaker, '11, is teaching in her home town, Millville, N. J.

Mary Jameson, '11, is teaching in her home High School, Danville, Pa.

Hester Pyles, '11, is an assistant cataloguer in the Congressional Library, Washington, D. C.

Gretchen Radack, '11, is teaching German and French in the High School at Franklin, Pa.

Fur Weather

When you think of furs you naturally think of Seidel and Spangler's store. Why? Because they have the largest stock and the most reliable skins. All the different skins are here in Beavers, Lynx, Martens, Persian Lambs, 'Possums, natural and blended Squirrels Marmots, Coneys, Nearseals, Persian Paw Sets, Raccoons, Minks and Foxes. You can easily be deceived in furs and it is hard for an inexperienced person to detect a poor fur but you can come here with confidence as our buyer is an expert in the line. If you are not prepared to pay now, you can have it laid aside as later on the prices will be higher and the furs not so well seasoned. You have a wide choice of neck pieces, muffs or by the set. If you want a gift for a child come in and see our large assortment of children's fur sets in all styles of furs at our usual moderate prices. We never had such a well selected line before. This is the store to save you money. This is the dependable store.

Fleeced and Knit Goods

This snappy weather suggests Fleeced and Wool garments. Our line of fleeced gowns, skirts and drawers are ready for your needs. The shapes, sizes and workmanship are excellent in every respect, nothing has been slighted or skimped, careful needle work and trimmings will appeal to every careful woman.

KNITTED GOODS—A new line of auto hoods in navy, black, red, tan and lavendar at $2.00 and $2.50. The new aviator caps in the popular colors, best Elderdown yarn at $1.00. The new toques in white and colors at 25 and 50c. Dutch caps in pink and white and blue and white at 75c. Large Newport shawls in gray, red, black and white at 85c, $1.25 and $1.98. Fascinators in black, white, red, blue and pink 25 and 50c.

LEGGINS—Children's white drawer leggins 50c and $1. Black 50c. Jersey pantelette black only, $1.00. Children's knit leggins black 25, 39 and 50c, for adults 50 and 59c. Infants leggins in red and white 25c.

Velvet

THE SMOOTHEST TOBACCO

OVER the hills with dog and Velvet is companionship indeed!

Velvet, famous as the finest leaf from old Kentucky—aged by time—the only make-sure process. The leaf hangs in the old warehouse for over 2 years—gradually changing from green to mellow—then you get the smooth, full flavored, good tasting smoke that the southern planters themselves like. Never a bite in such tobacco.

Velvet! Don't forget!

VOLUME XVI. LEWISBURG, PENNA., MONDAY, DECEMBER 11, 1911. NUMBER 10

BUCKNELL AND URSINUS DIVIDE HONORS, 3-3---FOOTBALL REVIEW

EACH TEAM TALLIES FIELD COAL

Large Holiday Crowd Witnesses Great Struggle of Rivals at the Circus Maximus, Reading, Pa.

BUCKNELL 89; OPPONENTS, 33.

This Year's Record One of Best in Bucknell's History. Great Prospects for 1912.

It was a rollicking, noisy trainload of Bucknell students and followers that greeted the stolid inhabitants of the "pretzel city" Thanksgiving morning. It was the same wild contingent 200 strong, headed by the Ringgold band of Reading that marched up Penn street from the railway station, cheering, yelling and dancing with such gusto as to bring the startled folks to the doors and windows in expectations of a riot or some other direful demonstration. It is almost needless to say that the explanation was not long forthcoming. It took the fellows just about twenty minutes to inform all Reading that Bucknell owned the city and that the golden key of the municipality was in their possession.

It was Reading's first taste of college football and she welcomed the collegians with the keenest pleasure. Many places of business forgetful of their dignified character displayed with open enthusiasm the colors of the Ursinus and Bucknell emblems. Everywhere was that cordiality and leniency in respect to order shown to the students which only can be expected where there is love for collegiate sport and rivalry.

The "Circus Maximus" was the chosen field of battle, toward which several thousand gayly dressed admirers journeyed that afternoon. Flanking the sides of the grandstand were the bleachers, reserved for the adherents of the rival colleges. Bucknell's section was filled to its utmost capacity, while the frequent applause from the grandstand gave evidence that the "Orange and Blue" was the favorite there.

Bucknell took the field first at exactly 2.50. Ursinus followed five minutes later. It became evident immediately that the Ursinians had the advantage of weight. Tall, well built men they were, with the feeling of confidence and determination that made Bucknell's chances for victory doubtful. And their eleven weakened all season by injuries and sickness was in perfect form for this battle. If the 'Varsity would win it would come only as a result of stubborn defense and heroic attack. Topham with his punting and clever attack; Jordan and Bartholomew by means of their deadly tackling were easily the heroes of the day. To Jordan alone did Bucknell owe her score. He recovered a long punt that bounded down the field within 25 yards of Ursinus' goal. Shortly after he kicked a pretty field goal.

Bucknell won the toss and Jordan kicked off behind the goal posts. The ball was brought to the 25-yard line for scrimmage. Ursinus was soon forced to kick. Brady received the ball and ran it out 15 yards from the 45-yard line. Gdaniec tore off 15 yards more. Bucknell kicked and Jordan got down the field and recovered the ball. Topham gained 10 yards on a forward pass, and with the ball on the 15-yard line Jordan kicked the goal.

Gay kicked off for Ursinus and Bucknell was soon forced to punt. Thompson and Yoh made gains through the line and West carried the ball to the 20-yard line where Gay made a successful try for a field goal.

Ursinus had slightly the better of the game in the second period, while the varsity outplayed its opponents in the third.

The fourth period was the most exciting of the game. Ursinus becoming desperate tried to break the "Orange and Blue's" defense, but the latter was becoming stronger every minute, while Bucknell's attack became more and more destructive to Ursinus' hope for victory. Topham made the longest run of the game in this per-

Continued on fourth page.

Thanksgiving day's game with Ursinus marked the close of a football season which will go down in the annals of the Association as one of the most successful in the history of football at the University. Five of the regulars were freshmen, two were underclassmen, four were seniors. Coach Dickson by means of great skill and patience built around the small nucleus of veterans a team that has attracted attention in the collegiate world. Nor has there been one word of complaint to blacken the team's record. The men have played hard and consistently, but in no one instance has there been a cry of foul play.

Among the teams that fell victims to the 'Varsity's attack were Lock Haven Normal, Wyoming Seminary, Rochester, Muhlenburg, Haverford and Lehigh. While the only teams to conquer the "Orange and Blue" were A. and M., Lafayette and West Point. The final game with Ursinus was a tie. Below is a list of the games and points scored:—

Bucknell, 19; Lock Haven, 0.
Bucknell, 3; Lehigh, 0.
Bucknell, 22; Wyoming Sem., 0.
Bucknell, 0; A. and M., 6.
Bucknell, 5; Rochester, 0.
Bucknell, 0; Lafayette, 6.
Bucknell, 2; Army, 20.
Bucknell, 20; Muhlenburg, 3.
Bucknell, 15; Haveford, 0.
Bucknell, 3; Ursinus, 3.

With but three of the regulars graduating and an influx of new material next year that will in any way compare with the football talent in the present Freshman class the prospects for the season of 1912 are most bright. If next year's record will be as much better than this year's record, as the record of 1911 was over that of 1910 Bucknell will certainly have laurels a plenty this time next fall.

'VARSITY "Bs" AWARDED

FOURTEEN PLAYERS RECEIVE COVETED FOOTBALL LETTER.

At a meeting of the Executive Board on Wednesday evening the following men were awarded the 'Varsity "B" in football for season of 1911: Captain Schmid, Dunkle, Richardson, Tyson, Hern, Bartholomew, Jordan, Crulkshank, Gdaniec, Kelser, Topham, Schaffner, Teamer, Brewer (Mgr's. "B"); also Brady was awarded the 'Varsity "B" for meritorious work done in the games participated in by him.

Talbot, '13, was awarded the 'Varsity "B" in baseball for season of 1911, for the spirit shown by him, and injuries sustained to his pitching arm, during a 'Varsity game.

Geo. F. Reiter and J. H. Roberts are the two retiring student members of the Athletic Executive Board. Under new conditions no successors were elected, Hoffman, and Everett, remaining as the student members.

FRESHMAN ELECTION.

On Wednesday afternoon, according to the new regulation regarding Freshmen class officers, the Freshmen class elected the following officers for the ensuing year:—

President—Teed.
Vice President—Shoemaker.
Treasurer—Good.
Secretary—Miss Craig.
Poetess—Miss Ramona Lenington.
Historian—Miss Henderson.
Mgr. Basketball—Evanson.
Capt. (Pro tempore) Basketball — Schaffner.

Following the election the class voted to give jerseys to the 21 men that played in the Sophomore-Freshmen football game.

STUDENTS BANQUET FOOTBALL SQUAD

A GOOD INNOVATION HERE.

Baker House Filled With Enthusiastic Students and Alumni to Pay Homage to 'Varsity.

The banquet tendered the 'Varsity football squad Thursday night at the Baker House was the most auspicious and enjoyable event held by the students of Bucknell for many years and was a fitting climax to one of the most successful seasons on the gridiron the school has ever known.

The affair was planned and given in honor of the twenty-three men comprising the varsity squad, including the coaches and manager as a token of the esteem and appreciation held for them by the student body and other followers of the team. The arrangements for the banquet were in the hands of Paul Schreiber, '12, and James Harris, '12, and the greatest credit is due them for its extreme success.

Including the guests of honor the banqueters numbered 80 and included members of the faculty, prominent townsmen and over 40 of the most prominent members of the student body. It was, indeed, one of the most representative gatherings, as well as the largest banquet, ever given by students of Bucknell and it will live long in the memory of those whose privilege it was to attend.

While the menu was complete in every detail and arranged to satisfy the most gastronomically fastidious, the feature of the evening was the toasts, which followed, members of the alumni, team and student body being called upon and each responding in a highly creditable manner.

The chosen toastmaster, Abbot G. Bucher, missed a train connection and was unable to reach Lewisburg in time. An able substitute, however, was found in the person of A. A. Leiser, Jr., '98, who performed his task in a manner that added fresh laurels to his reputation as an adept in that role.

Prof. B. W. Griffith, '99, was first called upon and said among other interesting remarks that the past season was the nearest to a financial success that we have had for many years. "Bob" Darlington, '03, next responded reluctantly with a few well chosen remarks after which R. W. Thompson, '04, compared the record made by this year's 'Varsity with that of former years, stating that the percentage of games won this fall is larger than of any previous season.

Judge-elect A. W. Johnson, '96, entertained the gathering for some time with his interesting remarks after which I. M. Higbee, a graduate of Lehigh but an ardent supporter of the Orange and Blue as well, spoke for a few minutes on loyalty.

Captain "Vic" Schmidt, '12, and J. R. Tyson, '12, responded in turn and expressed extreme sorrow that they had played their last game of football for the school but wished next year's team the utmost success.

Prof. G. C. L. Riemer, '95, was called upon and replied with a few reminiscences of the game in his student days. The closing toast was made by W. H. Miller, '12, on behalf of the student body and in an impressive manner he expressed the gratitude which the men of the school have for the work done by the 'Varsity and the scrubs.

A loud and hearty "Bucknell-el-el" was next in order and proved an appropriate finale as the football season of 1911 passed completely into history.

MRS. EDWARDS ENTERTAINS.

On Saturday the Pi Beta Phi girls were entertained very delightfully by Mrs. T. A. Edwards, a patroness of the fraternity. The party took the form of a sewing bee. After refreshments were served the girls played games until late in the afternoon. Mrs. Edwards proved to be a most charming hostess.

CAPTAIN JORDAN.

"Al" Jordan, '13, of Philadelphia, was elected to the captaincy of the football team for the season of 1912, at a meeting of the 'Varsity "B" men on Saturday morning. Jordan's great work on the eleven this season truly earned for him the honor of leading the Orange and Blue on the gridiron next year. His work at end was sensational. His cleverness in hauling in forward passes, and his speed in running down punts, besides his skillful placement kicks made him a great factor in this fall's success and gained for him and Bartholonew the

"AL" JORDAN.
Football Captain, 1912.

reputation of being the speediest pair of ends on a Bucknell eleven in many years.

Jordan prepared at Central Manual Training School, Phila., where he starred in the inter-scholastic football circles of the city. Entering here he made the 'Varsity his first year, playing most of the time at full back. The following year he gained his permanent berth at end. At the close of the season he won his third consecutive "B." Captain Jordan considers the prospects very bright that he will in 1912 have the honor of leading the best football team Bucknell has ever produced.

FELLOWS CONCERT

MUSICAL NUMBER OF LYCEUM COURSE PLEASES HEARERS.

Pleased indeed was the audience which filed out of the M. E. church on last Monday evening after the concert of the Fellows Co. Scarcely has a company been greeted with greater enthusiasm, and so great was the outburst at the close of the program that the company was compelled to reappear. The selections rendered by the quartet were especially pleasing, each of them being accorded a hearty response.

Miss Nason, pianist, demonstrated her ability as an all around musician when she stepped from the platform at the beginning of the second part of the program, seated herself at the pipe organ and immediately began to produce strains such as a Lewisburg audience is seldom permitted to hear. Miss Driever as contralto had a deep rich voice. The ease with which she sang was charming; apparently without effort words flowed from her lips. The work of Mr. Fellows as tenor was also delightful. All in all the concert was good and Bucknell admirers of music rarely have had the pleasure of listening to so much high class music in one evening.

A. A. ELECTIONS.

At the regular fall meeting of the Athletic Association held in the "gym" on Saturday morning the following officers were elected:—

President—E. Brush, '13.
Vice President—G. Middleton, '13.
Secretary—M. B. Glover, '13.
Assistant Football Mgr. — G. T. Keech, '14.

LITERARY LIFE FOR DR. HILL

OTHER ALUMNI JOTTINGS.

J. Warren Davis, '96, Made Great Run for N. J. Senatorship. Four Weddings Reported.

During the week much news of the alumni activities has been reported to us. For most of it we are indebted to Dr. Perrine, Registrar Wolfe, and E.B. Hulley, '07, of Pittsburgh, whose interest enables us to keep this department alive. Let us remind the other alumni scattered through the country, who may find pleasure in reading the alumni column that they might add to its attractiveness and completeness by sending in a few notes now and then. Editor.

LITERARY LIFE FOR DR. HILL.

Dr. David Jayne Hill, '74, former American ambassador to Berlin, is in Washingtotn attending to private business, preparatory to leaving the country for an extended period. The distinguished diplomat has already leased a furnished apartment in Paris, where he will live with his wife and daughter, while he works on the third volume of his exhaustive history of diplomacy. There are other volumes to follow, and for the present, at least, Mr. Hill's plans are confined to his literary labors.

ALUMNUS WON N. J. SENATORSHIP BY RECORD MAJORITY.

Among the Bucknell men chosen to office in the recent elections is J. Warren Davis, '96. Mr. Davis, running on the Democratic ticket for Senator from Salem county, N. J. pledged to support Gov. Wilson's program gained one of the greatest political victories ever recorded in the history of his county, not from the mere fact that he won out over his strong opponent Mr. Plummer, who had twice before been elected Senator; but from the fact that he reversed a solid Republican majority of 600 votes to a Democratic majority of 728. The Democrats recently held a big demonstration over their success in Salem county and Mr. Davis was the hero of the occasion.

J. WARREN DAVIS, '96.

Mr. Davis graduated from Bucknell in 1896, and from Crozer Theological Seminary in 1899 where he subsequently taught for three years, spending his summer vacations at the University of Chicago. In 1902 he pursued studies at the Universities of Leipsic and Berlin, Germany, and in 1904 he entered the Pennsylvania Law School where he was graduated in 1906 and immediately thereafter admitted to the bars of the Supreme Courts of Pennsylvania and New Jersey. He is now a member of the law firm of Ashbridge, Davis and Davis, 1524 Chestnut St., Phila.

POSITIONS IN PORTO RICO.

Following is an extract from a letter received from Rev. G. A. Riggs, '07, who is a missionary at Barranquitas, Porto Rico. Mrs. Riggs, was "I like the idea of the Alumni De-

THE FOOTBALL SEASON .

The football season of 1911 goes down in the annals of the institution justly acclaimed as the most satisfactory and in many respects the most successful in the history of Bucknell. The record is surely one of which to be proud, and a big boon to the athletic prestige of the college. Now to give credit where credit is due:

First of all to the team itself, which was directly responsible for the outcome of the contests. Such harmony, such faithfulness, such a fighting, never-say-die spirit as existed in that aggregation of gridiron warriors has not been paralleled in the memory of any of the students here, and indeed in the memory of many old alumni. And best of all they were real men, clean-cut and square, truly worthy of the college which they represented.

The faithful scrubs too are deserving of just as much commendation. Those who survived the first few weeks stuck loyally and took their bumps in the manner of the true sportsmen that they were.

To "By" Dickson, the coach, all hail. His work was eminently satisfactory and one can unhesitatingly attribute the great showing made by the team back to the sagacity of this football strategist. Handicapped last year by the lack of material "By" proved to us this year that he could produce a real football team. This motto: "A team that won't be beaten, can't be beaten," Coach instilled into his men and it certainly worked wonders.

But above all and including all, we would heap the laurels of our victorious season at the feet of that indefinable presence, which came back again this fall to take up its abode with us after much weary wandering abroad—Bucknell spirit. Without that—we hazard the opinion—the football record of 1911 would have been as mediocre as any which preceded it. Bucknell spirit has made itself dominant in every college activity this fall: the result has been marvellous, and in football above all else has it been manifest.

As a result of its mysterious influence the loyalty of the students to the team has been unbounded. Mass meetings and cheering practices have been of frequent occurrence, and not once did the 'Varsity make a trip without being given a rousing send-off by the students. The team felt this loyal backing; they themselves were imbued with the spirit and as a result of it they fought every contest so fiercely,—not laying down in one,—that they justly earned for themselves the title of the "come-back kids."

THE BANUQET.

The football banquet given to the team Friday night was simply the culmination of the great Bucknell spirit that has been shown all through the football season. It was a fitting recognition on the part of the students and alumni of the great work the 'Varsity has done. An innovation here, the banquet was certainly successful enough in every respect to warrant it being made an annual affair. The promoters of the movement are worthy of the greatest commendation.

CHOPIN RECITAL

MUSIC FACULTY RENDITION FIRST OF SERIES.

The Chopin recital, the first of a series of Composers Recitals, given by the faculty of School of Music Tuesday afternoon was a decided success.

Of Chopin's limited number of songs five of the most difficult were rendered artistically by the teachers of the voice department. The violin selection "Nocturne in E flat" (arr. by Papini) is the best of the numbers transcribed for violin to show the characteristics of the famous composer; Miss Armstrong interpreted this number splendidly.

The Nocturne in F Minor and Waltz C sharp Minor for piano brought out the idea of Chopin's mood at time of composing the selections; Miss Boynton conveyed this idea to the appreciative audience.

The Polonaise in A Minor, excellent for a closing number was performed in a brilliant style by Miss Hollingshead. The audience was delighted with the concert and are looking forward to the beginning of next term to enjoy and be enlightened on Grieg's Works in a concert given by the music faculty.

The Organ Recital given by Miss Hollingshead assisted by the teachers of School of Music before Thanksgiving recess was enjoyed by a large and appreciative audience. Let us hope that a similar program will be sometime given at the Lutheran church where a splendid organ will mean even better results.

PAN-HELLENIC DANCE

THANKSGIVING EVE. EVENT WELL ATTENCED BY COLLEGE FOLK.

The biggest and most successful of the informal Pan-Hellenic dances was given in the local Armory, Thanksgiving eve., November 29.

There were fully seventy couples in attendance; members and friends of the organization and several out of town guests. The Armory was profusely decorated with the college colors, fraternal emblems and banners of the two sororities. The electrical display at the east end of the hall which drew in colored illumination the greek letters of the five fraternities was an object of favorable comment. Granges Orchestra of Muncy, furnished the music for the well arranged program.

The committee in charge: J. P. Harris, Phi Gamma Delta; R. W. Meyers, Sigma Alpha Epsilon; J. R. Tyson, Kappa Sigma; F. V. Rockey, Delta Theta Upsilon; P. D. Schreiber, Sigma Chi.

H. M. Neff, '11, is employed on the Pennsylvania R. R. Engineering staff at the Pittsburg office.

AN ENROLLMENT FEE.
We do not enroll teachers free. If we were to offer free membership this Agency would soon be crowded with applicants, two-thirds of whom would be promoted chiefly by cordiality and would not be in contest in their efforts to secure positions, and upon these, two-thirds of our time would consequently be wasted. One third of these applicants would be deserving, but would receive but one third of the attention that we are giving all our teachers.
An enrollment fee is but a guarantee of good faith on the part of the applicant; without which no strong Agency can risk the time necessary to investigate the applicant's merits. This guarantee is as important to the members of an Agency as it is to the Agency.

formerly Margaret W. Lesher, '07, partment in The Orange and Blue. Suppose your observation would be —'well then why don't you send in some news?' Guess the main reason would be that I am too busy. I will let you in on one item, however: the birth of a son on Oct. 7. Tell any of the 1912 boys or girls that there are still plenty of openings for American teachers here in Porto Rico. As for Mission work I might also say we can stand a few more workers without being at all crowded. Best wishes for old B. U. and The Orange and Blue."

PHILA.-BUCKNELL LUNCH.

The editor is in receipt of a circular post-card from Dr. Edwin Lightner Nesbit, '99, Secretary of the Philadelphia Alumni Club, booming the Bucknell Lunch in the Quaker City. The card reads as follows:

Bucknell Bucknell Bucknell
Ren dez Ren dez Ren dez vous

Every old Monday Twelve to Two. COLONADE CAFE. 15th and Chestnut Sts.

Informal — Long - Table —"Family"
— Lunch Hour—
To GET IN TOUCH
KEEP IN TOUCH
and LEND A HAND TO our OLD-COLLEGE—ON—THE—HILL.

This is the first news that has been received this fall from our Philadelphia alumni. It is a credit to them, indeed, that they are still keeping alive the Bucknell Lunch Hour.

SWORN IN AS SPEAKER.

Representative Milton W. Shreve, '84, of Erie, Pa., was sworn in on Dec. 1 by Judge Walling in Common Pleas Court as Speaker of the House in Pennsylvania. Mr. Shreve succeeds by law, to the speakership left vacant by the death of John F. Cox, and serves in that capacity pro tempore until the next election.

RESIGNS CIVIL SERVICE POST.

Albert G. Hetherington, ex-'70, of Philadelphia, President of the Civil Service Commission of that city, in a recent interview with Mayor Blankenburg announced that he would resign his post. Mr. Hetherington's salary as president is $5000 a year; his term expires in March, 1912.

CONOVER—BREWER.

J. Leslie Conover, '10, was married last Wednesday, Dec. 6, to Miss Nathalie Brewer of Philadelphia in the Chapel of the Mediator, 51st and Spruce streets. Mr. Conover is at present employed with the Penna. R. R., in Camden, N. J.

LOSE—RYAN.

Charles Lose, Jr. and Kathryn Ryan, both of whom graduated from Bucknell last June, were married at the home of the bride in Asbury Park, N. J. on Thanksgiving Day. Mr. and Mrs. Lose will be at home in Wellsboro, Pa., after Dec. 12.

SMITH—CORNELIUS.

Prof. S. Homer Smith, '07, formerly an Instructor in Bucknell Academy, and now Ass't. Principal of the Sunbury High School, was united in marriage on Wednesday, November 29, to Miss Myrtle Cornelius, of Lewisburg. The ceremony took place in Lock Haven.

JONES—McGUIRE.

Miss Mae Jones, '08, was recently married at her home in Franklin to Don McGuire, of Rochester, N. Y.

LeRoy MacFarland, '11, is enrolled in the Theological Department of the University of Chicago.

"BY" TO COACH BASKET-BALL.

Announcement was made last week that "By" Dickson, coach of this season's football team has been re-elected by the Executive Board to coach the varsity basketball team for the coming season.

The appointment of Dickson to guide the destiny of the Bucknell quintet has met with general satisfaction all around. Dickson is well known to the sporting world as an advocate of clean football, while his ability to instruct and arouse enthusiasm in his pupils is beyond question.

In view of his former success and with the abundance of material with which he has to work, the outlook for a winning team is promising.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help you.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Kendall, '11, came up from Philadelphia to witness the Ursinus game at Reading.

The Forum celebrated Founders' Day, Saturday evening with a banquet in their dining halls.

The Western Pa.-Bucknell Club will meet in Bucknell Hall, Wednesday, Dec. 13, at 4.30 P. M.

Florin, '09, has returned to his home in Johnsonburg after a visit with his Sigma Alpha Epsilon brothers.

Alpha Sigma recently entertained a number of their friends at an informal reception in their rooms on Market street.

There will be a meeting of the B. U. Law Club tonight for reorganization and election of officers. Any who take the evening Law classes are eligible for admission.

A progressive "500" party was given to the college girls by the Sigma Chi fraternity in their rooms, Friday evening, Dec. 8th. Honors were won by Miss Hope Craig and Miss Susan Snyder. The affair was chaperoned by Miss Edith Schillinger.

The new skating caps are beginning to make their appearance on the heads of the verdant Freshmen. Certainly they appear far more comfortable for winter wear than the little skull caps and the bright green tassel makes quite an artistic effect.

SEMINARY NOTES.

A number of girls from the Seminary were entertained at the Sigma Chi Halls on Friday evening.

On Tuesday evening the topic for Y. W. C. A. meeting was: "Appreciation of others." Marion Shivers, '14, led.

Beatrice Evans, '15, and Helen Eede, '14, spent the Thanksgiving vacation with Mary Evans, '09, at her home in Middletown, Pa.

Mrs. W. M. Hudson, of New Haven, Conn., is visiting the Tri Delta fraternity. On Friday afternoon the girls gave a reception to their patronesses and Pi Beta Phi and Saturday evening they entertained Mrs. Hudson and a number of freshmen girls.

COLLEGE BIBLE CLASS.

The consummation of the book of Revelation is the author's utopia: a new heaven, a new earth, a new Jerusalem. That is, these three now take on a new aspect. The author, however, centers his attention on the city.

The grotesque size of the city, and its impossible grandeur disclose the imaginative character of the picture. The significance of the picture is this: it sets forth the hope of the early church; namely, a community in direct contact with God and Christ, missionary in its spirit, and eternal This community was to be realized on earth in the form of the church as an institution.

History has so far confirmed the principle of the author: the church, represented in many denominations, has been and still is the greatest redemptive power in the world.

BUCKNELL AND URSINUS DIVIDE HONORS 3-3.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, DECEMBER 18, 1911. NUMBER 11

ALUMNA SYSTEMATIZES STATE MUSEUM

A GREAT ACCOMPLISHMENT.

Miss Zierden, 1900, Is Able Curator. Educational Department Unique. —Alumni Jottings.

The following is an extract from a big headline article in the Oil City "Derrick" of recent issue, praising the work of Miss Alicia Mitchell Zierden, 1900, as curator in the State Museum:

In very recent years Pennsylvania has established a State Museum, and one of the most important and interesting divisions of this museum is the department of education.

Its development and growth under the direction of the able curator, Miss Alicia M. Zierden, have been little short of marvelous. Few people in the State realize what an exhaustive exhibit can be found at the State Capitol. The amount of matter that has been thus brought together, systematized, tabulated and made easy of access, is enormous.

The Act creating such a department was only passed in 1905, Gov. Pennypacker approving it on March 28 of that year. In September, 1906, the present curator was appointed. Miss Alicia M. Zierden, a collegebred woman of great executive ability and of rare organizing powers. Under her direction, shape and system soon dominated the work.

Scarcely any other State has attempted such an educational display, and Pennsylvania has certainly reason to be proud of her achievement. It is also most fortunate that the inception and development of the work fell into as competent hands as Miss Zierden's. Many good projects are ruined by a bungling start, but the educational department has not been thus hampered. It has been firmly established and well systematized.

ALUMNAE REUNION.

An entertainment called "Christmas Days'" was given last Tuesday at the home of Mrs. A. J. Rowland, 4423 Spruce street, on the occasion of a meeting of the Bucknell Alumnae Club. Among those who took part were Miss Hannah Goodman, Miss Ethel Royal, Mrs. Ezra Allen, Mrs. G. E. Raigael, Mrs. F. S. Goff, Mrs. J. H. Loder and Miss Olive Richards. A tea and social hour followed, at which Mrs. J. H. Loder and Miss Myra Rowland assisted.

MAYOR BAKER HONORED.

Three hundred business men of Five Mile Beach and vicinity attended a testimonial banquet of J. Thompson Baker, ex-'69, mayor-elect of the new city of Wildwood, at the Hotel Seacrest Friday evening.

Chas. G. Garrison, justice of the supreme court of New Jersey, was toastmaster of the evening. The guest of the evening, Mr. Baker, in responding to the toast "The New City," reviewed the history and growth of the island, and portrayed in his enthusiastic manner the great future of the city of Wildwood, which is to begin a new era with the inauguration of the city government on January 1.

MISSIONARY'S TRIP.

Rev. Loren M. Reno, '00, missionary to Brazil has just returned from a trip to the interior of Brazil. He spent over five months there, traveling from place to place generally by mule, and holding on the average, three meetings a day. He reports great interest and prosperity in the work on every hand.

DISCUSSES COAL CONTROL.

Lewis Edwin Theiss, '02, is author of an article on the "Control of Coal" published in last month's issue of Pearson's Magazine. Mr. Theiss's data of facts and specific instances leave no doubt in the mind of the reader that the coal situation is in the hands of a few grasping railroads. He shows further that these trusts dictate the price of coal for their own wards. The cost of mining coal and freight charges amount to three dollars and fifty cents a ton; these figures grant a normal rate of profit, but the monopolies insist upon charging five dollars to the rebater. We pay six dollars and fifty cents merely to keep warm.

This is one of Mr. Theiss's many articles dealing with the present day trust situation. His careful study of the subject, and his thoroughness in computing judgements force conviction and belief in the mind of his own readers.

EDWARD C. ROMINE.

"I will not be privileged to preach to you again," said Rev. Edward C. Romine, ex-'64, to the congregation of the Sandy Ridge Baptist Church at the close of his sermon Sunday night. Early Monday morning the venerable clergyman was found unconscious on the floor of his room and he died a few minutes later from apoplexy.

Mr. Romine was 69 years old and had been pastor of a number of prominent churches. His last charge was in Philadelphia. Since he left the active ministry he had engaged in general church work and filled pulpits every Sunday. He spent much time at Sandy Ridge, for which he had an abiding love.

PRIZE ESSAYS.

UNDERGRADUATE PRIZE GOES TO NORTHWESTERN STUDENT.

The Committee to whom was assigned the decision upon the merits of the papers contesting for the prizes offered by Messrs. Hart Schaffner and Marx, of Chicago, for 1911, has unanimously agreed upon the following award:

Class A. 1. The First Prize of One Thousand Dollars to Harold G. Moulton, Ph.B., University of Chicago, '07; Instructor of Political Economy in University of Pennsylvania, 1890; for a paper entitled "Waterways versus Railways."

2. The Second Prize of Five Hundred Dollars to Harrison H. Brace, 265 LaSalle St., Chicago, LL.B., Union College of Law, 1887; LL.M., University of Pennsylvania, 1890; for a paper entitled "Value of Organized Speculation."

3. Honorable Mention, to DeWitt C. Poole, Jr., State Dept., Washington, D. C.; for a paper entitled "Is the American Cotton Monopoly Secure?"

Class B. 1. The First Prize of Three Hundred Dollars to Homer B. Vanderblue, undergraduate in Northwestern University; for a paper entitled "Railroad Valuation."

No Second Prize was awarded.

The next contest will end In June, 1912. Details can be obtained by addressing J. Laurence Laughlin, Box 172, Faculty Exchange, University of Chicago.

LAW CLUB MEETING.

The Law Club met last Monday evening and elected officers and made plans for reorganization. It was decided that the club would meet once a week next term and hold argument court. More definite plans will be made by a committee appointed, consisting of McNeal, '12, Tegtmeier, '12 and Murray, '13. This committee will submit a revised constitution and other recommendations to the club at a meeting to be held early next term. The club will have a membership of about twenty and with the cooperation of the law professors will be of great benefit to the members. The following officers were elected: Pres. James P. Harris, '12, Vice Pres., B. S. Harris, '13; Treas., Geo. W. Potts, '12.

MAKES SUCCESSFUL DEBUT.

Paul Althouse, ex-'12, has recently made a successful debut as a tenor soloist in the West End Collegiate church, New York City. His manager has booked concerts for him in many large cities. The Musical Courier, Nov. 29, contains his picture and a write-up of his work.

ELOCUTION RECITAL FIRST OF SERIES

DEPARTMENT IS STRENGTHENING

Exhibition Friday Evening Was of High Class. Other Recitals To Follow Throughout Year.

The first of a series of public recitals to be given throughout the year by the students of Elocution was held in the seminary on Friday evening. Those who took advantage of the opportunity to witness the exhibition were delighted with the splendid manner in which the pupils acquitted themselves. The students not only showed extreme natural ability but also by the ease with which they performed difficult parts, most efficient coaching.

The high class work done by the Elocution department is increasing from year to year with an increased enrollment this year, and with the addition of a competent assistant, Miss Hawley indications point to a banner year in Elocution. Miss Schillinger who is now entering upon hre eleventh year as head of the department has, by sincere effort, given elocution a prominent place in the activities of the University and the success of Friday evening's recital and of the present term's work are only a fitting recognition of her endeavor. Program follows:

The Freckled Faced Girl—
Jeanette Owens
The Game of Cards . . Rachel Davis
Poor Pillicoddy—H. V. Fischer, Don Sprout.
Phoebe of the Three Pigeons—
Anna Reed
Mrs. Brindles Music Lesson—
R. E. Hoffman,
Albert Bronson.
Coming thro' the Rye—Mary Josephine Wolfe; Janette Owens.
Pro and Con . . . . Harry X. Kelley
The Virginian . . . . Eva Rittenhaus
Cupid and His Victim—
George Middleton
The Brown Paper Parcel—
Amelia MacSparran
Elizabeth Heinsling.

LAFAYETTE MAN SPEAKS.

Yesterday afternoon at 4.00 o'clock in the "Y. M" Room there was held a special meeting. Swartz, '10, from Lafayette spoke of some of the facts which college men have to face. During his talk he emphasized the need for college men to realize and to take up active Christian work in the world whether it be on this side of the Atlantic or in the foreign field. He made it clear that if a man wished to make the biggest investment of his life he would have to put it in the work where there was the most need for it.

He spoke of the desire of many men to make money, and in answer to this he mentioned the Hall of Fame in which there were the pictures of men who lived lives of service to mankind.

The meeting was a good one. A large number were out and the Academy quartet rendered several good selections.

Swartz is traveling in the interest of the Student Volunteer Movement and his recent visit was the second one to the fellows on the "Hill." During his short sojourn he had talks with a number of the students and all have found him a friend. Swartz expects to enter either Penn or St. Johns to take up the Medical Course and later intends going to the foreign field. We wish him good luck!

INTER-CLASS GAMES.

The schedule for the inter-class games is also announced. They will all be played in the evening as last year. The big game, the Sophomore-Freshman contest, comes off on March 11.

Jan. 17——1913 vs. 1915.
Jan. 31—1912 vs. 1914.
Feb. 5—1912 vs. 1915.
Feb. 12—1913 vs. 1914.
Feb. 28—1912 vs. 1913.
March 11—1914 vs. 1915.

DELTA DELTA DELTA.

Delta Delta Delta entertained a number of Freshmen girls at a "Delta" in their suite in the Seminary, Saturday evening the ninth. Mrs. Hudson, the Inspector from the national council of the fraternity, was a guest of honor. The decoration of the rooms was very pretentious, the walls being covered with a representation of Delta ships at sea beneath a blue sky dotted with stars. From the ceiling hung a myriad of silver and gold stars. The Delta idea was also carried out in the arrangement of tables, the favors and the placement cards. Covers were laid for twenty-six. Between courses songs of the college and fraternity were sung.

PI BETA PHI.

On Saturday evening the patronesses and alumnae of the fraternity very kindly opened their homes to the Pi Beta Phi girls and their guests. The chapter entertained fifteen freshman girls at a progressive dinner party at Dr. Phillips' and Dr. Hare's, closing the evening with an informal dance at Dr. Bartol's. The tables were decorated with smilax, golden arrows and wine colored roses while the dancing room was made attractive with holly and fraternity banners. Between courses both Bucknell and Pi Beta Phi songs were sung. Beside the girls, the fraternity entertained Miss Stanton and Miss Kalp, both alumnae, and Miss Scott who is a patroness of Pi Beta Phi.

PUPIL'S RECITAL

MUSIC STUDENTS MAKE THIRD PUBLIC APPEARANCE.

The pupils of the School of Music gave their third recital Thursday evening in Bucknell Hall. The hall was filled with a good-sized and appreciative audience. The following program was rendered:—

(a) "Cradle Song" . . . . Hauser
(b) "Barcarolle"—from Tales of Hoffman . . . . Offenbach
Mandolin Club.
Misses Edwards, Ledlard, Ramona, Leonington, Dorothy Wolfe, I. Wolfe.
Messrs. Clark, Davenport, Hamlin, Johnson, Kelley, Mattes, Windsor, Wolfe.
"Polonaise". . . . . Atherton
George Bender.
"In Love's Garden" . . . . . Rockel
Mr. Sharpe.
(a) "Dance Caprice" . . . . Grieg
(b) Mazurka in Bb . . . . . Chopin
Miss Dorothy Wolfe.
(a) "And I" . . . . . Gaynor
(b) "The Nightingale's Song"—
Nevin
Miss Campbell.
(a) "The Wedding Day" . . Nevin
(b) "For Love of You" . . . Geehl
Miss Kerschner.
"Le Papillon" . . . . . Lavalle
Miss Angstadt.
Miss Bancroft.
"Sunset" . . . . . Russell
Miss Mehl
(a) "Wohin" Nocturne . . . . Kolling
(b) "Aragonaise"—from Ballet "Le Cid" . . . . . Massenet
Miss Mench.
"Polka Boheme" . . . . . Rubinstein
Miss D. Wolfe, Miss Ledlard.

POSITIONS FOR CHEMISTS.

We are in receipt of an announcement from the U. S. Civil Service Commission calling attention to an examination to be held Jan. 17-18, 1912, for filling several vacancies in the position of assistant chemist, Department of Agriculture, and elsewhere as needed, at salaries ranging from $1200 to $1600 per annum. The opportunities for appointment from this examination seem to be excellent, since of thirty-eight persons who passed this examination in April, 1911, three were appointed at $1400 per annum, and twenty-seven others were tendered appointment at $1200 per annum. Full information as to educational training required, nature of duties, etc., may be obtained from the U. S. Civil Service Commission, Washington, D. C., by asking for a copy of the assistant chemist announcement.

SEVENTEEN GAMES ON BASKET-BALL SCHEULE

SEVEN TO BE PLAYED AT HOME.

'Varsity Meets State Twice; New Teams Include F. & M., Swarthmore, Mt. St. Mary's and Others.

The 1912 'Varsity basketball schedule as finally completed by Manager William A. Goehring, '12, provides for seventeen 'Varsity games. Seven of these contests are to be played on the home floor. On last year's 'Varsity's schedule there were fifteen games, with the same number played at home as this year. The addition of two games on foreign floors will afford a little more strenuous work for the players this season.

Three of the teams met last year do not reappear on the 1912 schedule: Carnegie Tech, Indians and Dickinson. Conspicuous among these absentees will be Dickinson, for years a stand-by, which institution was dropped because of the action taken by the Executive Board in calling off all

WM. A. GOEHRING, '12.
Basket-ball Manager.

athletic relations with them. Among the new attractions are Franklin and Marshall, and Lebanon Valley at home, and Swarthmore, Mt. St. Mary's, Georgetown, Manhattan and St. John's away.

The season opens in Tustin Gymnasium with Lock Haven Normal as our opponents, on January 12. The last game is also at home with Albright on March 16. This last game promises to be one of the hardest of the contests, Albright just this season having been beaten by the State quintet by only one point, on the latter's floor.

Two games with State have been arranged as usual, the first to be played at State College, Feb. 16, and the second at Lewisburg, Feb. 22.

The Manager had also arranged for a Western trip of four games including "Pitt" and Allegheny, but it did not meet with the approval of the Executive Board. Contests with the Army and Navy had to be called off for the same reason.

Jan. 12—Lock Haven at Lewisburg.
Jan. 19—Susquehanna at Lb'g.
Jan. 26—Lebanon Valley at Lb'g.
Feb. 3—Franklin and Marshall at Lewisburg.
Feb. 8 — Swarthmore at Swarthmore.
Feb. 9—Manhattan at New York.
Feb. 10—St. John's at Brooklyn.
Feb. 16—State at State College
Feb. 22—State at Lewisburg.
Feb. 23—Susquehanna at Selinsgrove.
Feb. 24—Alumni at Lewisburg.
March 1—Albright at Myerstown.
March 2—Franklin and Marshall at Lancaster.
March 7—Gettysburg at Gettysburg.
March8—Mt. St. Mary's at Emmittsburg.
March 9—Georgetown at Washington, D. C.
March 16—Albright at Lewisburg.

COLLEGE VANDALISM.

In the life of nearly every typical college, or university, "college pranks" as they are termed, without a doubt help much in relieving the monotony of the daily routine of recitation and study. Pranks are but the natural result when a crowd of fun-loving fellows live together in dormitory life, and they are by no means to be condemned when kept within bounds.

But some students fail to realize the difference between innocent pranks and criminal vandalism. The other night a few of our college men made an expedition to the top of West College in order to start the bell on the 1907 Memorial Clock ringing, and as a result of their tampering, the time-piece is now out of commission. Similarly some of our "fine gentlemen" continually take a savage delight in going through the halls and breaking lights, or in shattering window-panes.

Such "stunts" are without reason and we fail to see wherein the sport lies. If something were gained by it the situation might be different but these fellows are really destroying their own conveniences and comforts. The fact that offenses are committed on the college hill does not excuse or lessen them. It's vandalism pure and simple even though there are no policeman around to arrest and bring the offenders to terms. The college authorities place us on our honor in the use of their property and it is hardly square for us to take advantage of their trust.

We are not pessimistic however. Vandalism has been less noticeable this year than for time past. But any such offenses whatever do not show the proper Bucknell spirit and we are simply striving to have our college spirit work and evidence its good effects in every possible way, that's all.

CHEMICAL SOCIETY.

The regular meeting of the Chemical Society was held on Thursday afternoon. Keech, '14, spoke on "The Chemist's Place in Industry." He said: Under the pessimistic view of industrial chemistry comes the fact that the watchword of modern industry has been increased production without regard to waste. Because of the fact that boys have been hired to do the mechanical part of chemistry at low wages, industrial chemists are apt to become discouraged. But the watchword of today is increased efficiency in production. Under the optimistic view the object of industrial chemistry is to increase industrial efficiency. The chemist can do this in four ways: (1) by cheapening raw material or finding a cheaper substitute, (2) by cheapening power through principles of combustion, through preservation of boilers or through lubrication, (3) by inventing more efficient processes and (4) by controlling the processes as is done in the iron industry. Carls, '14, then spoke of the "Untilled Field in Chemistry." We know very little about the nature of energy. What is it that moves? Why and how does it move? We do not have a working hypothesis that accounts for valence and affinity in the elements. We know practically nothing about the molecular weight of solids. We do not know why sulphur, carbon and phosphorus exhibit talotropism. We do not understand why water has its greatest density before it reaches its freezing point. We cannot yet explain the working of a vegetable cell. Perhaps in later years someone will discover that all life is co-ordinated motion within complex molecules.

NEW BUCKNELL SONG.

Following are the words for a new Bucknell song to be sung to the tune of "Annie Lyle" a familiar college air. The verses were written by Olive M. Cooper, '14.

Where the Susquehanna murmurs,
Through the mountain vale,
Stands our noble alma mater,
Whom in love we hail.
Chorus—
Sing, o! sing, ye youths and maidens,
Let the anthem swell!
Crowned in majesty and honor,
Praise, all praise, Bucknell!

'Neath the dome of heaven's wonder,
Proud she lifts her head,
Mingled with the clouds of glory,
Flushed with vict'ry's red.

See, she holds that lamp of knowledge,
Shining through the mist,
Lighted by the torch of learning,
That each age has kissed!

Loyal may thy sons and daughters,
Scattered o'er the world,
Bow in honored, reverent homage,
'Neath the flag unfurled.

May thy realm in lofty triumph
Queen of youthful hours,
Lift aloft through countless ages
Its fair beacon towers.

COLLEGE BIBLE CLASS.

Surveying the book of Revelation we observe its common apocalyptic features: angels, vision, heavenly scenery, sealed book, the trumpets blown by angels, bowls of wrath, lake of fire, a heavenly city and dualism.

Into this common material the author has infused new life and to this apocalyptic material he has added new touches. Satan is represented by the Roman empire; God, by the early church. The hero is a Lamb.

The time in which the conditions of the book, especially the persecution for refusal to worship the emperor, are satisfied is the closing years of the reign of Domitian. The authorship is an open question. The abiding truths are: redemption of the world through suffering, the reign of God in the world, the triumph for good over evil through the work of Christ.

Y. M. C. A. MEETING.

At the weekly meeting of the Y. M. C. A. Thursday evening, Professor Pangburn of the Academy gave an interesting and helpful talk on the Need of Active College Christian Men. In his own words: "Today big business has become a powerful factor in our life and in many instances it is bigger than our government. The great social evils of the country can be traced back to this one thing and what the outside world needs is men, —college men—who realize what has to be done and who are willing to do the work. The responsibilities of the Christian College man are big and the one upon whom the country is going to depend is the 'Possum'-ist."

REV. B. L. WHITMAN.

Rev. Beniah L. Whitman, formerly pastor of the Fifth Baptist church of Philadelphia, died Nov. 27 in a hospital at Seattle Washington, where he was pastor of the First Baptist Church. The late Rev. Whitman, while a graduate of Brown, was a great friend of Bucknell University and for years he was on the regular staff of lecturers here. He was greatly beloved by all the students.

AN ENROLLMENT FEE.

We do not enroll teachers free. If we were to offer free membership, this Agency would soon be crowded with applicants; two thirds of whom would be prompted chiefly by curiosity and would not be in earnest in their efforts to secure positions, and upon these, two thirds of our time would consequently be wasted. One third of these applicants would be deserving, but would receive but one third of the attention that we are giving all our teachers.

An enrollment fee is but a guarantee of good faith on the part of the applicant; without which no strong Agency can risk the time necessary to investigate the applicant's merits. This guarantee is as important to the members of an Agency as it is to the Agency.

ALUMNUS' WORK IN SOUTH.

The following letter has been received from Philip Reilly, '02, who is employed with the A. G. S. R. R. in the south. His address is: care of Supt. A. G. S. R. R., Birmingham, Ala.

Editor, The Orange and Blue:—

I do not know of any Bucknell graduates in this section of the country, so I cannot give any Alumni news. I shall be pleased to hear of any neighbors from the hill. My residence includes all of Alabama, Mississippi, Tennessee and part of Louisiana, Kentucky, Georgia and Florida. I inspect five explosive mills, thirty-eight storage plants for explosives and watch over the transportation of explosives and other dangerous articles on about thirteen thousand miles of rail, including portions of thirty-two railroads, two steamship lines and three express companies.

That is the present status of
Yours truly,
"Pat" Reilly, '02.

THINK NORTHROP A STAR.

One weak spot in the defense of the Chicago Cubs, the pitching staff, bids fair to be reinforced by a star slabbist, who may shine along with the topnotchers as the "find" of the 1912 season, according to reports brought back from the meeting of the minor leagues last week at San Antonio by President Murphy. This pitcher is Jake Northrop '10, who was the star twirler for Reading team in the Tri-State League last season. Northrop made the enviable record of winning 27 games out of the 31 he pitched last season.

L. E. Jones, '09, is located at Scotia, N. Y.

Grace Cobb, '11, is teaching at Andover, N. Y.

Hinman, '11, is teaching science in the Bellefonte High School.

Edgar Reed, '00, is Superintendent of Schools at Elizabeth, Pa.

Crowell, '11, is teaching German in the Rahway, N. J., High School.

William C. Kelly, '97, has opened a dental office at State College.

J. Wallace Green, '06, is pastor of the Baptist church at Hebron, Pa.

Nelson K. Crossman, '11, has entered the Crozer Theological Seminary.

Four of the Civil Engineers of the class of 1911 have secured places

Jean Hopwood, '08, and Dora Raymond, '11, are teaching at Gloucester, N. J.

Priscilla Hardesty, ex-'10, has opened a studio of music at Cape Girardeau, Mo.

Woods F. Derr, '11, is a student in the Medical Department of Johns Hopkins College.

Joseph E. Edwards, '10, is president of the Middle Class at Crozer Theological Seminary.

Dr. Fred W. Brown, '96, was recently elected president of the school board at Franklin, Pa.

Stuart W. Sweet, '11, is connected with the General Electric Company, Schenectady, N. Y.

Grace B. Cobb, '11, is teaching History and English in the Andover High School, Andover, N. Y.

Edith Phillips-Kalp, '01, is living in Huntingdon, Pa., where her husband teaches science in Juniata College.

"Castor" Maher, ex-'10, is still with the First National Bank of Port Allegheny of which he is a director and Asst. Cashier.

Charles Firth, '96, is head of the department of Mathematics and director of athletics at Central College, Pella, Iowa.

Mae Jones, '08, of Franklin, Pa., was married to Don L. McGuire on September 19. They will be at home after October 15 at 30 Wilsonia Apartments, Rochester, N. Y.

Four Bucknell men are now with the Penna. State Highway Commission. Redcay is a transitman. Lose has been placed in charge of the Department's drafting room at Wellsboro, Mann is located at Harrisburg and Duff is at Franklin.

George W. Kershner, '08, was recommended for ordination at a recent session of the permanent council of the Northumberland Baptist Association, and ordained Oct. 2nd at the Treverton church. Mr. Kershner who graduated from the Crozer Theological Seminary last June is under appointment to go to Brazil through the Southern Baptist Convention. He will be associated with L. M. Reno, '00.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions: I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Sprout, '10, of Keystone Academy, spent Saturday and Sunday with his Demosthenean brothers.

Phi Gamma Delta gave a smoker to the active chapter of Sigma Chi, in their halls Friday evening.

Baldwin, '11, and Heacock, '11, who are teaching at Broadus Institute, Philippi, W. Va., are spending part of their Xmas vacation about the hill.

J. Leslie Conover, '10, and his wife stopped off to pay their respects to "the old college on the hill" on the return from their wedding trip to Niagara Falls.

Ralph Tyson, ex-'14, who is a student at Jefferson Medical College, spent Friday with his S. A. E. brothers enroute to his home in Montgomery to spend the holidays.

The Kappa Sigma and Sigma Chi freshmen basket-ball teams played an interesting game on Saturday afternoon, Kappa Sigma winning by score 20-16. It is now up to some one to start a fraternity league.

SEMINARY NOTES.

Helen Hare, '10, and Mrs. McCracken were guests at the Seminary Friday evening.

Miss Miller and Miss Frank visited the girls at the Seminary Saturday evening.

Evelyn Hillier, who is attending the Philadelphia School of Art and Design, is visiting friends in town.

Mrs. Bucher and little son, Abott, dined at the Seminary on Tuesday as guests of Miss Wetterau and Miss Stuck.

Preparations are being made for a Christmas dinner tomorrow evening. All the regular decorations will be used. Toasts and songs are being prepared especially for the occasion.

BUCKNELL CALENDAR.

Pictures of Dr. Harris, all the University Buildings, Football Squad, Mathewson, Schmidt, Northrop, Glee and Mandolin Clubs, Y. M. C. A. Committees, Frill and Frown, Ben Greet Players, Lewisburg University Avenue, Third Street, Student's Rooms, River, and '06, '07, '08, '09 and '10 class memorials will be in the new Bucknell Calendar. The cover (10½ by 6½) will be of blue roan leather with an impression of Main Building. The eighth page will contain a resume of the intellectual athletic, social and literary activities of Bucknell. The Calendar can be secured by alumni and friends no later than Jan. 15th by sending 75 cents to Box No. 194, Lewisburg, Pa.

INTERCOLLEGIATE.

Hereafter at Michigan no summer practice is to be allowed by the football men as a body.

Bryn Mawr has been left $750,000 by an alumna who was recently killed in an automobile accident.

Professional coaches for the crews have been abolished at Yale. The same will soon be done for baseball.

A prize of five dollars is offered at the University of Kansas to the undergraduate who submits the best original football song.

Ground was broken on December 8 for the erection of a building to house the Pulitzer school of journalism at Columbia University. The department is endowed to the extent of $2,000,000.

At a recent meeting of the Senior class of the University of Chicago it was announced that the moustaches of the Senior men should be shaved off at once, and that any one who is caught with that "hirsute" adornment" should be cast into the swimming tank.

Basketball has been dropped at Trinity. The manager submitted his schedule to the faculty, but they would not approve it, and have forbidden any games. Trinity has thus been forced to cancel all her games. The students, however, are taking steps to have this action reconsidered.

Dartmouth.—Average scholarships for 1910-11 show that the Senior mark was 76.7, that of the Juniors 73.5, of the Sophomores 69.6, of the Freshmen 67.4, and of the whole college 71.1. In 1909-10 the average of fraternity men was 68.9, and that of the independents 73.5; in the succeeding year the figures were 69.6 and 73.5. In addition, a list of the standings of the separate fraternities was given.

Gift Books by the Popular Authors

Our Book Department is groaning with hundreds of volumes of copyright books at 50c, worth $1.50.

Girls' and Boys' Books, in the latest series, at 25 and 50c.

Children's Books from 5 to 10c.

Holiday Handkerchiefs by the Thousands

We sell more Handkerchiefs in December than during the balance of the year.

SPAULDING & MERRICK CHICAGO

VOL. - 16

1912

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, JANUARY 8, 1912. NUMBER 12

ACTIVITY NOW RIFE IN BASKET-BALL

THREE MEN THE NUCLEUS.

Twenty-five Candidates Respond to First Call. Biggest Squad Ever. Freshmen Furnish Material.

There is an air of intense interest and enthusiasm, and a great deal of uncertainty on the part of the candidates hovering about the "Gym" these days. News from that quarter is exceedingly scarce and what there is of it does not allay curiosity. But if the number of candidates, and the degree of active interest be taken as a criteron, we can expect to see a good, fast quintet representing the "Orange and Blue" next Friday night, when Bucknell inaugurates her basket-ball season by playing Lock Haven Normal.

The 'Varsity Men.

Three of last year's varsity are left to form the back-bone of the season's team. They are Zehner, '13, who is captain, and one of the veteran guards. This makes his third season on the 'Varsity basket ball team, and a great deal can be expected from his past experience. Fisher, '13, played a number of games last year at center and his close following of this sport makes him a valuable addition.

Bartholomew, '12, who played forward last year will likely be shifted to guard. "Bart" broke into basketball two years ago and has held his position ever since in spite of all other aspirants.

Candidates Look Good.

Out of the large number of candidates who have shown faithful endeavor this season, there are several who are going to find varsity berths. Fetter, '13, one of last season's aggressive substitutes is in fine form. He is a hard consistent player with a great deal of endurance. Follmer, a veteran of last years Academy team will likely find a varsity position. "Mike's" work is of the highest order. Freimyer, a Milton H. S. basketballer and Prescott, who played on the Passaic High School team are both showing up well. Among the rest of the candidates who are attracting attention: Willets, Kelser and Gdanice, all freshmen, and have had several years of experience in their respective high schools.

While the personnell of the basketball team is not a striking one, yet there is present in the efforts of the candidates that spirit of determination and spirit which characterized the work of last fall's foothall team. It is the opinion of those who know, that if the varsity can develop a pair of strong guards there will be no disgraceful defeats this season.

Dickson Not To Coach.

News came during the last week stating that "By" Dickson, who was selected to coach the basket-ball team this season will not return. The loss of a coach at the beginning of a season is a serious handicap to the team. It is absoltuely necessary that an efficient coach be selected. The great number of candidates demand the service of a skillful instructor who has the experience and the ability to select the best. It is rumored that George Cockill, '05, will take charge of this position. Cockill during his college days at Bucknell was considered a great basket ball player. He played for several years with the Harrisburg Collegians, a professional team and his ability along this line is beyond question.

Class Game Ruling.

There is a new ruling issued by the Advisory board which is going to affect the class games. All varsity men are barred from taking part in inter-class contests. This is a wise ruling, which the experiences of last season justified. Frequent accidents occur to the varsity men in these contests where skill is not always a conspicuous element.

All liquor advertisements have been ruled out of Cornell College papers by President Schurman.

D. T. U. DANCE.

The Delta Theta Upsilon fraternity held its annual Xmas dance in the Armory, Wednesday evening, December 20, 1911. The dance was one one of the most successful and enjoyable affairs ever held in the history of the fraternity.

The hall was elaborately decorated in the appropriate Christmas greens. About the walls college and fraternity banners were tastefully decorated. The ceiling was latticed with streamers of Orange and Blue crepe paper. In the several corners of the hall, Christmas trees and cosy corners added to the delightful effect.

The music was furnished by the Seltzer's Orchestra of Pottsville, considered to be one of the best musical organizations in the state. The music rendered was of an exceptional character and elicited much favorable comment. During the intermission, Mr. Howard May of Pottsville, the celebrated tenor soloist of Schuylkill county, sang several very fine selections.

There were about forty couples present with guests from Washington D. C., Philadelphia, Harrisburg, Tamaqua, Danville and other points.

TO TRAIN "REDS"

"DOC" HOSKINS GETS BERTH IN CINCINNATI.

George W. Hoskins, for many years Coach and Trainer of Bucknell athletics, has secured a call from Hank O'Day, manager of the Cincinnati National League Baseball team, to be head trainer of the club, with a salary of $250.00 per month and expenses. Hoskins will report within the next several weeks, and accompany the team on its southern training trip. The selection of Coach Hoskins to fill such an important position is a recognition of well merited worth, especially since the call comes from a man possessing the skill and excellent judgement of Hank O'Day, for many years a ball player, National League umpiro and at present manager of one of the "big league" teams.

Since he accepted the job with the "Reds" Coach Hoskins has received two other splendid offers: one as trainer for the N. Y. Americans and another as physical director in one of the western colleges. He stated definitely yesterday however, that he would decline these last offers and go to Cincinnati.

Y. M. C. A. ADDRESSED

The Y. M. C. A. meeting Thursday evening was addressed by Prof. Lindemann and was of special interest i' was the first meeting of the new year, and an exceptionally large crowd was present.

Prof. Lindemann's address was much enjoyed, as it was very practical. He took some fine illustrations from strength of materials, and applied them to man's character in such a way as to make them very valuable.

The committee on arrangement for meetings has planned some very interesting meetings for this term. Let every fellow come out at the call of the old bell on Thursday evening.

RARE RELICS IN INDIAN COLLECTION

RANKS WITH BEST IN COUNTRY.

Gernerd Collection Forms Nucleus of Exhibit. Many Interesting Specimens Obtained in Vicinity.

Last year the famous collection of Indian relics of the late J. M. M. Gernerd of Muncy, Pa., was added to the collection of relics then in the possession of Bucknell. In view of the fact that the Gernerd collection was solicited by museums at the University of Pennsylvania, Wyoming Seminary and Williamsport Pa. Bucknell is to be considered unusually fortunate in obtaining this collection. it had always been the desire of Mr. Gernerd that the collection should come to our college and after his death his heirs removed the specimens to the Bucknell Museum.

The Gernerd Collection.

The Gernerd collection contains over 10,000 specimens reflecting nearly every phase of Indian life and customs. These specimens have been gathered for the most part in historic places throughout the West Branch valley of the Susquehanna river. Added to the nearly 5000 relics already in the possession of the University, the Gernerd specimens complete one of the finest collections in the state.

By purchase and gift the Bucknell Museum has come to contain practically every type of implement and ornament fashioned by the native American during the stone age. Arrowheads to the number of 10,0000 specimens compose the largest part of the collection. The variety of these implements of flint is extensive, embracing every conceivable size and shape according as they were utilized in war or in the hunt.

Relics Found in Vicinity.

From the great number of Indian net-sinkers found in the vicinity of Lewisburg and preserved in the Bucknell collection it is to be inferred that the Indians were much engaged in fishing as an occupation. Professor Davis has found a great number of these sinkers along Chillisqueque Creek which empties into the Susquehanna river some several miles southeast of Lewisburg. It is to be recalled that Logan, the great Indian Chief who played such a unique and important role in early Pennsylvania history made his home along this creek.

A number of earthen jars contained in the collection show that to tickle the aboriginal palate, the culinary art was well developed. Such earthen pottery had a variety of uses. It was employed in the making of soups, the boiling of meats and green corn, as a receptacle for powdered maize, bear-oil, marrow, fat, maple sugar, honey and berries.

The collection of stone pestles, which were used together with the mortar for the grinding of Indian corn, is one of the finest in the United States. Indian pipes are contained in a considerable number and variety, some being made of baked clay and others worked from the solid stone. Then too, there are gamestones or quoits and ceremonial stones These latter were prominent in the religious fetes of the redmen being attached to long sticks and carried much in the manner of a cross. Another kind of stone, of which the Bucknell collection contains a considerable number was worn upon the wrist to protect the wearer from the stinging rebound of the bowstring following the discharge of the arrow.

Besides these specimens there are others of skinners, decorated pottery, drills and scrapers, lance-heads, tomahawks, bowls and pans, battle axes, beads and rings, ornaments for the clothing, knives and hammers.

One of Best in Country.

Without doubt the Bucknell collection of Indian relics compares favorably with collections in the possession of other schools and colleges in the country. Professor Davis has spent years gathering specimens for the Bucknell collection. A great many he has found himself while others are the result of purchase or gift as was the Gernerd collection. The most valuable specimens of the Bucknell collection have been rearranged for exhibition and may be seen at any time in the Biological Museum in the Bucknell library.

BASKET-BALL SCHEDULE.

ATHLETIC RULES

FACULTY PUBLISHES REQUIREMENTS RECENTLY CODIFIED.

In addition to the full enforcement by the Executive Board of the Athletic Association, of the rules and regulations laid down by the intercollegiate governing board regarding college athletics and athletes, the faculty in a recently issued Bucknell University Bulletin, has published its latest rulings on the control and regulation of athletic here.

Certain athletic requirements have always been enforced by the faculty and the majority of the newly published rules are not new. In view of the recent changes in the control of Bucknell athletics and the agitation of certain intercollegiate questions such as that over summer baseball, a new codification was deemed advisable. The requirements follow:

1. No person is permitted to take part in intercollegiate games unless he is a regular registered student in the University, and is taking at least 17 hours of work per week.

2. The number of games allowed to be played by the respective athletic teams is as follows: Football, 10; basketball, 12; and baseball, 20. At least ten of the baseball games must be at home, the number of field and track meets and tennis contests being left to the discretion of the Committee.

3. No professional athlete is permitted to become a member of an athletic team at Bucknell or take part in any intercollegiate games, "summer baseball" being left to the discretion of the Executive Committee.

4. No student who is deficient in class room or rhetorical work in any term shall be eligible to be a member of a contesting athletic team.

5. Students must satisfy the Executive Board that they have complied with the above regulations before being allowed to participate in athletics.

No student who is deficient in class-room or rhetorical work is eligible to the office of manager or to be a member of any contesting athletic team. The athlete who neglects his school work is an undesirable member of his team as well as of his class, no matter what his playing ability may be. His stay at college is usually short. His coaching and equipment are expensive, and his period of usefulness is so brief that, considering him from a a business standpoint, he represents waste. It is fully realized at Bucknell that from every point of view, the most effective means of controlling athletics, in fact, the only means of keeping intercollegiate athletics from professionalism is a high requirement.

BANQUET TENDERED TO JUDGE M'CLURE

JUDGE JOHNSON TAKES OATH.

Many Alumni and Former Students Visited College During Xmas. Other Alumni Jottings.

Tuesday evening at the Baker house the Union County Bar Association tendered Hon. H. M. McClure, '77, a banquet in recognition of his faithful and able services as President Judge of the several courts of the 17th judicial district during the twenty years, and as a token of the esteem and honor the lawyers have for him as a jurist and fellow citizen. The bar of Union county was well represented on the occasion with five members of the Snyder county bar present.

A. A. Leiser, '65, the oldest active member of the bar and Vice Pres. of the Association, occupied the head of the table and acted as toastmaster. After wading through the extensive menu, everyone present was called upon for a speech, and from what was said it was quite evident that Judge McClure had won the entire confidence and esteem of the lawyers who practiced in his courts; he showed himself an able jurist; he was a fair and impartial judge; he sought for the truth whatever the truth might be; he accepted all arguments and cases on their naked merits and was as little influenced by the personalities of the individuals of any degree, and this is the highest tribute that could be paid to the intelligence and integrity of any judge.

The judge responded with a speech, by expressing his gratitude for the full confidence and good will that the lawyers showed toward him. The occasion was a most delightful one.

TAKES OATH OF OFFICE.

Last Monday at the Court House in Lewisburg the oath of office was administered to the new county officials. To Judge A. W. Johnson, '96, the oath was administered by Prothonotary Ned. F. Church, a former Academy student. The newly elected board of County Commissioners elected Curtis C. Lesher, '04, a Lewisburg attorney, as its solicitor.

AGAINST LONG VACATIONS.

President F. W. Robbins, '98, of the State Education Association made quite a stir in a recent address when he expressed the opinion that a radical change should be made in the arrangement of the school year. He said: "The present arrangement of our school term and the intervening vacation periods is altogether unscientific. There is a general rush to get through the term work and into the long summer vacation. A much better distribution of the year would be four terms of school, each 10 weeks in length, with equal vacation periods aggregating three months between them. This would avoid much hurry and bustle now prevailing in many schools at the close of the term. The long summer vacation during which children forget so much they have learned in school and learn so much outside of school that we wish they would forget, would then be a thing of the past. It would make education the most important business of the child's life. It would result in equally recurring periods of application and relaxation."

ALUMNI VISITORS.

During the Xmas holidays there was a great influx of alumni and former students of the college, now located elsewhere, back to Lewisburg. The majority of these visitors of course claimed Lewisburg as their native town and were likely drawn back on that account; but many others hailing from different localities took advantage of the holiday season to return and renew the acquaintances of college days and pay homage to their alma mater on the hill.

WINTER FUNCTIONS.

Last year, as three classes of us sadly experienced, and all of us know full well, the relations between sections of the students were not as harmonious as many of us would have desired. Among other evil results of this condition of affairs it came to pass that two winter functions, formerly regular events on the college calendar, did not take place: the Junior "Prom" and the College Men's Reception

Their discontinuance last winter term was most lamentable for many obvious reasons. In that particular case, however, the cause for so doing was probably a sufficient one.

But this year things are different. The undergraduate situation is happily the reverse from what it was last year. In view of this changed condition we would urge the resumption of these two important social activities. Both, the last time they were held, in the winter of 1910, were a great success; and the number of functions given about college at this time of the year are at the most none too many to drive away the dulness of a Lewisburg winter.

We see no reason then why the Junior class should not celebrate the customary Junior week, with the "Prom" as its crowning feature, and why the college men should not give to the college women a reception to repay that which the latter annually give them.

BASKETBALL.

The numbers in which candidates have responded to the basketball call and the enthusiasm which predominates their work is an excellent indication of the continued college spirit. The men are starting out right; just the same way as the football team did, and we know what the results there were. May basketball fare as good and better.

It is to be regretted that Coach Dickson cannot return. The abundance and promise of the material certainly is worthy the best coach that can be procured, and a makeshift system of coaching would surely destroy fine prospects.

The schedule for the season, which is published in this issue clearly indicates that the varsity is going to have a hard season, and that nothing but conscientious training and faithful practice will make their work successful.

INDIAN COLLECTION.

Large numbers of students pass daily in and out the portals of our library during the college year, and yet, we venture the statement that the majority of them are unaware that in that building is exhibited one of the most complete and rare exhibitions of Indian relics in the country. Few who are aware of the presence of the collection realize its value. Yet in all likelihood the same students will go to the museum of some great university or city and gaze with gaping wonder at an Indian exhibit only half so good.

All of which goes to prove the great failing of human beings in not appreciating that which is under their very eyes. Hours spent in the survey and study of our Indian collection would be time very well spent in anybody's college course.

To the generous gift of the late Mr. Gernerd and the labors of Prof. Davis in arranging and adding to the collection, Bucknell owes a big debt for placing her in first rank in the possession of relics of the original Americans.

COLLEGE BIBLE CLASS.

Apocalyptic literature will be the subject this term. The justification of a study of this literature in this age is that, although it contains enduring truths concerning the future, these are often so hidden by the form of apocalypse that men fail to perceive the meaning of this Oriental imagery. Consequently it is sometimes asserted that Christianity and modern thought are at variance.

We shall begin with the book of Daniel, the first great apocalypse and from it we shall pass to the origin and growth of the Hebrew idea of immortality.

NEW HYMN BOOKS FOR CHAPEL.

Quite an unlooked-for and startling event took place in chapel exercises in Bucknell Hall, on Friday morning. When President Harris announced the number of the first hymn and the students, assembled for the morning devotion, grasped for their books, lo and behold! the old books, torn, coverless, marked with the inscriptions of many a passing class had disappeared, and in their place were brand new ones. And strangest of all there were enough books to go around.

These old chapel books are almost as rich in college traditions and associations as the old bell. Presumably their fate will be the ash heap or the fire. Some of them are certainly relics worth putting into the University Museum.

WONDERFUL CAPTURE.

Exciting Time In Monterey Bay—Fast Sailing—Monster Shark Captured.

Yesterday as Captain Emanuel Peress of the fishing smack Garibaldi was about to tack and sail for port he had an adventure with a monster shark that the crew will long remember. They had turned toward shore when a commotion commenced in the water, and instantly the ropes holding the net tightened and the smack started off at a rapid gait, the waves washing over the deck. The crew were thoroughly frightened and wanted to cut loose, but Captain Peress kept cool and ordered them to stand ready for whatever it was that had hold of them, and for half an hour no one knew what was going to happen. They could see nothing, but they were going away, and some invisible power had hold of the boat. Then a big black object came suddenly to the top, jumping clear out of the water, trying to loosen himself, then started for the shore, and soon had run into the bar, and the tide left him high and dry, and they could then see what it was that had nearly scared the life out of them, a monster shark measuring 36 feet, the largest anyone on this coast had ever seen.

Thousands have visited it, and tomorrow morning a tug belonging to the American Fishing company, owners of the smack, will tow the monster to San Francisco, intending to have it neutralized and placed on exhibition.—Monterey Herald, April 29, 1905. Now with North Bay Counties Exhibit Cars.

ALUMNI JOTTINGS
Concluded from first page.

Still another cause may have been that our football team of last fall stirred things up so that our interested alumni wanted to see with their own eyes the wonderful effects produced here as the result of it. No doubt they would have appreciated this more fully had they been here when the students were around. Whatever may have been their reason for coming, they were here and following is the list of the approximately fifty visitors:

E. A. Sable, '11, Tyrone, Pa.
A. O. Vorse, '05, Ardmore, Pa.
E. I. Lawshe, '09, Altoona, Pa.
John Catherman, '07, Decatur, Ill.
W. Neil Baker, '11, Altoona, Pa.
Paul J. Sanders, '11, Hawley, Pa.

Morris C. VanGundy, '98, and Mrs. VanGundy, who was formerly Art Teacher at the Institute, Port Arthur, Texas.

INFORMAL DANCE.

The Phi Kappa Psi fraternity held an informal dance in their halls on Friday evening last. The dance floor was very tastefully decorated in fraternity colors, lavender and pink, the effect greatly enhanced by the scenic display of electric lights. Among the guests entertained were a number of Milton and Sunbury girls.

DEMOSTHENEAN DINNER.

The Demosthenians in and about Philadelphia banqueted together in the Red Room of the Central Y. M. C. A. of that city, on Thursday evening, Dec. 28. Sixteen were present. The alumni in attendance were: Snyder, '02, Ulmer, '02, Robey, '01, Sheppard, '06, Sholl '10, and Oliver, '11.

RESERVED SEAT TICKETS.

Reserved seat tickets for the home basket-ball games are now on sale at the College Book store. The price has been reduced to $1.00 since only seven games are played on the home floor.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

O'Brien, '12, will this winter have charge of the classes in the "Gym."

Crandell, ex-'12, who is teaching at Turbotville, was in town over Saturday and Sunday.

Reading, '14, of Franklin, has been unable to return to his college work because of sickness.

Goodwin, '14, who spent the fall working for "Coxy" Thompson is back to resume his studies.

Johnson, '12, has completed his college work and is entering Crozer Theological Seminary. He will be back to graduate in June.

Remember the first basketball game in Tustin "gym" this Friday night. Varsity faces Lock Haven.

Gronde, '11, University representative, is spending a few days about college. He has just returned from an extended trip through the western part of the state.

According to an announcement made in yesterday's papers from Ithaca, Bucknell and Cornell will not meet on the diamond this spring.

Wight, '14, is not in college this term. He has returned to his home in Las Animas, Colorado.

DR. G. C. LEE HERE WEDNESDAY

The man who can and does bring things to pass deserves notice. People will do well to study him. Wednesday night the college and town are to have the privilege of hearing one who has shown by real accomplishment that he is a man of no small calibre. That man is Dr. Guy Carleton Lee. He has a number of different "degrees," but they take up too much space; what we want to know is, how much he has done.

For a short time he taught English History in Dickinson College. He also spent a period teaching law in Columbia University. For thirteen years he taught history in Johns Hopkins University and used his spare moments in writing a very considerable number of good books. His line of work seems to be more especially history. He has a powerful and pleasing personality and uses it very effectively in making whatever he says strike fire.

No one who has the opportunity to hear him should let it pass. He is one of the orators of the day; and the Y. M. C. A. committee is proud to offer to the public the best possible. As usual the lecture will be held in the Beaver Memorial church an admission of fifty cents being charged to those not having the regular course ticket. Doors open at 7.30 P. M., lecture at 8.15.

ALUMNUS' WORK IN ASSAM.

Mrs. Robt. Longwell, a missionary, in Assam, India, writes the following about the work of Dr. J. Harvey Bailey, '06, who is serving as a medical missionary in the district of Impur, of that country:

"Dr. J. Reilly Bailey, a graduate of Bucknell, who came to Impur last December (1910) has been out a few times to visit sick ones who called him. The paths are very slippery and we do not consider it safe to go during the heavy rains. Dr. Bailey has been very successful, yet we feel that he will not be able physically to do the hard journeys as he has started out. We are so glad for Dr. and Mrs. Bailey. They are capable and very willing to work, and as a physician Dr. Bailey is keen and enthusiastic."

NEW STUDENTS.

The new students who have entered college this term are: Malcolm Buffington, Brookville, Pa.; Fred Burlew, Freneau, N. J.; and Ralph Frye, Monessen, Pa. All are entering the Freshman class.

INTERCOLLEGIATE.

University of Pittsburgh offers a new course of Oriental languages, including Hebrew, Siamese and Sanskrit.

Although the total enrollment of Dartmouth College has increased from 898 to more than 1,300 in the last six years, the number of students per faculty member has decreased, thus preserving the advantage usually peculiar to a small college of personal relations between faculty and student body.

By a new faculty ruling, all Yale undergraduates must hereafter room on the campus. This ruling is aimed especially at the wealthy class, and it is thought that it will promote demomocracy among the students.

In the China Department

Great opportunities in this department, in dinner sets, odd pieces, also in cut glass. Here you can get bargains that are good the year round. Every lady loves fine china and cut glass. Now is your chance to secure some at cos.

In the Domestic Department

Are blankets, outing, flannelettes, elderdowns, ginghams, percales, tapestries, linens, opplins, etc., marked away down. White goods and curtainettes are in the reduced lots.

Carpets, Rugs, etc.

This department on second floor is full of exceptional values for the opportunity sale. Bring the exact measurements of your room and secure a bargain from the reduced lots. Rugs are sacrificed. COME.

BOOKS Many of the latest 50c Books 25c. Some 25c kinds are 5c. Come and see.

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, JANUARY 15, 1912. NUMBER 13

VARSITY DEFEATS LOCK HAVEN, 56-13

NORMALITES EASILY OUTPLAYED

Local Quintet Displays Excellent Team Work. Fulmer and Fisher are Biggest Point Gainers.

Basketball stock took a decided jump last Friday night when the "Orange and Blue" completely overwhelmed Lock Haven Normal school in Tustin gymnasium by the score of 56-13.

It was the first game of the season and while the visitors were not fit opponents for the varsity, yet they served to show what this year's team can be expected to do. The result of the game proved highly satisfactory to all who witnessd the contest. The overwhelming score tells the tale precisely. Save for several minutes of loose team work, the varsity by its superior passing and shooting kept the enthusiasm and interest of the spectators keyed to the highest pitch. "Mike" Fulmer was easily the hero of the evening. Fourteen of the twenty-six baskets scored by the "Orange and Blue" came through the phenomenal shooting of the freshman. Fisher came next with a total of six baskets.

Lock Haven made the first point on a foul by Bucknell. The first half was played under the new rules used by the big colleges, which requires one-hand dribbling. As a consequence three successive fouls were called on the "Orange and Blue" before the members of the team could accustom themselves to the ruling.

Fulmer started the scoring for the varsity after three minutes of play. This was a signal for a general run on the basket. And in no time the varsity took a decided lead in the scoring, which left the result of the game in doubt at no time. The superior skill in passing as was evidenced last year by its absence was a feature that figured greatly in Friday night's contest.

Lock Haven was unable to find the basket and was completely at the mercy of guards Zehner and Bartholomew. Too much credit cannot be given to the work of last year's veterans. It was due to their defensive work that the visitors failed to run up a score.

The first half ended the rather one-sided contest with the score 33-3. Lock Haven succeeded in making but one basket which, Nealon made toward the close of the half by a desperate effort.

The second half saw Lock Haven display a little more aggressiveness which later on developed into a species of rough house. Finding their efforts futile in all stages of the game, the visitors resorted to every desperate resort to stop the varsity's running pace. Fetter was substituted for Preiskel and later in the game Schaffner took Bartholonew's place. Fulmer again was the chief offender at the basket, totaling five in this period, while Fetter succeeding in increasing the score with three more goals. Lock Haven fared a little better in this half and scored five goals. The final score: 56-13.

Lock Haven	Position	Bucknell
Fulmer	forward	Mathew
Preiskel	forward	Nealon
Fisher	center	Moran
Bartholonew	guard	Adams (Captain)
Zehner	guard	Ruffner

Captain

Referee — Hagee, Lancaster. Timekeeper, Goehring, Bucknell. Goals from field—Fulmer, 14; Fisher, 6; Preiskel, 1; Fetter, 3; Zehner, 1; Mathew, 1; Nealon, 2; Moran, 1; Adams, 1. Foul goals—Bartholomew, 3; Schaffner, Moran.

INSTRUCTOR DIES

MISS BOYNTON OF SCHOOL OF MUSIC PASSES AWAY.

Miss Mary Elizabeth Boynton, for nearly six years instructor in the school of music, passed away very quietly at the Institute on Thursday afternoon. When Miss Boynton returned from the vacation she was suffering from a heavy cold which later developed into laryngitis. She had not been very strong since the summer and when the cold seemed almost better her heart gave out. She died very peacefully—slept away, in fact.

DR. EACHES RESIGNS PASTORATE.

Dr. O. P. Eaches, '63, tendered his resignation Sunday as pastor of the Highstown, N. J., Baptist Church to take effect April 30, 1912. Dr. Eaches entered upon his pastorate there in 1870, and has given his church forty-two years of uninterrupted and efficient service and has won his way deeply into the hearts of his congregation and the community at large. During his time at that church he has baptized over 900 persons.

Dr. Eaches was enrolled as a student at Bucknell when the Civil War broke out. He and many of his classmates gave up their books and enlisted in the ranks of the Union army. They fought the Rebels during the greater part of their Senior year and returned in their uniforms on graduation day just in time to take part in the exercises. After they had received their diplomas they returned to their regiments.

ENGAGEMENT ANNOUNCED.

Announcement has been made of the engagement of W. Carleton Sprout, '08, of Carlisle to Miss Helen Martin of Jersey Shore.

SMOKY CITY ALUMNI DINNER JANUARY 20

RECORD ATTENDANCE ASSURED.

Third Annual Bucknell Dinner Promises To Be Great Success. Fort Pitt Hotel The Place.

One of the big alumni celebrations of the year will be the third annual Pittsburgh-Luckneil Linner, to be held next Saturday evening, January 20th, at the Fort Pitt Hotel, Pittsburgh, Pa. From the manner in which the alumni of the Smoky City section responded to the preliminary announcement, it is apparent that the Dinner will be well attended and a great success.

In and about Pittsburgh there are more than 150 Bucknell alumni men, a large portion of whom have at various times attended the Bucknell Dinners given each month. It is expected by the committee that more than half of this number will be in attendance at the Annual Dinner, thus forecasting the largest gathering of Bucknell alumni ever held in this section of the State. Many of the alumni from a distance find it impossible to attend any Bucknell meetings hereabouts except the Annual Dinner, and it was to accommodate these that it was arranged for Saturday evening.

From the present outlook, Bucknell men will be on hand from Greensburg, Irwin, Jeanette, Braddock, McKeesport, Washington, Carnegie, Butler, New Castle, Sharon, Beaver, Beaver Falls, Kittanning, New Bethlehem, Franklin and other points, as well as one or two representatives of the Bucknellians from Lewisburg. The contingent living right in Pittsburgh will come out almost enmasse, as the spirit developed by the monthly dinner is taking hold fine and the Pittsburgh-Bucknell Club is the livest of all Bucknell Alumni associations.

The affair will be very informal, and there are no set speeches arranged. As is the custom in the Pittsburgh Dinners, all may speak who feel so moved by the spirit of the occasion. "Coxey" Thompson, of course, will have his little say, as will some of the others who bear interesting messages. New officers will be elected also. Bucknell spirit will flow free, and all who may chance to read this notice are urged to present themselves at the Fort Pitt, Saturday evening at 7.30. The price will be reasonable. Acceptances should be sent to the secretary, E. B. Hulley, Commonwealth Bldg., Pittsburgh, Pa., so the committee may know how many to provide for.

"GYM" NOTICE.

Classes in "Gym" work were started last week under the direction of O'Brien, '12. All students are expected to take some kind of work in the gymnasium several times a week. This notice applies especially to freshmen. Those trying for positions on the varsity basket-ball teams will be excused from the Classes.

At the end of the term it is proposed to give an exhibition of mid-winter sports. Trophies and honors will be awarded to the most proficient in the work. Every effort will be made to get the student body interested in the advantages of physical culture.

The following is a schedule of the classes:

Gymnasium open from 3 to 6 P. M. On Saturday open from 2 to 5 P. M.

MONDAY.
Freshmen—Juniors.
TUESDAY,
Sophomores—Preps.
WEDNESDAY.
Freshmen—Juniors.
THURSDAY.
Sophomores—Seniors.
FRIDAY.
Freshmen—Preps.

H. E. Biliger, '03, is Ass't. Engineer to the State Highway Commission of Illinois with headquarters at Springfield.

NEW EASKET-EALL LEAGUE.

Some of the smaller Eastern colleges are planning a new basket-ball league, because of dissatisfaction with the present Intercollegiate League ruling restricting its teams playing games outside the association. The College of the City of New York is back of the movement and while it is not difficult to obtain a sufficient number of colleges to join, the trouble is in securing those near each other. The colleges under consideration at present are Brown, Wesleyan, Massachusetts Institute of Technology, Pennsylvania State, Rochester and Syracuse. In recent years the smaller Eastern colligees have turned out good teams, several of which have beaten fives representing the colleges in the present Intercollegiate Association.

This array of teams looks to be about in Bucknell's class. Would it be a bad idea for the athletic authorities here to consider making application for admission to the league?

TO PILOT HARRISBURG

GEORGE COCKILL, '05, TO MANAGE TRI-STATE CLUB.

George W. Cockill, '05, the star of many Bucknell football, basket-ball and baseball teams, will next season manage the Harrisburg team in the Tri-state league, according to an announcement made last Wednesday. Cockill has played professional ball for a number of years, being with Albnay, Williamsport and Montreal at different times. Last year he was part owner and manager of the Reading team in the Tri-state league and played first base, winding up the season with his team in possession of the pennant, and himself among the top-notch batsmen in the league.

ADDRESSES Y. M. C. A.

Thursday evening, Dr. Phillips gave a talk to the men at the weekly meeting of the Y. M. C. A. His subject and his treatment of it was thoroughly to the point.

He brought out the fact that "religion is nothing which stands apart from a man but is that which is ingrained within a person. It can become a dominant factor in life when a man realizes his duties and responsibilities and lives a life in harmony with that of Christ and his principles. The true Christian is he who takes Christianity into his daily work, his athletics and his relations with his fellows".

Next Thursday evening Rev. Thomas, pastor of the Presbyterian church, will address the men. All are urged to come out for Mr. Thomas has also something vital to present to the students. At the tap of the "Old Bell" let every man drop his work and bring a chum with him!

ANNUAL "PROM" ASSURED BY JUNIORS

COMMITTEE IS APPOINTED.

Date Has Been Set For Feb. 23 During Junior Week. A Great Success Is Predicted.

The Junior "Prom" an annual event that has been more or less neglected by preceding Junior classes, is being revived by the class of 1913. Arrangements are being made that should lead to an unconditionally successful hop. The committee has already decided upon a final date—Friday, February 23, 1912. This proves to be the most convenient date for it comes in Junior Week together with other Junior functions and with the State and Alumni games. The "Prom" is usually a Junior function for upperclassmen which a limited number of underclassmen may attend upon invitation. The committee:

Eshelman, Chairman	Schaeffer
Arndt	Still
Bernhardt	Stout
Everett	Talbot
Piersol	Walter
	Winters.

LEWISBURG IS HEALTHY.

The following excerpt from the Bi-monthly University Bulletin for December shows the healthfulness of the location of the institution:

The Bucknell University is located at Lewisburg, in Central Pennsylvania, on the west bank of the Susquehanna river. The town has an elevation of five hundreed feet above the level of the sea. Its latitude is 40, 57, 20 degrees, one degree farther north than Philadelphia. Its climate is consequently moderate. The Nittany and Buffalo ranges of Mountains, running northeast and southwest, form a shelter from the northwest winds. The Susquehanna permits excellent drainage of the town and of the college grounds. Vital statistics show that Lewisburg is situated in one of the most healthful regions in the country.

COLLEGE BIBLE CLASS.

The first two chapters of Daniel present the story of exaltation through loyalty to ceremonial law and through wisdom received from God. These stories probably are not records of real events, but traditions used for religious instruction.

They contain premanent truths. The first teaches that adherence to form is sometimes necessary for the maintenance of truth. The second suggests that religion with its idea of God, that ultimately the Kingdom evidence in its favor, that empires rise and fall according to the will of God, that ultimately the Kingdom of God will triumph in this world.

"When the People Wake": Subject of Dr. Lee's Lecture.

Wednesday evening, a large audience listened to the lecture delivered by Dr. Guy Crateton Lee. On the whole Dr. Lee fell somewhat below the expectation of his hearers. This may be due, at least in part, to the fact that too much had been expected of him, for he came very highly recommended.

His ability as a teacher and writer is quite evident from what he has done. As a lecturer, however, he does not quite seem to do justice to himself. His subject was suggestive: "When the People Wake." In fact his leading thoughts were logical and at the same time interesting. In the early part of his lecture he recited some of the conditions which prevailed in Rome, and finally led to the destruction of that great city. Then coming down to the present day he pointed out a few of the causes for the feeling of unrest in our country. In conclusion he showed why the country is not in any great danger from this feeling of unrest, and how the feeling will be overcome by the awakening of the morals of the people.

Throughout the lecture he used a great many stories and illustrations. Most of them were good; but somehow they did not have a very evident close connection with the point directly under discussion. They were a little too isolated. They did not contribute enough to the main purpose of the lecture.

It would be difficult to find two men more unlike than Gov. Glenn and Dr. Lee. They come from the same state but are alike in scarcely another particular. Glenn seemed to get close to the people while Lee rather kept aloof from them. Dr. Lee made many good statements, strong and effective in themselves. But he set out to do more than he actually accomplished and on the whole his lecture failed to impress the audience with much force.

International Y. M. C. A. Men Will Lead Meetings Here.

J. W. Pontius and C. E., alias "Ted" Mercer, two international Y. M. C. A. secretaries, are coming to Bucknell to hold a series of Men and Religion Forward Movement Meetings from the 24th to the 28th of this month. Every evening during their stay mass meetings in Bucknell Hall will be addressed either by Mr. Pontius or Mr. Mercer. A large number of alumni have signified their intention of coming back at that time, and assisting the leaders with the meetings.

There seems to be a desire on the part of Bucknell men now as never before to make their alma mater a bigger and better institution. The college men and the men from the academy have the rare opportunity of hearing men who are known in every large eastern university. Some of the larger institutions are visited almost every year by one of these men. Mr. Pontius and Mr. Mercer have at different times been at Yale, Harvard, Princeton, Columbia, and University of Pennsylvania, and have interested and helped the students in a great degree.

Bucknell men have an opportunity which seldom falls to the lot of the men of the smaller institutions, one which ought to appeal to every man. These men understand and appreciate the college man's view point. Both Mr. Mercer and Mr. Pontius have been associated with colleges almost entirely since their own college days, and therefore have an interest in college men and create an interest among them.

Remember the date and come out in force at the first mass meeting in Bucknell Hall, January 24th.

ATTENTION FRESHMEN.

Freshmen, interested in Literary Society work, will meet in Theta Alpha this evening, Monday, at 7.00 o'clock Sharp.

ALUMNI ADOPTION.

At a recent meeting of the Alumni Council of the Univ. of Pittsburg, the "Pitt Weekly" was adopted as the official organ of the General Alumni Association of the University. Every member of the association in good standing will be mailed a copy each week, and a special section, added to the paper, will be reserved for alumni news.

We wonder if The Orange and Blue should not be adopted in like manner by the General Alumni Association of Bucknell. In the issue of October 9, we published a communication from one of our prominent alumni, proposing an alumni publication. Plenty of proof was advanced by the writer to evidence the need of such a medium of communication among our graduates. But the suggestion, far from being taken up, failed even to arouse discussion. And the reason was in all probability because the alumni, and perhaps rightly, deemed a special publication impracticable, chiefly for financial reasons. But alumni adoption of The Orange and Blue seems most feasible from every point of view.

Financially it would entail not very much extra expense to increase the present size of the paper and set aside an entire page or more each week as a special alumni department. The increase in alumni subscriptions alone, were the feature properly worked up, would more than cover the extra cost.

As to editing this department, the idea would be to take it entirely out of the hands of the undergraduate staff and appoint an alumni board, with representatives from all districts and the chief editor a Lewisburg alumnus, to supervise the work at this end. There should be little difficulty in finding plenty of our graduates more than willing to undertake this work.

Furthermore, we believe that combining alumni and collegiate news would tend not to decrease, but to increase the circulation and popularity of the paper on all sides. Undergraduates are greatly interested in knowing the activities of the graduates of their institution, and certainly alumni want college news. Combining the two is not a makeshift but the ideal.

Why such an alumni organ is needed is so obvious and has been so thoroughly discussed that further treatment of that side of the question is quite unnecessary. Here is a feasible proposition. The Orange and Blue can do no more. It is now with the Alumni Association to take the initiative. Will they do as Pittsburg has done: officially adopt The Orange and Blue and appoint a committee to confer with the board of control and editors of the paper in order to put this plan into execution? Or will this meet the fate of so many other good propositions and be utterly disregarded and dropped? Which?

A COOD MOVE.

The Y. M. C. A. is to be congratulated in obtaining men of the calibre and note of Mr. Mercer and Mr. Pontius to address the students here during several days of meetings. It is quite a task for the smaller colleges to secure men who are so much in demand by the big universities, and Bucknell men should certainly appreciate the opportunity of hearing two of the country's foremost speakers.

It is to be regretted that addresses to the students by prominent speakers are of such infrequent occurrence here. Good, forceful talks by the men who are out and doing things are an invaluable supplement to a college course. Therefore we welcome the coming speakers, and wish only that we had the opportunity of welcoming men of similar prominence more often in the college year.

That the students resent the action of Susquehanna in their attempt to secure one of Bucknell's important basketball players, is evident from the sentiment in favor of cancelling all games with their teams. Such methods as used by Susquehanna are not considered the most sportsmanlike and Bucknell should not stand for such treatment. The player's name was used in their line-up in a recent contest with another college but the Bucknell man remained true to his college. The report that he expects to leave for Susquehanna is false as he has expressed his intention of remaining at Bucknell.

HOW UNIVERSITIES RANK.

According to statistics compiled by the Daily Princetonian, Columbia is the largest university in the country, with an enrollment of 5,669 students. Cornell comes second with 5,889. Some of the other universities, in the order of their size are: Michigan, Harvard (4,724), Pennsylvania, Illinois, Minnesota, California, Wisconsin, New York University, Northwestern, Yale (3,224), Syracuse, Ohio, Chicago, Nebraska, Missouri, Kansas, Texas, Iowa, Stanford, Princeton (1,543).

A CARD TO CITIZENS.

Do not confound the North of Bay Counties Exhibit Cars with any other exhibit cars that have ever visited the city.

We are not selling land, neither are we advertising for railroads.

We are sent out by the twelve boards of trade, made up of the business men and ranchmen to promote immigration to our particular section of California, and show the products which we raise without irrigation.

We are here to show you what is being done daily in the land of sunshine, fruits and flowers, where the harvest starts on New Year's day and ends on New Year's eve.

The inducements we offer in our part of California in climate, soil and opportunities are unsurpassed in any other section of the west.

Our expenses are heavy. We pay for everything as we go, and we find it necessary to make a small admission charge, as do all world's fairs, to help defray expenses.

The two cars are filled with a grand array of fruits and vegetables, curios and relics from all over the world, including the largest shark ever captured, all going to make up what might be termed a little world's fair on wheels, and the most instructive exhibit that has ever paid your city a visit.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Reading, '14, who was detained at home by sickness, has been able to return to college.

Carl Sprout, '08, Managing Editor of The Carlisle Herald, stopped off for a few hours between trains Sunday morning to visit the hill.

The Senior Sleigh Ride will be held Wednesday afternoon. Party leaves at 4.30 for Sunbury. Seniors who are going should hand in their names to Igler, Chairman of Committee.

Lotte, '14, was compelled to leave for his home in Patterson, N. J., on Wednesday on account of threatened illness, which has turned out to be a slight attack of appendicitis.

The picture of the Freshman football team will be taken at Cook's studio on Wednesday at one o'clock. Any who fail to report will miss the picture, as there will be no further postponement of the date.

Since the arrival of the cold snap our exchanges have been quite filled up with complaints at the inadequate heating system in the "dorms" of the various colleges. I e it said for Bucknell's heating plant that it has done great work, and we are able to fill no space by complaints against it.

Sigma Alpha Epsilon entertained a number of Seminary girls Saturday evening at the chapter house at progressive "500."

SEMINARY NOTES.

Mr. E. E. McNall visited his daughter, Frances McNall, '14, on Friday.

Ada Brooks, '12, spent several days at Harrisburg last week to attend the marriage of a relative, where she was bridesmaid.

Mary Jameson and Dora Raymond, both of last year's class, visited the girls at the Seminary at the beginning of the term.

Miss Alice Lutz, formerly a teacher at the Institute returned Friday, having been called here at the time of Miss Boynton's death. She will return to her home, Shippensburg, Pa., on Monday.

Mrs. Wilson, a prominent worker in the W. C. T. U. is in Lewisburg and will spend the winter with her granddaughter, Mildred Kirk, '14. Mrs. LeRoy Stephens entertained for her on Saturday afternoon.

INTERCOLLEGIATE.

De Pauw University will adopt the "honor system," which requires each student to sign a pledge promising to not use ponies or copy from others during examinations.

There are about 55,000 students enrolled in the principal universities of Germany. Berlin has 8,000, Munich 7,000, Leipsic 4,600, Donn 4,600, and Heidelburg, 2,400.

The University of Michigan has a larger number of alumni in congress than any other university in the country, having four Senators and twenty-three Representatives.

The Chronicle, of the University of Utah, is a real factor in Salt Lake City politics. It's whole back page is taken up with half-tones and notices of candidates for "clean, progressive politics."

During the past football season the Tulane University team was under the management of a girl, who conferred with the coaches, attended all practices, and had full care of the team on the trips.

PAMPAS PLUMES.

All the early travelers to South America, especially Peru, never forget to mention in describing that country the luxuriant Pampas Plumes that grow wild on the Pampas or plains. Later visitors to California were enthusiastic over the flower gardens. California, a country famous for flowers, where the Pampas Plumes are cultivated, they grow many times larger than in their native country, resembling a beautiful Ostrich Plume.

The manager of the California Cars that are to visit our city soon has been fortunate in securing a limited number of this beautiful product of nature, and will present one each to the first fifty married ladies who have paid admission tickets each day during their stay here.

At Reading Sation, Lewisburg, Pa., Monday and Tuesday, Jan. 22 and 23.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, JANUARY 22, 1912. NUMBER 14

BUCKNELL TROUNCES SUSQUEHANNA, 39-21

BARTHOLOMEW HEAVY SCORER.

Orange & Blue Quintet Excels in Spectacular Contest. Takes Big Lead Early in the Game.

Bucknell defeated her old rival, Susquehanna University, Friday evening in Tustin Gymnasium before a large assemblage by the decisive score of 39-21.

The game was bitterly fought throughout; Susquehanna backed up by a large following of rooters jumped into the contest with a determination to win. The visitors never lost this feeling of confidence and were at all times a foe to be feared and guarded. Bucknell on the other hand displayed better judgement and superior skill. The substitution and change in the line up, which put Bartholomew in the forward position and Schaffner in his place at guard, was opportune and strengthened the team considerably. This was the second game of the season and was the first real contest to test the strength of the local team, for the visitors brought with them the proud record of holding Albright to a one point victory.

The game opened with lots of snap. For several minutes neither side succeeded in registering a point; the guards on both sides watched their opponents with effective persistency. Bartholomew broke the spell, however, by throwing a foul goal, following it up a moment later with a pretty field goal from the right. The varsity had six points on the slate to her credit before the down-river collegians found the basket. It was only for a miserly foul, for Bart again butted into the contest with some spectacular shooting, nor did he stop until he had scored six out of the ten field goals in the first period. Boyer, the former Bucknell Academy veteran, followed Fulmer around the floor like a sleuth and broke up a few of "Mikey's" calculations but not enough to prevent the wiley Freshman from adding four points to the varsity's score.

The short fast passes and accurate shooting on the part of the Orange and Blue men had the visitors dazed. They made valiant but for the most part ineffective efforts to stop the fusilade of goals. Only two free throws were credited to the visitors in this period. The half ended with Bucknell in the comfortable lead, 24-6.

In the second period the Susquehanna quintet gave the Varsity an even struggle. Swope for the visitors proved a dangerous opponent after he had been taken from forward and placed at center. Six field goals were the results of his efforts. Susquehanna scored first and for a time played around Bucknell, whose several members were inclined to "loafing." This was of short duration, however. Fulmer and Fisher started to stir things up a little and boosted the score guage several notches. The play became very rough at times and the enthusiasm of the spectators kept interest nop-notch. It was in this period that the varsity was penalized a field goal because some one amongst the spectators tried to imitate the referee's whistle which put the players in confusion. After a short delay the game was resumed but Susquehanna could do nothing toward cutting down the Varsity's lead. The game ending, 39-21.

The line-up was:

Susquehanna	Position	Bucknell
H. Follmer	forward	Fulmer
Swope	forward	Bartholomew

Big Meetings, Conducted by Pontius and Mercer, Will Begin Here on Wednesday Evening

J. W. Pontius.

"Ted" Mercer.

One of the chief subjects of interest on the hill these days is the coming series of mens' meetings. They will begin Wednesday evening and continue until Sunday evening. Each will last exactly one hour from seven to eight, in order not to interfere with the regular school work. The basket-ball game, on Friday evening, will be held at eight-thirty instead of eight in order that the fellows may have ample time after the meeting to walk to any part of the school or town and still get back in time to see all that goes on at the gymnasium. The work will be under the leadership of J. W. Pontius and "Ted" Mercer.

Pontius is a native of the Keystone State. He took his "prep" work at Alden Academy, Meadville, Pa., and then went to Ohio Wesleyan University for his regular college course. While there he not only earned his A. B. degree, but at the same time won the honors of being "class Prexy" and Varsity Center in basket-ball. His fraternity is Phi Theta Alpha; and he is just as strong for the social side of school life as he is for the technical side. This almost invariably gives him a strong hold with college men.

"Ted" Mercer is quite a different fellow. His life has been what some would call spectacular. Coming from one of the most prominent families in Savannah, Ga., he had all the advantages which wealth and social position can offer. On entering the University of Virginia he soon came to be regarded as one of the social and athletic heroes. He was a crack football and baseball player; a member of the Beta Theta Pi fraternity and a leader in college activity. Perhaps it was the very fact of his great popularity and social prestige which started him in the wrong direction. Whatever it was, he certainly went down until there was hardly any possibility of believing that the "Ted" Mercer who was in the very gutters of immorality was the same "Ted" Mercer who, but a few years before had been a hero of athletics and a lion of society. The whole story is too long. Let it suffice to say that he finally had the grit to change his tactics completely and plunge, with the very greatest enthusiasm, into the work he is now following,—that of impressing men with the fact that it is very poor policy to give way to the allurements which college offers in such a subtle way.

Under the leadership of men like these, the meetings are bound to help everyone who is willing to show a slight interest by attending. Their subjects are not merely theoretical. Like the men themselves they are exceedingly practical. They come straight from the shoulder; and that is what counts.

In addition to these men, who will associate with the fellows as well as speak from the platform, each evening, the following alumni expect to be on hand to live with their respective "bunches" and contribute as far as possible to the interest in the meetings:

Phi Kappa Psi	Wiltbank, '08
Sigma Chi	Koukle, '01
Phi Gamma Delta	Goodall, '02
Kappa Sigma	Velte, '10
S. A. E.	Butler, '97
Demosthenean	Fetter, '09
D. T. U.	Mathias, '09
Alpha Sigma	Crossman, '11
Forum	Edwards, '10

The meetings will be held in Bucknell Hall at 7.00 P. M. each evening. Come and bring somebody with you.

FRESHMEN BEAT JUNIORS.

The contest between the Juniors and Freshmen last Wednesday night opened the series of the class basketball games. The game was amusing rather than interesting keeping the spectators in an uproar almost the entire evening. During the first part of the game the score stood very close, the two teams alternating baskets. At the end of the first half the Freshmen had the advantage of five points the score being 14-9.

In the second half the first year men took a brace and by means of a little team work managed to take a good lead. Toward the end of the game they felt safe in putting in a number of "subs." For the Juniors the lack of practice and the absence of team work, proved fatal. However they were able to make some skillful long distance shots.

The absence of the varsity men seemed to detract somewhat from the interest of the game but no doubt they were glad to be excused and opportunity was given to others to get in the game, who formerly might have been barred out.

Freshmen	Position	Juniors
Coughlnour	forward	Shaffer
Buffington	forward	Harris
Willets	center	Dunkle
Glanlee	guard	Bernhardt
Keyser	guard	Richards

The substitutes were Murray for the Juniors and Maffley, Winsor, Williams, Speer and Hamlin for the Freshmen

SENIOR SLEIGH RIDE.

Disappointed three or four times in the Junior year, because the snow melted before the sleigh bells could jingle, the Senior president determined to give the Junior committee another chance. With the heavy snow fall and exceeding cold weather of the past two weeks, the committee started to work and arranged the ride for last Wednesday and made Sunbury and a good time the objective.

It was just twenty minutes to five when the sleigh filled with Senior girls and fellows left the Seminary. The sleigh was crowded as all sleighs should for a good time and the trip to Sunbury was made without special incident. The stop was made at the City Hotel where tables had been reserved for the party. After supper came a "sing" in the parlor and trips to the moving picture shows and other points of interest. At 10 o'clock all piled into the bob for the return trip tired but happy.

Committee: Igler, Chairman, Rockey, Meyers, Dutton, Roberts, Hoffman, Reiter.

DR. HULLEY WON SUIT.

The news has been received that Dr. Lincoln Hulley, who had been sued by a girl whom he expelled from Stetson University some time ago, has won his case, which involved the paltry sum of $1500.00, in the Supreme Court of Florida, thus reversing the verdict of the lower courts

JUNIOR DEBATE.

The Junior Prize Debate Contest is this year to be given before the Business Mens' Association of Lewisburg on the Parcels Post question, and will be held in the Court House instead of Bucknell Hall.

Some time ago the Business Mens' Association was asked to give its opinion either in favor of or against Parcels Post. In order that they might get an understanding of the question it was suggested that a team of students be requested to present the matter to them in the form of a debate. Prof. Smith then arranged to make out of this the annual Junior Debate.

Five men have been chosen to compete. Three will take the affirmative and two the negative. The debaters are: Everett, Freiling, Jackson, Kelly and Walter. No definite date has yet been set for the contest but it will occur earlier this year than usual, in all likelihood within a few weeks.

DATE OF LECTURE CHANGED.

The next number in the Bucknell Y. M. C. A. lecture course which was scheduled for January 23 has been postponed until Wednesday, January 31.

STUDENT SECRETARY HERE.

Mr. Irwin Deer, Y. M. C. A. Student Secretary was here for several days to discuss plans for the coming meetings, with the Y. M. C. A. cabinet.

MISS BOYNTON'S LIFE DEVOTED TO MUSIC

HER HEART IN HER VOCATION.

Deceased Instructor Was Buried in Native Town Waterbury, Mass. Services Largely Attended.

Miss Mary Elizabeth Boynton, a member of the faculty of the Bucknell School of Music, died at the Seminary on Thursday afternoon, January eleventh.

Brief funeral services were conducted by Dr. Judd in the Seminary parlors on Friday evening. The pallbearers were members of the College faculty. Prof. Stolz left at once with the body for her native town West Brookfield, Mass., where it was placed in the receiving vault. On Sunday memorial services, which were very largely attended, were held at Springfield, Mass.

Miss Boynton was born in West Brookfield, Mass., in 1846, and was of a New England family. She was musical from early childhood and began her education with the teachers that were then in West Brookfield. When she was about sixteen years of age she entered a conservatory in Providence, R. I. and studied there for two years. During that time her parents moved to Springfield and from that time her home was there. Soon after returning from Providence she studied in New York with one of the teachers in the city. From N. Y. she went to Springfield and opened a private studio where she taught for over thirty years. While teaching she studied in Boston with B. J. Lange for several years and later at different times with good teachers that came to New York or Boston; among these she studied with Virgil in New York.

Beside her studio Miss Boynton was engaged in concert work quite extensively. Twice a year she gave a large musical in Springfield and these were considered the events of the year. She was also organist of a large church in Springfield for many years. While teaching Miss Boynton availed herself of every opportunity to attend the best musicals and operas. She was the founder of the Tuesday Morning Musical club which is one of the finest organizations of Springfield.

Five years ago she came to Bucknell as a teacher. As a woman Miss Boynton was one who gave her best and expected the best of others. She was very retiring naturally and was a woman who clung to her friends loyally. As a teacher she was conscientious. She worried when students lacked interest and tried to help them sympathetically, in other words her heart was in her work, and with her friends and pupils. She will be missed not only among the students but in Lewisburg, and in Springfield especially where she had so many friends.

As her father died when she was a small child, and her mother and grandmother ten years ago, she had no near relatives, but there survive a great many cousins.

MEDICAL SOCIETY.

The Bucknell Medical Society reorganized at a meeting in the Chemical Laboratory, on Thursday afternoon. About twenty-five students and Pro. Davis and Prof. Stewart were present and became members of the society. The following officers were elected: President, E. H. Courter; Vice Pres. L. E. Sprout: Secretary and Treasurer, A. D. Waltz.

The next meeting will be held on Friday, Feb. 2, in the Laboratory at 4.15 when it is expected that Prof. Davis will speak. All those who intend to enter the medical professoin are invited to join.

NOTICE SENIORS!

All Seniors who desire to teach next year may fill out blanks in the the Registrar's office sometime before Feb. 1. Already several calls for instructors have been received.

THE COMING MEETINGS.

The meetings that will be held at Bucknell this week are in sympathy with a vast movement that is stirring all over the land at the present time called The Men and Religion Forward Movement. Today an eight-day campaign begins in Philadelphia. The same is occurring in many other cities. A great national awakening among American men is the aim.

During this week and next campaigns are to be conducted in nearly all the colleges of the country. And where has the movement a greater field than there? And who can predict the result if college men everywhere are simultaneously aroused to a realization of the place of true religion in a man's life?

We are apt too often to think of books, athletics and social functions as the only things worth while a college man's attention. But surely there ought to be and is something more. Attend the meetings; hear what two college men, who have known real college life, have to say on the subject. Join this big movement and don't let Bucknell be in the background in enthusiasm.

THE BUCKNELL BAND.

The present college year is claimed, by those in position to compare it with years past, to have introduced a wholesome renewal of interest in college activities on the part of the undergraduate students of our college. In view of such a claim it is lamentable that the college band, a long-cherished institution, has been assigned a place among the past traditions of Bucknell life.

For years the band has maintained its place in the forefront of college activities, athletic contests, the so-called "Peerades," in fact student celebrations of every sort as a nucleus of enlivenment and interest. Seniors report that this year is the first in their experience that the band has failed to assume its accustomed place at such times.

It is but natural, then, that we should question the defection of such a desirable phase of our college life. The fact that fourteen of the eighteen students playing in last year's band are registered again this year in college disclaims the absence of material for reorganization. On the other hand the failure of an attempt to reorganize the band this year points to a decided lack of interest on the part of last year's members.

Inasmuch as the existence of a band is so closely allied with the athletic life of the college, it seems that the reorganization of the band should be a consideration for those of authority in the Athletic Association. Undoubtedly the presence of a band at the various athletic contests is an attraction not to be ignored.

It is reasonable to assume that the failure of the band to materialize this year as it has in the past is not so much due to ennui on the part of the students as it is to the need of initiative. The task of reviving the band is surely not such a Titanic one that someone will not attempt it.

A WORD IN PRAISE.

A Bucknell alumnus of one of the recent classes is at present located in a town where a certain college is situated which is a great rival of ours. He relates that he and another Bucknell graduate are in the custom of dining quite frequently with a number of the undergraduates and town alumni of this college. The conversation naturally turns toward college problems and above all to the question of college spirit. The men of this rival college point to this thing and that in the life of their alma mater which shows a sad lack of college spirit. Our two Bucknell alumni tell, without exaggeration, how they used to do at Bucknell and how the fellows there supported the different college movements. Bucknell usually comes out in top in the comparison. The others sit up and take notice and have to admit that if they had but half that much spirit there they would consider themselves fortunate indeed.

And from what we can learn the spirit when these two alumni were in college was at least no better than it is now. So much in praise of Bucknell spirit. We are in the habit of knocking it so often for various reasons which arise that we too often neglect to boost it. While there are many ways in which our spirit might improve, and while we should not be content until it has been improved, we can nevertheless rest assured that Bucknell spirit could be much worse than it is and is far better than that found in many colleges.

COLLEGE BIBLE CLASS.

The four stories, the fiery furnace, Nebuchadnezzar's dream, Belshazzar's feast, and Daniel in the lion's den, are traditions used for religious instruction.

Nebuchadnezzar's dream suggests that a man becomes like that in which he prides himself; excessive delight in the material as an end lowers man to the plane of the beast. Belshazzar's feast is an awful comment on the perversion of what is sacred; each power has in its very existence its own end, which cannot be disregarded with impunity. The stories, the fiery furnace and the lion's den, are the classics of loyalty to convictions. To give up readily what in morals and religion a person has cherished, is a mark not of open-mindedness, but of that liberality which lacks virility.

MEHL-LININGER.

Copied from the "Sharon Telegraph"

A quiet home wedding took place last evening, Jan. 6, 1912, at six o'clock at the home of Mr. and Mrs. John Mehl, of Sharpsville, when their eldest daughter Mary, and Lloyd Lininger of Sharon, were united in marriage by Rev. Clyde Donaldson of the Baptist church. Only the immediate family were in attendance. The couple will dispense with a wedding trip and go to housekeeping at once at 22 West State Street, Sharon. Both the bride and groom are well known and are very popular among a wide circle of friends.

Mr. Lininger, a graduate of Dickinson College, is private secretary of A. C. McLean of the R. H. C. Mrs. Lininger recently completed a term at Bucknell Univ., Lewisburg, Pa.

ALUMNI JOTTINGS

'63—Rev. Asher Cook, A. M., recently died at Middle Grove, N. Y.

'72—(Institute)—Sarah C. Krigbaum is serving her forty-first year as Superintendent in the Primary Department of Immanuel Church, Scranton.

'85—J. Madison Hare took a leading part in the campaign to establish the Baptist Ministers' and Missionaries' Benefit fund, which is to grant pensions to aged and helpless ministers and missionaries.

ex-'88—H. J. Roberts closed his work in December as the missionary of the Reading Association at South Bethlehem and has entered upon a pastorate in Holdredge, Neb.

ex-'86—A recent visitor in town was Mr. T. H. S. Schooley, of Detroit, Mich., a former Bucknell student of the class of 1886. Mr. Schooley, is an attorney-at-law and received his early training in the law office of J. Merrill Linn, Esq., '51, at Lewisburg. He lived for a time in the state of Colorado, where he was a member of the staff of Gov. C. S. Thomas, state land appraiser, and a member of the board of pardons. He is at present engaged in the insurance business in Detroit and is located in the Majestic Building there

'92—James M. Patterson, is pastor of the Hepzibah Baptist church, Modena, Pa.

'97—John V. Lesher, attorney at law, is practicing in Sunbury.

ex-'02—Milton J. Davies is Educational Director of the Central Y. M. C. A. of Brooklyn, N. Y.

'02—In the January PICTORIAL REVIEW Lewis E. Theiss, of the New York SUN, has an article entitled "Have you a Public Market in your Town." And in the January PEARSON'S MAGAZINE he has an article on "Sealed Houses."

'07—E. W. Saylor read an interesting paper before the Ministers' Conference of Williamsport on "The Kingdom of God." Rev. Saylor is pastor of the Erie Ave., Church of that city.

Prof. A. E. Waffle, who taught at Bucknell from 1880-85 is acting pastor of the Erie Ave. Church of that Pittsburg for the month of January.

COMMUNICATION.

(The Orange and Blue invites communications but is not responsible for opinions expressed therein.)

Much criticism has been heard lately among the students of Bucknell on the ruling of the advisory board in not permitting the class teams of this school to go away from home to play teams of their calibre such as high schools and "prep" schools, and also with the class teams of other colleges.

Teams of the different classes of other colleges are permitted to represent their class on the gridiron, or the diamond or in the basketball cage. A few instances are Harvard, Cornell, Pennsylvania, Lafayette and Penna. State and others that would take the entire column to print their names.

The past football season the managers of the two under-class teams had several games arranged but were forced to cancel them. One reason that is given is that wherever the class teams go they are advertised as the University team and should they be defeated it comes out in the paper that some high school has beaten Bucknell. This can be remedied by having the managers complete their schedule and have the Advisory Board ratify it and have a strict understanding with the teams played that it was the Bucknell Freshmen or the Bucknell Sophomores that they were playing and not the 'Varsity and to advertise it as such.

While speaking of the 'Varsity being lowered in standard the Bucknell Academy has been advertised several places as the Bucknell University and the newspaper articles the same. In a recent game with Dickinson Seminary the "Preps" were beaten 27-0 and the newspaper headline was Dickinson 27 Bucknell 0. They were also advertised as the University team in Tyrone and Altoona last year where they played basketball in those cities and the newspaper reports naturally were the same. Why not remedy this?

Let us get together and arrange to have our class teams play other teams of their calibre. It is one of the best advertisements the school could have and at the same time puts our college in the rank where she belongs.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

Bucknell College For Women
Comprises College, Institute, Art and Music courses Separate campus and buildings.

Bucknell School of Music.
For both sexes. Offers graduating courses in music; courses in piano, pipe-organ, violin, harmony, etc., leading to diploma.

For Catalogue and other information, address,
JOSEPH M. WOLFE,
Registrar.
Lewisburg, Penna.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Henderson, ex-'12, is visiting his Phi Psi brothers.

Kerstetter, '12, has resumed work on the hill this term.

Thomas Wood, '05, of Williamsport, was about college last week.

Benjamin T. Harris, '08, of Old Forge, witnessed the Susquehanna game on Friday night.

The Juniors will hold their annual sleigh ride to Mifflinburg tomorrow evening. The affair will be "stag."

There will be a meeting of the Mechanical Engineering Society this evening at 9 o'clock in class room H.

The Glee Club will meet at 8.00 o'clock on Thursday evening instead of 6.30 as usual.

Delta Theta Upsilon entertained a number of Seminary girls at their house on St. George street Saturday evening.

J. Elmer Saul, '98, of Norristown, was called here last week on account of the condition of his father-in-law Mr. Shamp who was seriously burned at the fire in his printing shop Wednesday night.

Class pictures for the 1913 L'Agenda were taken on the Library steps on Saturday morning. Everybody seemed to survive the agony successfully although the Freshmen had to pose under a tirade of taunts and a volley of snow from the on-looking Sophs.

Mr. C. K. Ober, international Secretary of the Y. M. C. A. but now traveling among universities and colleges in behalf of the Y. M. C. A. work as a life vocation, visited Bucknell on Thursday. Mr. Ober graduated from college some thirty years ago and entered Y. M. C. A. work in New York. He reports great interest among college men as regards life work in the Association.

SEMINARY NOTES.

Mrs. Hurter has been visiting her daughter, Margaret Harter, for several days.

Dr. Bronson, of Girardville, spent Friday with his daughter, Alberta Bronson, '12.

Ruth Edwards, '14, was initiated into the Pi Beta Phi fraternity Thursday evening.

Mrs. William Hawks, of Brooklyn, New York, a cousin of Miss Boynton, has been spending a short time at the Seminary.

On Friday evening the Faculty of the School of Music gave a concert at the Methodist church in Sunbury. While there they were entertained at the home of Rev. and Mrs. Lambertson.

THETA DELTA TAU.

The annual initiation of the Theta Delta Tau Sophomore fraternity took place last Saturday. The usual stuntfest or vaudeville performance whatever it may be called, was given by the Pueri on Market street in front of the post office. Some rare farces were enacted and the wit that flowed was extraordinary indeed. A large crowd gathered to witness the underclassmens' antics.

The Pueri were regularly initiated into the mysteries of Theta Delta Tau at Ye Lochiel Tavern Saturday evening where the annual banquet of the fraternity was held. Schreiber, '12, was toastmaster. The following responded to toasts: H. M. Goehring, L. E. Sprout, E. P. Dufton, C. B. Bernhardt, R. W. Meyer, E. R. Parke, H. A. Shaeffer. The Pueri of the class of 1914 were: T. E. Moore, J. G. Scouton, L. E. Lyne, W. D. Reading, E. B. Glover, P. R. Wendt, A. J. Murray, J. R. Criswell, W. B. Crawford, R. T. Francis, E. O. Lindberg.

INTERCOLLEGIATE.

Cornell University now gives a degree in Forestry.

One hundred and thirty-one men are trying out for the crew at U. of P.

The Massachusetts University of Technology maintains an experimental geographical station at Hawaii.

The University of Paris is the largest college in the world, having a total enrollment of 17,512 students in all departments.

The Ohio State Lantern is conducting a canvas of the university to determine the students' cost of living. The information will be used to enlighten sub-freshmen as to the average cost of a college education.

First Showing of the New Percales and Dress Ginghams

A consignment of about 125 pieces of fine percales received this week. That is worth your while coming to see. None like them in Milton. The newest stripes, checks and figures, best quality at 12½ a yd., worth 15c. About 150 pieces of new styles in dress ginghams on display in the fashionable spring styles at 10 to 25c. Cannot be equalled in Milton. All the new spring linen organdies and fine mercerized cotton fabrics that look like silk are in but on account of our opportunity sale have not the room to display them. Ask to see them.

New Spring Dress Goods

Ask to see the new materials for spring. All the trimmings are here for your choosing, if in need of any for early spring swing.

Reductions on Ladies' and Misses' Cravanetted Coats

For service in storm or traveling these coats are good the year round and during this clearance sale it will pay you to come and secure one of these special values. All $12 Coats $7.50. All $15 Coats $10. All $18 Coats $13.50. All $22.50 Coats $15.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, JANUARY 29, 1912. NUMBER 15

VARSITY SWAMPS LEBANON VALLEY, 46-10

MAKE IT THREE STRAIGHT.

Visitors No Match for the Varsity in Any Department of the Game. Entire Team Figures in Score.

Lebanon Valley College added another row of figures to boost the varsity's score columns, Friday night on the local floor, going down in defeat by the score of 46-10.

It was a rather one sided contest, although at times the visitors displayed fast team work which kept the varsity on edge. The Orange and Blue men, however, had the better of the argument all through, throwing baskets from all points on the floor and passing the ball with the utmost accuracy. Every man on the varsity had a share in the score; the guards as well as the forwards had enough goals to their credit to win the game. Fisher played an exceptionally good game at center where he had opposed to him Haddow, who jumped center for State College last year, and who is now coaching the Lebanon Valley quintet. To Fulmer, however ,the greatest credit must be given for Friday night's sweeping victory. The clever forward displayed a manner of judgement and foot work the like of which has not been seen here in years. There were times when "Mikey" had to wind his way through a succession of Lebanonites, who made desperate lunges at the ball, but in each instance the wiry freshman evaded his opponent with an apparent nonchalance that provoked great applause.

Lebanon was first to score. This happened a moment after the game started when Haddow outjumping Fisher, sent the ball into Snavely's hands who dropped the ball into the basket. The lightning success of the Lebanon Valley team at first seemed to paralyze the varsity. But this was only for the moment, for after Fisher scored a sensational goal from the center of the floor, Bucknell came back with speed and snap and fairly swept their opponents off the floor. Bartholomew duplicated Fisher's feat and Fulmer followed it. After that scores were made as a matter of fact. Lebanon Valley was completely demoralized and failing in every attempt at team work, threw wildly at the basket from all points on the floor. The vigilance of guards Zehner and Shaffner proved very effective, only one field goal being made by Lebanon Valley in the first half which ended, 28-3.

It was the same story in the second half. The Varsity completely outplayed its opponents. After an addition of eighteen points had been made, Coach Fulmer made a change in the line-up and sent in some of the second team. The new men while apparently nervous because of the absence of several of the veterans put new life into the game and were very effective in preventing the other side from scoring. Fetter for the scrubs played a good game and had a goal to his credit shortly after he was put in the game. Lebanon Valley made three field goals in this period, making the final score, 46-10.

Lebanon Valley Position Bucknell
Strickler . . forward . . Bartholomew
Whitman . . . forward . . . Fulmer
Haddow . . . . center . . . . Fisher
Moore . . . . guard . . . . Zehner
Snavely . . . . guard . . . . Shaffner

Goals from field—Bartholomew, 5; Fulmer, 4; Fisher, 5; Zehner, 3; Shaffner, 4; Fetter, 1; Whitman, 2; Moore, 1; Snavely, 1. Foul goals—Bartholomew, 2; Haddow, 2. Substitutions — Fetter and Preiskel for Bartholomew and Fulmer; Coughenour and Jordan for Zehner and Shaffner. Referee—Hagee, Lancaster. Timekeepers — Goehring, Bucknell; Reed, Lebanon Valley.

UNDERGOES OPERATION.

Miss Katherine Carpenter, '11, a teacher in the Woodbury High School, was taken to a Philadelphia hospital for an operation for appendicitis on Saturday.

STERLING BATTIS COMING.

Wednesday evening the residents of the town and Hill will have the opportunity of attending one of the most entertaining features of the Lyceum Course. The course so far has consisted of lectures and musical numbers, all of which have elicited the hearty approval of all those attending. William Sterling Battis will appear next with an exhibition of a very unique and difficult art, that of impersonating and interpreting. He will choose characters from Dickens for his studies. Mr. Battis ranks among the prominent impersonators of the country on the platform, and as the most eminent in interpretive pictures. Mr. Battis makes up on the stage in the full glare of the electric light, and his transitions are accomplished with great rapidity. The program will be appreciated especially by the readers and students of Dicken's works, and will be full of instruction and enjoyment to all present. As usual the entertainment will be held in the Beaver Memorial church, and an admission of fifty cents charged to those not having regular course tickets. Doors open at 7.30 P. M., program begins at 8.15.

PITTSBURG BANQUET

ALUMNI HAD GREAT TIME AT FORT PITT.

The Third Annual Dinner of the Pittsburg Alumni Club brought a goodly crowd of Bucknell graduates and former students around the festive board at the Fort Pitt Hotel in the Smoky City on Saturday evening, Jan. 20. The kind of enthusiasm that should predominate at such an occasion to make it a success was there in abundance, and Bucknell of course was the topic about which all the enthusiasm centered. What the Pittsburg "bunch" which gathers at this annual dinner every winter and at an informal dinner every month, isn't doing to boost Bucknell in that section is not worth mentioning. Some few of the alumni in the vicinity who failed to turn out, missed an excellent opportunity to help along a great and worthy movement in behalf of their alma mater.

Twenty-five plates were set. H. B. Wassell, '00, President of The Alumni Association was toastmaster. Three formal toasts followed the feed. Prof. B. W. Griffith, '99, of the University acquainted the assemblage with the athletic situation here this year, and in connection with that subject did not fail to make mention, amidst much applause, of that great football team Bucknell had this fall, and of the splendid showing the basket-ball team has made thus far. J. W. Hague, Esq., '73, a prominent attorney in Pittsburg made a stirring address and was followed by E. B. Hulley, '07, the Secretary of the Club, who takes a principal part in planning these dinners and stirring up the interest among the alumni.

Those loyal Bucknellians who attended the annual event are now on the war path to get out for the next "doings" all the rest of the alumni in that section who were absent at this event. The Varsity will play two football games in Pittsburg next fall. All the active alumni there are enthused over the prospect of seeing the Orange and Blue warriors in the smoke of a pigskin battle, but they feel upon themselves the responsibility of having every available man out to root. Between this time and that everybody out there will be working hard for a big Bucknell cheering section at both games.

MISSIONARY TO MEXICO.

Miss Katherine Johnson, '01, daughter of Professor and Mrs. B. R. Johnson, of Lewisburg, will take up missionary work in Mexico under the direction of the Baltimore Conference of the Methodist church. Miss Johnson has been connected for several years with the public library at Washington, D. C.

STUDENTS STIRRED BY POWERFUL APPEALS

HEARERS OVERFLOW CHAPEL.

Pontius and Mercer Create Unusual Interest in Five Day Campaign. Responses Many.

Last night's meeting in Bucknell Hall marked the close of the five days special religious services for men, conducted by the Y. M. C. A. These meetings in point of attendance, in the interest shown by all the men in the college, and from all appearances in good accomplished, were the best ever held in the history of the institution.

Mercer, Univ. of Virginia, '89, and Pontius, Ohio Wesleyan, were the leaders. Both of these men in the last few years have devoted all their time to service among college men. They have visited most of the colleges and universities in the country. They came to Bucknell with a reputation for ability to change men's lives, and it can at least be said that they have set the students to thinking.

The campaign committee under the leadership of State Secretary Deer and Pres. Waitz had made excellent preparations for the meetings and the promptness and regularity which characterized them may very justly be attributed to the foresight of this committee in arranging the program and in meeting details.

The men alumni, each of whom came back in the interests of his own organization, also helped to create enthusiasm. These alumni were —Wiltbank, '98, Konkle, '01, Goodall, '02, Velte, '10, Butler, '97, Fetter, '09, Mathias, '10, Crossman, '10, and Edwards, '10.

In addition to the Bucknell men Mr. Buchuley, Secretary of the Penn State Y. M. C. A. was present at the services on Sunday.

The singing throughout the meetings was hearty and called forth special praise from Mr. Pontius. The special selections by the Academy and College Quartets and the piano solo by Wolfe, '12, were thoroughly appreciated by the fellows.

Both Mercer and Pontius showed themselves thoroughly interested in Bucknell men. They paid numerous visits and made several talks to the different organizations. Not a few students availed themselves of the opportunity to converse privately with the men.

Pontius spoke at the opening meeting on Wednesday night on Friendships. He outlined the course to be pursued during the meetings,—no traps,— nobody embarassed. The friendships which college men have are closer than those of any other class of people. Friendship with Jesus Christ is the greatest.

Mercer on Thursday evening spoke on The Fight of Every Red-blooded Man. His intimate association with men who have been "down and out," his varied acquaintance with the big college men of the present time, and his wide knowledge of the operation of the laws of nature with reference to the human machine, fit him especially to deal with the modern problem.

In this talk Mercer pleaded with young men to be clean for the sake of themselves, humanity and their God.

On Friday evening Mercer spoke on College Men I Have Met On The Bowery And In Prison. He told his story of the wrecks of humanity with whom he has come in contact, many of whom were college men. "Of all degenerates" said Mercer, "the college man is the hardest to reform."

An athletic meeting to which all Varsity men and managers of teams were invited was addressed by Mercer in the Association Hall on Friday afternoon.

The closing service last night was led by Mercer. His subject was "Down and Out and Up Again, My Story." In this talk Mercer reviewed his college life and the reasons that led to his downfall. He also related something of his experience in the years after he left college. He told of his rescue on the Bowery in New York and of the effect of this incident on his life and on those whom he knew. The story was earnest, sincere, without pride or boast; it revealed a heart in sympathy with every college man. In closing, Mercer asked men to accept Jesus Christ, to study His life, and to apply His principles to the problems

With this the meetings, so far as Mercer and Pontius are concerned, closed; so far as the Y. M. C. A. and the men of Bucknell are concerned, they only opened. There remains to be seen what the organized spirit of Christ can do in Bucknell.

As a result of the interest aroused by the meetings, the local Y. M. C. A. is considering the appointment of a resident Student Secretary to devote his time exclusively to the supervision and direction of the association work. Many activities are being planned and the need of a man to keep alive the interest of the students in these movements is greatly felt. The Secretary if appointed would begin his duties for next year on August 1, 1912.

MRS. BLISS DEAD

LAST SURVIVOR OF ORIGINAL BUCKNELL FACULTY.

Mrs. Mary Ann Raymond Bliss, widow of the late Prof. George Ripley Bliss, D. D., LL.D., passed away at Chester, Pa., Wednesday morning, January 24th, aged ninety-one years. Interment was made Saturday forenoon at 10 o'clock, with services from the Cemetery Chapel Lewisburg, conducted by President Harris and Dr. Judd.

Mrs. Bliss was connected with Bucknell life for a quarter of a century, from 1849 to 1874, during the professorship of her husband in the University. Dr. Bliss built and occupied the house on University avenue now the home of former Judge McClure. Here a large family of sons and daughters grew to maturity and received their education in the University. Mrs. Bliss was the last survivor among those who were connected with the original faculty. Both the professors and their wives who came here just as the University was being founded have now all passed away.

In 1874 Dr. Bliss was called to the chair of Biblical Exegesis in Crozer Theological Seminary, Chester, Pa., and the family has continued to reside there since his completion of nineteen years of work, and his death in 1893.

Mrs. Bliss was a member of the Raymond family of Brooklyn, long identified with journalistic, educational and scientific service to their generation. Her brother, John H. Raymond, was the first president of Vassar College. She possessed a brilliant and cultured mind, and rare powers of expression which she retained to the last. She lived a large, a full life,—wide in its sympathies, and deep in its experiences; and her memory was stored with the best fruits of the generations.

Her children have won positions of social, religious, national responsibility, and are proud to recognize their debt to one of the wisest and best of mothers.

Three sons survive her: E. Raymond, ex-'67, of Chicago; Henry Harmon, '70, of Washington City; General Tasker H., ex-'73, of San Francisco; Robert P., of Harrisburg, G. W., '69, died in 1906, and Hon. Ward R., '74, died in 1905. Six daughters remain: Lucy R., of Brooklyn; Mrs. Mary C. Jones, of Pittsburgh; Harriet E., of Chester; Susan, of Philadelphia; Mrs. Fannie C. Beaman, of China, and Maria, of Brooklyn.

JOHN E. HEIDENREICH.

John Edward Heidenreich, '04, died Monday, January 22, at Albuquerque, N. M. The deceased was a member of Sigma Alpha Epsilon fraternity. Funeral services will be conducted Tuesday afternoon at the family home at Mahanoy City.

PRES. SPARKS OF STATE SPEAKS HERE FRIDAY

7.00 P. M. AT BUCKNELL HALL.

Popular President of Orange and Blue's Rivals Will Bring Vital Message to Bucknell Men.

Dr. Edwin Sparks, President of Pennsylvania State College, is coming to Bucknell next Friday and will speak to the students in Bucknell Hall at 7.00 o'clock on that evening. Dr. Sparks is coming here, as the head of our neighboring college and our great athletic rival, with a message for Bucknell men that will have behind it the force of one who has devoted years to the studying of college problems and conditions, and who has been intimately associated not only with the life of his own institution, but who has, through his prominence as an educator and a lecturer, acquired a wide acquaintance with the colleges of the country.

It has been under Dr. Spark's capable leadership that State College has grown until now it ranks with the large universities of the east. He is truly a man of the fellows and is a great believer in the democratic life of college students. He moreover ranks with the great intellectual leaders of the day and is in constant demand as a platform lecturer.

Bucknell is indeed to feel honored in having a man of his prominence to speak. This will be the first time he has ever formally addressed the student's here and Bucknell men owe it as a token of respect for our great rival, State, and appreciation of Dr. Spark's kindness in coming to us, to turn out in full numbers to hear his address. Remember the time, Friday evening, February 2, at 7.00 o'clock.

SOPHOMORES DEFEAT SENIORS.

The Seniors and Sophomores met on Saturday evening for the second basketball game of the interclass series, the Sophs winning out by the score of 32-20. The game was rough and hard fought, though comparatively few fouls were called. Deficiency in skill was made up by hard playing and the interest of the spectators was kept up by numerous brilliant shots and unexpected maneuvers on the floor.

The Sophomores started the scoring by a field goal and soon got a lead which they kept throughout the game.

In the second half the Seniors made a spurt and it looked as if they might overcome the Soph's lead, but the latter braced and increased their lead to such an extent that they felt safe in making several substitutions toward the end of the game.

The Seniors evidently lacked practice, their passing and their team work in general was deficient. The Sophomores also excelled in defensive work. O'Brien and Schmid pulled off several sensational shots. Mahony starred for the Sophomores and O'Brien proved himself the most consistent player of the Seniors.

GLEE CLUB'S FIRST CONCERT.

The Bucknell Combined Musical Clubs will give their first concert at Bucknell Hall on Thursday night, February 1st at eight o'clock;

Besides the carefully prepared selections by the mixed chorus the audience will be favored with a Violin Solo by Miss Armstrong, vocal solos by Misses Pines and Hopper, and splendid numbers by the Mandolin and Guitar Club.

Let everybody look forward to enjoying this musical treat and be out promptly at eight o'clock to avoid interrupting the program.

The tickets for the concert may be obtained from any member of the Club. Admission twenty-five cents.

LITERARY SOCIETY MEETING.

The Literary Society will hold its weekly meeting tonight at 7.00 P. M. in the Theta Alpha room in Main College. The membership of the society has been thrown open to all classes.

THE COACH SYSTEM.

There has been a great deal of criticism and a great deal of misunderstanding in regard to the coach system now in effect. In justification of those who are responsible for athletics and for the benefit of those who want the facts we state that the university basketball team is under the guidance of a capable coach. That this instructor is not only a capable one but that he is an effective coach the season's record of the first three games played is conclusive argument. The varsity basket record this season for the first three games is 144 points to her opponents 44—a feat that has been equalled only once in 16 years. This was in 1903 when the college team scored 532 points over against 130 points of her opponents in a total of 10 games.

The present coach although a student received his training under the greatest basketball players in the country. At the same time following the game with a conscientiousness that demanded constant training and practice. Fulmer's work on the floor is of such quality as to raise him above criticism or even envy among his team mates.

The student-coach idea is no experiment. It has proven as effective as the manager-player idea adopted by major league base ball teams. The cooperation of the coach as a player serves to actualize theory which otherwise would not be possible.

APPRECIATION.

We are simply expressing the general sentiment about the hill when we say that Bucknell men have been deeply impressed with the messages which have been brought to them during the campaign which just closed, and with the personality of the men who so fittingly bore these messages. Mr. Mercer and Mr. Pontius are certainly real men of the kind which every college man admires and respects. We are glad to have had them in our midst and in personal touch with us in our college life. Their work has availed much; and we assure them a warm welcome in the hearts of Bucknell men, should they return here again at any time.

The Y. M. C. A. committee is to be congratulated on the excellent way in which the campaign was planned. The idea of having the alumni back was an admirable one. The many events of the five days were run off quietly and smoothly, and all in all it was the best arranged and most effective series of meetings that we can remember Bucknell ever to have had.

LITERARY SOCIETY.

It is a noteworthy fact that Bucknell can again boast of a literary society after several years without any organization of this nature. The literary society has been organized for the benefit of all students who are interested in literary work. The aim of the society is to benefit the student body both intellectually and socially. Undoubtedly the work will be of mutual interest to the students of all classes. It is certain that Bucknell should possess an organization of this nature and now that the literary society is a reality it is up to the students to support it.

THE PENN RELAYS.

The issuing of the invitations to the Penn Relays on April 27, and the announcement of the classification of the colleges brings up again the annual question: Will Bucknell be represented at this great gathering? In no other athletic event of the whole year are the teams of so many institutions brought together. All the prominent colleges of the East are represented and many from the West. Will Bucknell be among the very few missing?

The Orange and Blue runners have failed to respond to the call from Penn for the past two years, not so much because we did not have the men to send, but because they were not sent. It is not many years back that Bucknell carried off the trophies of her class from Franklin Field for several successive seasons. Those who can remember those days know what a boom this record was to our athletic standing, and in like proportion we believe that our athletic standing is hurt by not being represented at all.

We shall surely have track sports this spring and somebody capable to coach them. There are unusual track possibilities in the Freshman class, so we hear it rumored. Why not arrange the trip to Penn and give new impetus to this more or less neglected branch of our athletics?

CONCERT BY MUSIC FACULTY.

The following is quoted from the Sunbury Daily of this morning:

The music lovers of Sunbury enjoyed an exceptionally high class concert given by the Faculty of the Bucknell University School of Music at St. Johns' M. E. Church, last evening.

Miss Hollingshead, the organist of the evening, showed splendid ability in execution of difficult masterpieces. The violin numbers given by Miss Armstrong were given in true musical style, bringing out the sentiments and interpretations the composer wished expressed. The soprano selections which Miss Price sang, beauty, which was possible only by were rendered with much grace and an expert performer. The two Arias from Mozart's "Magic Flute," as also Elgar's "War Song," were ably rendered by Prof. Stolz, director of the department of music.

TO SPEAK WITH NOTABLES.

The first call for the second world's Christian citizenship conference inludes S. Z. Batten, '85, who will discuss some phase of sociology at this noted gathering of great men. The list of speakers inludes Governor Wilson of New Jersey, Judge Ben Lindsey of Denver, William J. Bryan and representative scholars from the leading European countries.

Mr. Batten is professor of Bible and sociology at Des Moines College. He has written a number of books on religious and sociological questions and he is a constant contributor to the prominent magazines of the country.

CLASSIFY COLLEGES IN RELAYS.

Pennsylvania's relay races on Franklin Field, which bring together into competition virtually all the prominent colleges in the country are scheduled this year for April 27. Invitation letters have been sent out and the classification of the colleges is announced therein. Bucknell has received one of these invitations. The Orange and Blue is listed this year in Class No. 9, which includes the following colleges:

Pittsburg, Lehigh, Bucknell, Dickinson, Ursinus, College of City of New York, Maryland Agricultural, Washington and Jefferson, Carnegie Tech.

ALUMNI JOTTINGS

'70—Rev. Charles T. Hallowell, long District Superintendent of Baptist Missions in Minnesota, is spending some months with his venerable father in Conshohocken. He recently visited his former charge in Troy, Pa., and called at his alma mater enroute last week. The years have continued to deal gently with his vigorous constitution.

'80—Dr. S. Lewis Ziegler has been elected president of the Medical Club of Philadelphia.

'91—R. C. H. Catteral has an article on "Sir George Downing and the Regicides" in the American Historical Review for January.

'97—J. V. Losher of Sunbury, has announced his candidacy for Congress from that district.

'98—Rev. Thomas H. Spragtue, assistant pastor at the Temple Baptist Church, Philadelphia, has been selected as the new editor of "The Religious Weekly."

ex-'98—Flora A. Sigel, after a year in Honolulu, is spending the winter in London, England, with her brother, Fred, '03, who is manager of the British branch of a Milwaukee leather concern.

'97—Mrs. Lincoln Hulley (Eloise Mayham, graduate student) of Deland, Fla., is Pi Beta Phi alumnae secretary for the southern states.

'00—Mrs. A. C. Hutchinson, (Eliza Blair Bell,) is living at 2027 Park Ave., Indianapolis, Ind.

'05—Thomas Wood has opened a law office in Williamsport.

ex-'06—Mrs. Reginald Wright Kauffman (Ruth Hammitt,) of Columbia, Pa., with Mr. Kauffman has returned from a summer abroad. She has sold to an English firm the rights to a book which she has promised to deliver in the spring.

'06—Dr. George B. Harris is rejoicing in the birth of a son, Stafford J. Harris, on January 9.

'08—Harry C. Haines and Mrs. Haines, (Dana Bower,) are living in Glassboro, N. J., where Mr. Haines is an engineer.

'09—M. Kate Berry, is teaching in Anderson, Ind.

ex-'10—Priscilla R. Hardesty, was graduated last June from the Damrosch School of Music in New York. She has opened a studio in her brother's home town, Cape Girardeau, Mo.

'10—Sara M. Ray, of Pittsburgh, is teaching in Red Bank, N. J.

'10—J. Wesley Hallowell is principal of the High School in Sharon, Conn.

'10—F. S. Eakley has been promoted to the principalship of one of the city schools in San Antonio, Tex.

ex-'11—Flo Leland, is a student at George Washington University.

'11—N. K. Crossman is a student at Crozer Theological Seminary.

E. A. Snyder, '11, who had been confined to his home for several months with blood poison, has recovered and has resumed his work at Altoona.

EVENTS OF THE WEEK.

Monday, (Jan. 29)—6.30 P. M. Glee Club Practice—Chapel. 7.00 P. M. Literary Society—Theta Alpha.

Tuesday, (Jan. 30)—6.30 P. M. Fraternity Meetings.

Wednesday (Jan. 31)—6.30 P. M. Glee Club Practice—Chapel. 8.00 P. M. Lyceum Course—Methodist Church.

Thursday, (Feb. 1)—8.00 P. M. Musical Clubs' Concert—Chapel. 9.00 P. M. Y. M. C. A. Meeting.

Friday, (Feb. 2)—7.00 P. M. President Sparks' Address—Chapel.

Saturday, (Feb. 3)—8.00 P. M. Bucknell vs. F. and M. Tustin Gymnasium.

ENTERTAINED AT SMOKER.

The Phi Kappa Psi fraternity held a smoker last Saturday evening at their halls in honor of "Tod" Mercer and Pontius, campaign speakers of the past week.

Quite a number of the different fraternity delegates were present together with several of the faculty.

The Employment Bureau of the Christian Association of the University of Pennsylvania has given out a report showing a total of $9026.74 earned by students through the bureau and $4633.96 earned independently.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

The Glee Clubs will meet Monday and Wednesday of this week at 6.- and Wednesday of this week at 6.30 P. M.

J. C. Johnson, '04, of Harrisburg, made a short visit with his S. A. E. brothers Friday.

Stetler, '13, went to Selinsgrove on Saturday to witness the Susquehanna-Lebanon Valley basketball game.

The Y. M. C. A. secretaries and alumni who were here for the recent campaign were the guests of the Athletic Association at the game on Friday night.

Major-General Tasker H. Bliss, ex-'73, and Henry H. Bliss, '70, who were here to attend the funeral of their mother, looked about the hill Saturday morning.

Lotte, '14, who was compelled to leave for his home in Patterson, N. J., on account of a threatened attack of appendicitis has recovered and has returned to his college work.

Mr. Pontius and Mr. Mercer left Lewisburg this morning. Mr. Pontius cer will go to State College where returns to New York and Mr. Merhe will assist in an eight-day campaign.

G. L. Friedenberger, '01, of Philadelphia, spent Saturday with his Sigma Alpha Epsilon brothers. O. J. McNitt, '03, of Reedsville, was also a guest at the S. A. E. house on Thursday.

SEMINARY NOTES.

Alberta Bronson, '12, was home over Sunday.

Emma Kelser, '12, spent Sunday at her home in Mt. Carmel.

Helen Levegood, '12, is spending several days at her home in Jersey Shore.

Mr. Samuel Rice, of Elmira, N. Y., visited his daughter, Miss Rice of the School of Music.

The third music pupils' recital of the year was held in the school room on Wednesday afternoon.

On Thursday afternoon the pupils in elocution gave a very interesting recital in the school room.

On Sunday morning Mr. Mercer gave the college women a very good talk. It was thoroughly appreciated by everyone and the only regret was that the girls could not have become better acquainted with him.

INTERCOLLEGIATE.

The big winter event at Western Reserve is the University supper which everybody in the institution attends.

Baseball training for the season began Monday at Yale, when twenty-five battery candidates reported to Coach Frank Quimby.

President Garfield, of Williams College, delivered the Founder's Day address at Cornell University last week. He is the son of James A. Garfield.

The year book of the Univ. of Pittsburg may not be published this year. The juniors fail to enthuse over the prospect of a five dollar assessment.

There are 191 undergraduates at Yale who are entitled to wear their class numerals. Of these but 12 have won their numerals in two branches of sport.

"Cap and Bell, Incorporated," will be the name of the Williams dramatic club when the incorporation proceedings, now under way, are completed.

The football captain at Ohio State will not be chosen until it is decided whether the present system of coaching will be continued. Several members of the team threaten to resign if the present system is not followed.

Andover, finding that it will be impossible to run its relay race against Exeter at the open B. A.A. meet, has decided not to send any men to the meet, and the annual three-cornered contest between Worcester Academy, Exeter, and Andover will become a dual affair.

Yale is seriously considering the adoption of the semester system in place of the three terms now in force. It is hoped that the change will allow the Christmas vacation to be sufficiently lengthened to allow students living at a distance to have enough time at home to make the journey worth while.

Pre-Inventory Sale of Rugs

We have marked a lot of Rugs that must be turned into cash before February 1st, at less than cost. Rather than inventory them we put these low prices on, knowing they will find another home before February 1st. These are all wool Rugs and not the kind that are sold by peddlers through the country.

The lots comprise a lot of wool Symrna Rugs 18x36 reduced from $1.00 to 60c. One lot Smyna Rugs 21x45 reduced from $1.50 to $1.00.

$5.00 Smyrna Rugs 37x72 reduced to $3.50.

$3.50 Axminster Rugs 36x72 reduced to $2.50.

$4.00 Oriental Rugs 36x72 reduced to $2.98.

$2.00 Smyrna Rugs 26x54 now $1.98.

$2.00 Smyrna Rugs $3.60 now $1.25.

$3.50 Smyrna 30x60 now $1.98.

$3.50 Smyrna Rugs 30x60 now $2.25.

A lot of $25.00 Axminster Rugs 9x12 ft. sale price $19.50.

Special Sale of Muslins and Sheetings Still Continues

Can't tell how long we can hold the prices down, may advance any day. You can buy this week 12½ bleached Muslin at 9c or 8½ by the web.

Unbleached 9c quality at 8c or 7½c by the web. Fine white Cambric 10c quality at 8c.

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, FEBRUARY 5, 1912. NUMBER 16

F. & M. OVERWHELMED BY 'VARSITY, 39-12

ORANGE AND BLUE STILL WINS

Visitors Put Up a Miserable Game, Allowing the Varsity to Score Easily in Both Halves.

The large crowd of spectators who came with the expectation of seeing an exciting contest Saturday night, were much disappointed when Franklin and Marshall college succumbed to the Varsity by a score of 39-12.

Saturday night's contest was without a doubt the poorest exhibition of basket-ball on the local floor this season. The outcome of the game was made certain within the first five minutes of play during which time Bucknell took a lead that guaranteed victory. The visitors brought with them the record of hobling Univ. of Pennsylvania and Penn. State to close scores. But Saturday night's exhibition was little short of a farce. The visitors made but one field goal in the first half and three in the second half. Their wild attempts at the basket from every point on the floor and utter lack of team work was a source of much amusement to the spectators. And in one instance, where by means of one of these blind shots, a visitor scored a sensational field goal, several of the spectators were rendered helpless with astonishment, causing a delay in the game.

It was only after Bucknell had attained a very comfortable lead that the efforts of the Varsity relaxed, and as a result a number of fouls were called which tended to deaden interest in the game, the intercollegiate rule hampering both teams considerably. Capt. Zehner's work was of high order and with the assistance of Schaffner held the visitors to a total of four goals, while Fulmer, Fisher and Bartholomew contributed generously to the score.

Fulmer started the scoring for Bucknell shortly after the game opened upon a short pass by Zehner, following shortly after with a pretty little fling that added two more points. F. and M. scored the next point on a foul, which Bartholomew duplicated for Bucknell on the following play. Fisher then Looke into the game with a rush and piled up two more points. Franklin and Marshall, failing to work the ball toward the basket, threw wildly. It was during this half that Fisher, after making two unsuccessful attempts, recovered the ball and dropped it in in spite of fierce opposition. Bartholomew made a pretty one-handed shot from the extreme right which won him a round of applause. Leinbach for F. and M. scored the only goal for his team, half ending 24-3.

Scoring was light the second half. Fulmer seemed to be the only one able to find the basket, while frequent fouls broke up the plays. Shaub for Franklin and Marshall, by skillful foot work, unassisted made two sensational field goals, but the game as a whole was uninteresting and frequently delayed. Final score, 39-12

F. and M.		Bucknell.
Shaub	Forward	Bartholomew
Brenner	Forward	Fulmer
Stein	Center	Fisher
Bredenbaugh	Guard	Zehner
Leinbac	Guard	Schaffner

Goals from field: Bartholomew 4, Fulmer 4, Fisher 4, Schaffner 1, Shaub 2, Stein 1, Leinbach 1. Foul goals: Bartholomew 7, Shaub 1, Stein 3. Referee, Hagee. Timekeeper, Goehring.

JUNIOR DEBATE

ANNUAL CONTEST FRIDAY EVENING IN CHAPEL.

The annual debate of the Junior Class will be held this year on Friday evening, February 9th, in Bucknell Hall. As the debate is given in response to a request from the Business Men's Association of Lewisburg on the subject of Parcels Post, the judges will be prominent professional and business men. Such men as Senator Fred Godcharles, Editor of the Miltonian, E. A. Shimer of the firm of Shimer and Sons, Budd Cannon, Manager of the American Car and Foundry Company's local plant, W. A. Helnen of the Milton Manufacturing Company, Ralph Belford, Esquire, A. S. Sloeum, Executor of the Fonda Estates, have been drafted as officials. Music will be provided by the School of Music under the direction of Professor Stolz.

BUCKNELL MEETS GETTYSBURG ON PLATFORM SOON.

Arrangements are now about complete for an intercollegiate debate between Bucknell and Gettysburg in the near future. All those interested in intercollegiate debating should report to Prof. Phillips next Monday evening, Feb. 12, at 8 P. M. in Theta Alpha.

MUSICAL CLUBS GIVE FIRST CONCERT

OTHERS WILL FOLLOW SOON.

Renditions of Mixed Chorus Show Successful Training. Mandolin Club Heartily Applauded.

The Combined Musical Clubs of the University rendered their first concert last Thursday evening in Bucknell Hall. The programme was much enjoyed by an appreciative audience.

THE GLEE CLUB.

THE MANDOLIN AND GUITAR CLUB.

This concert is the first of a number that shall be given during this and the ensuing term. Under the efficient direction of Prof. Stolz and the instructors in music the various clubs have been developing a repertoire for future concerts that promise to be as successful as that of Thursday evening.

The Girls Chorus and the Glee Club combine to form a Mixed Chorus whose renditions betoken artistic skill and training. Vocal solos by Misses Hopper and Pines, together with the numbers by the chorus, completed the vocal programme. The "Cradle Song" by Hauser was very well rendered by the Mandolin and Guitar Club. The piano duet by Misses Rice and Hollingshead and the Violin Solos by Miss Armstrong won the applause of the audience through their masterly interpretation and rendition.

1. "Send Out Thy Light" . Gounod
   "Praise Ye the Father" . Gounod

DEMOSTHENEAN BANQUET.

The Demosthenean celebrated the thirteenth anniversary of their founding at a Founders' Banquet in the New Cameron House on Friday evening. The Guest of Honor at the occasion was Dr. Edwin Sparks, President of Penna. State College. President Harris of Bucknell and Professor Hamblin were also the guests of the fraternity. Dr. Sparks responded to the last toast and in his genial way gave a most thoughtful, yet entertaining address on "The Social Life of the College Man." The alum-

COMPETITION BEGINS FOR STAFF POSITIONS

NEW SYSTEM ESTABLISHED.

The Orange and Blue Hopes to Obtain Better Staff Thereby. Ability the Standard.

Commencing with the spring term of this college-year, the various positions on the editorial staff of the Orange and Blue are to be filled by competition. For some time it has been the intention to devise such a system of appointment and the idea has now reached its culmination under the present administration.

It is generally known about the college that the staff of the Orange and Blue has been selected in the past, for the most part by the editor-in-chief, with the idea of social representation in mind. The various fraternities and societies composing the body of the students have been represented by at least one member on the staff of the Orange and Blue. In some cases this system has been effected with difficulty especially in cases where the required ability is not available. No one will question that such a system must be detrimental to the best standards of the college paper, that it can be effected only to the curtailment of ability and efficiency on the part of the more desirable student-writers.

With the welfare of the Orange and Blue alone at heart, it has been determined to select the coming staff by means of competition. There is no reason why any society or fraternity in the college should be limited as to the number of its men on the staff of this paper as long as the men in question measure up to the standard of ability established and as long as they are the most available and representative men within the college. In short ability and nothing else is to regulate the appointment of the next staff of the Orange and Blue.

Applicants for positions on the staff are to hand in their applications at once to the editor-in-chief of the Orange and Blue. The competition will consist of several ordinary news-assignments, that is, the writing of several articles as occur in the usual routine work of the paper. Applications are to be received and assignments made in private by the editor. The selection of the staff will then be finally made by Professors Perrine and Phillips in conjunction with the editors.

Continued on fourth page.

New Football Rules Will Make Important Ghanges in Game

The intercollegiate committee in session at New York last week to consider the football rules came to an agreement on Saturday and announced changes in the present rules, which will vitally affect the game. They are as follows.

1.—The playing field, now 110 yards in length, will be shortened to an even 100 yards.

2.—A zone of ten yards width beyond the goal lines is established. A purpose of this is to provide ample space for execution of the forward pass, and scoring on a pass made across the goal line into this zone is permitted.

3.—The number of "downs" to gain ten yards is increased by one.

4.—The on-side kick is eliminated.

5.—The value of a touchdown is increased from five points to six points, the goal from touchdown and other scores standing as at present.

6.—The twenty-yards zone, in which the present rules now provide restrictions to interfere with the forward pass, is eliminated so that the restrictions will apply to any part of the field.

7.—After a touchback the ball will be put in play from the twenty yard line instead of the twenty-five yard line.

8.—On a kick off the ball, instead of being put in play in the center of the field will be put in play from the forty-yard line of the team kicking off. Taking into consideration the shortening of the field and this change in the rules the kick-off distance is lengthened by five yards.

9.—The field judge is eliminated. The head linesman hereafter will keep time and be judge of off-side plays in the line of scrimmage.

10.—The number of men allowed on the side lines, now three, will be reduced to one for each team.

11.—Provision will be made that a bounding ball cannot score a legitimate goal.

12.—The interval between the first and second and the third and fourth periods is reduced from two minutes to one minute.

President Sparks Gives Most Interesting Address to Crowded Hall

Seldom have the students of Bucknell enjoyed a greater pleasure than that afforded to them on Friday evening when President Edwin Sparks, of Penn State, spoke in Bucknell Hall. So many athletic teams representing State have appeared on the Bucknell campus that the visit of the head of that institution was naturally hailed with delight. Dr. Sparks came here as the guest of the Demosthenean and was glad to accept the invitation extended him by President Harris to address the students.

There was scarcely a vacant seat when Dr. Harris escorted President Sparks to the platform. Owing to the nearness of Lincoln's birthday he chose Abraham Lincoln as the subject of his remarks. He pointed out many factors that had a determining influence in Lincoln's life. He showed the contrast between the early frontier life and that of the present time. Lincoln was devoted to every profession; the modern man is a specialist. Lincoln was deliberate; the modern man is given to hurry and rush.

President Sparks touched on some of the present day college problems,—among them the length of the college course. He is strongly in favor of the four years course such as exists now. He deplored the tendency among college men to rush through their curriculum, believing that such methods result in but superficial knowledge. Long and careful research and study in every subject taken up, is the only way to gain real intellectual power. He ridiculed the suggestion made by some educators that the college course should be shortened to two years.

Dr. Sparks' address was full of good cheer. He was witty and scarcely five minutes passed during his talk in which his audience did not burst into laughter. The students are loud in their praise of our rival institution's executive and will remember this address as one of the most entertaining and instructive heard at Bucknell.

BURIED—THE HATCHET.

Dr. Sparks' visit to Bucknell last week may be looked up as another step toward cementing the bonds of friendship between State and Bucknell and toward burying the hatchet between these former hostile, now friendly, athletic rivals. As Dr. Sparks remarked while here, the old time scraps of the days when State and Bucknell clashed at Williamsport are now of the past. "A different spirit" said he "exists between these neighboring institutions today."

The hearty reception accorded Dr. Sparks was commendable. All who heard him speak could not but feel keen delight in his forceful oratory, his subtle wit and his genial personality. This is the first time a Bucknell audience has had the opportunity of listening to Dr. Sparks but it is to be hoped that it will not be the last.

RESPECT THE VISITORS!

The yelling at the basket-ball games this season has been good and is to be commended. Our Bucknell enthusiasts need to be reminded, however, of the difference between yelling for their own team and jeering their opponents. Saturday night, almost every time the F. & M. man stepped up to shoot a foul he was greeted with a volume of hoots and taunts. In all likelihood he missed some of his shots on that account and if he did it reflects not credit but shame upon Bucknell students. Our team is good enough to win without any such rowdy support.

Our sportsmanlike attitude toward the Haverford team when they played here in football, brought forth much favorable comment in the "Haverford Weekly." Why not make such an impression upon every team that comes here? Even if you can't approve of all the actions of the visitors keep quiet and let the referee attend to them. That is what he is paid for. We cannot show too much respect to a visiting team. State plays here next. We want to win in the worst way and we expect to do it, but let us as "rooters" show them the square deal.

BAND MEN—ALL OUT!

Repeated requests having been made that the band organize again, a call is issued for volunteers to gather in Room 7 at 4:15 Wednesday afternoon with their instruments ready for practice. Last call for this year.

"VIC" LEADS Y. M. C. A

FOOTBALL CAPTAIN PAYS TRIBUTE TO ASSOCIATION.

Last Thursday night "Vic" Schmidt, former captain of the football squad, was the speaker at the weekly meeting of the young Men's Christian Association. Every sent in the hall was taken and those present heard something which was really an echo of 'Ted' Mercer's and Pontius' message of the previous week.

In his characteristic manner 'Vic' spoke plainly and frankly to the men and during his talk he told them how he had come to Bucknell with the idea of wanting to become a so-called "good-fellow," and how, after two years at college he realized his mistake. In his Junior year at the request of several Association members 'Vic' joined the Association and ever since he has been a faithful attendant at the meeting.

In his own words he said: "They asked me to join and I did and I have attempted to attend every meeting. My views were changed right there and then. Instead of hearing just religion I saw fellows putting it in practice in all their college activities and that did me good. The fellows seemed to me more like brothers. My visit to the Y. M. C. A. gave me a new view of life and ever since my friends seem to grow in number every day. I went into the work and I said to myself—I am going to be a sticker and a worker for the Y. M. C. A. The same view I held down on the football field this year—be honest and show the men you have the right spirit and they will back you. You men are proud of that team and you have that right because you learned to appreciate and to have respect for straight and clean men who play the square game and that is what the Y. M. C. A. stands for and that is what I want to stand for.

"The Association's aim is to reach every man in school and just as the success of any team depends upon the support of the men so the same is required of all to make a success of the Y. M. C. A."

LYCEUM NUMBER

STERLING BATTIS IN CLEVER PERSONIFICATION.

Wednesday evening the patrons of the Y. M. C. A. lecture course enjoyed a treat in the dramatization of Charles Dickens' Nicholas Nickleby by William Sterling Battis. The Methodist church, where the various numbers of the course have been held, was well filled by the time Mr. Battis was ready to take the platform. The fact that the dramatization was Mr. Battis' own work led to the attractiveness of the entertainment. Mr. Battis, being a careful student of Dickens's work, was able to present the story according to his own impressions of the author's meaning.

Mr. Battis first showed in a brief introduction how the spirit of the times had induced Dickens to compose this story. Mr. Dickens being opposed to the plan in vogue of boarding schools had aimed this book at the evil. After a brief account of this evil Mr. Battis presented the plot of the story in three acts with subsequent scenes.

Mr. Battis had been advertised to give an impersonation of Dicken's characters with the aid of proper costumes but owing to the lack of footlights he was forced to change his usual program. That the audience was pleased with the performance was attested in the hearty applause.

FRILL AND FROWN ELECTIONS.

The plays given by the girls competing for membership in the girls' dramatic club were held on Friday afternoon. The plays, which were coached exclusively by members of the Frill and Frown, were a great credit. Olive Long, Eva Rittenhouse, Alberta Bronson and Elizabeth Heinsling were the coaches. The following girls were elected to Frill and Frown; Mable Brown, '15, Olive Cooper, '14, Emma Dillon, '15, Florence Good, '15, Marion Harmon, '14, Ruth Lenington, '15, Winifred Miller, '14, Marion Shivers, '15.

COLLEGE BIBLE CLASS.

The apocalyptic section of Dan begins with the seventh chapter. In a vision Daniel sees a lion, a bear, a leopard, and an unnamable fourth beast. These beasts represent respectively the kindoms of Babylon, Medea, Persia and Alexander. Out of Alexander's kingdom the dreamer sees a smaller kingdom arise. This is the kingdom of Antiochus Epiphanes. This last kingdom is described in detail because during the reign of Epiphanes and because of his persecutions the book was written.

After these kingdoms are destroyed there comes in the vision another kingdom represented in the form of a man. This is the kingdom of Israel which shall be over all nations and shall endure forever.

The kingdoms represented by beasts rise out of a stormy sea; the kingdom represented by a man comes from heaven. Beasts and man represent the beginning and the end of humanity.

C. E. A. INITIATION.

Tuesday the initiation of the new members of the C. E. A. took place. Following are the girls chosen: Pi Beta Phi, Ruth Edwards, '14, Frances McNall, '14; Delta Delta Delta, Margaret Weddel, '13, Helen Eede, '14; Pi Phi, Blanche Henderson, '15, Elizabeth Heinsling; Delta Phi, Alice Johnson, Lena Forgy.

SEMINARY NOTES.

Frances McNall, '14, spent Sunday at her home in Muncy.

On Tuesday evening Mrs. Gundy led the Y. W. C. A. meeting. She spoke on "The Arts and Crafts Movement."

Ruth Edwards went home on Sunday to spend a short time with her mother in Williamsport.

B. U. MAN MAKES CONTEST.

The Pennsylvania Peace Society conducts an oratorical contest each year among the colleges of this state. This year Weston Smith, '13, was chosen to represent Bucknell and submitted an oration to the society. Last week he received a communication from Dr. Jesse Holmes, of Swarthmore College, chairman of the board on this contest, stating that out of the large number of entrees from all the colleges in the state he is one of the six chosen on the merits of their orations to speak at the final contest. The subject of Smith's oration is "Progress and Peace." The contest will come off in the near future in one of the western Pennsylvania colleges.

'VARSITY TAKES TRIP.

The basketball team leaves on Thursday for a four day trip to Philadelphia and New York. On Thursday night the 'Varsity will meet the little Quakers at Swarthmore. The garnet quintet is as yet undefeated and among other signal victories downed the West Point cadets on the latter's floor by the score of 17-15. On Friday night Manhattan is played in New York City and on Saturday night St. Johns in Brooklyn. Both these teams are fast but are not expected to give the Orange and Blue quintet as hard a run as Swarthmore. There will be no home game until Feb. 22, when State plays here.

B. U. NEWS IN N. Y. TMIES.

Bucknell news will hereafter appear every week in the New York Times. This paper has established a new department in its Sunday edition which is to be devoted entirely to the news of the week from all the prominent universities and colleges in the east. The new feature made a very agreeable appearance last Sunday and is meeting with a cordial reception from the colleges.

The Eligibility Committee of the University of Minnesota recently barred an athlete who had received a dollar many years ago for winning a race at a picnic.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Rice, '14, substituted on the teaching force of Danville H. S. last week.

J. W. Ponthus who, with Mercer, led the Men's Meetings here, is now conducting a similar campaign in Western Reserve University.

Prof Davis gave the first of a series of talks to the boys of Lewisburg at the Orpheum yesterday afternoon.

Hugh Roser, '10, who holds an engineering position with the Union Pacific R. R. at Seabury, Ontario, Canada, is visiting about college.

Jones, '06, Smith, '07, Sherwood, '10, Sprout, '10, Sholl, '10, Snyder, '11 and Baker, '11, were among the alumni who witnessed the F. and M. victory Friday night.

Saturday, "Sprig" Sprout, '14, Speer, '15, Richardson, '13, and "Bill" Goehring, '12, at the invitation of Buchman, Secretary of the Y. M. C. A. of State College, journeyed to the latter place to hear Mercer give some of his talks to the Penn State men and incidentally to visit old friends at the school. "Vic" Schmid, '12, on account of a slight attack of the gripe could not be one of the party.

MEDICAL SOCIETY.

The regular meeting of the Medical Society on Friday afternoon was addressed by Dr. Davis. He took as his subject, "The Best Preparation for Medical College." During his address Dr. Davis said that within the last two years, sixty leading medical colleges had agreed to make their requirements at least equal to two year's college work. No man who goes into the profession as he should would wish to go with the least possible preparation. The man who is not fully prepared finds it out sooner or later in his practice. The age of the average college man is such that he can well afford to finish school, and yet get out of the hospital at an age which is yet young enough for a man in a profession of so much responsibility.

UNDERCLASSMEN CONTESTS.

Candidates for honors in the Sophomore Oratorical contest are requested to hand in their names to Professor Smith by Friday of this week. As usual the men will be restricted to selections of an oratorical nature, while the women will be allowed freedom of choice.

A preliminary trial of Freshman was held last week. During this week a second preliminary will be conducted, the participants having been notified. The contestants in the final contest in Declamation will be announced later.

"SIGS" ENTERTAIN AT DANCE.

Phi Gamma Delta fraternity was tendered an informal dance in the Armory, Friday night by the local chapter of Sigma Chi. The affair was well represented by one members of both fraternities together with their alumni in the vicinity. Guests were in attendance from Muncy, Hazelton and Williamsport. McCall's orchestra from Sunbury furnished the music for the occasion.

COMPETITION BEGINS FOR STAFF POSITIONS.

Concluded from first page.

The positions on the staff are to remain practically the same with the possibility of several new additions. Applicants desiring any special phase of the work are to state the same in their applications. The positions on the staff are to be reserved to all college students with the exception of the first year class, the representatives of which are to be assigned places immediately after the completion of the sophomore course in rhetoric.

The Orange and Blue, then, is to experience an entire revision of staff for the ensuing administrative year which begins next term. Selection of the staff is to be made with absolute disregard of factional representation and is to have rather the unselfish basis of representation of the entire college. Under the Faculty supervision mentioned, such a means of impartial selection is not only possible but is absolutely assured. The competitive system will, it is hoped, give Bucknell the most popular and representative college paper possible and one that will subvert factional interests to the common interests of all.

Dress Goods Week

SPRING STYLES.

We have gone to the markets and brought to Milton some of the prettiest as well as serviceable Dress Goods that Fashion has decreed for spring. Not only American but foreign products are here in all their elegence. The display of these magnificient goods will be something worth your while coming to see this week. If not prepared to buy you will see weaves and colorings in our large showing that will give you an idea what you want later on. You will always find the new things at Seidel and Spangler's long before you see them elsewhere.

At 50c, you will see the popular Serges in fine and course effects, whip cords, mixtures, batistes, diagonals, all wool challies, shepherd checks, cream serges with black pin stripe, etc. At 75c, are the fancy mixtures, worsteds, French and Storm serges, new stripes, shepherd checks in different colors, etc. At $1 are the French and storm serges, herring bones, Tussahs, poplins, mixtures, vollesmohairs, etc. From $1.25 up to $3.50 you can see the beautiful satin cloths, crepe meteors, poplins, mixtures, serges and the imported materials in dress patterns.

Special

One Lot of $2.00 Broadcloths in blue, brown, red and tan, sale price, 50c a yard.

One lot of $2.50 Heavy Coatings, sale price, 50c.

One lot of Henriettas and Plaids, 30c values, 10. While they last.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, FEBRUARY 12, 1912. NUMBER 17

B. U. WINS ONE; LOSES TWO ON TRIP

ENCOUNTERS FIRST REVERSE.

Local Quintet Wins from Manhattan, Eut Ccs Down in Defeat at Swarthmore and St. Johns.

The 'Varsity had the first real try-out last week when she journeyed abroad to try her skill on foreign floors. Although the team did not return with three victories to its credit, the returning accounts from those who witnessed the contests are very encouraging. It has been a good test for the varsity men and has given them a thorough reasoning which will be of great value in the State game next Friday night.

Swarthmore Game.

It is admitted by all who witnessed last Thursday's game at Swarthmore that the local team was the bigger, better and stronger. The Bucknell team seemed to be suffering from the effects of travel. Fisher, especially seemed to be slow due to an injured foot, while Bart and Schaffner were not as fast as usual. The great trouble was the dribbling rule. Our men could not dribble with one hand and seemed to be afraid to try it. Follmer had to do it all and of course the entire Swarthmore team laid for him. When the other members of the team did attempt it they would invariably get both hands working, thus causing a foul. For the first ten minutes the score was tie: 2-2; 4-4; 5-6; 8-8 and then Swarthmore broke away with a rush. Twenty-three fouls were called on Bucknell for dribbling. It broke up all team work and made a regular farce of the game. Glege, Baker and Gilchrist did the best work for Swarthmore, although Fisher had the latter played to a standstill in the last half. Several times Follmer dribbled through the entire Swarthmore team only to have them pile in on him in a bunch before he could score. "Mike" and Bart each got a goal that the referee ruled out on some technicality. First half ended 20-10. The second half was more spirited, but the varsity was outclassed and the final score, 31-14.

Swarthmore	Position	Bucknell
Baker	forward	Follmer
Mitchell	forward	Bartholomew
Gilchrist	center	Fisher
Smith, Capt.	guard	Zehner, C.
Glege	guard	Schaffner

Goals from field — Swarthmore: Baker, 2; Mitchell, 3; Gilchrist, 2; Smith, 2; Glege 1. Bucknell: Follmer; Bartholomew; Schaffner. Fouls — Swarthmore, 11 out of 23; Bucknell, 8 out of 16.

Manhattan Game.

The fellows were determined to win this game and went into it with plenty of ginger. The playing was very rough on the part of the Manhattan team. But there was no stopping Bartholomew who threw five goals from the field. The first half ended 22-12 in our favor.

Manhattan started the scoring in the second half and registered three field goals before Bucknell tightened up. Just then Fisher scored a long field goal which braced the team considerably. The Manhattan quintet pulled off several rough-house stunts that would have done credit to a bunch of iron workers and upon one occasion they were hissed by their fellow-students when a player sent Zehner against the wall. Final score 27-25, Bucknell's favor.

It was during this game that Fisher wrenched a muscle in his shoulder which kept him out of the St. Johns game. It is worthy of noting that only one foul was called on Bucknell.

Manhattan	Position	Bucknell
Swarez	forward	Follmer
Ryan	forward	Bartholomew
Captain Leonard	center	Fisher
Loesch	guard	Schaffner
Flynn	guard	Zehner, Capt.

Goals from field—Bucknell: Follmer, 2; Bartholomew, 5; Fisher, 2; Zehner 1. Manhattan: Swarez, 4; Ryan, Leonard, 3; Loesch 4. Fouls: Bucknell, 7 out of 10; Manhattan, 1.

St. Johns Game.

Fisher could not go in the game because of the injury to his shoulder and Jordan was substituted. "Al's" work at center was good and while not as skillful as Fisher he put up a strong defense allowing his man but one field goal. A great deal of trouble was experienced with the referee who did not possess more than a working knowledge of the game. The first half ended with the score 17-6.

In the second half Bartholomew was put in Schaffner's place at guard, while Fetter took Bart's place at forward. Burchill for St. Johns proved a destructive opponent, scoring three baskets. Final score 28-18.

St. Johns	Positions	Bucknell
Keeman	forward	Follmer
Tracey	forward	Bartholomew
Molloy	center	Jordan
Crenny	guard	Zehner
Burchill	guard	Schaffner

Notes on the Game.

Just before the Manhattan game, the fellows saluted the proverbial haywagon.

At Swarthmore the members of the team were treated with the courtesy of gentlemen. The team appreciated it and will be glad to return again.

During the last half of the Manhattan game, Young, a former Penn-State guard was placed at forward. He could not do anything, however, under Zehner's vigilance.

While stopping at the hotel Cumberland the team met the Syracuse quintet which defeated St. Johns and New York Univ. by close scores.

Several alumni took in the Bucknell-Swarthmore game. Among whom were Brown, '09, Stockebrand, '10, Oliver, '11, and Crossman, '11.

PHILA. ALUMNÆ MEET

ANOTHER SUCCESSFUL EVENT IN WANAMAKER'S TEA ROOM.

The Philadelphia Alumnae Club held its annual luncheon and meeting on Thursday of last week in Wanamaker's Tea Room. About 80 guests were present many of whom were alumni from various parts of the state.

The business meeting at which officers for the following year were elected, preceeded the luncheon. Speeches were then made by Mrs. Rudolph Blankenburg, wife of Mayor Blankenburg, of Philadelphia, Mrs. Florence Earle Coates and Mrs. H. Prentiss Nichols and others.

The Philadelphia Alumnae Club is in a flourishing condition. Great enthusiasm attends the quarterly meetings of the club.

MID-WINTER SOCIAL

LEWISBURG ALUMNAE CLUB TO MEET.

The Bucknell Alumnae Club of Lewisburg will hold its Mid-Winter Social at the Institute Friday evening. The program committee composed of Misses Hare, Bubb, Stanton and Stoughton has arranged for the entertainment of the club and its invited guests. The event of the evening will be a play given by a number of the members.

The club has at present a membership of more than 100. Since its organization in 1880 the growth of the club has been steady. Meetings are held every two weeks and in this way the interest of the members remains active.

COMPETITION CONTINUES.

The competition for staff positions on the Orange and Blue is well under way. Thus far a number of applications have been received by the editor. The number, however, is by no means sufficiently large. Inasmuch as the first assignments in the competition are to be made next week it is imperative that all applications be made at once.

FRESHMAN PRESIDENT ESCAPES FROM SOPHS

TEED TAKEN TO SHAMOKIN.

While Sophomores Attend Fire He Climbs Down Telegraph Pole to Safety.

The kidnapping on Wednesday night of President Teed, of the Freshman class, and his subsequent escape from the hotel in Shamokin, where he was kept in confinement by several Sophomores in order to keep him from the banquet held by his class in Williamsport Friday night, created considerable excitement.

Through a strange coincidence the banquets of both the under-classes were held on Friday night, the Freshmen going to Williamsport while the Sophomores went to Shamokin, and it was chiefly on that account that every one expected the members of the two classes to declare a truce and desist from the customary "scrap." It was therefore a complete surprise to the school-at-large when the discovery was made Wednesday evening that Teed was not to be found and the fact became known that three members of the Sophomore class had taken him from his room in Main College and out of town with the intention of making him an "honor" guest at their own banquet in Shamokin Friday night.

As soon as they learned of the loss of their president the Freshmen made plans to release him from his kidnappers and accordingly went en-masse to the midnight trains, hoping that captors and captive would be found there. Thursday morning a number of the Freshmen left for Shamokin and Mt. Carmel, believing that the "Sophs" would be found in one of those places. At the latter place they secured an automobile belonging to one of their number and in that they drove to Shamokin.

It appears that in the meantime the three Sophomores had taken Teed directly from his rooms in the dormitory to Montandon and thence to Shamokin via. Sunbury. At Shamokin the party engaged rooms in the Winsor hotel and the suite was turned into a temporary prison by its occupants.

It was evident that the Sophomores felt overconficlent of the security of their captive, for almost all day Thursday they walked with him up and down the streets of Shamokin and took him into the picture shows. During the afternoon reinforcement to the kidnapping party arrived and brought news of the presence of Freshmen in the city and from then on President Teed was closely confined to his room.

Shortly after midnight Thursday a fire alarm sounded for a big blaze a short distance from the hotel. Undoubtedly believing that Teed would make no attempt to escape the Sophomores who were guarding him locked the door of the room and went to the fire, not even taking the precaution to tie him or take his clothes.

At last alone, Teed at once set about to escape and by means of some keys, which had not been removed from his pockets by his captors, picked the lock of the door and made his way to the bathroom. From the window of the bath room he noticed some telephone wires strung from the wall to a telephone pole a short distance away and it was along these wires that he crawled to the pole and down it to the ground.

Realizing that he was still in the domains of the enemy Teed hurried to the outskirts of the city but not knowing whether he was going towards or away from Lewisburg. After several incidents, among which was a race from a vicious dog, he came to the yards of the Readlng railroad and there found a crew making up a freight train. Teed told his story to several of the brakemen who told him that they were going to start soon for Williamsport and that they would take him all the way through in the caboose.

Enjoyable Festivities at the Annual Glass Banquets

SOPHOMORES AT SHAMOKIN. FRESHIES AT WILLIAMSPORT.

Hotel Graemar Scene of Successful Event. Forty Members of Class Attend Banquet.

First Year Men Elude Sophomores and Journey to the Ideal City For Annual Feast.

The class of 1914 renewed the time-honored custom of holding a Sophomore banquet, when they assembled at the Hotel Graemar, Shamokin, Pa., on Friday night, Feb. 9. Early Wednesday afternoon the "gay young sophs" began to leave Lewisburg so as to be sure to be in Shamokin on time, and by Friday evening, about fifty members of the class were in the little mining town. Friday afternoon was spent in seeing the sights or attending the theatres of Shamokin.

The banquet began at 9.30 in one of the large rooms of the beautiful Hotel Graemar, one of the finest hotels in the state. The management had made splendid preparations for their guests. On every side streamed Bucknell and "1914" banners and pennants, and the tables which were arranged in the form of the Greek letter "Pi," were a mass of ferns and floral decorations. Thomas' orchestra of seven pieces furnished music between the courses. The selections rendered were enjoyed by all and "hit the spot" for the banqueters. Good humor and the best of spirit prevailed on every side. Although the decorations showed the good taste and skill of the hotel management, the supreme triumph of the evening was the banquet proper. When the viands were brought in, that band of fifty sophomores, throwing off for once the cares of the student life, fell to with a zest.

When full justice had been done to the menu the different speakers were introduced by Toastmaster Frank B. Worrilow, the president of the class. The senior class was represented by its president, James P. Harris who responded to a toast. The toasts and the speakers were:

The Feast of the Passover—	W. Clime Lowther
Class of 1912	Perry A. Caris
Response	James P. Harris
The Engineers	Earl B. Glover
The Class of 1914	Howard E. Musser
Girls, Girls Girls!	Robert McCombs
Wild Boys I Have Known—	John W. Scouton
Hazing	Chas. E. Coleman
Our Football Game—	Wayne B. Jefferies
Tonight	E. Olaf Lindberg
The Freshmen	Wm. B. Crawford
Good-Bye	Cheney K. Boyer

Earle S. Teed, president of the class, acted as toastmaster and responses were made as follows: "The Faculty," J. W. Hedge; "Our Distinguished Guests," Sturges; "Reponse," Steel, '13; "The Evolution of the Green Button," C. W. Dale; "The Ladies," E. L. Rogers; "Class Scrap," W. T. Windsor; "Class Spirit," 'Doc' Muffley; "Tonight," J. B. Bates; "Wit and Humor," G. B. Patterson; "The Ducks Who Got Ducked," J. D. Rishel; "Hazing," J. D. Trevaskis; "Class of 1915," H. C. Edwards; "The Football Game," F. F. Wittam; "Old Bucknell," Prof. Alvin M. Weaver, '05; "College Men," Prof. Chester B. Wrenn, '04; "Good-Bye," H. S. Brownell.

With Orange and Blue banners decorating the walls and festooning the chandeliers, forty members of the class of 1915 sat down to their banquet at the New Crawford Hotel, Williamsport, last Friday evening, and for four hours those familiar Bucknell songs and yells, intermingled with the strains of an excellent orchestra, rang without restraint through that structure.

Before the banquet proper was entered upon, the students did the town. Large parties visited the Fourney rink, where they skated as only college men can skate. Others attended the vaudeville where some responded to the "Master Electrician's" call for volunteers upon the stage, and whether they received shocks or not, they certainly performed some great stunts, much to the amusement of the audience. Others took in the show at the Opera House, while scarcely at any time was a moving picture show without several Bucknell representatives.

CHEMICAL SOCIETY MEETING.

The regular meeting of the Chemical Society was held in the lecture room of the laboratory on Thursday evening of last week. Prof. Owens gave an illustrated lecture on "What Water is Doing in Yellowstone Park." The lecture was most interesting and instructive. Prof. Owens showed a number of beautiful lantern slides of hot springs, geysers and rock-formations found in the National Park. The next lecture and meeting of the Chemical Society will take place on Thursday evening, Feb. 22.

BAND A REALITY.

FIRST PRACTICE LAST WEEK—SECOND MEETING TONIGHT

The band which has been lately reorganized held its first meeting and practice on Thursday evening of last week in the oratory room in Main College. The attendance was as large as could be expected and a very credible practice followed. Practically all the members of last year's band are back at college again this year and this fact together with the presence of new material in the freshman class points to another successful band this year. It is likely that a programme of some sort will be arranged for the spring term. One idea is to hold a series of combined concerts with the Mandolin and Glee Clubs on the college campus at that time.

The second meeting of the band takes place tonight. Prof. Smith who has been directing the reorganization of the band is desirous that all students with ability to play band instruments will attend tonight's meeting in the oratory room in Main College.

The Michigan Glee Club has been asked to visit Japan at the expense of the Japanese government.

DR. HARRIS SPEAKS.

STUDENTS HEAR EXCELLENT ADDRESS BY THE PRESIDENT.

Our President, Dr. Harris, addressed the Y. M. C. A. Thursday evening. He based his remarks on Mark 10:25 which says: It is easier for a camel to go through a needle's eye than for a rich man to enter the Kingdom of God. He explained that the Kingdom of God was in man's heart and that it was impossible for a man to enter the kingdom before the kingdom was in him. This is why it is so difficult for a rich man to enter the kingdom A man must leave all and follow God, that is, he must consecrate all his riches to God. It does not mean that a man must sell all his riches, whether money, intelligence, physical strength, or any other special talents, to God. The Dr. said further that a man cannot do this without divine assistance. After Christ had said "Mine is all power both in heaven and earth," He said to His disciples, "Therefore go and preach the gospel to all nations." This meant that the power of God would be with them in their work. So God will give a man power to consecrate all his riches to Him. The address was thoroughly enjoyed.

THE NEW STAFF.

The announcement of the inauguration of a system of competition as a better means of staff selection than has been used in the past by the Orange and Blue, has been received to some extent with incredulity by the students. As a matter of fact, the competitive idea is no mere chimera but is rather a broad, impartial means of placing ability and willingness to serve on the staff of the forefront. We cannot conceive of any more efficient means of bettering our college paper than this. In the first place the idea is not a new one. The foremost American college papers are established on the healthy basis of competition. The advantages of such a system are not recondite. Briefly it places a premium on ability to write, it dissipates unwillingness to serve which is a dangerous element to the life of the paper, it makes factional bias or any impartiality whatever an impossibility, and what is more, it caters to the best representatives of the college. What more can we wish for the policy of our college paper?

The competitive system is here to stay. By means of it the next Orange and Blue staff will enter into office. The time for competition is brief and applications must be made at once to the editor of the Orange and Blue. As stated last week, the competition is to consist of several ordinary news-assignments, to be made at the earliest convenience of the applicant. The final selection is then to be made by Profs. Phillips and Perrine together with the editor of the Orange and Blue. It is desirable that all applications for positions be made by the end of the present week. It is likely that no more applications will be received after that time.

THE EAND—WHY NOT?

Bucknell students are glad to note the efforts being made to revive last year's popular band. At that time the only function of the band was to play at athletic contests. No doubt this was greatly enjoyed by the spectators and at the same time, as an additional attraction, was of considerable benefit to the athletic association financially. But might not this year's band go a step further? At Princeton we find frequent concerts given on the college campus by the various musical organizations during the warmer months. These concerts are an appreciated part of student life at Princeton. Why not, as has been suggested, arrange for a series of at least three concerts to be given next term on the college campus by the Combined Musical Clubs and the college band now being organized? The sale of course tickets for the entire series of concerts, among the students and the people of the town, would realize money enough to finance the musical organizations for the following year and would consequently assure their future permanence.

THE INTERCOLLEGIATE DEBATE

The summons of candidates for the debating team should receive liberal response from those who are interested in this phase of work. As has been announced, we are to meet Gettysburg on the platform at an early date. To secure a victory from Gettysburg we must be on the alert. Debating in that college has been prominent the last few years while our own interest has been dormant in this line of work. A debating team worthy of Bucknell can only be secured by vigorous competition and it is desired that the meeting tonight of those interested in intercollegiate debating will be well attended.

COLLEGE BIBLE CLASS.

Chapters eight and nine may be comprehended under the topic, history and prayer. The author continuing to see the rise and fall of kingdoms and the persecution of his people turns to his books to find out when the end shall come. He falls on Jeremiah's seventy years. Perplexed he turns to God in prayer.

To his prayer he receives an answer, an artificial explanation of the seventy years. This prayer and his answer suggest some truths concerning history and prayer. The ultimate desire of this petitioner is that God may vindicate Himself. This desire suggests that the Christian should believe that there is a place in the economy of the universe for the operation of the prayer of the righteous. The answer conveyed to the petitioner a clearer view of God in history, and such an answer is worth more than all quantitative answers.

A COMMUNICATION.

The game with St. Johns on Feb. 10th was anything but satisfactory. Not on the part of the Bucknell men, who showed the best spirit of gentlemen, but the deal which they received from the hands of the referee was disgraceful to the audience. Even the faculty and students of St. Johns regretted that the city of Brooklyn had no better official than the one whom they had chosen to officiate.

The fellows in spite of the fact that they were tired from the long trip and crippled with several injured players, showed up well and with half a square deal would have cleaned the floor up with their opponents.
AN ALUMNUS.

TO ADDRESS Y. M. C. A.

STATE REPRESENTATIVE DERSHEM COMING.

Frank L. Dershem, state representative from this district, will address the Y. M. C. A. on Thursday evening, February 15. His subject will be "The Reputation and Character of the Members of the Penna. Legislature." His political experience and acquaintance on this subject certainly make him capable of giving the truth about it. Mr. Dershem is an interesting speaker. Let's give him a good hearing.

ORATORY ANNOUNCEMENTS.

Because the number of volunteers for the Sophomore oratorical contest far exceeds that of any previous year, a preliminary trial will shortly be held. The candidates will be notified by mail.

A second preliminary contest for places in the freshman oratorical contest will be held this week. Contestants will be notified by mail.

A course in camp cookery will be given next semester at Ohio State.

Just a Timely Notice To The Skaters.

Buffalo Creek will soon be frozen over and you will want

JUNIOR DEBATE

ANNUAL CONTEST LAST FRIDAY IN CHAPEL.

The Annual Junior Debate by the members of the Junior class of Bucknell was held in Bucknell Hall Friday evening, under the auspices of the Business Men's Association of Lewisburg. The question for debate was: Resolved, that the government of the United States should establish a General Parcels Post System. The affirmative side of this question was upheld by Logan Earl Jackson Harry Xing Kelley and Chas. Adam Fryling; Boyd Henry Walters and Harry Scheidy Everett presented the negative argument.

The principal arguments advanced by the affirmative speakers were as follows:

1. The Parcels Post System is needed in the U. S. to supplement the present postal system and to overcome the evils of the express companies.

2. The System is feasible as has been shown by its success in European countries, especially in England and Germany.

3. Competition between the local merchants and the mail order houses would not necessarily be increased. The negative speakers addressed in brief these arguments. (1) The Parcels Post system would foster the development of a mail order trust by giving the manufacturer command of the market, both for our materials and the finished products. (2) It would destroy the prosperity of the small towns and country districts by destroying local commercial business. (3) It would tend to centralize population and wealth in the large cities. (4) The increase in mail matter would be so great as to destroy the efficiency of our present postal system. (5) It would result in a financial loss to the government. (6) The greatest benefits of the system would be not to the people as a whole but to the mail order houses and the railroad companies.

The debaters presented their arguments ex tempore. In consideration of this fact the debate was well handled by both sides. As usual this debate was a contest between the individual speakers, the results of which will be made known at the close of the school year. The question was accordingly not decided by the judges. In order to determine to some extent the public opinion of the citizens of Lewisburg and of the students, a vote was taken which resulted in a decided majority in favor of the affirmative; the "score" was 117-29.

The question selected is one of vital and urgent importance, one that confronts the whole country today. That the people of Lewisburg are aware of this fact and that they evidence a healthy interest in the public welfare was clearly proven by the fact that an unusually large number turned out to hear the speakers. They with the students constituted a crowd that filled the Chapel to a greater extent than at any debate during the past years.

The Mandolin and Guitar Club accompanied by Miss Armstrong rendered two selections that were generously applauded.

MUSICAL NOTICES.

The first minstrel rehearsal will be held tonight, Monday, February 12, at 9.30 o'clock in Bucknell Hall. All members of the Glee Club are required to attend, and any others who wish to join many apply to Stolz. Officers will be elected and parts assigned to end men and the cast.

The probable date for the Minstrel Play is March 5th.

The Combined Glee Clubs will meet on Thursday, Feb. 15th, at 6.30 o'clock to rehearse "Creation." There is a possibility of a first class comic opera to be given in the early part of spring term with the splendid material of this organization.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year.

NORDLAND COMPANY COMING.

The coming Friday evening will witness the final number of the Y. M. C. A. Lyceum Course. As has been announced on the tickets and posters, The Nordland Girls together with Llewellyn M. Evans will do the entertaining. The program presented by the Nordland Co., is strongly Scandinavian in character and is at the same time calculated to appeal to American audiences. The Norwegian and Swedish folk-songs rendered by the Nordland Girls have called forth praise from all who have heard them. Besides these the program includes vocal and instrumental solos and duetts and closes with an ensemble number by the entire company.

It is the desire of the Lyceum Committee that the course may be closed with a strictly first class number; and there is every reason to believe that the Nordland Company will be equal to the occasion. As usual the entertainment will be held in the Beaver Memorial church with an admission of fifty cents to those not having regular course tickets. The doors will open at 7.30 P. M. and the concert begins at 8.00.

SOPHOMORES BEAT JUNIORS.

In a game chuck full of fun and excitement the Sophomores defeated the Juniors and thereby added another victory to their credit. The contest for the most part was rough and the scoring slow. Mahoney, Welchons and Everall for 1914 and Shaffer for 1913 were the star point getters. The Juniors while outclassed in the first half played consistently and gave their opponents a great deal of trouble in the last half.

1914	Positions	1913
Mahoney	forward	Shaffer
Bell	forward	Richards
Welchons	center	Dunkle
Stahler	guard	Teamer
Everall	guard	Harris

(Criswell)

J. EDWARD HEIDENREICH.

J. Edward Heidenreich, '04, whose death occurred Jan. 22 in Las Vegas, N. M., brief mention of which was made in our last issue, was born at East Mahanoy Tunnel in Aug. 1880. In 1900 he was graduated from the Mahanoy City high school and in the same year entered Bucknell. Here the deceased was not only an exceptionally brilliant student but a prominent athlete, playing on the football teams with Mathewson and McCormick. He was a member of Sigma Alpha Epsilon fraternity. After reciving his degree of Sc. B. in 1904 he entered the Law department of the University of Michigan, from which he was graduated in 1907.

For the past several years Mr. Heidenreich was associated with one of the leading law firms of Kansas City and recently moved to Las Vegas where he was building for himself a large and lucrative legal practice when death ended his promising career. After locating in New Mexico Mr. Heidenreich was taken ill of pneumonia which left his lungs in a weak condition and despite extensive traveling in search of health he never recovered. The remains were brought to Mahanoy City where services in memory of the deceased were conducted Tuesday, January 30, at the home of his parents and the Lutheran church. At the funeral were President John H. Harris, of the University, Prof. Wilcox, '04, of the Academy, J. L. Johnson, '04, of Harrisburg, and E. R. Park, '12. The three last named are fraternity brothers of the deceased.

SEMINARY NOTES.

Olive Long, '12, spent Sunday in Mill Hall.

Emma Keiser, '12, spent Sunday at her home in Mount Carmel.

Maze Callahan and Margaret Harter were also home for the week-end.

Ruth Edwards, '14, will not return to college this term on account of illness.

Verna Whittaker, '11, who is teaching in Millville, N. J., is visiting in Lewisburg.

Blanche Henderson, '15, and Elizabeth Heinsling visited the former's parents in Montgomery on Sunday.

DEBATORS MEET TONIGHT.

Notice is given to all those interested in intercollegiate debating to report to Prof. Phillips tonight at 8.00 P. M. in Theta Alpha.

Special for February in the Ready-Made Department

FURS REDUCED

We have some neck pieces that we have no furs to match and a lot of muffs that we have no neck pieces to match that we will close out during February at a great sacrifice. Among the lots are Black and Isabella Foxes, Beavers, etc. A special table of neck pieces and muffs that will be closed out at $1.50, some values up to $3.00 on this table. Here is a bargain you shold not overlook. You can get as much wear and comfort from these furs this season yet as you did in the earlier part of the season.

Velvet

THE SMOOTHEST TOBACCO

A good friend is the friendly coach—who comes and brings a tin of Velvet and helps you in the t.i.k of time.

Velvet is a remarkable tobacco—in these hurry-up days it takes its time. Takes two years of mellowing to take out all harshness and "bite"—make the taste rich and quality "smooth."

That's why Velvet is a helpful smoke—never irritates—just delivers the maximum of pipe pleasure—that we're all after. At all dealers.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, FEBRUARY 19, 1912. NUMBER 18

BUCKNELL LOSES TO STATE, 35-19

FIRST GAME OF THE SERIES.

Contest Characterized by Rough Play and Numerous Fouls. Keiser Shows Up Well at Guard.

Playing with the kind of determination that always features her battles against Bucknell, State wrested the first victory of the year at State College, Friday night by the score of 35-19.

The playing on the part of the State team was nothing more nor less than pure fight under the guise of basketball. Realizing their advantage in weight the Blue and White quintet used it in every possible way to frustrate the plays of their opponents. It can be said in justice to the student body at State College that the team which represented that institution by no means represented it in the spirit of fair play. This fact was clearly shown when the disapproval of the spectators reached the point where it became necessary to remove a certain member of the team before the game was permitted to continue. Bartholomew was first to score on a foul by Mauthe who bowled Fulmer into the crowd. This happened immediately after the whistle blew. Shore scored next for State with a pretty field goal from the center of the floor. Bucknell made three more points on fouls by Mauthe who was put out of the game upon the fifth offense. Of the sixteen fouls called on State, twelve were the result of rough play. The work of both teams was severely handicapped by the inexperience and nervousness of the referee who was so badly scared that he could not at times blow the whistle. Bucknell's only field goal in the first half came toward the end of the period, when Bartholomew out of bounds threw to Fulmer who dropped it into the basket. Fisher's work at center was not up to the usual standard owing to his injured shoulder, while Keiser's first trial at guard was favorably commented upon. The first half ended with the score 16-6, State's favor.

Bucknell started the scoring in the second half on a foul goal. State followed with a foul goal and a field goal. The varsity tightened and played a faster game, while the shooting was more successful.

Fulmer's work in this half was especially noticeable, making some sensational dribbles, through the entire State team and caging the ball unassisted. It was upon one of these plays just prior to the close of the game that Hartz sent Fulmer into the crowd with a fierce lunge. "Mikey" was uninjured and Bucknell got the benefit of another point. It was the out of bound rule that affected the playing of the varsity to a great extent. The final score, 35-19.

Shore, Craig and Parks who took Mathue's place at guard, played a good consistent game and made most of the points. Shore was not as successful as Bartholomew in shooting fouls, scoring three out of seven chances.

State	Position	Bucknell
Shore	forward	Fulmer
Craig	forward	Bartholomew
Hartz	center	Fisher
Blythe	guard	Zehner
Mathue	guard	Keiser
		Schaffner

Goals from Field—State: Shore, 6; Hartz, 5; Park, 4; Craig. Bucknell: Fulmer, 3; Bartholomew, 2.

Fouls—State: 3 out of 7. Bucknell, 9 out of 16.

MASS MEETING.

A mass meeting for all students will be held at 4.15 Wednesday afternoon in the gymnasium. Every man is wanted down on the floor to whoop things up a bit for the State game. The band will be present and Prof. Lindemann will give a talk. At the same time the 'Varsity will hold its last practice before the State game. Heed the call! Remember it's for you as well as the other fellow.

ORATORICAL CONTESTANTS

KEEN COMPETITION FOR PLACES THIS YEAR.

For the annual contest of the Junior Class the following, having attained the highest general averages throughout their courses in Rhetoric and Oratory, are selected to present in public original orations: Jackson, Beck, Bowling, Smith, Kelly, Walter, Fetter, Fryling, Brush, Middleton, and Miss Fischler.

The contestants will report to Professor Smith for details.

As a result of the preliminary trials and of selection the following volunteers will represent the Sophomore class in its annual oratorical contest: Lotte, Winkelbech, Richards, Dewire, Hamblin, Markowitz, Frantz, Misses Race, Whittam, and Knapp. The men will be restricted to orations. All will report their choice of selections in order to avoid duplication.

After several preliminary trials the following Freshmen were chosen to participate in the annual declamation contest: Evans, Speer, Teed, Whittam, E. O. Clark, Schaffner; Misses Florence Barber, Winifred Miller, Florence Good, Emma Dillan. The speakers will report their choice of selections as soon as possible in order to avoid confliction.

DEBATING LEAGUE REVIVED

SOCIETY ORGANIZED LAST MONDAY. MANY PRESENT.

On last Monday evening, about 20 fellows, representing both upper and lower classes, assembled in Theta Alpha room in response to the call of Dr. Phillips, to discuss the advisability of organizing a University Debating League.

Dr. Phillips stated that after considerable correspondence he had arranged with Gettysburg to hold a debate on April 23. Further arrangements than this have not yet been completed. Dr. Phillips also said that the purpose of the league was, not to organize merely for this one debate, but rather to form a permanent debating society which would represent Bucknell in the future, and which would help to give her a more prominent place among college debating leagues.

Upon motion it was decided to elect officers for the organization, which were chosen as follows: Pres. Igler, '12; Vice Pres., Shattuck, '14; Sec. and Manager, Brush, '13. The club will meet again this evening in Theta Alpha room at 8 o'clock, and it is hoped that a large number will be present to help make the society a success.

Yale, Princeton and Cornell are on the water polo schedule of the University of Pennsylvania.

ORATIONS OF '63 PREPARED IN CAMP

BOOKS DROPPED FOR MUSKET.

Seniors Returned in Uniforms On Commencement Day Just in Time to Graduate.

The following account of the stirring times on the hill during the Civil War and the part which seventy-two Bucknell students played in saving the Union, is written by Dr. O. P. Eaches, '63, of Hightstown, N. J. Dr. Eaches was among the lads who left the college campus for the battlefield.—Editor.

It was reserved for the class of '63, and the college in '63 to take part in the struggle for maintaining the Union. Some members of the college like Lieut. Gregg Tucker, '62, had enlisted prior to this time. In the Reading Room on the second floor of the Main College I remember reading the accounts of the John Brown raid at Harper's Ferry. Gradually the great struggle came on. When Sumpter was fired on, it was the custom of the students to meet at the Post Office to hear and discuss the daily news. Any doubtful men in the college and town were made to display the flag.

The military spirit filled the hearts of the students. For months the entire college was drilled by Ross Ward, '64, using wooden muskets. It was hard to keep at the daily work when the question uppermost was: can the nation stand the strain. In 1862 when Lee invaded the state Governor Curtin appealed to the men of Pennsylvania to drive out the invadors. The call reached the college about noon. In the afternoon the school books were closed; the Seniors had a recitation in Textus under Prof. Bliss. At the four o'clock bell we repaired to the recitation rooms and received the approval and blessing of the professors. The women of the town made haversacks and filled them with rations.

At nine the next morning we started in a troop train for Harrisburg. We slept the first night on the bare floor of the Capitol. Here we were uniformed, mustered into United States service. Our first work was to construct earthworks for defending Harrisburg. About 2 miles from the city the regiment had a skirmish with the Confederates.

Co. A, 28th Regiment, with Colonel Chamberlin, '60, a Bucknell graduate commanding, was ordered on special service to guard the Railroad Bridge above Harrisburg.

To rejoin the regiment we marched over the Cumberland Valley—the first Union troops seen since the Confederate invasion. At Carlisle the barracks had been burned—the railroad tracks were torn up. At Shippensburg we acted as Provost guard, closing the bar-rooms, preserving order as many regiments passed through, guarding many prisoners captured at Gettysburg, shipping Confederate wounded by the train loads to the hospitals. Our furthest march southward was Hagerstown where we received a Confederate welcome, closed doors and shutters. The service in some respects was hard, marching sixteen miles per day, with one hundred rounds of cartridge, ten days' rations, musket and tent.

But the boys preserved their joyous college spirit, serenading at night when camping near towns. Cows were milked to fill canteens, chickens and small pigs were confiscated under the plea that they were contraband of war. Townsend, afterward Principal of the Reading High School, would always start a well known hymn. T. R. Jones, '62, was our Captain, Professor James, First Lieutenant, Nesbit '62, second Lieut. Seventy-two names of Bucknell men were on the muster roll. As I write this the old Muster Roll Book of '63 lies before me. So far as I know the following are yet living: Dr. U. U. Case, Trenton, N. J.; Dr. T. C. Munroe, White Hall; Dr. T. A. K. Gessler, Landing, N. J.; Dr. J. S. Hutson, Pittsburr; Prof. Freeman Loomis; Dr. T. A. Gill, U. S. Navy; Prof. C. B. Lowe, College of Pharmacy, Philadelphia; Dr. Stevens, Lewisburg; Rev. W. F. Maul, Brooklyn, N. Y.; D. P. Leas, Philadelphia; Dr. H. S. Garner, Altoona; Rev. Ross Ward. The others have all been mustered out.

We were mustered out at Harrisburg several days before Commencement—some arriving in Lewisburg in their uniforms on Commencement Day. The orations at graduation were hastily prepared, some of them while in camp. The abiding National ill of today is due in part at least, to the college students of 1863. They can say—A part of the Nation's history we wrote.

O. P. EACHES, '63.

Hightstown, N. J.

BAND FOR STATE GAME.

The band, continuing the work begun several weeks ago, met for the second time last Thursday evening. A number of new men reported for practice; the addition making successful work by the band a certainity. At the meeting it was decided to appear for the first time publicly next Thursday night at the State game. That this may be done, two practices must be held this week. The first one, tonight, is to be held in the Y. M. C. A. hall at 7.30 o'clock.

LEWISBURG ALUMNAE SOCIAL

LARGEST GATHERING OF SOCIETY'S HISTORY TUESDAY EVE.

The ladies of the Alumnae Club held the largest open meeting of their history in the Institute Parlors on Tuesday evening, Feb. 13th.

The program for the evening was in charge of Miss Helen Hare and consisted of a delightful Richard Sheridan comedy, entitled, "The Scheming Lieutenant," or "St. Patrick's Day." The play itself is one of Sheridan's gems and its production was by no means amateur. The performers were interrupted frequently by laughter and applause.

The cast consisted of the following characters:

Lieutenant O'Connor—
Miss Stoughton
Doctor Rosy — Miss Hare
Justice Credulous — Miss Bubb
Lauretta — Miss Shafer
Mrs. Bridget Credulous—
Mrs. Browne
Lucy — Miss Yates

After the program was ended, the ladies were served with refreshments, Miss Bush acting as manager of the refreshment committee.

The next meeting of the club will be held the second Tuesday in March, in the Institute Parlors at 7.30 P. M.

NEW CATALOG OUT.

The University catalog for 1911-12 made its appearance Saturday. Noteworthy changes are: the college bill is raised $10.00; spring vacation is extended to a week instead of five days as formerly and will continue this year from March 20 to Mar. 27. The summary of attendance in the collegiate department is published as follows:

Graduate Students	70
Seniors	76
Juniors	74
Sophomores	113
Freshmen	131
Non-matriculates	21
Total	485

ALUMNI GAME POSTPONED.

Owing to the fact that the Harrisburg Collegians have a game Saturday night, four of our Alumni of the latter quintet cannot be here for the annual Alumni game scheduled for this Saturday evening, Feb. 24. For that reason the game will be postponed. A later date is to be announced in the near future.

Wisconsin's Interfraternity Conference awards a cup each year to the fraternity having the highest average in scholastic grades.

JUNIOR WEEK FULL OF BIG EVENTS

STATE GAME THURSDAY NIGHT.

"Prom" Will Be Crowning Feature. Junior Smoker In Armory on Saturday Evening.

This is Junior Week. The sway of college activities is placed in the hands of the 1913 class and under their direction we are to look forward to a week filled with interesting festivities.

Among the customary events of the college year, Junior Week is one of the most important. The observance of this week is to be made a greater success this year than it has been formerly. Last year there was no Prom at all and merely an embryonic Smoker. This year elaborate preparations are being made for a successful Prom and an enjoyable Smoker.

With the help of two games and an address on Washington's birthday in addition to their own events the class of 1913 offers an unusually full program from Thursday morning to Saturday night.

The Junior Prom will be held in the Armory Friday evening. This will be the crowning feature of all the activities and will rival in brilliance the best of former Proms. The committee has been devoting its time and energy toward making this event one to be remembered by all who attend. Grange's Orchestra of Muncy has been secured to furnish the music. The excellence of this Orchestra is too well known to require further mention. As has been explained in a previous issue upperclassmen are invited to attend. Underclassmen who desire to attend should consult with any member of the committee. Don't forget the date, Friday, February 23. Overture at 8.45.

The Junior Smoker will be held in the Armory immediately after Saturday's game. Upperclassmen are invited. Preparations this year are more elaborate than those of the preceding years and a jolly good time is assurred by the Smoker committee.

The big State game in the Gymnasium comes Thursday evening. This most important contest of the season will undoubtedly draw a big crowd, interest is especially keen this year because Bucknell's chances of beating State here at home look most bright.

LAST LYCEUM NUMBER

NORDLAND GIRLS PROVE EXCELLENT ENTERTAINERS.

A rich musical treat was given on Friday evening in the Beaver Memorial church, by the Nordland Girls together with Llewellyn M. Evans. From the very beginning the performers captivated their large and attentive audience. Every number of the program brought forth rounds of applause.

The program included soprano, bass and violin solos, instrumental trios and Scandinavian dialect readings. The stories and dialect readings of Miss Munson, the noted Norwegian entertainer, proved to be of high order and added one more to her record of successes. She rendered her selections in her own agreeable and congenial way so that she appealed very much to her audience. The fact that the Scandinavian dialect readings are seldom presented on entertainment platforms made the program of unusual interest.

Miss Christensen, the soprano soloist, created a favorable impression with her solos. This was the final number of a course of six entertainments given this college year under the auspices of the Y. M. C. A. The course proved very successful this year in every particular; large audiences filled the Beaver Memorial church at every number and the programs invariably were of a high order and proved entirely satisfactory to the patrons.

THE DEBATING LEAGUE.

The organization of a debating league is another forward step in the great progress which is characterizing the collegiate year, 1911-12, in Bucknell's history. In an editorial of November 20 we deplored the fact that while Bucknell was maintaining her prestige in nearly all lines, she was falling sadly short in one activity—intercollegiate debating. Now we can pride ourselves in a debating league which has a contest already scheduled for April 23. The hearty response to the debating call last week shows that our students are wide awake. Such a spirit of aggrandizement will put any institution in the forefront and keep her there. That is the path of progress.

Assurance that the debating league will not be a temporal whim of popular student fancy but a thing of permanence lies in the very nature of its organization. A faculty man, Dr. Phillips is the promoter and working head of the league. The final control of its affairs will vest in this faculty supervision. To be convinced that this will be a vast improvement over the student control as formerly, one needs but to turn to the records of former Bucknell debating leagues and see where student management lead them. The debating league is here to stay. As Dr. Phillips said: "The work of the league shall not be to train men just for one contest but to develop a generation of debaters at Bucknell."

Ray the band! It is bettter than our best hopes to think that this organization is now revived sufficiently to promise us music at the State game. Mighty fine work. We might just as well trim State to the tune of some real Bucknell music while we are doing it.

Remember this slogan at the basketball game Thursday night —"Respect the visitors." State treated our men like gentlemen when they played up there. Let's not forget to be sports enough to return the compliment, not to mention the never too old cry of the square deal.

Juniors are the real thing this week. They have evidently done all in their power to make this "Junior Week" distinctive and worthy of its name. An enjoyable round of "doings" is to be expected, as the result of their efforts.

In the last issue of the "State Collegian" the editorial which appeared in The Orange and Blue two weeks ago, headed—"Buried—The Hatchet" was reprinted. The Collegian kindly expressed itself as heartily in favor of the sentiment of our comment.

How about stirring up a little of the old time football spirit for that mass meeting Wednesday afternoon in the "gym?" It works wonders you know.

A COMMUNICATION.

Recently criticism has been made concerning the ability of Walter Camp to make new football rules. What was said concerning him can well be said in reference to the committee which attempts to form the intercollegiate basketball rules. To the average college man and to the average player it seems that the committee either has had no experience in playing the game, at least in recent years, or else is making a deliberate attempt to kill it as a college sport. Perhaps the gentlemen are merely seeking for variety. It would be well to retain a good thing once in a while, however, judging from the miserable changes which crop out from time to time.

Along about 1908, for instance, the committee adopted the ridiculous rule which forbade a man from shooting after dribbling. The good player had to run about the floor like a clown until someone of his team mates could get uncovered long enough to receive the ball, although the man who had dribbled perhaps had an excellent chance to try for a basket. The charge has been openly made that that rule and the equally ridiculous rule of 1909 were aimed at a certain player upon the University of Pennsylvania team. Basketball suffered the natural setback and forced the committee in 1910 to adopt rules quite similar to the Eastern League rules. 1910 and 1911 were good years in college basketball.

Evidently not pleased with the success of the last two seasons, the committee this year adopted the one hand dribbling rule which is the worst farce which they have ever attempted to force upon the college world. The new rule kills team work and thrusts all the work upon the man who is fortunate enough to be able to dribble to meet the requirements. It practically eliminates the dribble and confines the work of the team to passing. Where the teams cover closely, the game assumes the proportions of the "Slow train thru Arkansas." The recent game at Swarthmore, played under the new rules, was little more than a farce and gave all sorts of advantages to the heavier team.

We would like to suggest that when the committee comes together next season, they take a half day to try to play some of their queer rules and perhaps they can learn enough about the game to give the college men something worth seeing next year.

ALUMNUS.

COLLEGE BIBLE CLASS.

Chapters ten to twelve present the last vision of the apocalypse of Daniel. Ten and eleven repeat the history of the preceding chapters, but with a thinner veil.

In this section there are introduced two absolutely new ideas. For the first time in the Bible we read of guardian angels and of the resurrection of the individual. In addition to these new ideas we find two familiar apocalyptic ideas; suffering as the antecedent of the finale, and vicarious suffering as a power for righteousness.

The finale lacks the completeness of the finale in Revelation because the author does not know Jesus, the key to all history.

PROMINENT SPEAKERS COMING.

On Thursday morning, Feb. 22d, at 8.15, Dr. O. C. Horsman of Williamsport will address the students in Bucknell Hall on a theme appropriate to the day.

On Sunday, Feb. 25th, the day of prayer will be observed. At 10.30 A. M., Dr. Spenser B. Meeser, of Chester will preach in the Baptist church, and in the afternoon at three will deliver an address in Bucknell Hall.

A certain proficiency in swimming is now one of the requirements for graduation at Indiana University.

From February 19, to March 1, I will offer my remaining stock of

SPALDING KNIT GOODS

at a reduction of

20 per cent.

from the regular listed prices which are

Coat Sweaters $5 to $6.
Coat Jerseys $3.00
Jerseys $2 to $3.25

To get the sale price just deduct 20 per cent. from the above prices.

ALUMNI JOTTINGS.

CLARK WILL MAKE GOOD.

The following is clipped from the Kane Daily Republican of recent issue concerning the chances of "Jimmy" Clark '11, Bucknell's former star, making a regular berth with the St. Louis Nationals.

"Jimmy Clark, the former Kane boy, who has signed his contract to play with the St. Louis National League team for this coming season will land a regular berth in the outfield if given a fair trial, as he is a better all around player than either Oakes or Ellis, who are both good outfielders but weak hitters. Clark is a finished outfielder, as good as either Oakes or Ellis and has an advantage of being a better thrower than either one, as well as being a better hitter which is what big league managers are looking for. Clark, by the way, has never been given the credit he deserves by a number of Kane fans, some claiming that he was too slow, others that he would never make good on account of being a weak hitter. These knocks are unjust, because they judged Jimmy during the time of the Inter-State League, when he was only 17 years old. Clark started to play ball with a regular team at the age of fifteen.

'60. William L. Nesbit of East Lewisburg, was recently elected president of the Northumberland County School Director's Association.

'69. J. S. Wrightnour, was recently tendered a surprise reception by his congregation of the First Baptist Church of Scranton of which he has been pastor for over nine years. Dr. Wrightnour is president of the Union Ministerial Association of Scranton and vicinity, president of the N. E. Pa. Crozer Alumni Club, correspondent for the Baptist Commonwealth, and when the Scranton-Bucknell alumni have met has been the secretary. His son-in-law, R. A. Ammerman (son of the late Hon. Lemuel Amerman, '70), is one of the trustees of Bucknell. Since coming to Scranton Dr. Wrightnour has baptized 428 persons.

'74. "Voelker Organization und der Moderne Staat" is the title of the German edition of ex-Ambassador David J. Hill's work which was published by the Columbia Univ. Press some months ago.

'87. There is an international commission on the teaching of mathematics. There are three American commissioners, one of which is J. W. A. Young, '87, professor in the University of Chicago. Their report has recently been published by the U. S. bureau of education.

'04. Grace Lutheran Church, Thirty-fifth and Spring Garden Sts., Philadelphia, of which Rev. Chas. F. Meyers, is pastor, held rededication services. During the last year the old building was remodeled within and without, and a modern three-story parsonage, was built on Thirty-fifth street adjoining the church. The total cost was $15,000.

'04. John C. Johnson has resigned his position in the offices of the Pennsylvania Steel Co., at Harrisburg and takes the general agency for the Equitable Life Insurance Co. of Iowa.

'05. Dr. F. B. Harding, is now located at Tamaqua.

Ex-'05. Hadyn P. Prout is a chemist and assistant at Wiconisco. Until recently he was employed as a sugar chemist at Ensenada, Porto Rico.

'06. D. B. Spangle is connected with the Atlantic Refining Co., in Philadelphia.

'06. John D. Smithgall is superintendent of the public schools at Austin. Mr. Smithgall, with his wife and daughter, was walking through the streets of Austin on the day of the recent catastrophe by flood and fled with his family to the hills and to safety when he heard the crash of the breaking dam.

'07. George W. Leach is employed by the Fairmont Coal Co., at New Bethlehem, Pa.

'08. W. C. Sprout, editor of the Carlisle Evening Herald, has been elected secretary of the Booster's Club of Carlisle.

'09. R. G. Winegardner, now at Ashton, Idaho, is employed as an engineer by the Oregon Short Line Railroad Company, who are building several large bridges over Bitch Creek, near Ashton, which is mentioned in Owen Wister's "The Virginian."

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

The Glee Club will not hold its usual practice this week.

Wm. Henzsey, a former student at Penn, visited Philadephia friends on the hill for a few days.

L. C. Seabright, ex-'13, is head draughtsman for the Stanton Heater Co., at Martin's Ferry, Ohio.

The active Demosthenians entertained the active chapter of D. T. U. at a smoker in their rooms on Wednesday evening.

Harvey E. Eavenson, '15, who has been out of school for the past three weeks owing to illness, has returned to resume his studies.

About thirty men answered the call for minstrel candidates last Wednesday. Rehearsals have been arranged so that the performance may be staged in the near future.

Keech, '14, has been unable to return to college this term on account of the illness of his father. He is at present employed in running his father's newspaper at Netcong, N. J.

WOMEN'S COLLEGE.

Alberta Bronson spent Sunday at her home in Girardville.

Marian Bancroft is entertaining her sister and cousin of Altoona.

Miss Blanche Lamberton, of Sunbury, visited Miss Hollingshead over Sunday.

Isabelle Wolfe is staying at the Seminary for the present while her parents are out of town.

DERSHEM SPEAKS TO Y. M. C. A.

Hon. Frank L. Dershem, representative in the state legislature from this district, addressed the Y. M. C. A. at its regular meeting Thursday evening. Mr. Dershem took as his subject, "The Character and Reputation of the Men in the Pennsylvania Legislature." He introduced his talk by a brief explanation of the plan of organization which is at present followed by the political parties. The party caucus, he claimed, was responsible for much bad legislation. Every member of the legislature is in duty bound to vote according to the dictates of his party caucus even though he personally opposes a measure. Should he vote independently he would at once lose his influence in the legislature and in addition blast his political possibilities for the future. The speaker mentioned several instances in which good men through the influence of their party caucus had been forced to support bills which were radically wrong. There are many good men in our state legislature but the party caucus sets at naught the good influence which they might have. Mr. Dershem closed by showing the part which college men with positive Christian principles may have in bettering present political conditions. College men as a whole are somewhat politically inclined and the Y. M. C. A. does well to recognize this fact and to provide for such interesting talks.

COMMENDS ALUMNA'S RECITAL.

The Reading Herald of Monday comments favorably upon a recital given by Miss Eliza Martin, '06, in that city. Miss Martin gave an evening of story telling before the Wyomissing Playground Association there. Says the Herald: "Miss Martin is a wonderful story teller and held the attention of her audience throughout the evening in spite of the fact that the hall was uncomfortably cold."

TO TALK ON JUVENILE COURTS.

District Attorney Cloyd Steininger, '03, of Union county, and a member of the faculty will speak to the men at the Y. M. C. A. meeting, Wednesday evening, on the juvenile court system.

INTERCOLLEGIATE.

The swimming team of McGill University, Montreal, will make a tour of the United States during the latter part of this month. Arrangements for games have been made with the New York A. C., Argo A. C., of Philadelphia, Columbia, Yale, Pennsylvania and the C. C. N. Y.

Oberlin has another attack of blue lawitis. The men must be in at 10 at night or stay out in the cold, cold world. As the rule affects 80 men, mostly juniors and seniors, who think it's about time they can take care of themselves, there is considerable disapproval.

Velvet

THE SMOOTHEST TOBACCO

SKATING in the keen air —the companionship of a pipe—the pleasure of a tobacco such as Velvet!

Velvet is the best leaf—aged over two years in the warehouse—a slow, silent transformation from harsh leaf to a mellow smoking tobacco. Time gradually evicts the bite—matures the good qualities of the leaf—a flavor unusual—good—wonderfully good!

Such a tobacco takes time to produce—extreme care what, but this is the smoke we all want—so why not?

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, FEBRUARY 26, 1912. NUMBER 19

STATE BOWS TO BUCKNELL; SUSQUEHANNA FALLS TOO

'VARSITY PLAYS GREAT BALL.

State's Rough Tactics Could Not Stop the Fast Orange and Blue Men. Score 21-14.

Our ancient and overgrown rival, State College, once again bowed in defeat before the Orange and Blue Thursday evening when the burly basketball team that represents that school was decisively defeated by the local quintet who outplayed them in every department of the game, score 21-14.

The attendance at the game was the largest of the season and the seating capacity of Tustin gymnasium was taxed to its utmost. A large number of Junior week visitors were present.

Hard playing characterized the game from its beginning and numerous fouls were called on the players, a large number of those called on the Bucknell team being for the use of two hands when dribbling the ball. Soon after the game had started the State team began their rough playing which they continued throughout the game, despite the fact that Mauthe, whose athletic ability is limited to football, was disqualified early in the second period after making four personal fouls.

During the first half the scoring was about equal on both sides. The 'Varsity did not shoot with their accustomed accuracy and lost many fine chances to score solely for that reason. The floor play of the local boys, however, was excellent and when the ball was in the possession of a State man they covered their opponents more closely than they are accustomed to being guarded. Blythe caged several beautiful baskets from the center of the floor, that brought forth considerable applause. The half ended with the score, 11 to 8, Bucknell's favor.

Bucknell entered the second half with an increased determination and vigor that soon had its results and the score increased slowly but surely. Some excellent team work was executed and State's defeat was a certainty. During the period Bartholomew was forced into the wall with sufficient force to severely injure one of his legs. He pluckily resumed the game after a minute's rest. The work of Fisher during this half was especially noticeable as was also that of Fulmer and Captain Zehner. Early in the period when Bucknell was but two points ahead of State, "Mike" brought the crowd to its feet by shooting the ball into the basket from beyond the middle of the floor. Park, Hartz and Blythe played the most consistent game for State and were responsible for most of their goals.

Shortly before the half ended Zehner was thrown into a corner by a vicious lunge from an opponent and a large number of spectators rushed onto the floor. In the resulting excitement the player who threw Zehner was struck in the face. Despite the fact that the State players wanted to finish the game "Pop" Golden, the trainer in charge of the team, would not let them play and took them from the floor. Final score, 21 to 14.

State	Position	Bucknell
Craig	forward	Fulmer
Shore		
Park	forward	Bartholomew
Hartz	center	Fisher
Blythe	guard	Zehner
Mauthe	guard	Schaffner
Wilson		

Goals from field: State: Park, 1; Blythe, 3; Mathue, 1. Bucknell: Fulmer, 3; Bartholomew, 1; Fisher, 1; Zehner, 1. Schaffner, 1. Fouls—State: 4 out of 8. Bucknell—7 out of 15.

Susquehanna Game.

Six points behind their opponents at the end of the first half, tying the score in the last second of play in the second period and winning

Continued on third page.

SUCCESS ATTENDS REVIVAL OF PROM.

FORTY-ONE COUPLES PRESENT.

Rivals Best of Former Proms. Smoker Winds Up Junior Week In Great Style.

The annual Junior Prom, given by the Junior class, was held in the Armory on Friday night February 23. The Prom was well attended and greatly enjoyed and the class of '13 is to be highly complimented on the brilliant success of this crowning feature of Junior Week.

Forty-one couples, representing chiefly the two upper classes in the college and alumni in Lewisburg, formed in procession for the grand march at 8.45 and dancing was continued until almost 3 o'clock in the morning. Delightful refreshments were served during the intermission. The music was furnished by Grange's Orchestra of Muncy, one of the best orchestras in this part of the state.

The armory was appropriately decorated for the occasion in college and class colors. Fraternity banners and emblems, college and class pennants literally covered the walls. It was evident that the committee had spared no effort to convert the old armory into a magnificient dancing hall.

The patronesses of the dance were prominent ladies of Lewisburg, including Mrs. Joseph M. Wolfe, Mrs. Webber L. Gerhart, Mrs. Thomas Baker, Mrs. Phillip Linn, Mrs. Enoch Perrine, Mrs. William Leiser, and Mrs. William Foster.

Junior Smoker.

Amid the thickening fumes of smoke from numerous cigars and corn cob pipes, the events of Junior Week came to an end, when the 1913 class entertained at the Annual Junior Smoker, the Seniors, alumni and 'Varsity basketball men. The smoker was held in the Armory on Saturday evening, and while it might have been better attended, the good time everybody had could hardly be improved upon.

The Juniors did things up in great style. There were "smokes" a plenty, more than enough to satisfy the most avaricious for the weed. For "eats" the combination of apples, peanuts and good, old Reading pretzels proved a most novel and yet delightful one. "Mike" Fulmer tickled the keys while the boys tripped the light fantastic. Card tables were provided and were the scenes of some exciting five hundred games.

All in all the smoker was the best planned, the most elaborate and the most enjoyable that any class has yet given. The committee was: Smith, Chairman, Hooker, Bogart, Stettler, Glover and Edwards.

JUVENILE COURT EXPLAINED.

The Y. M. C. A. was addressed on Thursday evening by District Attorney, Cloyd N. Steininger, '03. After a few words of congratulations for the work the Y. M. C. A. is doing he presented in a most impressive way the subject of "Juvenile Courts." He explained first that a Juvenile Court is not a special organization for justice but that the term means that children no matter how young have a right to trial by jury. This court is merely an ordinary court sitting in Juvenile Session. He showed by practical examples and experience how this court protects society by dealing with the immoral, feeble-minded and neglected people of our country. All that he said he enforced by pointing out the need for such administration of justice and by showing that every college man as a leader has a duty toward the immorals, weak, and the neglected.

Prof. Nelson F. Davis delivered an illustrated lecture on Chestnut Culture before the State Chestnut Blight Commission at Harrisburg last week.

SENIOR COMMITTEES NAMED

COLLEGE MEN'S RECEPTION TO BE REVIVED.

The following committees have been appointed by the Senior President, James P. Harris. The College Men's Reception will be held next term, probably, the latter part of April. The Senior committees will report at a class meeting to be held in about one month.

College Men's Reception Committee: Goehring, Chairman, Partholomew, Coll, Delancey, Schmid, Eisenginger, Courter, Sprout, Hollenbaugh, Robinson, Tyson, Everett.

Class Memorial Committee: Tyson, Chairman, Misses Havice, Andrews, Berle, Frost, Wetteran, Stuck, Steholtz, Stoughton, Brewer, Tegtmeier, Kelter, Harris, C. J. Meyer, Ogden, Conner, Wise.

Class Day Committee: Bean, Chairman, Misses Bronson, Lonz, Rittenhouse, Cline, Childs, English, Farquhar, Musser, Hoffman, Illes.

Invitation Committee: Schreiber, Chairman, Collison, Pastian, Sellers, Davenport, Ruth, Sweet, McNeal. Misses Brooks, Ruth, Himmelreich.

Senior Week Committee: Roberts, Chairman, Lange, Lister, Davies, Fleckenstine, Wolf, Rockey, Parke, Eisenmenger, Kerstetter, O'Brien. Misses Lovegood, Callahan, Snyder, Kelser, Ream, Scott.

HOW TO HELP INSTITUTION.

Prof. Rhodes will speak before the Y. M. C. A. on Thursday evening on "What We May do to Help This Institution." Coming from Professor Rhodes, this should prove an inspiring and helpful talk. It is to be noticed that men heretofore seemingly uninterested in the Y. M. C. A. are willing to come out and give it their support. Let us have another good turn-out on Thursday evening.

DEBATING TRY-OUT WEDNESDAY

SIX MEN TO BE CHOSEN FOR DOUBLE DEBATE.

On Monday evening at 8 o'clock the second meeting of the Debating League was held in Theta Alpha room. It was decided at this meeting to choose two debating teams of three men each, to represent Bucknell in a double debate to be held at Lewisburg and at Gettysburg on the night of April 22.

In order to secure the best debaters possible it will be necessary to hold several preliminary debates; the first to take place next Wednesday evening in Theta Alpha room at 7:30 o'clock. The question for both the preliminary and final debate is Resolved, That for the best interest of the whole country Woodrow Wilson, and not William H. Taft should be elected President of the United States. The following judges have been selected: Profs. Phillips, Perrine and Hamblin.

SPEAK UP SOPHOMORES!

The Freshman class having asked Professor Smith to act as Mediator between the Sophomore class and the Freshman class in making arrangements for an inter-class debate he desires to say that he cannot act in that capacity unless he is acceptable to the Sophomore class. The office of Mediator or go-between has nothing to do with the choice of subject or of men. All details are arranged by the respective committees or by the champions of the classes in the presence of the Mediator.

LAST CALL.

This is the last week in which names of candidates for staff positions on The Orange and Blue will be received. Already a number of men are competing, but there is still room for more. Competition among the candidates will continue until the last week of this term, when the new staff will be announced.

Minstrel practice to night at eight. Glee Club practice Thursday evening, at 6.30.

1912 FOOTBALL SCHEDULE INCLUDES CORNELL AND PITT.

BIGGEST GAMES IN YEARS,

Swarthmore and Gettysburg Appear Again. St. Bonaventure, a Newcomer, Plays Here.

The football schedule for the season of 1912 is complete. Manager Weston Smith, '12, has conducted his negotiations with unusual dispatch this year and announces the list of games, ten in number as usual. The teams to be played as published in the list are finally decided upon.

Although there are but three home games listed the scheduling of the contest with Gettysburg at Harrisburg will give the students here an opportunity to see the team in action in one of the closing battles at slight expense. Harrisburg is a central place for the two institutions and the supporters of the rival teams should turn out en masse for the fray. The Harrisburg trip next year will take the place of the Reading trip and should be even more popular than that.

The schedule follows:

September 28—Lock Haven at Lewisburg.
Oct. 5—Wyoming Seminary at Lewisburg.
Oct. 12—Univ. of Pittsburg at Pittsburg.
Oct. 19—St. Bonaventure at Lewisburg.
Oct. 26—Cornell at Ithaca.
Nov. 2—Lafayette at Easton.
Nov. 9—Navy at Annapolis.
Nov. 16—Swarthmore at Swarthmore.
Nov. 23—Gettysburg at Harrisburg.
Nov. 28—Washington and Jefferson at Washington, Pa.

DR. HORSMAN APPEALS FOR SOCIAL JUSTICE

MODERN CONDITIONS DEMAND IT

Unequal Distribution of Wealth a Great Peril. Spirit of Fraternity Prime Remedy.

Exercises in keeping with the Washington anniversary were held in the chapel last Thursday morning, and consisted of an address by Dr. O. C. Horsman, pastor of the First Baptist Church, Williamsport, on "The Great National Problem."

Dr. Horsman based his discussion on the principle that "each man's need is every other man's responsibility," emphasizing the duty of college men to apply social justice to modern industrial conditions. Many of the social and economic perils that threaten our country are, in his opinion, the result of the unequal distribution of wealth, and this can be avoided only by public ownership and a more democratic control of public utilities. Numerous facts he set forth, showing the present increasing concentration of wealth, and the practicability of the proposed remedy. He showed, moreover, that the conservation and betterment of the common people in matters pertaining to government ownership.

He also maintained that public ownership is the inevitable climax of the industrial solution, and its adoption is conditioned only upon the awakening of the people to a realization of their power for political action. The factors that have already caused such an awakening in part, are, education, intercommunication, and the Christian spirit of fraternity. He considers the last as fundamental in any solution of the industrial problem. Other plans are futile, if the "high-minded, far-visioned" leaders of church and state, capital and labor, cannot be brought together on a common ground by the spirit of fraternity.

The address was scholarly throughout and at the same time replete with apt and humorous illustrations. It was particularly appreciated, since it presented a broad and sympathetic view of modern problems from a standpoint comparatively new to many college men.

PHI GAMMA DELTA DANCE.

Last Wednesday evening, the Armory was the scene of a very pretty informal dance, given by the Phi Gamma Delta fraternity. The building was tastefully decorated in the fraternity colors, purple and white, together with many various college and fraternity pennants. The guests included representatives from several of the fraternities, and many out of town friends. During the evening refreshments were served. Music for the occasion was furnished by Granges Orchestra of Muncy.

HELP THE BAND!

Subscription lists are being circulated about the school to raise $50 for the recently reorganized Bucknell band. Each student and professor is being asked to contribute 15 cents to the fund and the fellows who are passing around the papers are meeting with deserved success. The money will be used by the band to repair the several damaged instruments and to purchase new music. The project is most commendable and deserves the support of every true student.

ALBRIGHT AND F. & M. NEXT.

The 'Varsity plays away from home this week. They will meet Albright at Myerstown, on Friday evening, and Franklin and Marshall at Lancaster on Saturday evening.

Y. M. C. A. DAY OBSERVED

DR. SPENCER MEESER OF CROZER ADDRESSES STUDENTS.

Y. M. C. A. Day was fittingly observed here yesterday. In the Baptist church at 9.30 in the morning Prof. Phillips spoke on "Present Day Difficulties" and at 10.30 Dr. Spencer B. Meeser, '83, Prof. in Crozer Theological Seminary preached. Dr. Meeser also addressed the students in Bucknell Hall at 3 P. M. Sunday on "A Man's Value to the Kingdom of God." He said in part: "A man's value to the Kingdom of God or to society is determined by what he has in him. What he has in him determines his mode of action. The mode of action is different in the spiritual world from that in the commercial world. In the spiritual world man acts to elevate his fellows. The call to this action comes especially to college men and women. By knowing God, who is still active in the world, we acquire a proper attitude toward our fellow-men."

Dr. Meeser is a deep thinker and an inspiring speaker. He thinks very energetically while speaking and at the same time delivers his message in a pleasing manner. Dr. Meeser made a very favorable impression upon his hearers. Though rezretting that his audience was small, without doubt he stirred those who did hear him to greater interest in behalf of Christ.

CAPT. OWENS, ex-'59, DEAD.

Capt. John A. Owens, ex-'59, father of Prof. Wm. G. Owens and Mayor of Lewisburg, died at his home on Sixth street on Tuesday, following a short illness from pneumonia. He was in his 76th year. The funeral took place on Friday afternoon, with services at the Owens home and the Baptist church.

BAND OFFICERS ELECTED.

At the Monday evening rehearsal of the band Fred Fahringer, '15, was unanimously elected director and C. E. Phillips, '13, manager. Prof. Smith continues to be secretary, until the annual election.

THE HATCHET AGAIN.

The closing scene of the State basketball game Thursday night hardly seemed to bear out our statements of a few weeks ago, to the effect that the hatchet of bitter athletic hostility between State and Bucknell had been buried. The hatchet reappeared unfortunately. Yet it was resurrected not because of any premeditated hostility, but by thoughtlessness on the part of State players and Bucknell students in the white heat of a bitterly fought contest.

The playing of the State men from the very start of the game was of a nature to aggravate the outbreak which finally occurred. Had they been working toward such a climax they could not have adopted better methods to produce it than those they used. The fact that their coach permitted a man to play here, who in the previous game at State College had been put off the floor for his unsportsmanlike tactics, was anything but a precaution against trouble. Even though this player shortly left the floor per request, his initiative turned the whole game into roughhouse. Be it said to the credit of our team that they restrained from returning the State assaults.

Far be it from us however to justify our students in rushing upon the floor. No excuse, valid as it may be, is great enough to excuse this action. Even though our visitors are not playing square we fail to see where anything is gained by such a riotious uprising. It casts shame upon the name of Bucknell students and gives our opponents an easy loophole by which gracefully to slide out of the sting of a well deserved defeat.

We feel sure that the general sentiment among State students will harshly censure the deportment of their basketball five. We know that every Bucknell man, now that all is over, feels deeply sorry for the outbreak on Thursday night. We understand also that the actual blows were struck by others than Bucknell students. The whole incident is regrettable. We believe that it can be left to the good judgement of the men of both institutions to look on the matter in the right light and to strive to bury the hatchet once more, and this time permanently.

THEIRS IS THE GLORY.

The unfortunate ending of the State game should not detract in the least from the glory of the 'Varsity's great triumph over our traditional rival. The spirit with which our men played was of the kind that simply would not accept defeat. From the very start of the second half the superiority of the Orange and Blue team was manifest and State went down to defeat, fairly and squarely outplayed. From all indications a further continuation of the game would have resulted only in a more one-sided score our way.

The victory is a notable one for it marks our first triumph over a State College team in any sport, since Bucknell's 4-0 baseball victory in 1909. The team that brought us this 1912 victory in basketball is deserving the greatest acclamation. Theirs is the glory, unimpaired.

DEBATERS OUT!

The response to the call for the organization of a Debating League has been hearty and commendable. That organization is now affected and the preliminaries for places on the 'Varsity team are scheduled. It is to be hoped that an even heartier response will be given to this call for candidates. Six men are to be chosen and to get six men of real debating calibre on such short notice and without any preliminary training it is necessary that a large number should turn out to compete on Wednesday evening. We are handicapped this year in having to choose a team and work up a debate in such a short time, but if the proper interes. is shown there is no reason why Bucknell should not give Gettysburg a hustle in the final contests.

COLLEGE BIBLE CLASS.

Apocalyptic and its relation to modern thought is perhaps the most pressing biblical question today. The view of the world in apocalyptic is mechanical; our view is scientific. To the Jew and the early Christian there was no law operating within the social order, but without; to us there is law in the universe. Because of the want of law the ancient people invented visions, dreams, angels, judgment, and a mechanical disposal of the wicked.

Apocalyptic in its teaching is pessimistic and optimistic. The general truth is: because God is in history good is the goal of it. The application of this truth to the world led to the conclusion that to realize the good the present world must be destroyed. But in contrast with this pessimistic conclusion there resulted this optimism: the end is near and that end will be the dwelling of God with his people.

Because of the different view of the world t' modern man must distinguish between the form and the truth of apocalyptic. He should live in thought within the biblical era long enough to be able to separate the temporal from the eternal, the local from the universal.

ALUMNI JOTTINGS.

'94. Warren Martz is Superintendent of Schools at Pinesgrove, New Jersey.

'01. Dr. Thomas Evans is now practicing his profession at 1212 Highland Bldg., Pittsburgh.

'03. O. J. McNitt is engaged in the stone business at Reedsville, Pa.

The Crozer Theological Seminary
Faculty of eleven professors and instructors.
College graduates who are candidates for the degree of Bachelor of Divinity may elect during their Seminary course sufficient work in the University of Pennsylvania to secure its degree of Master of Arts.
Diplomas awarded in either three or four years, according to degree of preparation at entrance.
Scholarships for students of merit. Tuition and room-rent free.
Library unsurpassed in administration and facilities for investigation.
Address,
MILTON G. EVANS, President,
CHESTER, PENNA.

The Newton Theological Institution
(Founded 1825)
Eight miles from Boston, Mass. State House, situated in superb grounds of 52 acres belonging to the Institution.
An Eminent Faculty, Convenient Dormitories and Lecture Rooms, Beautiful Chapel, a Noble Library, an Unsurpassed Library Building and Equipments for Laboratory Work.
Courses leading to B. D. degree, and special provision for postgraduate students.
More than one hundred Newton men have served as foreign missionaries. Special courses are offered on missionary history and methods.
The proximity of the seminary to Boston and Cambridge makes it easy for students to attend lectures by eminent specialists and the Lowell Institute courses.
There are many opportunities for engaging in missionary and philanthropic work by which students acquire clinical experience and contribute to their self-support. Address
GEORGE E. HORR, President, - - - Newton Centre, Mass.

ALUMNI JOTTINGS.

'95 Benjamin K. Brick, is practicing medicine in Marlton, N. J.

'98. Harry C. Fithian has returned to Williamsport to resume the practice of law. He will be the assistant of District Attorney, Archibal Hoagland, in the Trust building. Mr. Fithian has been for several years in the employ of the government at Washington, D. C., as a handlaw clerk in the General Land Office.

Ex-'98 J. Browne Martin presided as toastmaster at the Annual Banquet of the Iowa Beta Chapter of Sigma Alpha Epsilon, on Feb. 10 at the University of Iowa. Mr. Martin is the only one who has been accorded this honor outside of Iowa Beta's own alumni. He is connected with the Des Moines College and will have charge of the music at the Northern Baptist Convention to be held at that city in May.

'99. E. W. Cober is on the faculty of the Central High School, Pittsburgh.

'01. F. R. Campbell is now proprietor of a large bookstore in Kane, Pa.

STATE BOWS TO BUCKNELL; SUSQUEHANNA FALLS TOO.

Continued from first page.

the game by four points in the extra five minute session—such is the story of the 'Varsity's thrilling victory over Susquehanna University at Selinsgrove Friday night.

Weakened by the loss of Bartholomew, who was injured in the State game, and Fulmer, who did not go into the game until near the end of the first period, Bucknell entered the game under a severe handicap but did not let that fact, however, hinder them from playing the most exciting and remarkable game of the season. Thirty-five students accompanied the team to Selinsgrove and occupied a section in the balcony, cheering and encouraging the team with their frequent yells. Luck was an important factor in the game and seemed to favor Susquehanna entirely for throughout the game they caged the ball from all angles and positions and scarcely a trial failed, while for Bucknell the ball would usually careen around the rim of the basket and then roll off.

Susquehanna started the scoring in the first period on a field goal and secured a lead on the Orange and Blue that soon slowly increased. Bucknell had many chances to score during the period but only a few of the trials resulted successfully. When the half was almost over Fulmer could not refrain from entering the game and replaced Preiskel at forward. Before the session ended "Mike" scored a goal. The half ended with the score 13 to 7, Susquehanna's favor.

Bucknell entered the second period with the "come-back" spirit that was so characteristic of our football games last fall. Fulmer was the chief point-getter and found the basket four time during the period. Once "Mike" made a sensational run through the entire Susquehanna team, dribbling the ball the length of the floor and then caging it unassised. But a few seconds before the period ended the ball was once more dropped in the Bucknell basket and the score was tied, 23 to 23.

During the extra five-minute period the ball was almost continually under the Bucknell goal but all but two of the attempts to cage it were futile. Final score, 27 to 23.

Late in the game "Part" entered the contest, replacing Fetter, but owing to his injuries could not continue. Schaffner took his place and Keiser went in at guard. Captain Zehner and Schaffner played an exceptionally hard game at guard, while the work of Fisher, Fetter and Preiskel was consistent and commendable.

Bucknell	Position	Susquehanna
Fetter, . . .	forward . . .	H. Follmer
Bartholomew	and Schaffner	
Preiskel . .	forward . .	Middlesworth
Fulmer		
Fisher	center	Swope

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Moyer, '15, spent the latter part of the week at his home in Muncy.

Gronde, '11, is now about college after an itinerary through New Jersey.

J. A. Tyson, '11, of Westfield, N. J., spent Friday with his Sigma Alpha Epsilon brothers.

S. Barnhart, a sophomore at State College, spent the past few days with Steele, '13, and attended the Junior Prom.

Davenport, '12, has been visiting friends at the University of Pennsylvania and Philadelphia since Washington's birthday.

Wendling, ex-'13, who is now employed as bookkeeper with the Matheson Car Co., Wilkes-Barre, Pa., took in the State game.

"Jimmy" Lose, '08, a former Bucknell basketball star on Thursday evening witnessed how the boys of today play the game.

"Jake" Northrop, '10, is in town. He will leave soon for Chicago where he will join the Cubs to accompany them on their training trip south.

Prof. Norman H. Stewart addressed the Boy Scouts of Lewisburg in the Orpheum yesterday afternoon on "Scouting in the Canadian Woods."

The picture of President Harris appears in this week's issue of the Pitt Weekly. He will be an honored guest at the 125th anniversary celebration of the founding of the University of Pittsburg this week.

On the car, loaded down with some forty Bucknell students returning from the Susquehanna game at Selinsgrove, the conductor remarked that it was the most orderly crowd he had handled this year. And this was after the victory too.

Kresge, '10, former Manager of the Orange and Blue, was about college on Wednesday. He is connected with the Kresge Five and Ten Cent Stores and is leaving the Brooklyn store to take the assistant-managership of the large store in Toledo, Ohio.

It is interesting to note that Swarthmore, reputed to have the best basketball team in the country this year having defeated Penn, Army, Navy and other big teams on the latter's floors, won from State on their own floor by the narrow margin of 22-20 on Friday night. From that we can judge the calibre of the team our 'Varsity conquered.

WOMEN'S COLLEGE.

Ruby Stuck was at home over Sunday.

Mrs. John Levegood visited her daughter, Helen Levegood, '12, this week.

Vera Campbell spent several days last week with Dr. and Mrs. Armsby of State College.

Ada Brooks, '12, and Olive Long, '12, visited Susan Snyder, '12, at her home in Allentown from Wednesday until Sunday.

Prof. and Mrs. Edwards, Mrs. Evans and Miss Martin were guests at the Seminary on Thursday and Dr. and Mrs. Hamblin on Friday.

INTERCOLLEGIATE.

In Missouri colleges, Champ Clark appears to be the favorite for president. Wilson is running a very close second, while Roosevelt stands third.

The Campus of Allegheny suggests as a means of overcoming factionism in that school, that all men dine together each week at the college dormitory, Cochran Hall.

In the recently discovered catalogue of Williams College for 1795, there appears a record of the orginal diploma granted by Yale in 1790 to Edward Griffin, late president of Williams, and signed by President Ezra Stiles of Yale in 1790.

Co-eds at Kansas University, not wishing to wait for the state legislature to make appropriations for a girls' dormitory, have started a campaign themselves. The co-eds spent an entire week during the Christmas vacation raising funds.

A chapter of Lambda Tau Rho, the red-headed fraternity, has been installed at Chicago University. This brings the total up to three chapters, the others existing at Ohio State and Ohio Wesleyan. It is said that chapters are being contemplated at Iowa and Minnesota.

MUSIC hath charms—add a pipeful of Velvet and you are a whole orchestra. Such is the pleasure of good tobacco. Velvet, the tenderest leaf—aged in the old warehouse for two years—a slow, sombre, time-process of mellowing—in which all harshness is lost—the flavor toned, sweetened, made exquisitely smooth. A smoke without bite—music without discord! Velvet is known to be the most carefully matured smoking tobacco—only time can produce its delights—only patience insures its pleasures. All yours!

At all dealers.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, MARCH 4, 1912. NUMBER 20

B. U. DOWNS F. & M.; LOSES TO ALBRIGHT

FAST PLAYING MARKS TRIP.

Overcome 21-15 Lead at F. & M. and Win Out in Last Eight Minutes 27-24.

An overabundance of hard luck in shooting in the game with Albright college Friday evening was the only thing that kept the 'Varsity from winning both of the games away from home last week. As it was, however, the showing made by the team was most creditable and the "come back" victory over F. and M. College Saturday night more than atoned for the loss to Albright the night before. Both games were characterized by fast and clean playing.

The Albright Game.

Bartholomew started the scoring at Meyerstown by throwing two fouls in about as many minutes. Both teams entered the game full of determination and energy and the small scoring in the first period was due directly to the close guarding done by both sides. Early in the game Albright realized that to win from Bucknell would necessitate hard playing on the part of their most formidable line-up and so Benfer, their star player, was hurriedly substituted for Hartzler. To Captain Zehner fell the task of guarding Benfer and that he did it well is evident by the fact that "Whitey" let him score but three goals throughout the contest. In this half, as well as throughout the game, Fisher outjumped and outplayed his man at all stages. "Sal" was the only Bucknell man to throw a basket during this period. The score at the end of the half was 7 to 7.

In the second period the playing was more open and the score grew rapidly as the result. Bucknell had shot after shot at the basket during this half but the fellows could not toss with their accustomed accuracy and lost many fine chances to score. The floor work of the locals, however, was of the finest quality and received much favorable comment from the spectators. Bartholomew and Fisher were the only scorers for Bucknell, each throwing two baskets. Fulmer covered the floor in great shape throughout the game but each of his many attempts to cage the ball were futile. Schaffner played a fast and consistent game at guard. Final score: 24 to 15, Albright's favor.

Bucknell	Position	Albright
Fulmer	forward	Hartzler
		Benfer
Bartholomew	forward	Heindel
Fisher	center	Yost
Schaffner	guard	Baker
Zehner	guard	Hummel

Goals from field—Bucknell: Bartholomew, 2; Fisher, 3. Albright: Heindel, 1; Benfer, 3; Hummel, 4.

Goals from fouls—Bucknell: Bartholomew 5 out of 9. Hummel, Albright, 1 out of 2; Benfer, 7 out of 13.

F. & M. Game.

In the return game with Franklin and Marshall college, which was played at Lancaster Saturday night, the 'Varsity clearly demonstrated that they are as deserving of the title, "The come back kids," as was the football team for in the last half with the score standing 21 to 15 in favor of F. & M. and with but 8 minutes to play they "came back" with a vengeance and when the final whistle blew were ahead 27 to 24.

Fulmer was playing in his old time form Saturday night and the manner in which he covered the floor was an enigma to his opponents and a revelation to the spectators. "Mike" started the scoring in the first half with a pretty goal but the score was soon tied by a basket by Hayes, the star point getter for the Lancaster team. Prieskel, who started the game at forward for Bucknell was replaced by Bartholomew near the end of the first half after having played an excellent game. "Bart" soon made his presence felt in the game and before the period ended had increased the Bucknell score by three points. At the end of the half Bucknell led, 12 to 11.

Schaffner replaced Keiser at guard at the beginning of the second half and both men deserve much credit for the consistent game they played. During this period F. & M. forged ahead in the score until, when there remained but eight minutes to play, Bucknell made a decided rally and came in at the finish with a lead of three points. Final score: 27 to 24.

The game was a fast one from start to finish and the players attribute the fact to the excellent work of Barnes, the referee. At no time in the game was it certain which team would be victors and the excitement at times was intense. "Bart" had his shooting eye wide open and he successfully caged all of the six fouls that he threw.

Bucknell	Position	F. & M.
Fulmer	forward	Schaub
Prieskel	forward	Brenner
Bartholomew		
Fisher	center	Hayes
Keiser	guard	Bridenbaugh
Schaffner		
Zehner	guard	Stein

Goals from field—Bucknell: Fulmer, 2; Bartholomew, 1; Fisher, 5; Schaffner, 1; Zehner, 1. F. & M.—Brenner, 3; Hayes, 8.

Goals from foul—Bucknell: Fulmer 1 out of 4; Bartholomew—6 out of 6. F. & M.: Schaub 1 out of 6; Hayes, 0 out of 3; Bridenbaugh, 1 out of 1.

MINSTRELS COMING

APRIL 19TH IS DATE SET FOR BURNT CORK SHOW.

Coming events cast their shadows before. Have you noticed a particularly dark shadow lately? "Dat am de minstrel show." Yes, it will soon be here. But just be patient for a short time longer for even funny things must at times be taken seriously.

Never has there been such good material at Bucknell for a production of this kind as there is at present. From the first rehearsal the interest has been very marked. So it will be a safe bet that the show is going to be bigger and better than ever this year.

Under the guidance of Prof. Stolz the musical numbers are—but now made this would be telling too much. You will agree that this has been some winter for Ragtime music and —take it from your Uncle Dudley— they will all be in the show and sung with all the "fixins" too. Some one said that during rehearsal the other night he actually saw—now it makes no particular difference which one it was—but he said that one of the men in the gold frames on the wall was actually keeping time with his feet.

Now we might go on and give a detailed account of just what the show is going to be like but that wouldn't be fair. Everybody knows that there is lots of fascination in surprises. It has been rumored that Coughanour is going to be an end man but nevertheless don't let this keep you away from the show. Talbot will be on hand too, but perhaps this shouldn't have been mentioned for fear that some of the faculty would find that they had a previous engagement and could not attend. There will be six end men as last year. But now, here we've kept you waiting all this time without giving you any inkling as to the date on which all this is to happen.

Just write this in your hat or cap or even better, mark it in your diary: April 19, 1912. And above all don't come prepared to sew but for a good jolly time with lots of good music the kind you can whistle—and plenty of good jokes. It might be added right here that no one need fear being offended as the entire production has been passed by the national board of censorship.

N. B.: All those taking part in the show will please not forget the practice tonight at eight o'clock in the chapel. If that fellow can't keep his feet still some one will be on hand to stop up his ears with a little cotton.

1913 L'AGENDA IS NEARING COMPLETION

LEATHER COVERS INTRODUCED

Junior Annual Will Be Dedicated to Judge A. W. Johnson, '96. Several Innovations Promised.

The time for the appearance of the Junior Annual is now nearing and although the work has by no means reached completion still the management is able to promise with assurance that the book will be in the hands of the students by the last week in April. In charge of the work of preparing the material for the publication is Ralph A. Still, as Editor-in-Chief. O. V. W. Hawkins is the Manager. Both men are working together to produce a year book that will not only do just honor to the 1913 class, but will be a credit to the university as well.

Ralph A. Still
Editor.

The L'Agenda this year will be dedicated to Hon. Albert W. Johnson, '96, of Lewisburg, Judge of the Seventeenth Judicial District. Mr. Johnson is so well known through his personal relation with the students and through his connection with the school, in the capacity of Law Lecturer, that he needs no introduction. We can only express our pleasure that the book is to be dedicated to such a worthy alumnus and friend of Bucknell.

Considerable discussion has been heard for the past two years favoring a book put up in leather binding instead of cloth as has been done here previously, the criticism being that practically all college annuals except our own are presented in the former style. The increased cost of the books necessitated by this change has naturally rendered the management dubious about entertaining the proposition. The departure has been made this year, however, and we trust will meet the approval of the student body. A certain number of books bound in leather will sell for $2.00, while the remainder put up in the old style binding will come at the original price, $1.50. As the success of the venture depends entirely upon the student body we should like to say a word to encourage the support of the plan. A college annual, while by no means a book of general circulation, is nevertheless to a certain degree taken as a criterion of the school. For this simple reason then, that Bucknell men be equally represented with other schools we urge that this new idea be given sufficient support to insure its success.

Judge A. W. Johnson
Dedicatee.

The editor also promises several innovations of greater or less importance in the arrangement of the book in order that this may not be understood to mean too much it may be said that a college annual is so far from being a new thing that all novelties have long ago been tried. Any innovation in this line cannot mean much more than the revival of the old or the amplification upon some borrowed idea.

The art work has been under the direction of Miss Weddell, whose ability with the pen and brush are too well known to require any comment. Sprout '14 has also made a considerable number of contributions and upon the whole the art work this year is expected to be one of the features of the L'Agenda.

Some time before the appearance of the book representatives of the management will make a canvass of the school in order to ascertain what percentage of the students will give support to a $2.00 book. The plan as we have already said merits hearty support and we trust that a large proportion will pledge themselves for the higher price.

O. V. W. Hawkins
Manager.

DEBATING TRY-OUTS

SECOND TRY-OUT TO BE HELD WEDNESDAY 7 P. M.

The first of the preliminary try-outs for the selection of six men for the 'Varsity debating team was held on Wednesday evening. Eleven men gave speeches on the Taft-Wilson question. The Judges, Professors Phillips, Hamblin and Perrine published no decisions but arranged for a second try-out to be held according to the following regulations:

1. The second trial is open to all students, both those who participated in the first and and those who did not.

2. In case a student who was in the first trial does not participate in the second, the judges reserve the right to select him for the final debate on his work in the first trial. The work in the second trial however will be taken into account even if the student has participated in the first trial.

3. Time: Wednesday, March 6 at 7 P. M.

"500" PARTY.

Friday evening, the Kappa Delta Phi fraternity entertained a large number of their friends at progressive "500" in their halls on Market street. The halls were tastefully decorated with the fraternity colors together with many college banners. During the evening, light refreshments were served. Guests were present from Williamsport, Muncy, Watsontown, Milton, Montandon, Northumberland, Sunbury and Lewisburg. Mr. and Mrs. Huling of North Third street, chaperoned the party.

SENIOR SEMINARY GIRLS RECEIVE

EVENT A DECIDED SUCCESS.

School Room Transformed By Decorations of Rose Bushes and Cherry Trees To Resemble Garden.

Last Saturday evening the girls of the Senior class of the Bucknell Seminary, held their annual reception in the College parlors. Dean and Mrs. Edwards and Miss Bush received with the members of the Senior class. There were about one hundred guests present although but few of them were from out of town.

The decorations were very pretty and displayed excellent taste. The School Room represented a June day with the rose bushes in full bloom and cherry trees laden with ripe fruit. Arches of roses separated the platform from the main part of the room while cherry trees concealed the orchestra. The background was green with the brilliant dashes of red relieving the whole.

About ten o'clock a buffet luncheon was served in the sun parlor of the dining room. The table was prettily decorated with candlabras and smilax. The girls of the fourth form assisted in serving the guests as has been the custom for several years.

The reception was a decided success and the young ladies deserve a great deal of credit for their excellent management and courteous hospitality.

FRATERNITY FUNCTIONS

MANY EVENTS AMONG GREEK LETTER FOLKS.

TRI-DELTA PICNIC.

Wednesday evening, February the twenty-first, in the midst of a pine grove, transported from the hills to the "sem.," the Tri Delta girls and a number of Freshmen enjoyed a real picnic. Lemonade from a spring in the grove satisfied their thirst while picnic "eats" were served to each girl in individual baskets. The girls in their middy suits, sitting around under the trees, singing, almost convinced themselves that the "good old summer time" was here.

DEMOSTHENEAN PLAY.

The Demosthenean fraternity entertained a number of girls from the Seminary at its annual play, in the Armory on Friday evening. Members of the faculty and their wives, representatives from the other fraternities and quite a few of the fraternity alumni were present. The place was artistically decorated in crimson and black together with numerous pennants and banners.

Morton's "The Two Buzzards" was presented by five of the active members, the production having been coached by Miss Schillinger. After the play refreshments were served.

"PHI GAMM" CONVENTION.

Section five of the Phi Gamma Delta fraternity, comprising the chapters at State, Gettysburg and Bucknell held its annual convention at the Lochiel Hotel, Harrisburg, March 1st. The local chapter was represented by Bliss, '12, C. J. Harris, '12, J. F. Harris, '12, H. M. Goehring, '13, C. B. Hooker, '13, A. B. Winter, '13, E. O. Lindberg, '14, R. A. Neff, '14, and W. M. Nicely, '14. Bliss and Winter responded to toasts. About thirty-five were present at the convention.

WE AWAIT A RESPONSE.

Prof. Rhodes, in addressing the Y. M. C. A. on how the students here might help their institution, said among other things that a Bucknell student should be so well versed in the activities and achievements of our alumni that he could at any time give an intelligent and impressive account of what the men are doing who received their education here. That is fine advice and Bucknell undergraduates as well as graduates would do well to follow it, if they have at heart the institution's welfare.

But how to get this information concerning our alumni? A small amount can be obtained through hearsay to be sure but the large part of it must come from a college periodical which endeavors to collect, classify and publish all the available news of graduates and former students. This function The Orange and Blue is attempting to perform and we believe has been permitted to perform better than ever this year. But we are not satisfied yet. We know that there is much important alumni news which The Orange and Blue never receives. We wish that many of our "old grads" would realize the importance of this department as Professor Rhodes and other faculty members realize it; then realizing it, wake up and send us some news.

THE MINSTRELS.

The announcement that the minstrels are coming again is welcome indeed. We are glad to note that the revival of the show last spring, after a lapse of several years, did not sound its death knell again, but that its success warranted repeating the performance this year. Last spring's minstrels were excellent and furnished a most enjoyable evening's entertainment of songs and jokes. Creditable results should surely come of the faithful work, the men are already doing to assure the unrivalled success of their appearance in burnt cork on April 19, 1912.

Several trips for the Minstrels have been discussed. If a good show is worked up these trips should certainly be made to materialize. It is a fine thing to give such performances for the amusement of the students here, but more actual good is done for the college by staging a creditable production in various towns about the state. Not only would the trips effectively advertise the college but they would serve as an incentive to get men out for places and should be a financial success. Musical Clubs from all other colleges make their regular itineraries every year and find that it pays in more ways than one . Why not ours?

PROF. RHODES LEADS Y. M. C. A.

The Y. M. C. A meeting on Thursday evening was addressed by Prof. Rhodes. A good number of fellows were out and enjoyed the address. Prof. Rhodes spoke on the subject, "How to Help Our Institution."

During his address Prof. Rhodes showed how the institution had two sides, the personal side and the business side, and how each and every student must do his own and personal part in order that the business side may develop as it should. Every man must help to make the institution better in some way, not only by being a clean cut, out and out college man himself, but by helping every other man he can to do the same. He gave something of the history of the institution, showing how large a number of personal friends the institution had at the start, there being considerably more than 4000 contributers who subscribed the first $160,000. He showed how this number of friends is increasing constantly.

In speaking of some of the things we may do Prof. Rhodes said that every student should be so filled with the news of what Bucknell men have done in the world and what Bucknell is doing now, that at any time or place the student could give an accurate and impressive account of the college. There is and always has been a friendly feeling between the town and college and this should be cultivated. In closing Prof. Rhodes showed the advantages of treating all visitors with greatest courtesy, whether the visitor or the object of his visit is known or not.

COLLEGE BIBLE CLASS.

The question of immortality rises out of a study of apocalyptic literature. In considering this question we shall use the material found in the Old Testament, in Jewish literature, and in the New Testament.

The conception of immortality in the Old Testament has three stages. These stages we may designate early, transitional, and late. In the early stage, for example in the promise to Abraham, men thought of immortality as perpetuity of the individual after death in the family and the nation. In the transitional stage, when the nation was destroyed and taken into captivity, the Hebrews were in despair and expressed this despair in words like these: If a man die, shall he live again? In the late stage, when the individual was raised in his relation to Jehovah, the poet sang: "Surely God will redeem my soul from Sheol, for he will take me to Himself."

CHEMICAL SOCIETY.

The regular meeting of the Chemical Society was held Thursday evening at 6.30. The subject for the evening was the sulphur industry in Texas. Reiter, '12, opened the discussion with, "The Geology of the Coastal Plain." This plain is very level and thus has very imperfect drainage. The upper layer of the soil is often a quicksand. Underneath this is a layer of dolomite and still further down sulphur beds and often galena petroleum, gypsum and common salt. The greatest of the sulphur beds is at Bayon Campipve. Moyer '15, then reviewed an article on how the sulphur is obtained. Prof Herman Prasch is the inventor of the present method. By means of a drill a 10-inch pipe is forced down to the sulphur strata. Within this pipe is put a 6-inch pipe and within the 6-in. pipe, a 3-inch pipe. By means of these pipes superheated steam is forced into the sulphur. The sulphur melts and is then pumped to the surface by means of air. It is 99.5 per cent. pure. It is stored in bins 250 feet square and often 60 feet high. Here it solidifies and remains until shipped. Prof. Owens then showed some pictures of scenes and processes in the sulphur fields.

BASKET-BALL DATES.

The Alumni game which was postponed from February 24 will be played in the "gym" Tuesday evening, March 12. The Freshman-Sophomore game is scheduled for this Wednesday evening, March 6.

From February 19, to March 1, I will offer my remaining stock of

SPALDING KNIT GOODS

at a reduction of

20 per cent.

from the regular listed prices which are

Coat Sweaters $5 to $6.
Coat Jerseys $3.00
Jerseys $2 to $3.25

To get the sale price just deduct 20 per cent. from the above prices.

ALUMNI JOTTINGS.

Ex-'58. Dr. J. H. Brownfield, of Fairmount, Fayette county, who is taking a rest after many years of active service in his profession, was a resident of Smithfield in his youth. He has lived in Fairmount for 52 years. In the early '50's Dr. Brownfield attended what is now Bucknell University and in 1859 graduated at Jefferson Medical College. He served in the civil war as assistant surgeon of the Fourteenth West Virginia Regiment.

'69. Andrew A. Leiser, Jr., who has been in Cuba for the past month sailed from Havana Wednesday and landed at Key West. On his way north he will stop for a brief visit with Dr. Lincoln Hulley, '88, at Stetson University, Deland Florida. Mr. Leiser on his trip was far in the interior of Cuba superintending the installation of dredging machinery by the Ayshea Mining Co.

'97. Congressman John G. McHenry, two terms Democratic Congressman from the Sixteenth District has announced his withdrawal from the fight for re-election to a third term. McHenry's withdrawal leaves John V. Lesher, '97, of Sunbury the only Democratic aspirant, but former Judge Voris Auten, ex-'79, of Mount Carmel, is expected soon to enter the lists.

'00. G. A. Grim is County Superintendent of Schools in Bucks county, Pa.

Ex-'12. Clark, star outfielder of Bucknell's 1909 baseball team is signed to play with York in the Tri-State League this season.

STETSON CONFERS DEGREES.

Announcement has been made by Dr. Lincoln Hulley, '88, president of Stetson University, Florida, that the faculty has agreed to confer the degree of Doctor of Divinity upon the Rev. Thomas Henry Sprague, pastor of Temple Baptist Church, 22d and Tioga streets, Philadelphia.

Dr. Sprague was graduated from Bucknell in 1897, with a degree of Bachelor of Philosophy. Later the same institution conferred the degree of Master of Arts. In 1900 he was graduated from Crozer Theological Seminary.

Dr. Sprague is a member of the Board of Managers of the Educational Board of the Baptist General Convention, also a member of the Executive Board of the City Mission Society, a member of the Clerical Roll of the Union League of Philadelphia, and editor of the "Religious Weekly."

The same University conferred the degree of Doctor of Laws upon another Bucknell man at the same time, Elkanah Hulley, '92. Dr. Hulley is President of the Broadus Institute, Phillipi, W. Va. and during his number of years of service there has built up his institution to one of the leading preparatory schools in the state. He received both the degree of A. B. and A. M. from Bucknell.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year.

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Sable, '11, of the Tyrone High School faculty was in town Sunday.

University Representative Grondle left college on Sunday for Wilkes-Barre, Scranton and vicinity.

Dunkle, '13, has "Jake" Northrop's former position as principal of the McEwensville High School.

"Pat" Mercer addressed a mass meeting of Swarthmore students last evening in the Presbyterian church at Swarthmore.

The Metallurgy class under Prof. Winter made a tour of inspection through the large Pennsylvania Steel Plants at Steelton on Saturday.

"The Woodpecker" thought to have been laid to its last resting place in January 1911, made its reappearance about the hill Saturday morning.

WOMEN'S COLLEGE.

Alberta Bronson entertained her mother, Mrs. A. D. Bronson on Friday.

On Saturday Miss Scott entertained a number of the Senior girls at dinner at the Cameron House. Ada Brooks, Helen Levegood, Violet Wetterau, Susan Snyder and Olive Long were present.

On Saturday afternoon the Pi Beta Phi Alumnae Club of Lewisburg was at home to the active chapter at the home of Mrs. Frank Simpson. About forty alumnae and undergraduates were present.

MISS ZIERDEN'S NEW POSITION.

Alicia Mitchell Zierden, a graduate of Bucknell with the class of 1900 has resigned her position as curator of the Penna. State Museum where her great work brought forth so much favorable comment and assumes a more responsible and important post as Financial Secretary of the American Civic Association. The following account of the work she is doing at present is from the "Oil City Derrick" issue of Saturday, March 2.

Oil City has a distinguished visitor in Miss Alicia M. Zierden, financial secretary of the American Civic Association, with headquarters at Washington, D. C., who is registered at the Arlington, and whose visit here is in the interest of the "city beautiful." Miss Zierden, who is the former curator of the division of education, Penna. State Museum, Harrisburg, has been identified for years with educational and civci affairs of the State and is an authority whose services and expert knowledge are sought by those interested in these two great subjects. Her present mission is to interest the people of Oil City in the work of civic improvement, along the lines mapped out by the American Civic association, and in view of this her time was taken up yesterday in interviewing prominent men and women of the town who are known to be directly interested in the work.

That there is room for much improvement in beautifying Oil City no one could doubt after a talk with Miss Zierden. Seen at her hotel last evening she gave the Derrick much information as to the object of the association, illustrating her talk with numerous photographs showing the "before" and "after" conditions of many ugly, now beauty spots throughout the country.

Explaining the objects of the association, Miss Zierden said in part that they were: to make American living conditions clean, healthful, attractive; to extend the making of public parks; to promote the opening of gardens and play-grounds for children and recreation centers for adults; to abate public nuisances—including objectionable signs, unnecessary poles and wires, wasteful smoking factory chimneys, unnecessary noises; to exterminate the typhoid fly; to make the buildings and the surroundings of railway stations, schools and factories attractive; to protect existing trees and to encourage intelligent tree planting; to preserve great scenic wonders (such as Niagara Falls and the national parks) for the public and from commercial spoilation.

'VARSITY JOURNEYS AGAIN.

The 'Varsity takes another trip this week when they journey south for three games. The team leaves here Thursday and on the same evening lines up against Gettysburg. The next night they play Mt. St. Mary's College at Emmittsburg, Md and on Saturday evening Georgetown University at Georgetown.

New Spring Silk Arrivals

Another consignment of these popular silks for dresses and waists have been received this week making this the largest showing in Milton. We make particular mention of the new yard wide wash silks in the favorite stripes at 75c yd Also the new Foulards, that are creating such a stir in Milton on account of their beauty and elegance as well as the price which is only 75c to $1.00. No two alike and exclusive patterns. Yard wide Messalines and soft Taffetas offered 75c to $1.50 in spring shades.

Trunks, Bags, Suit Cases

We sell only the two best brands the Buffalo Solid Construction, and the Likely brand. If interested in any of the above luggage don't fail to see our line before buying.

Ladies' Misses', Juniors' Spring Coats & Suits

Here are styles that are correct to the minute, the workmanship is thorough and perfect. Our spring line is tried and true, which has already been approved by the orders. The coats are the new length, the skirts have the tunic effect. We cannot impress you too strongly to look over our line of Suits and Coats before you purchase your garment elsewhere. We have the largest and most complete showing in Milton—AT THE LOWEST POSSIBLE PRICES. Come look them over.

CHICAGO

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, MARCH 11, 1912. NUMBER 21

TEAM WINS ONE; LOSES TWO IN SOUTH

GETTYSBURG AND ST. MARYS WIN

Georgetown Defeated by 'Varsity For Second Time In Two Years On Own Floor, 41-32.

The three games played by the 'Varsity basket-ball team away from home the latter part of last week resulted in two defeats, one by only one point, and one overwhelming victory. At Gettysburg on Thursday evening the Bucknell men were severely handicapped by the small and poor floor and suffered defeat by a score of 40 to 27. At Mt. St.Mary's on Friday night the 'Varsity was defeated in the last half-minute of play by a team that was much their inferior, while at Washington on Saturday night our boys outplayed Georgetown in every phase of the game and administered to that school the second defeat they have had on their own floor in two years.

Gettysburg Game.

The small playing floor at the battlefield town proved an insurmountable handicap to the Orange and Blue quintet and it was not until the second half that the visitors became acquainted with the floor. It was then however, too late to overcome the lead which Gettysburg had secured. The non-enforcement of the one-handed dribble rule during the first half, which was insisted upon by the Gettysburg team, also put our fellows at a disadvantage.

During the first period Fulmer replaced Schaffner at forward and the latter took Gdaniec's position at guard. "Mike" was able to cage the ball but once during the half. Zehner made the only other goal secured by our fellows by taking the ball down the entire floor and dropping it in the net. Fluhrer and Leathers were the particular stars for Gettysburg during that period, each scoring four times. The score at the close of the half was 21 to 7.

In the second half Bucknell had become acquainted with the floor and the team work and passing improved to such an extent that they outplayed as well as outpointed their opponents. "Bart" had regained his shooting eye by this time and Fisher handled his man with ease. Diehl proved the bulwark for the opponents in this period and caged six baskets. Score for the half, 19 to 20, favor of Bucknell. Final score, 40 to 27, favor of Gettysburg.

Bucknell	Position	Gettysburg
Bartholomew	forward	Fluhrer
Schaffner	forward	Diehl
Fulmer		
Fisher	center	Leathers
Zehner	guard	Brumbaugh
Gdaniec	guard	Bergel
Schaffner		

Goals from field: Bucknell—Bartholomew, 4; Schaffner, 1; Fisher, 2; Fulmer, 2; Zehner, 2. Gettysburg—Fluhrer, 5; Diehl, 7; Leathers, 4; Brumbaugh, 1; Bergel, 1.

Goals from Fouls: Bartholomew, 5 out of 7; Fluhrer, 4 out of 9.

Mt. St. Marys Game.

That the Mt. St. Marys team is little better than that of the average high school is the opinion of the Varsity men and that Bucknell was unable to win from them Friday night is their sad acknowledgement. Throughout the entire game Bucknell displayed much better team work than their opponents and took almost twice as many shots at the basket and but few of the attempts to score succeeded. The first half ended with the score 9 to 5, favor of Mt. St. Marys.

In the second period Keiser, who had been substituted for Schaffner, threw a pretty goal from the center of the floor but the referee claimed that "Fat" had fouled and ruled it out. Fulmer also lost credit for a long shot because a Bucknell man had fouled while the ball was in the air. "Mike" and Zehner played exceptionally strong throughout the

Continued on page two.

Bucknell	Position	Mt. St. Marys

Sophomores: Bell, 2; Mahoney, 2; Everall, 4; Stahler, 2.

Fresh: Coughanour, 2; Buffington, 3; Brady, 2; Gdaniec, Hearn.

Foul Goals: Bell, 3 out of 4. Coughanour, 1 out of 3.

Referee: Hagy. Timekeeper: Goehring. Time of halves—20 minutes.

MINISTERIALS TO MEET.

The Ministerial Association will meet on Wednesday evening, March 13 at the home of Prof. Hamblin on St. George street. Prof. Hamblin will give a short talk on a present day problem and Dr. Stevenson, the Pennsylvania Secretary of Bible School work, will speak on "Glimpses of the Bible in Tennyson." There will also be held the election of officers for the ensuing year. Every ministerial in school is requested to be present.

ALUMNA AS STORY TELLER.

The picture of Miss Eliza Martin, '00, appears on the State page of the Philadelphia North American today, accompanying an account of Miss Martin's great service to the children of Lewisburg in the capacity of a story teller. She has done much good in getting the children of the town to acquire the library habit and to cultivate a taste for books worth while. Every Saturday in her interesting way Miss Martin tells the children stories from Grimm, Andersen, Uncle Remus, Thompson-Seton and even Hawthorne and Kipling. The youthful listeners naturally become interested in the stories through the attractive way in which they are presented to them and get the habit of going to the library and looking the authors and their productions up for themselves.

LAST TWO GAMES AT HOME.

The last two games on the basket-ball schedule will be played at home. The Alumni will appear here on Tuesday evening and Albright on Saturday evening. Both will be hard games.

SOPHS DOWN FRESH

1914 WINS ANNUAL BASKET-BALL GAME, 23-16.

The annual basket-ball game between the teams of the Sophomore and Freshman classes was played on Wednesday evening and resulted in a decisive victory for the second-year men by a score of 23 to 16. The contest was as roughly played as the usual underclass conflicts and was witnessed by one of the largest crowds of the season.

The initial score of the game was made by Bell, of the Sophomores, on a goal from foul. After a few minutes Everall caged the ball for two points and the Sophomore lead was increased to three. During the early part of the first period the Freshmen were unable to get the ball into their own territory and the few shots that they made fell wide of the mark. It was not until after the Sophomores had secured a 9 to 0 lead that the first year men got in a little team work and succeeded in running up 8 points in a short time. Once during this period the Freshmen were ahead, the score at that time, being 12 to 11, but the Sophomores soon forged ahead and maintained their lead until the close. The half ended 19 to 13 in favor of the Sophs.

The first score of the second half was made on a field goal by Bell. During this period the ball was in the possession of the Freshmen a larger part of the time and they took frequent shots at the basket, usually without success. The shooting ability of the Sophomores, however, stood them in good stead and was the means of retaining their lead and finally winning the game 23 to 19.

The line-up:—

Sophomores	Position	Freshmen
Bell	forward	Coughanour
Mahoney	forward	Buffington
Welchons	center	Willets
		Gdaniec
Everall	guard	Brady
Stahler	guard	Gdaniec
		Hearn

Sophomores: Bell, 2; Mahoney, 2; Everall, 4; Stahler, 2.

Fresh: Coughanour, 2; Buffington, 3; Brady, 2; Gdaniec, Hearn.

Foul Goals: Bell, 3 out of 4. Coughanour, 1 out of 3.

Referee: Hagy. Timekeeper: Goehring. Time of halves—20 minutes.

COLLEGE GIRLS HOLD ANNUAL RECEPTION

ABOUT TWO HUNDRED ATTEND.

Setting For Enjoyable Function a Japanese Tea Garden With Artistically Decorated Arbors.

Following the custom of former years the college girls entertained the college men, the faculty, and friends at their annual reception on Friday evening last, in the Seminary parlors and the schoolroom. The guests numbered about two hundred including several from out of town. All declared the reception to be one of the most enjoyable college functions of the season.

The decorations were dainty and artistic; the schoolroom being transformed into a bower of greens and flowers, representing a Japanese tea-garden. Rustic arbors laden with wisteria blossoms made a most effective setting for the function. In one corner a vine covered tea house, wherein iced-tea was served, proved most attractive. A trellis of morning glory vines concealed the orchestra which furnished the music. Japanese lanterns and butterflies overhead further carried out the garden scheme.

Late in the evening refreshments were served in the Seminary dining rooms which had also been daintily decorated.

The officers were as follows:—

Pres. Miss Clum.

Vice Pres. Miss Galloway

Treas. Miss Rollins.

Chairman Reception Com. Miss Callahan.

Chairman Decoration Com. Miss McNall.

Chairman Refreshment Com. Miss Weddell.

Chairman Invitation Com. Miss Eede.

'VARSITY DEBATERS

FOUR MEN TO REPRESENT BUCKNELL AGAINST GETTYSBURG.

As a result of the two preliminary debating try-outs the judges have chosen the following men for the 'Varsity intercollegiate debating team Frederick B. Igler, '12, Stanley P. Davies, '12, Jesse E. Riley, '14, Edward J. Richards, '14. Alternates: Ralph A. Still, '13, Levi H. Shattuck, '14. Seventeen men competed for the positions. Only four men instead of six, as was announced, were chosen for the team in order to comply with a request of Gettysburg to that effect.

The 'Varsity debaters will make their first appearance when Bucknell meets Gettysburg on the platform on the night of April 23, to discuss the question: "Resolved, that for the best interest of the whole country Woodrow Wilson and not Wm. H. Taft, should be elected next President of the United States." Two men will debate one side of the question here in Bucknell Hall at the same time that the other two are debating the other side at Gettysburg.

CLASS ELECTION RULINGS.

The following are the regulations concerning elections, as adopted by all the classes:—

1. A vote of two-thirds of the members present shall constitute an election.

2. If, in any class election, or in any election of the general student-body, there is no election after two ballots, the names of the three candidates who have received the largest number of votes for any office shall be referred for election to the Heads of the Halls. These games shall be submitted by the Secretary in writing signed by the President and the Secretary.

AUTO FOR CHRISTY.

The New York Evening Mail has started with $100 a subscription for the purchase of an automobile to be presented to Christy Mathewson, ex-'02, at the opening game of the season.

1912 BASEBALL AND FOOTBALL SCHEDULES PROMISE GOOD GAMES

21 BASEBALL GAMES LISTED. GRIDIRON OPPONENTS STRONG.

Chinese Team, Pittsburgh, Manhattan and Gettysburg are Among Home Attractions.

The baseball schedule for this spring, as announced by Manager Harry B. English, '12, and ratified by the Athletic Executive Board contains a total of twenty-one dates. The schedule is not yet entirely complete. Three games are pending and three dates are still open. It is almost certain that the pending engagements will be definitely settled in the course of the next few days and the manager is working hard to fill the three open dates. As the contests stand listed now, nine games are to be played at home, and ten away.

Harry B. English, '12.
Baseball Manager.

Two of the open dates will be filled with a home attraction for sure, and it is likely that the other will also see a visiting team here.

The big drawing card on the 1912 schedule will be the Chinese team, of the College of Hawaii, which plays here on May 18. This team will make a tour of the United States this spring and will meet most of the large universities of our country. Bucknell is particularly fortunate in getting a game with them as they play none of the other small colleges in this section of the state. The University of Pittsburg will be another good home attraction being scheduled for June 1.

The season will open at home with a practice game against the Mifflinburg Tri-county league team. The first college contest of the schedule will also be played at home with Manhattan College, the date being April 13. Manhattan has been a regular on Bucknell's baseball list for several years and will furnish a hard game for so early in the season. Then the 'Varsity will take a New York trip of four games, one of which will be with the Army, returning to meet Gettysburg at home on April 27.

The next week a southern trip of four games, including a battle with the Navy is planned. The last college team will be met on June 15 when Bucknell lines up against Lafayette at Easton. Three games are being arranged as Commencement week attractions.

The manager has been somewhat handicapped in preparing his schedule, the change in the system of athletic control this year having caused a misunderstanding as to who would have the work of listing the games, and preventing the manager from getting his correspondence started in time. This is the reason that some of the big games like those with Cornell, Yale and Syracuse do not appear. Contests could have been scheduled with these universities but the managements could not come to an agreement on suitable dates.

The schedule follows:—

April 6.—Mifflinburg Tri-Co. League at Lewisburg. (pending).

Continued on page three.

Weston Smith, '13.
Football Manager.

Only One College Eleven Played Last Fall Will Be Met Again Next Year.

The 1912 football schedule as arranged by Manager Weston Smith presents the most formidable array of contests in years. Ten games have been scheduled three of which will be played on the home grounds. The schedule is harder than last season but with a team made up of the calibre of the 1911 squad the season should be a success.

Lafayette is the only college of last year's schedule that we meet next fall. The season opens on the home grounds September 28 with Lock Haven as the opposing team. Lock Haven is not a new team to the students as our opening game has been played with this Normal school for the past two years. In place of Lehigh for the second game Wyoming Seminary has been scheduled. The first real test for the team will be the week following when the team journeys to Pittsburgh to play University of Pittsburgh. The southern trip has been dropped and in its stead a home game has been arranged with St. Bonaventure which should prove interesting judging from the record of St. Bonaventure last season.

Among the new teams on the schedule Cornell will prove a strong opponent. In 1906 when the last game was played with the Red and White the Varsity was defeated 24-6. The Lafayette game will be played at Easton and on the following week the team will meet the Navy at Annapolis. The last game with the Navy was played in 1906 when Bucknell divided honors with the midshipmen in a 0-0 game. Bucknell's old time rivals Swarthmore and Gettysburg will take the place of Muhlenberg and Haverford of the 1911 schedule. Harrisburg will be the scene of the Gettysburg contest and being a neutral ground both colleges will probably send a delegation of students to witness the game. Considering the interest shown last fall in the special excursion to Reading for the Ursinus game the Gettysburg game at Harrisburg this next fall should prove an attractive one. The closing game which will be played on Thanksgiving day is scheduled with Washington and Jefferson at Washington, Pa. W. & J. is considered a strong team in the western part of the state and should prove worthy opponents in this our initial football contest with them.

Manager Smith deserves credit in having the schedule arranged at this early date. The schedule is good and contains colleges with few exceptions that are in our class. One thing of particular notice is that games have been arranged with colleges which formerly had a regular place on the Bucknell football schedule but which for various reasons had been dropped during the past few seasons.

STAFF COMPETITION.

The competition for positions on the editorial staff of The Orange and Blue draws to a close with this issue. In our next number the names of the successful candidates will be published. We must admit frankly that it was not without some trepidation that we introduced this new system of selection, fearing lest the students would not be over-zealous to compete for positions in which there is an abundance of work and no hope of reward other than valuable experience.

The response to our call has, however, for the first year been good, many more having applied than there are positions to fill.

It remains to be seen how much greater will be the ability of the staff chosen by this system. Of one thing we are sure that the new associate editors will hold their positions because they really want them and are interested in the paper. They will therefore be far more willing workers than some who were put on the staff formerly by the arbitrary choice of the editor. The chances are that willing and interested workers will in reality do the best work. From all indications our innovation has met with success and the staff chosen under the new system will be far better than any the editor could have selected under the old system of equal representation.

MISREPRESENTATION.

The action of some students in playing a game of basket-ball under the name of Bucknell Freshmen, when none of the men on the team belonged to that class and had no authority whatever to use the name of the institution or of any class, in connection with their team, we know, will meet with the severe disapproval of the athletic Executive Board. This body some time ago made the ruling that class teams should not go away to play games, evidently for the purpose of maintaining the athletic prestige of the college on a high basis and preventing the confusion in newspaper reports between 'Varsity and class teams. The wisdom of that provision is self evident, and all classes have duly complied with it.

The first offense against this ruling comes not from any class but from a quintet of students promiscuously banded together to take a little basket-ball trip of their own. The Freshman who wrote the communication published in another column is fully justified in resenting this disgrace against his class. The offenders should certainly be dealt with in a way that will prevent any such escapades in the future.

Some of the classes have clamored because their teams have not been permitted to take trips. This affair should serve to explain to them the "why" of that ruling. Just as they feel the stigma placed upon their class in being misrepresented by this "free lance" team, so does the University suffer a decrease in its prestige by having class teams misrepresented as 'Varsity teams.

VARSITY WINS ONE; LOSES TWO IN SOUTH.

Continued from page one.

game and bewildered the other team with their fast floor work. "Bart" was weak in shooting fouls as well as field goals. During the period Bucknell gradually took the lead in score and was one point ahead a half-minute before the game closed. During that brief time, however, Phillips caged the ball with a one-handed shot and won the game for Mt. St. Marys 18 to 17.

Bucknell	Position	Mt. St. Marys
Bartholomew	forward	Costello
Fulmer	forward	Fetters
Fisher	center	Phillips
Zehner	guard	Gaughan
Schaffner	guard	Leary
	Keiser	

Goals from field: Bucknell—Bartholomew, 1; Fulmer, 4; Fisher, 1; Zerner, 1. Mt. St. Marys—Costello, 2; Fetters, 1; Phillips, 4; Leary, 1.

Goals from foul: Bartholomew, 3 out of 8; Leary, 1 out of 9.

Georgetown Game.

The 'Varsity entered the game at Washington Saturday night with a determination to atone for their defeat the night before and succeeded by winning the last game on Georgetown's schedule. During the first ten minutes their opponents ran up a score of 9 to 0. Then "Mike" Fulmer scored on a long spectacular shot and our fellows were started. The Bucknell team work was judged the best that had been seen on the Washington floor during the season and the team gradually increased their score until at the close of the period it stood 18 to 13 in favor of Georgetown. Fulmer and Zehner frequently took the ball the entire length of the floor and either shot at the goal or passed it to one of the players waiting under the basket. Schlosser did some spectacular shooting for Georgetown during the half.

In the second period the Washington team made a number of substitutions in an effort to check the ravages of the invaders, but without avail. Bartholomew and Fisher played the star games of their career, each dropping the ball into the net frequently and from all angles. Gdaniec played a very consistent game and seemed to be always at the right place at the right time. Georgetown gradually weakened and it was not long before the score was tied at 27. From that time on Bucknell maintained a lead and when the timekeeper's whistle closed the game the Orange and Blue was winner, 41 to 32.

The line-up:—

Bucknell	Position	Georgetown
Bartholomew	forward	Holender
		Whalen
Fulmer	forward	Waldron
		Shurtz
Fisher	center	Schlosser
Gdaniec	guard	Heiskell
		Graham
Zehner	guard	Colliflower

Goals from field: Bucknell —Bartholomew, 7; Fulmer, 6; Fisher, 4; Gdaniec, 3. Georgetown—Holender, 1; Whalen, 5; Waldron, 2; Schlosser, 6.

Goals from foul: Bartholomew, 1 out of 3; Schlosser, 4 out of 6.

TO ADDRESS ALUMNAE.

The regular monthly meeting of the Bucknell Alumnae Club will be held on Tuesday evening, March 12, in the Laboratory of Bucknell University. The feature of the evening will be an illustrated lecture by Mrs. Matzke, subject—"Sketches of the California Earthquake." All members and friends of the Alumnae Club are urged to be present.

ALUMNI JOTTINGS.

'94. Rev. R. J. Davies has resigned his pastorate at the Abington Baptist Church, Waverly, Pa., and is now residing at 227 Willoughby avenue, Brooklyn, N. Y.

'98. Rev. J. R. L. Diggs is Dean of the College Department of Selma University, Selma, Alabama.

'06. Henry Jones is Principal of Schools in his home town, Plymouth, Pa. This is his fifth year of successful work in that position.

Ex-'09. Ogden, while holding down a position with the Westinghouse Electric and Manufacturing Co., is also in his third year in the Night Course at the Carnegie Technical schools.

'10. Edmunds is an Assistant in the Railway Department of the Westinghouse Electric and Mfg. Co. Besides, he is an instructor in the Casino Technical Night School at Turtle Creek.

'10. Spurgeon who was admitted to the bar in Fayette County last Spring is now enjoying a very nice practice a. Uniontown, Pa. He is connected with the office of T. S. Lachey.

'10 "Cotton" Reher has just completed the work of supervising the erection of a large sewage plant at Keyport, N. J.

'11. Abraham is a Midde Year man at the Pittsburg Law School. He is also an instructor in English in the Carnegie Technical Schools.

Ex-'11. Grimes is engaged in farming at West Brownsville, Pa. He attempted to break into politics this last fall in the capacity of School Director but as yet the results have not been learned.

'11. Barnes is at present engaged in Y. M. C. A. work in South Carolina.

ANDREWS—HALFPENNY.

Cards are issued announcing the marriage of Percy C. Andrews, '05, to Mary Ellen Halfpenny in the Presbyterian Church of Lewisburg on Mar. 28. At home in New Bethlehem after May 15.

PORTER B. KIMPORTS, EX-'61.

Porter B. Kimports, ex-'61, died at his home in Cherry Tree, Pa., on the 4th of March, 1912, aged eighty-five years. Mr. Kimports was well known throughout Central Pennsylvania, as in addition to his large lumber interests he was a director of the bank at Cherry Tree. He was also prominent in Masonic Circles. Four or five of his children have attended Bucknell, his daughter, Mrs. G. N. Davis of Richmond, Va., being a graduate of the Institute Class of 1888.

MAY GO TO SCRANTON.

The following from Friday's Philadelphia N. A.: Manager "Buck" Freeman of the Scranton N. Y. State League team turned several handsprings upon the receipt of a letter from Manager Frank Chance of the Chicago Cubs in which he offers to him Pitcher "Jake" Northrop, (Bucknell, '10.) Northrop was the star pitcher of the Reading champions of the Tri-State League last year and as soon as Freeman received Chance's letter he got busy and accepted the terms. It looks as if "Jake" will be a 1912 Miner.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

Strong Points For You to Consider

CONSIDERED soley from the standpoint of Values, our tailoring is the best in town. It represents a greater return for your money than any clothing you can buy.

From a standpoint of style, the range is wider than you can conceive, there being over sixty models to choose from. There is a color, fabric or weave which answers every good taste requirement, and the price is such as so appeal to all.

HILL GOSSIP

Llewellyn, ex-'12, is visiting his Kappa Sigma brothers.

The Mandolin Club will practice this evening at 6.30 in Bucknell Hall.

Irwin K. Deer, Y. M. C. A. Student Secretary visited Bucknell on Thursday.

Hutchinson, ex-'11, of Sunbury, spent Saturday and Sunday with his S. A. E. brothers.

Walter L. Hill, Esq., ex-'98, of Scranton, son of ex-Ambassador David J. Hill, '74, was a visitor here last week.

Parke, '12, spent the week in Williamsport where he was called by the illness of his father who was operated on Wednesday.

"Rube" Thatcher, '11, of Atlantic City, and "Patsy" Henderson, ex-'12, of Montgomery, were out-of-town guests at the College Girls' Reception.

J. W. Pontius, who was here for the Y. M. C. A. meetings recently, has been engaged as General Secretary of the Ohio State College Y. M. C. A. for next year at a salary of $2,000.

The local chapter of Sigma Alpha Epsilon celebrated the anniversary of the founding of the fraternity with a smoker at the chapter house Saturday evening. A number of the alumni of the fraternity were present.

WOMEN'S COLLEGE.

Miss Claire Conway spent the day at the Seminary on Sunday.

Miss May Williams visited her sister and attended the reception on Friday evening.

Cecelia Kitlowski, of Nanticoke, visited Helen Levegood over Saturday and Sunday.

Miss Anna Ziegler, of Williamsport, spent Saturday with her sister, Emma Ziegler and also attended the College Girls Reception.

PROF. DAVIS ON TUBERCULOSIS.

On Thursday night at the Y. M. C. A. Prof. Davis gave a highly instructive talk on the subject of tuberculosis. The meeting was well attended and enjoyed especially by the "Medics."

Tuberculosis is caused by the presence of the very small tuberculosis bacilli. These bacilli entering the lungs feed on the lung tissues and multiply into little bunches of cells. Then the lung tissues to protect themselves grow tubercles about these groups of cells. This may continue until the whole lung is covered with these tubercles thus leaving no space for breathing. The symptoms of the disease are caused by the poison given off by the germ in growth. It was not until 1882 that the cause of the disease was found. In 1884 Robert Coke after patient research brought forth conclusive proof of the existence and identity of the germ.

COMMUNICATION.

Editor The Orange and Blue—

A few issues ago your paper published a set of rules which had been made by the Executive Board in an effort to uphold the athletics of Bucknell. Embodied in these rules was one stating that class teams should not compete with any other teams in athletic sports. In the North American of March 10, an article appeared in the sporting columns stating that Bucknell Freshmen had played Shamokin High School and were defeated by the score 55-2. The line-up showed that not a single Freshman played on the team and yet it is published that our class went down to defeat by a high school. It is time for the students to rouse themselves against such action.

"1915."

COLLEGE BIBLE CLASS.

The idea of immortality was established in the late Old Testament literature. But the conception of the resurrection of the individual and of future reward and punishment was developed in Jewish literature outside of the Old Testament. In the multifarious views three general lines of thought may be distinguished: first, a colorless existence of good and evil in Sheol; second, an immortality immediately after death in which the unrighteous are punished and the righteous blessed; third, an immortality in which both the evil and the good await for final judgement after the resurrection.

New Spring Silk Arrivals

Another consignment of these popular silks for dresses and waists have been received this week making this the largest showing in Milton. We make particular mention of the new yard wide wash silks in the favorite stripes at 75c yd. Also the new Foulards, that are creating such a stir in Milton on account of their beauty and elegance as well as the price which is only 75c to $1.00. No two alike and exclusive patterns. Yard wide Messalines and soft Taffetas offered 75c to $1.50 in spring shades.

Trunks, Bags, Suit Cases

We sell only the two best brands the Buffalo Solid Construction, and the Likely brand. If interested in any of the above luggage don't fail to see our line before buying.

Ladies' Misses', Juniors' Spring Coats & Suits

Here are styles that are correct to the minute, the workmanship is thorough and perfect. Our spring line is tried and true, which has already been approved by the orders. The coats are the new length, the skirts have the tunic effect. We cannot impress you too strongly to look over our line of Suits and Coats before you purchase your garment elsewhere. We have the largest and most complete showing in Milton—AT THE LOWEST POSSIBLE PRICES. Come look them over.

Velvet

THE SMOOTHEST TOBACCO

10c Full two ounce tins

PINK! That's our recipe for taking the bite out of good tobacco leaf. We hang the leaf in the warehouse for two years—temperature and ventilation perfect—all harshness disappears. A mellowness prevails that gives superb flavor and a smoothness seldom found. This is the good old fashioned way of maturing good leaf—and Velvet is a startling example of tobacco goodness. Sometime when your pipe is burning hot and the taste is flat—try Velvet! At all dealers.

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, MARCH 18, 1912. NUMBER 22

LAST TWO GAMES RESULT IN VICTORY

ALUMNI AND ALBRIGHT DOWNED

"Grads" Defeated By 80-20 Score. Former Albright Defeat Revenged By 'Varsity, 37-19.

The 'Varsity experienced no difficulty at all Tuesday evening in defeating the Alumni in the annual contest. The game was one-sided as the score of 80 to 20 indicates, and after the first five minutes of play there was absolutely no doubt as to which team would be the victor.

But four of the Alumni team were able to be here for the game Tuesday night and Fetter, '13, one of the 'Varsity substitutes, played with them. On the Graduate team, however, appeared basketball stars of former days, whose spectacular playing on the Orange and Blue teams of their time brought forth many a lusty cheer. Clausen, ex-11, and O'Brien, '09, who scintillated on the undefeated team of 1907-08, Sproutt, '10, whose playing is remembered by the present undergraduates, and Johnson, '04, a former 'Varsity player, comprised the team.

The alumni were handicapped, of course, by the fact that they had not played together before and for the most part had played little basketball this season. It was O'Brien, however, who made the first score of the contest with a pretty field goal but Fulmer soon followed by throwing a basket. A foul thrown by O'Brien and a goal by Clausen then put the Alumni three points ahead of the 'Varsity. This was the only time in the game that the graduates had the the lead but at that it did not last long for the 'Varsity soon were cagging the ball at short intervals and from all angles of the floor.

As soon as the 'Varsity got started their advantage of practice was evident for the men shot with precision and passed the ball up and down the floor with perfection. Fulmer and Fisher were the chief scorers during this period. The half ended with the score 42 to 11 in favor of the 'Varsity.

In the second period the 'Varsity did not relax their aggressiveness but played for a high score. "Bart" started the scoring and from then on the fellows dropped the ball into the basket with almost clock-like regularity. The Alumni soon began to show the effects of the strenuous playing which characterized the earlier part of the game and it was only occasionally that one of that team could take a shot at the cage and less occasionally that the ball dropped in. When the whistle finally blew the score was 80 to 20 in favor of the 'Varsity.

Every man on the Orange and Blue team played an excellent game and, as one of the playing alumni expressed it, "That team sure is a credit to old Bucknell and Coach "Mike" Fulmer." Fetter played a splendid game for the Alumni and his shooting added materially to their score. It is noteworthy that both Bartholomew and O'Brien successfully caged all of the foul goals.

'Varsity	Position	Alumni
Fulmer	forward	Fetter
Bartholomew	forward	Clausen
Fisher	center	O'Brien

Continued on page two.

THE NEW STAFF

EDITOR AND ASSOCIATES FOR NEXT TERM ANNOUNCED.

The new staff as selected by the editor in consultation with the faculty advisory members is as follows: Ralph A. Still, '13, Logan E. Jackson, '13, Max Bullard, '13, Jane Irey, '13, Joletta Arthur, '13,

PAUL R. WENDT
The Next Editor.

Harry K. Kelly, '13, Boyd H. Walter, '13, William D. Reading, '14, Levi H. Shattuck, '14, Wallace G. Lowther, '14, C. Walter Lotte, '14, D. D. Zinn, '14, and John L. Gehman, '14.

Paul Raymond Wendt, of Williamsport, has been selected by the faculty advisory members of The Orange and Blue to assume the duties of Editor-in-Chief, beginning with the first issue next term.

Y. M. C. A. CLOSES MOST SUCCESSFUL YEAR

PRESENT OFFICERS RETIRE.

Committee Reports Show Many Steps of Progress. Joint Reception With Y. W. C. A. April 12.

With the election of officers last Thursday evening for the ensuing year, the Y. M. C. A. closed its academic year under the able leadership of Arthur Waltz as President. The officers for years back have struggled faithfully and long to bring the Y. M. C. A. into its proper relation with University life, but not until this present academic year did the organization gain the confidence of the majority of the fellows on the hill. Such a grip does it now have on Bucknell college life, so energetic has it become in lining up with the fellows for the best college life possible that its future success and usefulness is assured. No doubt a large part of this year's success is due to the energetic chairmen of committees and committeemen who formed Waltz's cabinet.

Last Thursday evening the reports of all committees were given as follows: More men lined up in Bible Study than ever before. Mission study classes were attended by more men than in any previous year. Membership was increased by over one hundred fellows. Lecture course netted the Association about $180. Y. M. C. A. handbook for the first time in years paid for itself. Religious meetings conducted by faculty men and townspeople on important and up-to-date questions were more largely attended than in previous years. The Pontius-Mercer campaign was also under the direction of religious work. More men were at the Northfield conference last summer than any year since 1906. The social committees besides conducting the usual fall term social for new men and old has arranged for a joint reception with the Y. W. C. A. for the night of April 12. The music committee has made the meetings lively and inspiring under its leadership. From the above reports one can surely write in large letters over the Y. M. C. A. for 1911-12—Success.

Y. M. C. A. COMMITTEES.

The past year has been successful in that the Y. M. C. A. has broadened its scope in University life. Appealing to the fellows on straight square methods of procedure, it has enlisted their interest and enthusiasm. The men who now leave its active work have endeavored to link it as a vital factor in supreme manhood to every fellow in Bucknell. The Y. M. C. A. has better things in store for Bucknell life but it must first have every fellow's cooperation. Make it a vital face in college life!

The new officers recommended by the Senior Committee and faculty advisers and elected by the fellows last Thursday evening are:

J. D. W. Fetter, '13, President.
Samuel Teamer, '13, Vice Pres.
Jesse W. Riley, '14, Treasurer.
W. D. Reading, '14, Secretary.
Faculty Advisers—Prof. Phillips, Prof. Lindemann and Prof. Davis.
Alumni Adviser — Attorney Cloyd Steininger.

TO COMPETE APRIL 5.

The annual oratorical contest of the Pennsylvania Arbitration and Peace Society, at which Weston Smith, '13, will represent Bucknell will be held at the University of Pittsburg, under the direction of Chancellor McCormick, on April 5.

ADDRESSES FEDERATION.

A prominent figure on the program of the first conference, of the Northwestern District of the State Federation of Pennsylvania women, held at Kane on March 7, was Miss Jessie Wheeler, '94, of Erie, Pa. Miss Wheeler presented a paper befor the conference on the Parents and Teachers Association.

In the paper Miss Wheeler took the broad ground that that the schools are for the children and them alone, for the children of all classes and conditions in life. Miss Wheeler is an enthusiastic believer in the forming of parents' and teachers' associations and said that during the brief period that such associations have been organized in Erie, marked progress has been made in bringing about a closer relationship of the parent and the teacher, those two important factors in the education and training of the children. The use of the public schools for social centers, was also touched upon.

The first inter-scholastic baseball tournament ever held will be introduced next spring at Purdue University. On the six diamonds available over two hundred teams will enter into contests for the championship.

BASKET-BALL RECORD CREDIT TO TEAM

EVERY HOME GAME A VICTORY.

'Varsity Won Eleven Out of Seventeen Games. Showing Compares Favorably With Former Years.

Eleven victories and six defeats, the big end of the score to Bucknell's credit in every one of the home contests, and in four of the ten contests played away from home—that is the 1912 basket-ball record in a nutshell, and it lays just claim to being the most creditable in years. The percentage of games won this season is lower than that in some former years it is true, but one finds that in those years the number of games played away from home was correspondingly less. When the great disadvantage of an unfamiliar floor is taken into consideration, and then the fact that our 'Varsity won two-fifths of the games on foreign floors and all the games on the home floor the result serves to compare favorably our present team with any of those champion teams Bucknell prided herself in some years ago.

The teams whose colors the 'Varsity lowered in their own camps were no mean opponents at that. Look them over: Georgetown, defeated for the second time in two years at home, Manhattan, Susquehanna, and F. & M. The decisive defeat of State was of course the signal achievement at home, but to down such quintets as Lock Haven, Susquehanna, Lebanon Valley, Franklin and Marshall, Alumni and last of all Albright, affords no little amount of glory to the Orange and Blue. None of our opponents here ever looked particularly dangerous after the first few minutes of play, so hard and so fast was the 'Varsity's initial onslaught. And most creditable of all is the fact that the men never let up their hard playing even after the game was fairly put on ice.

The great "come-back" spirit marked all the contests on the trips, and was responsible not only for the superior playing of the team in the four games that resulted in victory, but also for the great showing made in the six contests that ended in defeat.

All the men who played in any or all the games deserve much credit for the season's good work. "Mike" Fulmer is to be especially commended on his superior coaching, and "Whitey" Zehner for his successful captaining of the quintet. Bartholomew leads in the total number of points scored; Fulmer in the number

Continued on page four.

Penn Relays Will Be Bigger and Better Than Ever This Year

With seventy colleges, over 150 schools, 1600 contestants, broken records in two American college championship relay races, and new figures in both the high school and the preparatory school American championship relays, with records approached in every one of the special events, and a very high standard in both collegiate and scholastic relay races, it was thought that last season's Relay Races at the University of Pennsylvania had reached the very apex of athletic endeavor. But this year's races to be held on April 27th promise to be bigger and better than ever. Already all the big colleges, with hardly an exception, of both the East and the West, have entered their teams, and some wonderful performances may be looked for in the college relay championships of America and in the special events. In the latter will be found such men as Lawrence, of Harvard, who recently cleared 6 ft. 4½ in. in the high jump; Thorpe, the great Carlisle Indian athlete, with records of 15 3-5 sec. for the high hurdle, 6 ft. 1 in. for the high jump, 23 ft. 4 in. for the broad jump, 45 ft. for the shot-put, and 10 sec. for the hundred; Babcock, of Columbia, who won the intercollegiate pole-vault championship at 12 ft. 8 3-8 in.; Tilley, of Dartmouth, the intercollegiate hammer-throw champion; Eurdick, of Pennsylvania, the high-jump champion; Wusson, of Notre Dame, the Western 100-yards champion; Wilson, of Coe College, the Western 220 yards champion; Edwards, of Pennsylvania, joint holder with Kraenzlein of the high-hurdle record at 15 1-5 sec.; and many other men of great ability.

This is Olympic Year, and all the college athletes are out to do their best. In the one-, two,- and four-mile college championships, many of the greatest runners in America are expected to appear, as Michigan Yale, Harvard, Princeton, Pennsylvania, Chicago, etc., have already entered, and all the other big colleges are expected to do so.

At present writing nearly 200 teams have entered, so that it is surely that April 27th will see another record-breaking meet on Franklin Field. Pennsylvania's Relay Races are known all over the world as not only one of the biggest set of scholastic and collegiate sports, but also as one of the highest-class set of the games of the year.

Prof. Riemer Gives Lantern Talk on "Paris The Magnificent"

"Paris, The Magnificent," was the subject of an especially interesting and instructive lecture delivered by Professor Riemer in Bucknell Hall on last Friday evening. The lecture was given under the auspices of the Delta Delta and Pi Beta Phi fraternities of the Seminary. Besides the members of the fraternities, there were present more than one hundred guests consisting of members of the student body, of the faculty and of citizens of the town.

Prof. Riemer introduced his subject by showing how the location of the city of Paris has made it, from its founding, an important city in political affairs. He spoke briefly of the city's progress during the first five centuries of its existence. During the second five centuries of its history, the speaker showed how the city became not only the center of political power in Europe but ruled the intellectual world in turn also. Great contributions beautifying the city were made by the different kings especially by Philip Augustus and Louis 14th, both of whom did much to embellish the city by the buildings of libraries, museums, and other public buildings.

Prof. Riemer spoke of the work accomplished by the Napoleons in building up the city. Napoleon the third was the city's greatest transformer. He built many new and magnificent edifices. It is to him also that we owe the Grand Opera. Following the reign of Napoleon, the third, France underwent a long period of struggle and conflict during which time no municipal improvements were made.

The city as it appears today was well shown by a large number of beautiful lantern slides. Of special interest among the slides were the views of Notre Dame, The Louvre, Saint Chapelle, Eiffel Tower, and the Boulevards. The whole set of slides was so arranged as to show the development of the different styles of architecture. The speaker clearly showed, how, from the Roman style, the architecture gradually developed into the Gothic style and then into the architecture of the Renaissance. The manner of the transition could be seen in the views of buildings which combined the Roman and the Gothic and the style of the Renaissance. The lecture was thoroughly enjoyed and appreciated.

WE TAKE OUR LEAVE.

As this issue of The Orange and Blue goes to press the present staff completes its year of service and retires to pass on the responsibility to the new staff which is announced elsewhere.

We look back over the period through which we have guided The Orange and Blue and ask ourselves if we leave the paper any better than we found it, if our term of service has been a success. In our first-word last April we confessed that we started out with golden plans whereby many improvements were to be brought to pass in the college publication; and now we take a retrospect to see how many of these plans have become actualities. We will not attempt to say what we think we have accomplished or failed to accomplish. We leave that to you, our readers, to judge. Only permit us to say this parting word, that we feel satisfied in having expended our best efforts to accomplish definite progress and if we have failed our lack of ability, and not any lack of interest or any ignorance of the paper's shortcomings, are to blame.

We also stated in starting out, the intention, that our motto, "A Square Deal For Everybody" should at all times govern our attitude. Problems have arisen on which we have expressed our opinions; we have advocated certain moves, some of which have been carried out, others not; but whatever the occasion we have tried to be square and we hope above all, as we take our leave, that it may be said of us, that we stuck true to our motto.

The retiring editor thanks those of the the faculty, alumni, and students, who have so generously aided him in his task of filling up each week with live news these nine columns, and extends his best wishes to the new editor and the new staff for a most successful administration.

COLLEGE BIBLE CLASS.

Jesus accepted in general the Jewish conception of immediate immortality, resurrection and judgment; but he so interwove these with his apocalyptic that we can learn but little about his view of individual immortality. Jesus did not attempt to prove individual immortality; for he did not attempt to prove any truth. He spoke with authority.

Two considerations manifest his own view. He believed that he would live after death. To deprive him of this conviction would be equal to shattering the moral certainty of his character. Again he taught the infinite value of the individual man. If individual existence ended with death, omnipotent Love, which cherishes supremely the object loved, in the light of the highest moral attainment, would be scandalized.

LAST TWO GAMES RESULT IN VICTORY.

Continued from page one.

Zehner . . . . guard . . . . Sprout
Gdaniec . . . . guard . . . . Johnson

Goals from field: 'Varsity—Fulmer 8; Bart, 10; Fisher, 12; Zehner, 1; Gdaniec, 8. Alumni—Fetter, 3; Chausen, 2; O'Brien, 2; Sprout, 1.

Goals from foul: Bartholomew, 2 out of 2; O'Brien, 4 out of 4. Referee Hagy. Timekeeper, Goehring.

Albright Game.

The decisive defeat administered by the 'Varsity to Albright College on Saturday evening in Tustin Gymnasium was a fitting finale to the past basket-ball season and a retaliation for the game Bucknell lost to them at Meyerstown several weeks ago. To the average spectator the game was the most interesting and exciting that has been played on the home floor this year.

From the first toss-up both teams played with every ounce of strength and aggressiveness that they possessed and the game was resultingly rough but at all times exceptionally free from unsportsmanlike or "dirty" playing. Knowing from experience the strength of the Albright team the Orange and Blue quintet went into the game prepared for a hard struggle and supplied with an abundance of "pep" and determination.

It was a few minutes after the contest had started before either side could score. A foul called on an Albright player gave Bartholomew the chance to tally the initial credit for Bucknell but the score was soon tied by a foul goal by Benfer. Fisher soon caged the ball from the side of the floor and gave our fellows a lead that they retained throughout the contest.

During this period Bucknell far surpassed its opponents in passing and floor work and the ball was in Orange and Blue territory a considerable part of the time. The 'Varsity did not shoot with accustomed accuracy, however, and a majority of the shots taken would carom off the rim of the cage. The score at the end of the period was 17 to 7, favor of Bucknell.

The playing during the early part of the second half was almost identical with that during the first period, both teams playing fast and as hard as they were able. About the middle of the session Benfer, who had been shooting wild all evening, dropped the ball in the center of the basket from a point beyond the middle of the floor. It was the most sensational play of the game. The lead which our fellows had established was increased by frequent goals and the twelve points that the Albright team earned during the half made even a greater difference between the scores. The final score was 37 to 19, favor of Bucknell.

Bartholomew was well guarded throughout the game and had only a few opportunities to shoot, none of which were successful. Fisher played especially strong from the very start and outplayed and outjumped his opponent. Fulmer, as usual, dribbled the ball around the floor at will. In the second half he was slightly injured and was substituted by Fetter, who made an excellent showing. Captain Zehner and Gdaniec, the guards, played great games and the victory is in a large measure due to their efforts. It is noticeable that Zehner held Benfer, the star Albright player, down to five baskets, at the same time scoring four himself. Benfer and Glassmire formed the chief constellation for Albright.

Bucknell	Position	Albright.
Bartholomew	forward	Heindel
Fulmer	forward	Benfer
Fetter.		
Fisher	center	Yost
Zehner	guard	Glassmire
Gdaniec	guard	Heummel

Goals from field — Bucknell: Fulmer, 7; Fisher, 3; Zehner, 4; Gdaniec, 2. Albright: Benfer, 5; Glassmire, 3; Heummel, 1.

Goals from foul—Bartholomew, 5 out of 8. Benfer, 1 out of 7; Glassmire, 0 out of 1; Heummel, 0 out of 1.

Referee, Hagy—Timekeeper, Goehring.

ALUMNI JOTTINGS.

'92. George W. Wagenseller has been elected President of the State Editorial Association.

'03. George R. Bliss and his wife Ruth Shorkley Bliss, '05, are living on a large farm in Maryland, a few miles north of Washington, D. C. Mr. Bliss was engaged in patent law work for five years at Washington, D. C. and is a member of the bar of that city. Continued ill health, due to the confining character of the indoor work, finally compelled him in the fall of 1910 to give up his work and leave the office of his father H. H. Bliss, '70, of which he was in charge at that time. Over a year ago he purchased the farm on which he now lives and is engaged in general farming, specializing however, in poultry work and the production of first quality eggs for the fancy trade of New York City. He and his wife and two year old son are well and happy and thoroughly enjoy their new vocation.

'05. Elsenhauer, is teaching in the McKeesport High School.

'06. N. Eugene Bliss is living at Peoria, Ill. He is employed by the Bartholomew Co., manufacturers of automobiles, and is in charge of the repair depratment of the factory. Mr. Bliss was recently elected one of the directors of the company, which is one of the largest automobile companies of the Middle West. He was married last June to Miss Helen Rae of Washington, D. C.

'06. Horace J. Sheppard, formerly Secretary of the R. R. Y. M. C. A., at Renova, is now Executive Secretary of the "The Men and Religion Forward Movement" of North America with headquarters at the Rupp building, York, Pa.

'07. Cober, who is a Senior at the Pittsburg Law School, is teaching German in the East Liberty Academy

'08. Steele, still at the head of the Modern Language department of Clarion Normal, has become quite a prominent figure in the Athletics of that school and is the manager of all the Athletic teams. Also at a recent election of the Tennis Association of Western Penna. he was elected Secretary.

'08. R. W. Shrum is teaching English in the Kiskiminetas School, Saltsburg, Pa.

'09. Newton C. Fetter and Chas. S. Roush, '09, have been chosen Commencement speakers at the Rochester Theological Seminary this year. Fetter will upon graduation be student pastor of the First Baptist Church, in Ann Arbor, Mich.

'09. Gress is principal of the High School at Edgewood and lives at 1923 Wayne St., Swissvale, Pa. In addition to his regular school work he is taking a special course in the University of Pittsburg and expects to get his Master's degree in the spring.

'09. Bracken is still at Perryopolis where he is principal of the High School. He was lately appointed by the County Superintendent of Fayette County, as Chairman of the Committee on Teacher's Literature for this year.

'11. Fred W. Small, formerly employed with the Grand Central Terminal Construction in New York City, is now chief of corps with the Erie R. R. at Markle, Ind.

MRS. MATZKE GIVES ENTERTAINING LECTURE ON CALIFORNIA.

Notwithstanding the inclement weather a large and appreciative audience was present at the Bucknell Alumnae Meeting Tuesday evening in the Chemical Laboratory. The meeting was memorable for an illustrated lecture by Mrs. Edith M. Matzke on "Some Reminiscences of the California Earthquake." San Francisco was graphically described from the earliest settlement to its culmination at the time of the disaster. Its phenomenal growth, its splendid public buildings, its palatial homes, its care of underground and above-ground "China-town," its park and Praesdio, Cliff House and the Golden Gate, its neighboring cities,—all portrayed in eloquent description, and in vivid pictures by the Reflectoscope operated through the kindness of Prof. Owens. Then followed the story of the Earthquake and the Fire, the havoc and the desolation wrought, told as only a participant could tell such unique and unparalleled calamities.

HILL GOSSIP

The D. T. U. fraternity gave an informal dance in the Armory on last Wednesday evening.

Fitzgerald, a former student of Ohio Wesleyan College, is about college preparing to enter Bucknell next term.

Muffly, '15, has returned from his home in Turbotville where he was recently called by the illness of his father.

Prof. Riemer will give his lecture on "Paris, The Magnificient" at the Franklin High School during the spring vacation.

The Sigma Alpha Epsilon fraternity entertained at its house on Thursday evening the Pi Beta Pi fraternity of the Women's College.

Prof. Colestock, who has been confined to his home for the past few weeks with a severe cold which threatened to develope into pneumonia, is now able to be about again.

W. H. Miller, '12, left college on Friday morning to take a position as teacher of mathematics in Troy Conference Academy, Poultney, Vt. He will be back in June to graduate with his class.

WOMEN'S COLLEGE.

Esther McCormick was visited by her father one day last week.

Evelyn Hillier and Kathryn McCloskey are visitors at the Seminary.

Isabelle Rockwell, ex-'14, stopped off at college on her way home from Baltimore where she is a Sophomore at Goucher College.

This evening Helen Hare will entertain the local chapter of Pi Beta Phi in honor of her friend, Miss Emma Ludlum of Indianapolis.

On Thursday afternoon the women of the university were at home to the ladies of the town. Miss Bush with the officers of the Womens' League received. The decorations from the College Girls Reception were still up and the girls were glad of the opportunity to have the town ladies enjoy them also.

MINISTERIALS MEET.

The Ministerial Association was entertained at the home of Professor Hamblin last Wednesday evening. Professor Hamblin spoke on "Practical Problems Before The Minister To-day." Dr. Stevenson, the Penna. Sunday School Secretary spoke on "The Religious Element in Tennyson." Election of officers for next year resulted as follows: Pres. Jackson, '13, Vice Pres., Brush, '13, Secretary, Lotte, '14, Treasurer Fahringer, '15.

BASKET-BALL RECORD CREDIT TO TEAM.

Velvet

THE SMOOTHEST TOBACCO

It goes equally well with the Moonlight Sonata or Rag—The leaf, the selection of experts—aged hanging in the warehouse for two years. A maturing that is seldom accorded any leaf. What happens—all harshness gradually vanishes—it becomes a leaf of rich mellowness—a flavor as seductive as the strains of good music—too smooth to bite the tongue.

The true art of producing smoking tobacco is manifested in Velvet—it takes time—takes patience—the making expense is more. But—Velvet is Velvet. At your dealers.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, APRIL 1, 1912. NUMBER 23

BUCKNELL TO HAVE GENERAL SECRETARY FOR Y. M. C. A.

For a long time patrons, faculty, and students of Bucknell have felt the need of some one who could give his entire time to directing and unifying college life and college activities. The faculty takes care of the intellectual side of college life; we have a coach for athletics; the fraternities and societies develop the social side; the Y. M. C. A. represents the moral phase; but the tendency of all these differs and is to work more or less independently and for different ends. There is needed on the campus some one whose whole duty it is to unify and harmonize the work of these various agencies; so that the college man who is subject to these influences for four years may come out perfectly developed socially, morally, intellectually, and physically. The person who would endeavor to thus unify and direct college life must know the students of the institution, must understand their problems, and must be able to aid them in the solution of the same. He must, therefore, be able to mix in the social life of the students and to enter into the athletic life of the college. The organization in which all interests should be unified is the Y. M. C. A.

At one time when the institution was smaller than it now is, and when the students were, on the average, of mature age, this work was done by the students and the faculty. It was then possible for each member of the faculty to know all the students of the college personally, to learn the past history of each man, and to observe the possibilities and tendencies of each individual. Since the college has increased in size and the departments have become more numerous, such intimate acquaintance between all the faculty and all the students has become impossible. Even the student secretary of the Y. M. C. A. and the students themselves are greatly hampered in their work by the same conditions. The lack of intimate personal acquaintance with the men, ignorance of their home environment and past history, and the lack of time for things outside of the regular school routine, places a limitation on the work they would otherwise do.

Institutions throughout the land have faced the same conditions and have finally solved the problem by securing a General Secretary of the Y. M. C. A. Bucknell intends to fall in line. The Executive Board of the Y. M. C. A. will present the matter in full at the regular Y. M. C. A. meeting on Thursday evening. The General Secretary will be elected at this time. Remember the date and let every man be present.

OLD EUEPIA LITERARY SOCIETY REVIVED

WAS FOUNDED IN THE YEAR 1850.

Has Had Members From Every Class Graduating From the University. Well Known Men Members.

The old Euepia Literary Society which was allowed to die out three years ago, has been revived and again made a fixture at Bucknell. The loss of this worthy old institution and its companion, Theta Alpha, was greatly lamented by the students and members of the faculty who are interested in literary work and hence its re-establishment is a matter of interest to all.

Aside from its practical value to the students who are members, Euepia is of considerable historic interest. It is the oldest organization of its kind in the college and has had many of Bucknell's most noted men in its membership. It was organized at the beginning of the school year 1850, three years after the beginning of regular school work in the University. The first meeting of the society was held on Nov. 30, 1850, when a constitution was drawn up and adopted, sixteen men signing it as constituent members. Reeder McFish, '51, a member of the first class to be graduated from the University, was the first president of the society. Including the sixteen charter members the society has 760 names on its roll of membership up to the time of its last meeting in the Fall term of 1909. Among these are such well known men as Rev. Francis W. Tustin, Hon. John A. Mitchell, David Jayne Hill, Dr. William E. Martin, and Lincoln Hulley—men of whom the University is justly proud.

At the organization meeting held late last term the old constitution was slightly revised in order to give the society a more modern form. Sixteen men, representing the Senior, Junior, and Sophomore classes, signed the revised constitution as reorganization constituent members. Oscar Wolfe, '12, was elected president for the Spring term.

In order to keep the membership down to an efficient working basis and to insure that only men who are really interested in the work may be enrolled, membership has been made elective by the society instead of selective on the part of the applicant, or assignment by the faculty, as was formerly the case. The first meeting of the society this term will be Monday evening, April 1, in the Euepia room. It will meet regularly every Monday evening throughout the college year.

ALUMNUS PROMINENT IN NAVY.

Chaplain Bayard, '99, of the navy, offered the prayer when the remains of the Maine sailors were interred at Arlington, March 23.

NOTICE.

Y. M. C. A. Rally on Thursday evening at 9.00 o'clock. Every man out.

NINE ALUMNI ON SCHOOL FACULTY

IS RECORD AT WILLIAMSPORT.

Principal, Vice-Principal and Heads of Four Out of Six Departments Are Bucknell Graduates.

The record which alumni of the university have made on the teaching staff of Williamsport High School is an enviable one. For many years the number of Bucknell graduates on the faculty has been greater than the whole number of graduates of other institutions combined. In fact it has often been more than twice as great. The present school year is no exception. Nine of the seventeen teachers are Bucknell alumni. Syracuse, Lehigh and Ohio Wesleyan are each represented by a single alumnus.

Most of the responsible positions on the teaching staff are held by these Bucknell representatives. The principal, vice-principal, and the heads of four of the six departments of instruction, are Bucknell alumni. The principal, Prof. P. M. Bullard, A. M., graduated at Bucknell in 1901. He succeeded W. W. Kelchner, A. M., of the class of '86, who now resides in New York City. The present vice-principal, Prof. A. M. Weaver, A. M., '05, is successor to another Bucknell man, Walter H. Bertin, A. B., '08, whose death occurred last June. Prof. L. J. Ulmer, Sc. M., '02, is head of the science department, and is a popular lecturer on scientific subjects. Miss Emily B. Ebling, A. B., '03, was recently chosen as head of the department of English. Miss Florence E. Reed, head of the department of modern languages, who was a special student at Bucknell, matriculating in '65, is away on a year's leave of absence, and her position is temporarily filled by Miss Anne Galbraith, A. B., a Bucknell alumnus of the class of '07, and formerly an instructor in Stetson University, Florida. A sister of the latter, Miss Mary Galbraith, A. B., also of the class of '07, is instructor in French. Miss Gertrude Roos, Sc. B., '00, is instructor in mathematics, and Miss Gertrude Myers, Sc. B., '00, is the instructor in chemistry.

Of the Bucknell alumni who were former members of the High School faculty, Prof. Kelchner and Prof. Bertin have been mentioned. To these may be added Mrs. Lila Long-Schermerhorn, A. B., '03, now of Brooklyn, N. Y.; Mr. Clyde W. Cranmer, Ph. B., '10, and Mr. Fred J. McMurray, who spent two years at Bucknell, and who is now principal of the Franklin Grade School at Williamsport.

Many other Bucknell alumni are prominent in professional and engineering circles in Williamsport. Twenty-six graduates and eighteen matriculates of the college, and twelve alumnae of the institute are now located there ,and the increasing number of Bucknell students from Williamsport is largely due to their influence.

PROSPECTS BRIGHT FOR WINNING NINE

22 MEN ANSWERED FIRST CALL.

Coach Dickson Will Whip Team in Shape for Game With Mifflinburg on Saturday.

The opening of the Bucknell baseball season will be the event of next Saturday when the Varsity will meet the Mifflinburg team of the Tri-County league. The latter aggregation has a reputation for playing a fast game of ball and the contest on the campus next Saturday should not be lacking in excitement.

The first call for candidates for the Varsity was made Saturday by Captain George O'Brien, '12, and 22 men responded by being on the field at 2 o'clock. Batting and fielding practice were indulged in for several hours. Captain O'Brien watched the men carefully during the practice and seemed well pleased with the manner in which the new men handled themselves.

"By" Dickson, who has coached our football and baseball teams for the past two years, arrived in town Sunday and took charge of the team and its destiny this afternoon. Practice will be held daily from now on and the men will necessarily be worked hard this week in order to present a winning team against Mifflinburg on Saturday.

BAND TO GIVE DANCE

TUSTIN GYM THE SCENE OF THE COMING EVENT.

At present the band is engaged in preparing a program of dances for a stag dance which is to be given in the Tustin gymnasium some time this month. According to the popularity of the dances given by the band after the basket-ball games last term, it is believed that a stag dance will be well attended. A small admission price will be charged to all attending the dance and this will be used towards defraying the running expenses of the band. In addition to this, the band will play at all the Varsity baseball games this term.

By means of the subscription lists which were passed around last term, the band is in fairly good condition financially. Last year's indebtedness, however, still remains and in order to pay off this indebtedness the stag dance and a possible concert later in the term are being considered.

The band now consists of fifteen pieces. The old instruments have been repaired and a great deal of new music has been purchased. Fahringer, '15, was recently elected leader, and Phillips, '13, was elected manager.

Y. W. C. A. ELECTION.

With the opening of the Spring term, the Young Women's Christian Association entered upon its new year with the following officers elected: President, Margaret Weddell; Vice President, Frances McNall; Secretary, Ethel Peterson; Treasurer, Florence Mitchell. Favorable reports of the past year's work were presented at this time by the retiring cabinet. The thorough work of the membership committee at the beginning of the Fall term resulted in a membership of ninety per cent. of the Seminary students. A new spirit was brought into several of the devotional meetings through the helpful and efficient service of some of the women of the town who discussed practical questions before the girls. The social features of the year did their part in strengthening the feeling of good fellowship that the association aims to create.

The coming conference at Eagles Mere is to have, it is hoped, a large attendance from Bucknell.

The Bucknell-Rochester Quartette concert, given under the auspices of Y. W. C. A., is anticipated for the near future. Watch for the announcement.

MEMBERS OF THE EUEPIA LITERARY SOCIETY-

ALUMNUS HONORED

MISS BENDER A MEMBER OF THE STATE EXAMINING BOARD.

Miss Elbina Bender, '06, an instructor in the Lewisburg High School, has been appointed by State Superintendent Shafer to membership on State examining board for teacher's permanent certificates, for the eighteenth district. The district comprises four counties.

On the board with Miss Bender is D. D. Dieffenbach of Danville, and W. W. Fetzer, '04, of Sunbury. The board will examine all applicants in the district who apply for Permanent State certificates.

PROFESSOR RIEMER LECTURES

During the past vacation Prof. Riemer delivered his interesting and instructive lecture on "Paris the Beautiful", in the court house at Franklin, Pa. Prof. Riemer went to Franklin at the solicitation of Miss Gretchen Radack, '11, who is teaching modern languages in the Franklin High School. The Franklin papers say that Prof. Riemer's lecture was very well attended and was highly appreciated.

Prof. Riemer has added many improvements to his lecture. His next lecture will be made under the auspices of the Williamsport School Board, in the James V. Brown Memorial Library on April 11.

On account of the form which the new men displayed in the initial practice Saturday, keen competition is expected for the berths on the Varsity and much shifting and trying-out will undoubtedly be done before a regular line up can be presented.

Nine of last year's Varsity squad are in school this year and out for the team and will form a strong nucleus and with practice and coaching a nine will be gotten together that may equal any of the famous teams Bucknell has produced.

Besides Hagan and Talbot, of last year's pitching staff, the following men will be given try-outs for the mound position: Zellers, '15, who did the twirling for Mt. St. Mary's College last year; Keiser, '15, of Mt. Carmel High School; Frantz, '14, who was out last season; Rufflington, of Brookville High; and Cochrane, of Greensburg High.

The men who are trying for the position of catcher are; Zehner, '13, of last year's Varsity; Sturgis, '15, who was captain-elect of this season's baseball team at Kiskiminetas School; and Brady, '15, of the New York Athletic Club.

McCombs, '14, Fisher, '14, Jordon, '13, and Bartholomew, '12, are out for the first base job and the competition between them is expected to be lively. Walters, '15, of Mt. Carmel High School; and Speer, '15, of West Chester High, are also candidates for the initial sack.

Worrilow, '14, of last year's Varsi-

This paper is published once a week during the college year by the Orange and Blue Board, representing the student body of Bucknell University. Subscription $1.25 per year. $1.00 if paid before January 1 of the college year. Communications addressed to the Orange and Blue, Lewisburg, Pa.

MONDAY, APRIL 1, 1912.

A FOREWORD.

A foreward is in keeping with the advent of the present staff of the Orange and Blue. We realize the folly of any definite outline of our future work and hence venture only the generalities which shall characterize the policy of the present administration.

If our work should perchance be successful much credit belongs to the preceeding administration in which the paper was placed on a par with other college papers. The absolute fairness, the policy of a "Greater Bucknell," and the professionel appearance of the paper are legacies from the preceeding administration and ones which we shall endeavor to preserve.

We wish especially that the alumni consider the columns of the paper as a medium of acquaintance between themselves and the college of today. That this may be better done we must ask the co-operation of the faculty, the alumni and the students by way of news items and suggestions. The problem of obtaining alumni news is a difficult one; yet one which we hope to simplify.

Communications are desirable always if they are fair and authentic. It should be remembered that this paper is after all only the mouth-piece of the student body and hence open at all times to its opinions. As a guarantee of good faith the name of the writer must accompany each comunication. The name, however, will not be published nor divulged in any way unless the communicator so desires.

Finally we shall endeavor to follow the student life and activities at Bucknell. To give credit where it is due shall be our delight and to speak when something is wrong shall be our privilege. To be brief our policy shall be "improvement, impartiality and impulsion".

PROGRESS AND THE Y. M. C. A.

This year is claimed by many to have witnessed a wholesome revival of interest in college activities at Bucknell. Considered in this light the move to secure a General Secretary of the Y. M. C. A. is a signal one. The idea at least betokens progress and means a new era for the Y. M. C. A.

It has been the experience of the organization in most the colleges that for real activity and success active leadership is needed. The student members in charge have been earnest enough in their efforts but they have been hampered by a lack of time and the prejudices of student life which make close acquaintence with fellow students impossible. A General or Graduate Secretary, however, is not hampered by these difficulties. He has the advantage of age and experience, and can mingle freely with the students. What is more he has the time to investigate and consider the needs of every man individually.

Ever since the reception given to Mercer and Pontius, it has been felt that an active secretary could bring new life to the Y. M. C. A. The whole college showed its appreciation of the work of these men. It will undoubtedly do so again later when the General Secretary enters into office.

THE BAND AGAIN.

The efforts of the band to make itself a live factor in the life of the college is certainly pleasing to behold. When fifteen men are unselfish enough to hustle about and pay off an old debt of previous years and what is more to give several nights each week to prepare music for the enjoyment of an not all too appreciative body of students—then there is certainly some praise due.

The importance of the band to the Athletic Association as a drawing card at the atheletic contests, is not meager. The dance and the possible concert to be given this term will add considerably to the activities of the spring months. All of these things should convert anyone to the support of the band when it is needed and called for.

SACRED CANTATA

BAPTIST CHOIR AND SCHOOL OF MUSIC DO EXCELLENT WORK.

The Sacred Cantata, Maunder's "Olivet to Calvary" given on Saturday evening by the Baptist Choir was greatly appreciated by a large audience. It is descriptive of the events preceeding the Crucifixion, the climax of the Savior's life, and is full of sugestion and feeling. The music belongs to the modern school and abounds rather in harmony than melody. The opening chorus "On the Way to Jerusalem" indicated the marked rhythm prominent all through and the brilliant climax following the quiet first movement of the "Way to Olivet" was especially effective. The Choir showed the result of faithful effort and efficient training in the splended spirit and attack with which they sang the difficult Crucifixion chorus, and their response to their leader in the "March to Calvary". The dignity of this unison chorus was saved from monotony by the emphasized rhythm and the sympathic use of crescendo and diminuendo, and the effective pedaling of the organist added greatly to its stateliness. Miss Lawshe's skill was also especially noticeable in her accompaniment to the Recitative and Solo "Droop Sacred Head". Of the solo work, Miss Rice's most sympathetic rendition of "Loneliness" and the simplicity and feeling with which Prof. Stoltz sang "The New Commandment", were the most striking features. The teachers were ably seconded by Mr. Van Osten and Mr. Parmenter. The School of Music and the young people of the Choir are to be congratulated upon the spirit and success of their excellent work.

NORTHROP MAKING GOOD.

In the sporting section of the Chicago Examiner of March 24, appeared a large portrait of Northrop, '10, who is making good with the Chicago Cubs on their Southern training trip. The folowing coment also appeared: "He has all the essentials and knows how to use them. Speed is one of his best assets, and the phenom is a bearcat at holding runners on first. With this youngster's fast motion and Archer behind the bat, base stealing is liable to become a lost art."

Compulsory football classes are reported to have been established at Wisconsin last fall.

GET READY!

We have telegraphed the weather man to send a bunch of Warm Sunny Days, and they're on the way.

However, we've "beaten the weather man to it" as our 1912 line of Baseball Goods is now on display.

Come, see the new things in this yeor's line.

ALUMNI JOTTINGS.

In Harper's Weekly for March 2, Lewis E. Theiss, '02, has an article, "Every Man His Own Coal-Angler", which is illustrated by a coal dredge on Shamokin Creek near Sunbury.

K. H. Royer, '09, has resigned his position as a representative for the Capewell Co., Hartford, Conn., and accepted a position with the Jersey Shore Trust Co., Jersey Shore, Pa.

Earnest L. Tustin, '84, and Mrs. I. Harrison O'Harra (Margaret Tustin '08,) have been appointed members of the Playground Association of Philadelphia. Mr. Tustin is also the Recorder of Deeds of that city.

"What is Wrong With Our Public Schools" is the subject of a special article by Lewis Edwin Theiss, '02, in the April Pictorial Review. In an editorial comment on the article a prize of $25 is offered for the best letter on the subject.

Rev. Dr. T. M. Eastwood, '72, pastor of the First Baptist Church of Burlington, N. J., was married lately to Miss Ella S. Wright, a prominent worker in his congregation. Rev. Eastwood is to speak at Commencement this year.

Alfred Hayes, Jr., ex-'95, of the Cornell department of constitutional law, in a two-column interview in the North American for March 28 upholds Roosevelt's judicial plan that the people vote on statutes that have been overruled by the courts, as right and conservative.

The Gethsemene Baptist Church, Philadelphia, celebrated the fortieth anniversary of its founding last week. Rev. Dr. Henry J. Haslem, '90, the pastor, opened the celebration with an address to more than 1500 of the congregation. Dr. Haslam is only the fourth pastor since the foundation of Gethsemane nearly half a century ago.

At the Round Table of superintendents and principals of Central Penna. held at Lock Haven on March 22 and 23, the following Bucknell men were present: Prof. Wilcox, '04, of the Academy; C. D. Koch, '98, Inspector of High Schools; P. M. Bullard, '01, Principal of Williamsport High School; Harry S. Bourne, '11, Prncipal of Lewisburg High School; Charles Lose, '85, City Superintendent of the Williamsport schools; Henry T. Meyer, '06, and Prof Bromley Smith.

THIS WEEK'S EVENTS.

MONDAY.

TRI-DELTA DANCE.

On the evening of March 26 the girls of Delta Delta Delta sorority entertained their friends and patronesses at their annual dance in the armory. The walls were decorated with spruce and fraternity banners. Streamers in the Tri-Delta sorority colors latticed the ceiling. A novelty in the form of two favor dances prozed a most pleasant surprise to the guests. The first favors, carrying out the college colors, were blue toy balloons tied with orange ribbons. Bouquets of pansies, the Delta Delta Delta flower, were presented as the second favors.

About forty couples were present including several out-of-town guests: Miss Hean of Harrisburg, Miss Yard of Trenton, N. J., Miss McSparren of Philadelphia, and Miss Michael of Philadelphia.

L'AGENDA ELECTIONS.

The result of the Sophomore L'Agenda elections submitted to the faculty committee, has been announced. C. Walter Lotte is editor-in-chief, and Harry B. Weaver is manager.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year.

HILL GOSSIP

James A. Tyson, '11, of Williamsport, spent several days with his S. A. E. brothers last week.

Prof. Demerle of the department of English at the Erie High School is visiting his Phi Gamm brothers.

T. B. Beck, who is traveling for the Roderich-Lean Mfg. Co., of Mansfield, O., spent Sunday with Phi Gamma Delta fraternity.

The return to duty of the clock on West College reminds one of how much inconvenience a single act of vandalism can cause to many.

WOMEN'S COLLEGE.

Emma Dillon, '15, is now living in town with her mother.

Ruth Edwards, '14, has returned to resume her studies.

Mary Brown, '13, is now a resident at the Women's College.

Sue Weddell has returned to complete her course and to be graduated with the class of '12.

Violet Vought, of Paxinos, Pa., has entered the Seminary and has enrolled as a student in the Music department.

Miss Mary Baker of San Francisco, Cal., Student Secretary of the Y. W. C. A. for Pennsylvania, Maryland and Delaware, is spending a few days with the Y. W. C. A. of the Women's College.

A number of the college girls attended the W. C. T. U. meeting and reception held at the Baptist church on Friday evening, March 29. Speeches were given by Dr. Harris and Dr. Thomas on the subject of temperance.

PROSPECTS BRIGHT FOR A WINNING NINE

Concluded from first page.

ty, and Armstrong, '14, who was also out last year, are the only candidates thus far for second base, while Murray, '13, Bliss, '12, and Captain O'Brien are after the short stop position.

At present there are four applicants for the third sack station, they being Lister, '12, of last year's Varsity; Fulmer, '15, of Bucknell Academy; Coughanour, '15, of Uniontown High School; and Hedge, '15, of Scenery Hill.

For the outfield positions only six men have thus far reported but several more are expected to come out this week. Those who reported Saturday were Logan, '14, and Campbell, '14, of last years team, and Crulkshank, '15, of Blair Academy; Topham, '15, of Northeast Manual High School, of Philadelphia; Gdaniec, '15, of Mt. Carmel High; Fahringer, '15, of Bucknell Academy, and Hamlin, '15, of Philadelphia.

It is absolutely necessary for the success of the team that as many men as possible come out for the Varsity. Every man will be given ample opportunity to show his worth and ability and it hoped that every ball player in the school will report to Coach Dickson for a try out.

DELTA PHI DANCE.

The Delta Phi Sorority held its annual dance in the Twelfth Regiment Armory on Wednesday evening, March 20. About forty couples were present. The hall was artistically decorated with representative fraternity banners, college pennants, and evergreens. In the center was an arbor of morning glories set off by scarlet and gray streamers which, to gether with the rustic swing, produced the effect of an indoor garden in pleasing contrast with the winter scene without.

The music furnished by the Grange orchestra was exceptionally fine. A number of out-of-town guests were present and these with the active girls and their friends made the dance more than its usual success. Among those from out of town were: Ruth Royal, Camden, N. J., Anetta Stahl, of Philadelphia, Evelyn Hillier, of Burlington, N. J., Louise Albright, of Muncy, Pa., Ada Conner and Katharyne McCloskey.

The patronesses were: Mrs. William Leiser, Mrs. Thomas D. Baker, Mrs. William Forster, Mrs. Frank C. Stoughton, Mrs. Frank Clayton, Mrs. Ralph Steans, Mrs. Benjamin Griffith, Mrs. Martin L. Drum, Mrs. H. Eyer Spyker, Mrs. Norman H. Stewart, and Mrs. Aaron Stahl.

The Dress Goods Department is Prepared

Every new weave in Wool Fabdics for Tailored Suits, Dresses and Coats. A wide range of Novelties in this Depadtment. Cream Suitings in plain and with black stripes, from 50c up. Two-toned Serges from 50c to $1.75.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, APRIL 8, 1912. NUMBER 24

BUCKNELL WINS THE FIRST GAME

MIFFLINBURG IS OVERWHELMED.

Heavy Hitting by the Varsity a Feature.—Many Men Tried for Positions in Contest.

The initial game of the Bucknell baseball season drew a large crowd of students and townspeople to the athletic field on Saturday afternoon when the Varsity administered a most decisive defeat to the Mifflinburg Tri-County League team.

Considering the facts that Varsity had been practicing only a week and that it was the first game of the season for both teams, the contest was well played and augers well for a successful season. Many of the new men who are out for the Varsity were given a try-out during the game and Coach Dickson is well pleased with the showing that all of them made.

Heavy hitting characterized the game on the part of the collegians, three of whom clouted the ball for home runs. Two three-base hits were scored and two-sack drives were exceptionally numerous. Umpire "Vic" Schmid, '12, added eclat to the occasion with his vociferous announcement of balls and strikes.

In the first inning Mifflinburg scored twice by the hitting of Mackert and Miller, but Bucknell tied the score before being retired. Topham, the first man up, was out at first, and Capt. O'Brien was given a pass on balls. Logan then brought the crowd to its feet and "Porky" home with a hit into deep outfield that permitted him to circle the bags on the first home run of the season. The side was retired when Zehner filed to left field.

In the second session the visitors tallied another two runs, but three singles, three stolen bases and a passed ball brought Brady and Topham over the plate for a like number of points.

Hagan replaced Cochran on the mound in the third inning and "Bob" allowed but three men to face him. Crulkshank hit for one base and was advanced to third by Gdaniec's single. The latter allowed himself to be run down while trying to steal second, not until "Crook" had scored. Zehner and Lister were out on flies.

By scoring twice during the fourth inning Mifflinburg gained the lead but it did not last long. Two singles, two three-base hits, Topham's home run and numerous errors by the visitors let ten of our men cross the white-washed board during the session, coming faster at times than Mgr. English could score them.

The Mifflinburg pitcher passed five men to first during the fifth and sixth innings which, with a two-base hit by Logan and a home run by Brady, resulted in an aggregate of five runs. The visitors did not score in these periods, nor in the three that followed.

In the seventh Hagey was substituted for Mench and during the remaining two innings allowed the Varsity but three hits and no runs, although two of the drives were for two bases.

The score:

MINSTRELS UNEQUALED

SUCH IS THE COMMUNICATION FROM HEADQUARTERS.

On account of unavoidable circumstances the date for the minstrels had to be postponed one week later than was last published. Instead of being April 19th, April 26th has been designated as the all important day. We can assure you that the latter date is official, as a systematic research was gone through with and there is nothing whatever to prevent the proceedings.

Not since the Academy dog was a pup has there been such a marked interest taken in a performance of this kind, both on the part of the performers themselves and the entire student body. With these conditions prevailing it is a safe bet to say that the minstrel show this year year will be the best ever.

The songs and jokes used in this year's production are positively new. During the Spring vacation the management has had a number of special agents in both New York and Philadelphia on the lookout for the best and newest material along this line.

Although there are to be some radical changes from the general order of minstrels which will necessarily incur enormous expenditures, nevertheless no advance will be made in the price of admission over that of last year. All seats in Commencement Hall, where the show is to be held, will be reserved at prices of 50, 35 and 25 cents.

Just take a little tip from your Uncle Dudley and get in early on the seats or you will be left. The reserved seat board will be out shortly and you will be able to secure your seats at either the Hill Book Store or if you choose "Get it at Baker's."

As a final word you will have but one chance to see the show and that on April 26th. So seize opportunity by the whiskers and be on hand or you'll be most awful sorry.

MEN'S RECEPTION

THE FUNCTION TO BE ENTIRELY INFORMAL.

At a meeting of the College Men's Reception Committee Thursday afternoon final preparations were made for the coming event to be held Friday evening, May 10th. It was the unanimous opinion of those present to make the affair entirely informal and to fix the assessment at one dollar and a half so that every man on the Hill can attend. This is one function of the year in which each man can take part and the interest that the fellows show will determine its success.

Owing to a non-guarantee of good weather it was decided to hold the affair in Main Hall instead of on the Quadrangle as suggested by several.

Next Friday afternoon Harris, '12, will be in Room No. 78 W. C. where he will receive the names of those whom the fellows wish to be present.

UNUSUAL ROUND OF SPRING FESTIVITIES

VARIETY OF EVENTS SCHEDULED

College Men's Reception Revived.—Stag Dance the Novelty.—Other Activities.

With the advent of the Easter bonnet and the strident call of the baseball umpire, Bucknell has fairly opened its round of Spring activities. It is largely during the Spring term that outside diversions are allowed to interrupt the monotony of study on the Hill and apropos of the fact it is only in keeping with the beginning of the season that some suggestions are given as to "what's doing" on the Hill, as everyday parlance has it.

Athletically, with the fair assurance of a successful aggregation, there are nine Varsity games on the home diamond beside several class and interclass and inter-fraternity games. On Wednesday night of this week a meeting of the track men will be held to better ascertain the prospects in that branch of sport. The usual interclass meets will be held and there is also said to be a possibility of a varsity track meet here this season.

Prof. Stoltz promises something exceptionally fine in the presentation of Hayden's Creation by the College Oratorio Society. The Chorus will be entirely local talent, while arrangements have already been made to have the solo parts filled by a singer from New York City. June 16, Commencement Sunday, is the day set for the rendition and as practice has already begun there will be ample time to make good the promise of one of the choicest musical treats enjoyed here for some time. The Glee Club and the Mandolin Club are also planning concerts for later in the term. Dates have not been set as yet by either organization but the latter part of May will probably be the time for the Glee Club concert and Commencement week is suggested as the time that the Mandolin Club will entertain.

The stag dance by the band is perhaps the most novel feature of the season. This will afford an occasion for a good time at a small cost, and it should appeal to the fellows both as a matter of pleasure and as a means of supporting a worthy cause.

Socially, the College Men's Reception will be quite the event of the season. The fact that this function was not held last year should contribute to its success this year. Those who attended the reception held two years ago can testify to its value as a college activity and this year there is no reason to believe that that event cannot be surpassed.

In Dramatics there will be the two regular events of the term, the Senior class play given during Commencement week, and the Seminary Soiree, April 20. The Minstrels, April 26, hardly needs more than passing mention since its fame is already abroad.

In the department of Oratory the most important event is the debate with Gettysburg College, April 23. Debating has for some time been a neglected feature of the college work and its revival, it is hoped, will meet with sufficient success to merit its continuance. Later in the term the Freshman Declamation Contest, the Sophomore Oratorical Contest, and the Junior "ex", all in close succession will round out the schedule of activities.

SUBSCRIPTIONS ARE DUE.

The management of the Orange and Blue requests the immediate payment of all outstanding subscriptions. According to the usual arrangement all subscriptions are payable by the first of the present year. In order that the management may close its books as soon as possible it is essential that all unpaid subscriptions be attended to at once.

WM. GOEHRING ELECTED SECRETARY OF Y. M. C. A.

"A General Student Secretary for Bucknell" was the subject discussed at the Y. M. C. A. meeting on Thursday evening. A number of talks were made both by members of the Association and also by some who were not members showing the need of a General Secretary. Prof. Davis discussed the question from the faculty's standpoint. He showed that a General Secretary who devoted his entire time to studying the needs of the different men could often help them, whereas the members of the faculty could not. It is often impossible for the instructor and the student to become so well acquainted that the latter will feel sure to ask the professor for advice.

"Bill" Goehring Elected.

After the question had been thoroughly discussed a motion was offered that we have a General Secretary at Bucknell. The vote showed that every man present believed that Bucknell should have a secretary. Having thus created the office, the next step was to elect some one to fill the same. Naturally everyone thought of "Bill" Goehring as the man best suited to the new office. After being duly nominated "Bill" was elected General Secretary for next year. The unity and enthusiasm manifest in the election was in itself a compliment to "Bill".

Following the election a form of contract was read. The president of the Association was authorized to enter into agreement with the General Secretary. The provisions of the contract are that Goehring shall devote his entire time, beginning August 1st, 1912, and ending July 1st, 1913, to the work of the Bucknell Y. M. C. A. For said work Goehring is to receive from the Y. M. C. A. the sum of seven hundred and fifty dollars for the year and his board and room at the college.

The question of raising the money was discussed. President Fetter informed the Association that the sum of five hundred dollars had been subscribed by the alumni and friends of the institution. He further stated that the University had offered free board and room to the Secretary. Since it is necessary for the Y. M. C. A. to raise only two hundred and fifty dollars in order to meet the new obligation, it seems certain that with the increased interest that will come by having a Secretary, this sum can easily be raised.

The Man and His Work.

To the students of Bucknell it is unnecessary to have to introduce "Bill" Goehring. There is certainly no man on the campus who is better known or more highly respected by the student body. As a student "Bill" has shown himself to be a thinker. In the social affairs of the college he has been a mixer. "Bill's" clean cut, christian life has commanded the respect of every one. In athletics he has taken an active interest.

The fact that his interests are so broad especially qualifies "Bill" for the work to which he has been elected. Through his influence it may be expected that the social, moral, intellectual, and athletic life of the institution will reach a higher level than ever before. His interest in the educational side of college life will prompt him to work for things which make for scholarship. His social ability will enable him to mix with the men in a social way and to encourage social activities. As the chief exponent of the Y. M. C. A. he will undoubtedly bring that organization into greater prominence in our college life. In the athletic affairs he will be able to inspire life and enthusiasm. Especially will he be able to aid in getting men out to support our teams. In fact, "Bill" will be a man on the campus who is interested in everything which will tend to make Bucknell life bigger in every respect.

TO SUCCEED DR. WILEY

NAME OF BUCKNELL ALUMNUS MENTIONED.

Dr. William F. Frear, '81, head of the department of experimental chemistry at State College, is being boomed by the friends of Dr. Wiley for chief chemist of the United States Department of Agriculture, the position recently vacated by Dr. Wiley.

In 1882 Dr. Frear was made assistant chemist of the U. S. Department of Agriculture. Since 1887 he has been vice director and chemist to the Pennsylvania Board of Agriculture, and since 1895 has been chemist to the State Department of Agriculture. From 1902 to 1904, Dr. Frear was editor and proprietor of Agriculture Science.

Dr. Frear's assistance in helping to draft different food laws in the state and the country at large is notable. In 1897 as president of the Association of Official Chemists, he presented a draft of a national food bill, corresponding to the present national law.

Again in 1898 when the National Pure Food and Drug Congress was organized, Dr. Frear was made chairman of the executive committee, and in this capacity with Dr. Wiley and others, he was engaged eight years in getting the National Pure Food Bill enacted.

Columbia now has 7,500 students.

READY FOR DEBATE

FINAL ARRANGEMENTS MADE ON WEDNESDAY NIGHT.

Arrangements were completed last Wednesday night for the Intercollegiate debate between Bucknell and Gettysburg. It was decided that Messrs. Davies, '12, Igler, '12, and Shattuck, '14, as alternate, should represent the negative side of the question at Gettysburg; and that Messrs. Riley, '14, Richards, '14, and Still, '13, as alternate, should represent the affirmative side at Lewisburg.

The home debate will be held in Bucknell Hall on the evening of April 23, and the sum of twenty-five cents will be charged to defray the expenses of the debate. Manager Brush, '13, will have charge of the arrangements, and tickets will soon be placed on sale.

ALUMNAE CLUB TO MEET.

The regular monthly meeting of the Bucknell Alumnae Club will be held in the Institute schoolroom on Tuesday evening, April 9th. Mrs. Nelson F. Davis will entertain the Club with an illustrated lecture upon "The Awakening of Spring".

At Oxford University, a convocation refused, by a vote of 595 against 360, to allow students of mathematics and science to dispense with Greek.

This paper is published once a week during the college year by the Orange and Blue Board, representing the student body of Bucknell University. Subscription $1.25 per year, $1.00 if paid before January 1 of the college year. Communications addressed to the Orange and Blue, Lewisburg, Pa.

MONDAY, APRIL 8, 1912.

MYSTERIOUS DISAPPEARANCE.

For many years the most fiercely contested event of the college year has been the interclass field and track sports. This event was the only struggle in which the four classes appeared at the same time. In this respect it differed from the other games, for it brought together two classes at a time, either decisively or in a series for supremacy. With field and track sports there was the added incentive to championship, that the victorious class was entitled to have its numeral inscribed upon the "Mirror Cup".

But where is the "Mirror Cup"? It has mysteriously disappeared. An inquiry among the students has revealed the curious fact that not one of them has ever seen it.

Three classes are now in college whose athletes have valiantly struggled to win the trophy, yet none of them has had a glimpse of the mysterious cup. Where is it? The Orange and Blue believes its presence will add to the interest in field and track sports, hence an appeal is made for information that will lead to the recovery of the venerable trophy.

COMMUNICATION.

With the coming debate between Bucknell and Gettysburg on April 23, there will be revived a custom which has been a dead issue for some time at Bucknell. That we are to take our place once more in the intercollegiate debating world, should be a pleasing announcement to all loyal and live members of the student body, as well as to the alumni. Much credit is due to Prof. Phillips, who together with Professors Hamblin and Perrine, has given much of his time and many valuable suggestions in order that Bucknell might once more be represented on the platform.

It is now up to the student body to show their appreciation of the efforts of these professors, and of the debating team, by loyally supporting the coming debate.

As there is an agreement between Bucknell and Gettysburg to have an annual debate extending over a period of five years, it is essential that the first debate should be exceptionally well conducted and supported. In order to make the debate a success the student body must show the debaters that they are behind them in their efforts, and are willing and anxious to support them.

There is no reason why Bucknell should not stand among the first colleges of the east in debating circles. We have the material here, and with a little encouragement it should produce winning teams. Nearly all of the colleges which compete with Bucknell in athletic sports are represented by strong debating teams, and if we wish to hold our own among progressive and active colleges, we must be as well represented on the platform as on the athletic field. It is to be hoped that the students will not neglect this opportunity to help make this revival of debating a lasting and permanent affair.

STUDENT.

Y. M. C. A. WORKING FORCE.

Advisory Board: Dr. Phillips, Prof. Lindemann, Prof. Davis, Dist. Atty. Steininger.

Executive Officers: Pres., Fetter, '13; Vice Pres., Teamer, '13; Secretary, Reading, '14; Treasurer, Riley, '14; Gen. Sec., Goehring, '12.

COLLEGE BIBLE CLASS.

The story in which Elijah calls down fire from heaven suggests this topic: The Purification of Religion by Establishing the Place of God. For Elijah had to contend not against idolatry but against syncretism. He established the truth that Jehovah is the God of nature.

The work of Elijah needs to be repeated in each age. To-day in our estimation of the place of laws in the natural order, we are prone to eliminate God. The christian must recognize that the laws of body and mind are an expression of the will of God, that in producing there is in addition to labor the beneficence of God, and that this beneficence should control men in the use of the products of the soil.

TEMPERANCE SOCIETY FORMED.

As a result of the temperance campaign which has lately visited Lewisburg a temperance society has been formed for the young people of Lewisburg and the college. The society was organized last Monday night at Prof. Owen's residence. The following officers were elected: President, Miss Johnson; Vice-Presidents, Misses Race, '14, Clayton and Fisher; Recording Secretary, Cline, '15; Corresponding Secretary, Miss Kirk, '11; Treasurer, Stevenson, '15; Supt. of "Loyal Temperance Legion", Miss Sayenga. The purpose of the society is to raise money to further the cause of temperance in this section. It intends to help to W. C. T. U. pay for the late remonstrance campaign. The society will have two delegates at the State Temperance Convention at Pittsburg in June.

ATTENTION MINISTERIALS.

Don't forget the meeting of the Association at Dr. Stephenson's home on Wednesday evening of this week. The meeting will begin at eight o'clock. Dr. Stephenson will speak on the subject: "If Men Move in Religion, How Shall They Move?" Everybody out!

GET READY!

We have telegraphed the weather man to send a bunch of Warm Sunny Days, and they're on the way.

However, we've "beaten the weather man to it" as our 1912 line of Baseball Goods is now on display.

Come, see the new things in this year's line.

ALUMNI JOTTINGS.

I. W. Zeigler, '05, is now supervising principal of the schools at Matamoras, Pike Co., Pa.

C. E. Hilbish, '09, has accepted the position of principal of the high school at Yeagertown, Pa.

Paul Smith, '10, is president of the Y. M. C. A. at Crozer Seminary. Mitch, '10, is vice-president.

F. Blair Jacket, '03, has an article entitled "The Pennsylvania Mounted Police" in the April World's Work.

"Silent" Jimmy Clark, '10, who reported to the St. Louis Nationals last month, has been sold to Washington.

Dr. Richard N. Macky, ex-'08, and Miss Ida E. Conwell, of Camden, Del., were married at that place on March 16th.

Timlin, '09, is teaching mathematics and history in Knoxville High School. He also teaches in one of the City Night Schools.

C. E. Sprout, Esq., '83, is one of the two delegates of the Williamsport Board of Trade to represent the city at the Civic Council of Penna.

Gress, '09, who is the superintendent of the Monessen School was re-elected this year for a term of three years at a material increase in salary.

Miss Charlotte Hulley, '09, will be graduated in June, a commencement speaker from the Baptist Institute for Christian Workers of Philadelphia.

Paul R. Noftsker, ex-'10, who is in the insurance and real estate business at Shippenaburg, was recently elected vice-president of the Cumberland Valley Baseball League.

M. S. Hallman, '09, principal of schools at Connersville, Ind., is Scout Commissioner of the Boy Scouts, Chairman of the Congressional district basket-ball league and president of the Athletic Club of that city.

Bucknell will be well represented in the graduating class at Crozer Seminary this year. Langford, '08, Brown, '09, Claypoole, '09, and Velte, '10, complete their courses this year. Velte has been chosen as a commencement speaker.

The Spring Festival of the New York Symphony Orchestra, beginning April 15, will carry the organization through the Middle and South-West. Paul Althouse, ex-'12, is included in quartet carried along with the Orchestra.

Mrs. Hill, the wife of the former American Ambassador to Germany, David Jayne Hill, '74, paid a flying visit to Berlin last week in behalf of a young Russian violinist named Daniel Maisa, whom she adopted as a protege three years ago. During Mrs. Hill's residence in Berlin she raised a large sum of money among her German-American friends for Maisa's education. At present Dr. and Mrs. Hill are living in an apartment in Paris, where they are giving dinners and entertaining.

THIS WEEK'S EVENTS.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

HILL GOSSIP

The work of cleaning the campus was begun last week.

Prof. Owens has purchased a late model Ford automobile.

Captain O'Brien of the Varsity is coaching the baseball squad of Bucknell Academy.

John C. Groff, '05, of West Chester, visited his Phi Kappa Psi brothers during the past week.

The band will appear for the first time publicly this term at the Bucknell-Manhattan game on Saturday.

Charlemagne T. Wolfe, '10, who is attending Columbia University, is home in Lewisburg on his vacation.

J. W. Halliwell, '10, who is teaching school in Connecticut; Roy Mikle, ex-'10, and F. W. Brelmeire, '10, who is an instructor in argumentation at State College, were the guests of their D. T. U. brothers last week.

WOMEN'S COLLEGE

Violetta Voegt, of Monessen, was at home for Easter.

Ruby Stuck, '12, was in Tower City over Sunday with her parents.

Alberta Bronson, '12, spent Sunday with her parents at Girardville.

Joletta Arthur, '13, is visiting Hannah Bertin ex-'13 in Williamsport.

Vera Frost, '12, visited Violet Nesbit, '11, of West Pittston, over Easter.

Lee Platt, '10, of New Haven, Conn., is spending a few days at the Seminary.

Marion Harmon, '14, entertained Florence Rollins, '14, at her home at Montoursville.

Olive Long, '12, spent from Friday until Monday with Ruth and Ethel Royal of Camden.

Helen Levegood, '12, and Ada Brooks, '12, visited Mary Jameson, '11, at her home in Danville over Easter.

Eric Teed, '10, who is teaching the Far Rockaway, N. J., stopped at the College on her way back from Easter vacation.

NOT IN COLLEGE

LARGE NUMBER OF STUDENTS AT WORK THIS TERM.

An unusually large number of students dropped out for the Spring term this year. The list as far as addresses were obtainable is as follows:

Miller, '12, teacher of mathematics in the Troy Conference Academy, Poultney, Vt.; Tegtmeier, '12, employed in the law office of George Bowker in the Girard Trust Co. Bldg., Phila.; Arndt, '13, employed by the Shimer Mfg. Co., Milton; Beck, '13, teacher of History in the Keystone State Normal, Kutztown, Pa.; Dunkle, '13, principal of the public schools of McEwensville, Pa.; Gochring, '13, engineer on the Pittsburg, Harmony and New Castle Railway, Butler, Pa.; H. G. W. Smith, '13, pastor of the First Baptist Church at Harvey's Lake, Pa.; Stout, '13, bookkeeper in the Franklin National Bank, Chestnut St., Philadelphia; Bachman, '14, employed by the Union Publishing House in Hartford, Conn.; Boyer, '14, employed by the Westinghouse Electric and Mfg. Co. at Pittsburg; Rogers, '15, teacher of German and Mathematics at Muncy Normal; Teed, '15, teacher of Latin in Muncy Normal.

INTERCOLLEGIATE.

The proposed stadium at Yale will seat 70,000.

Columbia received over $3,000,000 in gifts last year.

The Oberlin College Glee Club traveled 3,200 miles on its trip.

A fraternity of college newspapermen has been organized at Kansas.

The University of Chicago, when it opened in 1902, had 594 students as against 6,466 during 1910-11. The original faculty of 135 men now numbers over 400.

College athletics for women is gaining ground beyond mere gymnasium and basket-ball feats. A swimming association and a hockey team have been organized at Syracuse. Last fall at the University of Washington fourteen W's were awarded to women in competitive sports. A fencing match has been put on the intercollegiate schedule of the women of California and Leland Stanford.

Ladies', Misses' and Children's Spring Underwear

With April comes lighter weight Underwear. Our line is here for your inspection. The celebrated Forrest Mills Brand composes our line, which is best on the market.

Ladies' Vests from 10c to $1.50. Are low neck and sleeveless. Ladies' Shield and Sleeve Vests at 15c or 2 for 25c, low neck. Ladies' Low Neck and Short Sleeve Vests at 15c or 2 for 25c. Ladies' Fancy Trimmed Vests 25c to $1.00. Ladies' Silk Vests $1.00. Ladies' Out-size Vests, 39 and 50c. Low neck and sleeveless, shaped Vests, 25 to 50c. Ladies' Knitted Pants, knee length, 25 and 50c. Ladies' Umbrella Pants, open, 25 and 50c. Ladies' Isabella Drawers, lace trimmed, open, 50c. Ladies' out-size Drawers, 29 and 50c. Ladies' Hand Crocheted Union Suits at $1.00. Umbrella ad Kee styles, Union Suits, low neck and sleeveless, 50c and $1.00, with cuff knee. Ladies' out-sizes in Union Suits, 50c and $1.00.

Misses' Neck and Sleeveless Vests, 10 and 15c or 2 for 25c. Infants' Light eighWt High Neck and Short Sleeves, 15c. Low Neck and Long Sleeves, 15c.

Another Silk Event

This week another lot of those beautiful Foulards and Summer Silks received in the figures, checks and stripes. The soft lustrous Silks are the finest to be found in Milton. No two alike and extra width. The one-piece Silk is in great favor and here is the store to buy the material and save money.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, APRIL 15, 1912. NUMBER 25

'VARSITY ON FIRST TRIP THIS WEEK

WILL PLAY FOUR GAMES

Captain O'Brien And Several Men Injured—Two New Candidates Report For Practice.

On account of the interference of rain Saturday, the baseball game scheduled to have been played on the campus between the 'Varsity and the nine of Manhattan college had to be called off. The visitors were late in arriving in town but when they did they proceeded at once to the gymnasium where both teams donned their uniforms and waited for the decision of the managements as to the advisability of playing. After waiting considerable time for the weather to clear up the contest was called off and the Manhattan aggregation departed for the Metropolis on the next train.

On Tuesday the 'Varsity will leave on a four day's trip throughout the East, playing the first game of the series on Tuesday with the Military Academy at West Point. The following day the 'Varsity will have Seton Hall college, of South Orange, as opponents; Friday they will play Manhattan College at Brooklyn, and Saturday they will cross bats with Fordham College in New York. The trip is conceded to be a difficult one but those familiar with the strength of the team look for them to return with a nice string of victories.

Although Captain O'Brien may accompany the team on the trip this week it is very doubtful if he will be able to play on account of serious injury to his shoulder, sustained when he was struck by a bounding ball during practice early last week. Two of the candidates for the third base position, Coughanour and Pangborn, were also injured during practice games last week. "Cuddy" was attempting to tap the ball on a runner when he was accidentally spiked in the hand, a deep wound being inflicted, while Pangburn was hit on the nose by a bounding ball.

Among the new men who reported for practice during the week were Potter,'15, who played first base on the high school team of Kane, Pa., last year, and Wycoff, '15, a pitcher who hails from Williamsport.

MORE RACQUET

TWELVE MEN HAVE REPORTED FOR PRACTICE

Last Thursday, Capt. John Harris, '12, issued a call for the 'Varsity Tennis team candidates. So far twelve men have handed in their names for a tryout on the team. They are as follows: James Harris, '12; Walter Harris, '14; Moyer, '15, Michael, '15; Shattuck, '14; Africa, '14; Glover, '13; Windsor, '15; Heinen, '15; Bliss, '12; and Fetter, '13.

The candidates will soon be given a tryout, and the four best men will then constitute the team. The first 'Varsity game is with Gettysburg on May 4, at Lewisburg.

Captain Harris is arranging a series of inter-class and inter-fraternity tennis games which it is calculated will increase the interest in this branch of athletics.

NOTICE, SENIORS.

All Seniors are requested to hand their pictures, preferably in cap and gown, to photographer Cook as soon as possible, for the Senior Class picture. All pictures must be in by May 20.

MINSTREL SEATS ON SALE.

The reserved seat board for the Minstrels was opened to-day at noon at Baker's Drug store.

The Juniors at Columbia decided that no flowers were to be worn at the Junior Prom.

SPEAKERS ANNOUNCED.

The commencement speakers of the Senior class were awarded last week, the following students receiving the honors: Stanley P. Davies, Harry S. Everett, Dale Hollenbach, James P. Harris, Robert R. Sellers, Russel C. Hoffman, David A. McNeal, Helen Ruth, Cecil Childs, and Susanna Weddell.

To this year's class comes the distinction of having an engineering student on its commencement platform. Sellers, who is a civil engineer, will be the first engineering student in recent years, and the third in the history of the college, to receive commencement honors.

SIGMA CHI DANCE.

Last Friday evening the Sigma Chi fraternity entertained the Delta Theta Upsilon fraternity at an informal dance in the armory. Guests were present from Williamsport, Muncy, Watsontown, Milton, Sunbury, and Lewisburg. The music was furnished by the Grange orchestra of Muncy.

TO GIVE FAIR

BUCKNELL ATHLETICS AND PLAY-GROUND FUND WILL BENEFIT

A bazaar and supper will be held soon for the joint benefit of the Bucknell athletic association and the playground fund of Lewisburg. Arrangements are being completed to hold the affair in the Twelfth Regiment armory. Ladies of the playground commission are in charge of the preparations. Professor Griffith, comptroller of the athletic association, has offered the commission $100 for its services in planning the bazaar and supper.

The plan to procure a playground for the children of Lewisburg has lately taken definite shape.

In order to raise funds for the purchase of a field Miss Edith Schilling-er teacher of elocution at the Women's College has agreed to join with Mrs. Edith H. Matzke, former instructor of elocution in that department, one or two evenings in reading, recitation and music; Robert M. Darlington, ex-'03, manager of the Orpheum theatre, has offered his playhouse for matinees and for such other purpose as the commission may desire, so long as it does not conflict with his bookings; Mrs. Jane C. Harrison has offered the use of an acre of ground in the center of the town for small children to play in.

The committee in charge of the playground idea is composed of Prof. Benjamin F. Griffith, Prof. Bromley Smith, Prof. Ephriam M. Heim, Dr. Weber L. Gerhart, ex-'86, Philip B. Linn, Samuel B. Wolfe, Robert W. Thompson, '04, Mrs. Edith H. Matzke Mrs. Jane C. Harrison, Mrs. George S. Matlack, Institute '69, Mrs. Chas. Gundy, '90, Mrs. Llewellyn Phillips, '00, Mrs. Welling E. Thomas and Miss Ella Lawshe, Institute '79.

SENIOR MEMORIAL

A FLAG POLE TO BE ERECTED ON ATHLETIC FIELD.

At the Senior class meeting held last Wednesday afternoon several matters of importance and interest were discussed. The committee on the class memorial reported that it had been decided to give a flag pole to the University. The pole is to stand upon a brown stone foundation and will probably be located close to the running track near Dr. Bartol's tennis court. A university flag will be designed for use on the pole.

It was also decided to hold a class banquet some time during commencement week. No definite arrangements have yet been made regarding the class play.

NOTICE, MINSTRELS.

It is imperative that all minstrel men be present at the rehearsals to be held from Monday on. A practice will be held tonight in Bucknell Hall at 6.30.

MANY ALUMNI IN LITERARY WORK

SOME ARE AUTHORS OF BOOKS.

Journalism and Occasional Contributions Embrace the Activities of Others.

A hasty review of the University's alumni reveals the presence of many in the active literary world. A few of the graduates have made such work a vocation whereas the great number have made it an issue of their respective professions. Some of the alumni are authors of books, a greater number are occasional contributors to well known periodicals and others are actively engaged in journalism as a profession.

Alumni as Authors.

Of more than national reputation is Dr. David Jayne Hill, '74, for nine years President of Bucknell. Dr. Hill has retired from his position as American Ambassador to Germany and is at present in Paris engaged in completing his monumental History of Diplomacy, which it is expected will be the authority upon the subject. The first two volumes of Dr. Hill's work on this subject have already appeared and the third volume is nearing completion. This series, however, is not the extent of Dr. Hill's activity as an author. During his administration at Bucknell, a number of volumes appeared in his name. In 1887 he published his "Social Influence of Christianity". The next year witnessed the appearance of "The Elements of Psychology". The volumes of a rhetorical series followed in rapid succession and also a recast edition of Jevon's "Elements of Logic". Last year Dr. Hill published his Carpentier Lectures at Columbia University on "World Organization As Affected by the Modern State". Besides these works Dr. Hill has been a constant contributor to prominent periodicals.

Col. Thomas Chamberlin, '58, is the author of "The Hundred and Fiftieth Regiment", a story of the Civil War. Dr. H. C. Pardoe, ex-'61, has written several books for young people. Dr. David Spencer, ex-'68, is the author of several volumes of local denominational history. Dr. A. J. Rowland, '62, has written books and numerous magazine articles. In the same decade with these authors is D. M. Jones, Esq., '67, who published a volume of "Songs for the Hour".

Dr. W. C. Bartol, '72, head of the Department of Mathematics at Bucknell, is the author of a text book on Solid Geometry. Dr. Bartol has written a great many Bucknell songs during the years of his connection with the University.

S. L. Zeigler, M.D. '80, is now engaged in the completion of his history of the surgery of the eye. "The Bible in Court" is the title of a volume by Dr. J. E. Sagebeer, '85. Dr. Samuel Zane Batten, '85, Professor of Bible and Sociology in Des Moines College, has been for years active in literary work. Besides articles of note written on sociological subjects for the magazines, Dr. Batten has published several books on religious and sociological themes. In 1898 appeared "The New Citizenship". The last work of Dr. Batten has just lately been published, Dr. J. W. A. Young, '87, Professor of Pedagogy of Mathematics at the University of Chicago has lately issued several volumes on mathematical subjects. A volume on the Psalms several books of poetry and many periodical articles embrace the achievements of Dr. Lincoln Hulley, '88, President of Stetson University. W. F. Gibbons, ex-'89, has written "Those Black Diamond Men".

J. T. Hyatt, Esq., '91, is the joint author of a volume on Cuba. "Christian Science: Its Wonderful Attractions", is the work of Dr. A. L. Moore '91. Dr. H. T. Colestock, '96, head of the Department of History at Bucknell and an enthusiastic disciple of Isaak Walton is the author of "The Ministry of David Baldwin" and "The Changing Viewpoint in Religious Thought". Dr. Colestock has contributed articles of historical interest and upon Nature subjects to the magazines. In 1906 Dr. G. L. C. Riemer head of the Department of Modern Languages published his doctors degree thesis at the University of Leipzig

Dr. F. G. Ballentine '99 of the Department of Latin is the author of a text book edition of Terence and has written articles on "Early Roman Religion".

F. B. Jaekel, '65, the author of "The Lands of the Tamed Turk" and another illustrated book of travel, and Thomas Wood, Esq., '05, are the latest alumni among the authors.

Occasional Contributors.

Many of the graduate body are occasional contributors to the periodical world. Rev. J. M. Lyons, '51, is a writer of hymns and poetry. Dr. O. P. Eaches, '63, has written commentaries and religious articles. Dr. John Humpstone, '71, is a contributor to Journals on religious and theological subjects. Dr. George Whitman, '72, has attained high standing as a writer. The Examiner and other religious periodicals frequently contain Dr.

Continued on fourth page.

TRACK MEN MEET

USUAL INTERCLASSS CONTEST TO BE HELD.

Noting the absence of field and track sports this year at Bucknell a number of students from all classes came together in the Oratory Room last Wednesday evening to discuss ways and means for reviving the games.

A canvass of the talent in the college revealed an abundance of material in the distances, but a dearth in the dashes. Only one or two were mentioned in connection with the jumps, hammer, shot, and discus. And no pole vaulters could be discovered. Everyone was of the opinion that the material for the events was lying dormant, ready to respond to a call. Report was made that Coach Dickson considered it part of his duty to train the track men and that Professor Smith would assist in the development. For the financing of a team for intercollegiate sports there would be no difficulty, provided the men showed that they were in condition and able to make a good showing. Plans were then laid for future contests, all tentative, however, being dependent on the activity of the men. The usual contest between classes will be held.

PEACE CONTEST

WESTON SMITH REPRESENTED BUCKNELL

The annual intercollegiate contest of the Pennsylvania Arbitration and Peace Society was held at the University of Pittsburgh on Friday evening, April 6, and Weston Smith, '13, represented Bucknell. The prizes of seventy-five and twenty-five dollars were won by students from Westminster and Washington & Jefferson.

Six Pennsylvania colleges participated in the contest. Bucknell and University of Pennsylvania, however, were the only colleges from the eastern part of the state represented.

The Pitt Weekly in a review of the contest says, "H. G. W. Smith of Bucknell spoke on 'Progress and Peace'. Mr. Smith's address was finely rendered and he seemed to have a fine chance for one of the prizes."

ATTENDED Y. M. C. A. CONFERENCE.

Fetter, '13, and Goehring, '12, attended the President's Conference of the Young Men's Christian Association of the state held at Carlisle during the past week. Pontius who was prominent in the evangelistic meetings held here last fall was one of the leading speakers.

NEXT YEAR'S LECTURE COURSE COMPLETED

TO CONSIST OF FIVE NUMBERS.

Captain Hobson, the Hero of Santiago, and Dr. Harvey Wiley to Lecture Here.

Arrangements have recently been made with the Colt Lyceum Bureau to furnish next year's Lecture Course. The program is one of the strongest ever offered by the Y. M. C. A. Although it consists of only five numbers, yet, on account of the high grade of each entertainment, the course costs almost a hundred dollars more than any previous course. It consists of two musicals, a monolog, and two lectures.

The season will probably be opened by the Kaffir Choir which is one of the most unique entertainments upon the Lyceum platform. The Kaffir Choir consists of five native African Kaffir boys gathered by Mr. Balmer while in Africa. They have traveled through Europe, the United States and Canada, and have given their entertainment before more than two million people. In Europe they have appeared before such noted personages as the late Queen Victoria, the Princess of Wales, the Duke and Duchess of Edinburgh and the late Right Hon. W. E. and Mrs. Gladstone. In the United States they have appeared on the best platforms of the country including Chatauqua, N. Y., where they drew a crowd second in size only to that which listened to Theodore Roosevelt. The management is quite pleased to be able to open the season with a company of such convincing reputation.

The second musical company of the course will be "The Schuberts," consisting of two men and two women. There are few companies on the Lyceum platform which have such an excellent personnel as has "The Schuberts." Every member is an artist, Miss Caroline Neumont, the contralto, won prize offered for soloists of her timbre at the St. Louis World's Fair. She has a voice of unusual power, velvety in quality, and characterized by a magnetic temperament. Louis H. Kennedy, the baritone, is a member of the quartet of the Sixth Presbyterian Church, one of Pittsburgh's foremost musical organizations.

Probably the two best known artists of the company are Mr. and Mrs. Bohannan, both of international reputation. Mrs. Jean Bohannan is not only a singer but also a composer, having written more than a hundred selections, among which are, "The Time to Smile," and "If I Were a Rose." Ord Bohannan has a beautiful, resonant tenor voice which was schooled by Lamperti, Shriglia, and Jean De Reszke. Mr. Bohannan has toured Germany with the Dresden Quartet and has appeared in grand opera. It would be difficult to find another company, every member of which was an artist of such rare quality.

Probably the least known and yet the most highly recomenmded number of the course, is the monolog given by Benjamin Chapin, who impersonates Abraham Lincoln. Mark Twain spoke as follows of Mr. Chapin's performance: "In the beginning of the first act, while Mr. Chapin did not seem to me to be a very close and happy imitation of Mr. Lincoln, it was only an imitation. But at this point the miracle began. Little by little, step by step, by an imperceptible evolution, the artificial Lincoln dissolved and the real Lincoln was before my eyes and remained real until the end. I apply to it that strong word 'miracle' because I think I was justified. I think I have not seen before so interesting a spectacle as this steady growth and transformation of an unreality into a reality."

The two lecture numbers of the course are well known to the public. Since the Spanish-American War the

TO CONTINUE TRACK WORK.

A meeting of the track men last Wednesday night, active work on the track by nineteen candidates in charge of Coach Dickson, a vain search for the old "Mirror Cup" is the summary of track activities last week.

The effort to continue track work and to give it the old time prominence is commendable and worthy of every encouragement. This year is heralded as one bringing a revival of student activities and it is only reluctantly that we behold the threatened demise of a one time popular branch of our athletics.

IT'S NICE TO REFLECT.

It is a notable fact that practically every alumnus who has done successful work in the literary world has been at one time connected with some one of the college publications D.r David Jane Hill began a life of ceaseless literary activity as a writer for the old Bucknell Mirror.

What is more, it is doubtful if any one of the Alumni will deny the worth of the literary societies which assumed such an important role in the early student life of the college. Again we find Dr. Hill's name among the first devotees of the old Euepia society which had its birth at the very beginning of college work at Bucknell.

With these things in mind there is solace for those who consent to add to their regular work the burden of the college publications. We can find therein encouragement for the literary societies which have lately been revived.

TREES DYING

PROBABLE THEORY ADVANCED AS TO CAUSE.

A recent inspection of the grove on the campus has brought to light the regrettable fact that twenty-five of the trees now standing are dead or nearly so. What may have been the cause of this has given rise to considerable speculation and several plausible explanations have been offered by those conversant with practical forestry.

The Bucknell campus has long been a spot of beauty and of interest partly on account of its situation and even more so because of its trees. There are some nine hundred trees on the entire campus and among these are numbered not only one-third of the trees native to this locality but also some imported species of unusual interest on account of their rareness.

In the present method of beautifying the campus it is the practice to rake all the leaves and brush and remove this mulch entirely and this has been suggested as the probable cause of the death of the trees. There are two reasons why the removal of the mulch, composed of fallen leaves and branches, would be injurious. First, it permits the surface water to run off without soaking into the ground and also thick grass smothers the roots by preventing the passage of water and air up and down. Second, much of the leaf is composed of mineral substance and compounds which are essential to the life and growth of the tree. By leaving this mulch on the ground as is the case in the forests, these substances are permitted to return to the ground and then are taken again into the tree through the roots. The removal of this mulch, however, is gradually exhausting the supply of these particular substances and also has prevented the proper transpiration of the trees by allowing the soil to become too dry.

An examination of the annual rings on a cross section of a hickory tree cut down on the campus recently shows that starting about 20 years ago there has been a proportionate decrease in the width of the annual rings until the growth for the past several years is almost imperceptible. Investigation also shows that the period during which special care of the campus has been taken bp the removal of all these leaves, dates from about 20 years back. This accordingly seems fairly conclusive proof of the theory that the removal of the mulch is largely responsible for the destruction among the trees.

The injury up to the present time has been among the species less able to defend themselves in the war for existence and it seems quite probable from observations taken for several successive years that this process of destruction will continue always at the expense of the weaker varieties, until in some years there will be only a few sturdy growers scattered about the campus. Such a possibility should arouse interest to a sufficient degree to inaugurate if possible, some movement to prevent any further destruction among the trees.

DR. STEWART HONORED.

Dr. James M. Stewart, ex-'76, of Patterson, N. J., was given a banquet on April 6, at Patterson by a number of leading citizens of the city and the State in honor of his reappointment as a member of the Board of Supervisors of Tenement Houses. Dr. Stewart has been a member of the board for several years and his reappointment by Governor Wilson is a signal honor.

Dr. Stewart is one of Patterson's foremost physicians and is prominent in city and state affairs.

NEXT YEAR'S LECTURE COURSE COMPLETED

Concluded from first page.

name of Capt. Richard Pearson Hobson has been a synonym for bravery and patriotism. The American people can never forget how at Santiago Captain Hobson offered his young life as a sacrifice upon the altar of his country. It is not necessary to tell how Hobson steered the collier "Merrimac" into the mouth of Santiago harbor at the dead of night, sunk it to the bottom, and with his comrades, jumped into the water.

It will give everyone pleasure to hear Dr. Harvey B. Wiley, Chief of the Bureau of Chemistry of the United States Agricultural Department. Few men in public life have done more directly for the masses than Dr. Wiley through his untiring efforts in behalf of proper pure food laws. Dr. Wiley, after a twenty years fight to secure pure food regulations which he realized were so badly needed, despaired of securing national legislation, and resigned his position and has gone upon the lecture platform to create public sentiment in the matter. He will no doubt hrdlcmhrfyains ter. He will come no doubt next season with a convincing message.

Sight Restored to Those Who Have Lost Their Batting Eye.

Come and look over the stock of fine Sticks and you will find a bat that will make you go at a .300 clip or better.

The Crozer Theological Seminary
Faculty of eleven professors and instructors.
College graduates who are candidates for the degree of Bachelor of Divinity may elect during their Seminary course sufficient work in the University of Pennsylvania to secure its degree of Master of Arts.
Diplomas awarded in either three or four years, according to degree of preparation at entrance.
Scholarships for students of merit. Tuition and room-rent free.
Library unsurpassed in administration and facilities for investigation.
Address,
MILTON G. EVANS, President,
CHESTER, PENNA.

The Newton Theological Institution
(Founded 1825)
Eight miles from Boston, Mass. State House, situated in superb grounds of 52 acres belonging to the institution.
An Eminent Faculty, Convenient Dormitories and Lecture Rooms, Beautiful Chapel, a Noble Library, an Unsurpassed Library Building and Equipments for Laboratory Work.
Courses leading to B. D. degree, and special provision for postgraduate students.
More than one hundred Newton men have served as foreign missionaries. Special courses are offered on missionary history and methods.
The proximity of the seminary to Boston and Cambridge makes it easy for students to attend lectures by eminent specialists and the Lowell Institute courses.
There are many opportunities for engaging in missionary and philanthropic work by which students acquire clinical experience and contribute to their self-support. Address
GEORGE E. HORR, President, Newton Centre, Mass.

NO NEWS OF CUP

INQUIRY FAILS TO REVEAL OLD MIRROR TROPHY.

Last week the Orange and Blue called attention to the interclass field and track sports and their connection with the "Mirror Cup". An inquiry has as yet failed to reveal the whereabouts of the cup. As far as is known, none of the present student body has ever seen the old trophy; in fact its existence was only lately discovered. The inquiry, however, disclosed its origin.

The "Mirror Cup" received its name from the Bucknell Mirror, the predecessor of the Orange and Blue. The Mirror was a monthly publication which presented, in addition to editorial comment and news, some of the literary productions of the students. The "Mirror Cup" was so named as the result of an arrangement between the manager of the Mirror and Professor Bromley Smith then in charge of college athletics. As a result of a suggestion from Professor Smith, J. B. Suiter, '96, as manager of the Mirror, agreed to give a trophy in order to arouse interest in interclass athletics, provided it be named after the Mirror. With these things in mind, the cup was purchased and presented to the Athletic Association with the stipulation that the numerals of the winning class be each year inscribed upon the cup.

For some years the numerals of the winning classes were inscribed upon the trophy. Intense interest was manifest in the annual struggle between the classes. What is more, improvement in the Varsity track material resulted in this interest. It was about this time that Bucknell produced its strongest track teams.

If the old "Mirror Cup" is found it will be inscribed with the numerals of all the classes winning the interclass contests since its disappearance and with those of all following classes which shall prove themselves superior in this event.

THIS WEEK'S EVENTS.

MONDAY.

6.30 P. M.—Minstrel practice in Bucknell Hall.
6.30 P. M.—Mandolin Club practice in Music Studio.
7.00 P. M.—Theta Alpha meeting in Theta Alpha Hall.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

MANY ALUMNI IN LITERARY WORK

Concluded from first page.

Whitman's contributions. Dr. T. M. Eastwood, who will speak at commencement this year, is the writer of religious verse.

The Examiner and Watchman frequently contain religious and sermonic writings by Dr. S. B. Meeser, '83. Dr. F. M. Goodchild, '84, has written sermonic and sociological material for the Examiner and the Arena. Dr. Raymond West, '89, has written sermonic and religious articles of high order.

Dr. J. H. Hasleu, '90, is the author of sermonic and missionary articles. Dr. Catteral, '91, Professor of History at Cornell, is noted for his excellent book reviews. Edwin Maxey, '93, contributes to the Forum and several law journals. Dr. W. T. Paulin, Jr., '95, writes for the American Journal of Theology. The law journals contain many articles from the pen of Professor Alfred Hayes, ex-'95, now at Cornell.

M. A. Carringer, '00, has written important articles for "Education" and similar journals. Lewis Theiss, '02, and Mary Bartol Theiss, '04, contribute to the New York Sun, the Ladies' Home Journal, the Pictorial Review, and other publications. Miss Olive Richards, '08, writes for the Sunday School publications of the American Baptist Publication Society. Miss Sue Waddell, '12, who returned to her college work this term, was a department editor of Service, the Baptist Young People's Monthly.

Active in Journalism.

Active newspaper work also has its devotees among the alumni. Carl Sprunt, '08, is editor of the Carlisle Daily Herald. J. A. Sholl, '10, is New Jersey editor of the North American. Romaine Hassrick, '06, is political editor of the Philadelphia Ledger. C. R. Kurtz, '86, is editing the Centre Democrat, and E. T. Stevenson, '04, is city editor of the Franklin Daily Herald. G. W. Wagenseller, '92, is editor of the Middleburg Post. F. W. Dillon, '98, writes on the staff of the Erie Despatch. J. Newton Le Fevre, '71, edits "The Home" of Strassburg, Pa. P. B. Noftsker, ex-'10, is connected with the Shippensburg Chronicle. Elkanah Hulley, '07, edits the publication of the Phi Gamma Delta fraternity. W. F. Eichholtz '07 is editor of the W. P. Eichholtz, '97, is editor of the Sunbury Daily. C. Rockwell Cole, '08, is on the reportorial staff of the Williamsport Sun. In distant China, F. J. Rawlinson, '99, is editing "The New East", at Shanghai.

COLLEGE BIBLE CLASS.

The character of nations and of men may be estimated by the way in which they pass through periods of transition. In the history of the Hebrews Jeremiah was a prophet in the most serious transition of the nation and he was successful in saving Israel's national consciousness.

He succeeded by imparting to his people three eternal principles. First, he taught the people to maintain faith in God, though the old expression of faith necessarily of course came. Second, he urged the realization of the individual's relation to God. Third, he announced a new law for life, the law within.

Mexico has a national university located in the City of Mexico.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, APRIL 22, 1912. NUMBER 26

VARSITY IS TWICE THE VICTOR ON BIG TRIP

OTHER GAMES NOT PLAYED BECAUSE OF WET GOUNDS.

BUCKNELL TAKES ARMY BY STORM

West Point Unable to Cope With Hagan Who Allowed But Seven Hits. —Fordham Falls to Score in an Interesting Game.

On account of weather conditions only two of the four games scheduled for the Varsity on its Eastern trip last week were played, but both resulted in victories for the Orange and Blue. Thus far the Bucknell team is undefeated.

At West Point Wednesday the Cadets were unable to cope with the cannonading of the Varsity battery and lost to our fellows by the score of 7 to 1.

A heavy downpour of rain Thursday made it impossible to play the game scheduled with Seton Hall at South Orange.

The game to have been played with Manhattan College in Brooklyn Friday was called off by the coach of that team shortly before the hour of play, who said that the field was muddy, that the day was too chilly to play and that he did not want his men to be stiff when they played Lafayette Saturday. Manager English and the Bucknell team state, however, that they were on the Manhattan grounds at the time scheduled to play and that the field was in excellent condition and the weather was entirely unobjectionable. All attempts to persuade the Manhattan coach to let his team play were futile and our fellows could do nothing but return to their hotel.

Saturday afternoon the Varsity crossed bats with Fordham College in New York and defeated them by a score of 1 to 0. Among the Bucknell alumni who witnessed the Fordham game were Banks, '10; Fairchilds, '11; Fitch, '11; and Nester, '11.

At West Point Wednesday the Varsity defeated the Cadet team by a decisive score. Rain fell during the morning and the field was in poor condition for the game, making base running and fielding very difficult.

Hagan was the one star of the game and had the embryo-officers practically at his mercy throughout the contest. "Bob" kept the hits secured off them well scattered and only two of them were knocked beyond the infield. In no inning was more than one hit made by the cadets. With the exception of Hagan's pitching the game was featureless.

Topham was the first man to bat in the initial inning and hit safely over the third baseman's head. O'Brien sacrificed "Tip" to second and Zehrer was passed on balls. Both runners advanced when Cruikshank was thrown out at first and both scored on Wyckoff's single into the right garden. The side was retired when Worrilow flied to the outfield. The Army scored their only run in this period, a base on balls, a single and an error allowing Whiteside to cross the plate.

Bucknell did not score again until the fourth when Worrilow singled into left field, reached second while Sturgis was being thrown out at first and scored on Hagan's single into right.

In the fifth session the Varsity added two more runs to the string. O'Brien hit to left field for one sack and went to third on Whiteside's error which allowed Cruikshank two bases. "Porky" scored on Wyckoff's out and "Crook" tallied on a wild pitch.

With two down and the bases filled in the eighth inning Bucknell had a gilt-edged chance to score but the next batter failed to connect with the ball and the side was retired.

The Varsity sent two more men across the rubber in ninth. O'Brien knocked a double to left field, Zehner clouted the ball to the third baseman who threw wild to first, permitting O'Brien to reach third and Zehner second base. Both runners scored on a single by Cruikshank.

The score:

BUCKNELL.

MRS. BUCKNELL SAVED

WAS PASSENGER ON ILL-FATED TITANIC.

Mrs. Emma Ward Bucknell of Philadelphia, widow of William Bucknell, philanthropist and founder of Bucknell University, was rescued from the liner Titanic after it was wrecked by an iceberg last week. Until several years ago Mrs. Bucknell occupied a residence in Philadelphia, but recently she has made her home abroad and in New York. She has three children, Mrs. Samuel J. Wetherill, of Philadelphia, the Countess Becorini, of Italy, and Howard Bucknell, of Atlanta, Ga.

SUFFRAGETTES PARADE.

Dr. Harris' recent talk to the Y. W. C. A. of the Woman's College on the Progress of Woman has aroused considerable interest among the young ladies of that institution. This interest took active form last Thursday night, in the shape of a Suffragette and Socialistic parade. The small but enthusiastic band of twenty young ladies in line have organized and attached themselves to that international movement which is proving at once the terror of corrupt politicians and the delight of the comic supplement writers. Many banners were displayed in the parade with such inscriptions as "Vote for Debs" and "Equal Suffrage". A band of half a dozen pieces, with combs as instruments, filled the suffragettes with the martial spirit. Other meetings of political import are being planned.

FRATERNITIES DANCE.

Phi Gamma Delta fraternity entertained Sigma Alpha Epsilon and Kappa Sigma fraternities at a very enjoyable dance in the Armory last Friday evening. Many out of town guests from nearby towns were present. McCall's orchestra from Sunbury furnished music for the occasion.

WENDLING LECTURES DRAW LARGE CROWDS

MANY OF THE STUDENTS ATTEND

Series Consisted of Five Lectures on Modern Doubt and Several on Historical Subjects.

The series of lectures on "Modern Doubt" given by George R. Wendling, LL. D., of Washington, D. C., closed last Friday evening, after having finished a week's intellectual treat to the citizens of Lewisburg and the Bucknell students. The large audiences that heard Dr. Wendling filled the Lutheran church every evening of the series. The college students were present in large numbers.

Doctor Wendling is an exceedingly pleasant speaker. His simplicity in treating profound subjects in a popular way, and his depth of conviction, founded on careful, scientific investigation and an extensive knowledge of facts in many fields, make him competent to discuss Modern Doubt before either popular or critical audiences. He reaches the highest flights of eloquence at times, but is preeminently a thinker. His five years of university life at Miami and Chicago, and his legal practice in Illinois after graduation, have given him a logical exactness, and ability to deal with the doubts of college men.

In the first lecture of the series on Sunday afternoon, April 14, the keynote was sounded in an excellent presentation of "The Man of Galilee". On Monday evening in "Unseen Realities," Dr. Wendling showed the reality of spiritual forces in the universe. The next lecture, on the "Hebrew Lawgiver" widely portrayed the conditions and traits of Moses' life. The discussion of "Saul of Tarsus" was a biographical masterpiece; the study of Paul's preeminence among the world's orators being especially interesting. The lectures on Modern Doubt reached their climax in the theme, "Is Death the End?" which was a masterly and logical argument for immortality. The lecture on Friday evening on "Stonewall Jackson", was one of Dr. Wendling's Historical Series. It revealed phases of the great general's character that were new to many, and also presented a theory of the cause of the Civil War, viz., that an appeal to arms to settle the long standing differences and prejudices of the Puritanic and Cavalier classes of our population was inevitable in our democratic government. "Negro slavery was only an episode in United States history." The war was a blessing, since it resulted in the cosmopolitan American of to-day. Jackson was a typical American, being a Cavalier by birth but a Puritan in thought and religion.

At Harris' request Dr. Wendling addressed the students in Bucknell Hall Thursday morning. He gave in part his lecture on "Mirabeau, and the French Revolution"; comparing present conditions in the United States with the conditions in France before the Revolution. He showed that the United States is in no danger of a social revolt against caste, a political revolt against the government, or a revolutionary religion. There can be no such revolution in America, for the cause of self-government, the cause of religion, and the doctrine of equal rights, preserve the American government from such an event. But a disregard of the growing mob spirit and the indifference to law is an alarming factor in American life. The mob spirit is a psychological disorder. Mirabeau said, "There is contagion in passionate disorder". The law is the work of American liberty, and reverence for the law is essential to all liberty.

MINSTRELS READY

PLENTY OF ROOM FRIDAY IN COMMENCEMENT HALL.

Have you bought that ticket to the minstrel show? Now don't put it off. You cannot afford to miss the one big hit that bids fair to outclass the one made by "Joe" Logan on his first time at the bat this season. And you all know that's going some. There are only four days remaining until April 26th. People are asking on all sides "Who's who and why" about this minstrel show. The best way to satisfy your mind on this question is to come and see for yourself. According to the Bucknell catalogue for 1912, Commencement Hall seats 1500 people. So don't stay away for fear of being crowded.

Now, about the show itself. This is just to give you an idea of the proceedings. The performance will be divided into two parts—the first being the first part and the second the second part which by the way is the last part, as one can plainly see since the show is divided into but two parts. The second part is divided into two parts which will be called part A and part B. Perhaps it would be a good idea to learn the above outline to avoid any confusion whatever.

It is deemed best not to go any further with the details of the production, as the average public of today when seeking entertainment and amusement, desires a certain amount of the unexpected or in other words likes to be surprised. The show begins at 8.00 P. M.

—Straw hats on May 3.

SEMINARY GIRLS GIVE ANNUAL SOIREE

MANY GUESTS ENTERTAINED.

Play Given by Fourth Year Class and Other Students of Institute.—Reception Follows.

The annual Soiree of the fourth year class of the Institute was held in the school parlors on Saturday evening. A play and a reception were the events of the evening. Guests attended from Lewisburg and neighboring towns.

The play entitled "The Ladies of Cranford" was given by the fourth year class assisted by members of the other classes of the Institute. It was written by Mrs. Elizabeth Gaskell and portrays English life in the latter part of the eighteenth and beginning of the nineteenth centuries. Each of the characters of the play were well worked out and Miss Elizabeth Heinsling as Martha, a maid, and Miss Marion Rogers as Mrs. Forrester were particularly successful.

A march from Hollander by Miss Bancroft, La Coquette from Krogmann by Miss Pross and a duett by Misses Bancroft and Rollins, completed the program. The cast of characters was as follows:

Miss Betsy Barker, a retired milliner
Ada Smith
Miss Pole, a friend, - Eva Brown
Miss Jessie Brown, a new resident,
Lena Forgy
Miss Matilda Jenkyns, the Rector's daughter - - - Alice Johnson
The Hon. Mrs. Jamieson, the society leader, - - - - - Anna Reed
Mrs. Forrester, poor but born a Tyrrel, - - - - - Marion Rogers
Miss Mary Smith, a visitor,
Amelia McSparran
Mrs. Purgy, a country woman,
Margaret Harter
Martha, maid to Miss Jenkyns,
Elizabeth Heinsling
Peggy, maid to Miss Barker,
Jeanette Owens
Little Jennie, - - Katharine Owens

A brief reception followed the presentation of "The Ladies of Cranford". Prof. and Mrs. Edwards, Miss Bush and the members of the fourth year class received the guests.

The officers of the fourth year class are: Miss Lena Forgy, President; Miss Eva Brown, Vice-Pres.; Miss Alice Johnson, Sec., and Miss Ada Smith, Treas.

BASEBALL WEDNESDAY.

Wednesday afternoon at 3:15 Bucknell will meet George Cockill's Tri-State team on the Athletic Field. Season tickets will be honored. Admission twenty-five cents.

Tomorrow evening the above men who compose the Bucknell inter-collegiate debating team, will meet Gettysburg College in a joint debate. The local debate will take place in Bucknell Hall at 8 o'clock. Music will be furnished by the Combined Glee Clubs of the college. It is imperative for the continuance of inter-collegiate debating at Bucknell that tomorrow evening's debate be supported by every member of the student body.

This paper is published once a week during the college year by the Orange and Blue Board, representing the student body of Bucknell University. Subscription $1.25 per year. $1.00 if paid before January 1 of the college year. Communications addressed to the Orange and Blue, Lewisburg, Pa.

An X in the vacant space opposite this reading, indicates that your subscription is due. Will you please remit?

MONDAY, APRIL 22, 1912.

SUPPORT THE DEBATE.

To-morrow evening in Bucknell Hall will witness the revival of intercollegiate debating at Bucknell. At the same time a debating team representing the University will step upon the platform at Gettysburg to perform its part of the joint debate.

Debating at Bucknell is revived for the present. The question of its continuance rests with the students themselves. The greatest task has been performed in the preparation for tomorrow night's event. The financial question is the one obstacle in the way of permanent inter-collegiate debating at Bucknell. Will the student body place its shoulder to the wheel—or will it disregard the efforts of the men who are striving to add another phase to college life at Bucknell?

There should be no need for any urging to make the attendance tomorrow night tax the capacity of Bucknell Hall. We believe that at that time the debate with Gettysburg will receive its due support—yet forewarned is forearmed and the lack of the same support may sound the death knell of inter-collegiate debating at Bucknell.

COMMUNICATION.

Did you ever wonder how soon it would be proper to wear your new straw hat? Well, frankly, some of us have; and we have never been safe in putting on the summer gear until late, for Bucknell lacks a straw hat day. Now to save some poor fellow embarrassment and give us all assurance as to the time to don our straws, let's fix a day on the Bucknell calendar as Straw Hat Day. At Penn. the day of the Princeton baseball game is the day for all good men and true to show their new headgear. We could start such a custom at Bucknell.

There is a game scheduled here on May 3. Why not make this our Straw Hat Game? Next year a game can be scheduled on this date and in this way the custom can be continued. Let's appear on May 3rd with our straw hats.

A STUDENT.

BLISS MAY BE MAJOR GENERAL.

Indications from Washington, D. C., are that Brigader General Tasker H. Bliss, Ex-'73, may be promoted to a major general, in succession to the late General Frederick D. Grant.

VARSITY IS TWICE VICTOR ON BIG TRIP

Concluded from first page.

Bucknell, 1; Fordham, 0.

The game with Fordham College in New York Saturday was to a great extent a battle between pitchers and to Wyckoff belongs the credit of the third consecutive victory for the Orange and Blue. This was the first game Wyckoff has pitched for the 'Varsity and that he has won a place on the team goes without saying. But four scattered hits were secured off him during the game.

The first and only run of the contest was made in the first session by the Varsity. O'Brien was walked on balls and went to third on Worrilow's single into the left plot, the latter runner going on to second on Sullivan's wild throw. The squeeze play was then cleverly executed and Captain O'Brien scored, Cruikshank being thrown out at first.

In the second, third and fourth innings Bucknell was retired in one, two, three order. In the second Fordham had two men on bases with only one out but Wyckoff proved equal to the emergency and struck out the next two men who faced him. In the fourth inning the Bucknell pitcher fanned three men, two of them after Sharkey had reached third on two errors and a stolen base.

In the fifth session the 'Varsity had an opportunity to score but failed. Three singles placed Coughanour, Sturgis and Topham on the bases. The squeeze play was signaled for and O'Brien bunted the ball in front of the pitcher who threw to the plate and caught "Cuddy" as he slid for home. During the remaining innings but one Bucknell man reached second in safety.

A peculiarity of the ninth inning was the fact that each of the three men put out were thrown out at second base.

COLLEGE BIBLE CLASS.

In religion progress is made by change. Standards of conduct are mediated for us by the society in which we live. Conscience is but another name for each man's interpretation of the dominant spirit.

Paul's change consisted in a new interpretation of the spirit of the society in which he lived by the light of his knowledge of Jesus. In his experience these principles were involved: acceptance of new knowledge that transformed the old spirit and a passion for a person.

In modern society he who rejects Christianity refuses to answer the highest call of his conscience.

ATHLETES IN LEWISBURG.

Interest in field and track work is manifesting itself in the town as well as the college. Under the auspices of the local Playground Association, Professor Bromley Smith has arranged an inter-grammar school meet between the North Ward and the South Ward of Lewisburg. The pupils of C. Dale Wolfe, Ex-'93, and Miss Ella Lawshe, '79, Institute, may be seen running, jumping, chinning and tugging during the spare moments from their studies.

Sight Restored to Those Who Have Lost Their Batting Eye.

Come and look over the stock of fine Sticks and you will find a bat that will make you go at a .300 clip or better.

ALUMNUS WINS

HON. M. W. SHREVE NOMINATED TO CONGRESS.

Reports indicate the success of the Hon. M. W. Shreve, '84, of Erie, who was a candidate for the Republican nomination to Congress. Mr. Shreve has held many prominent political positions in the state.

When he was District Attorney of Union City, Mr. Shreve was nominated and elected to the Assembly of Pennsylvania from the Erie City District. Since then he has been re-elected for three successive terms. At Harrisburg he was a member of important committees and acted as chairman of the Judiciary General Committee, the most important committee in the assembly. Upon the death of Speaker Cox, Mr. Shreve succeeded to the Speakership, a position which he now occupies.

INTER-FRATERNITY GAMES.

Three of the games scheduled between the fraternities of the college were played during the past week. Each of them was characterized by much hitting and scoring.

Kappa Sigma defeated Kappa Delta Phi on Tuesday afternoon by the score of 16 to 1. The batteries were Dunkle and Murray, and Carver and Bastian, respectively.

Saturday morning Phi Gamma Delta won from Sigma Alpha Epsilon 31 to 13. Bliss and Madtes were the battery for the former, and Steele, Rooke and Hoke for the latter.

Phi Kappa Psi defeated the Demosthenean by a score of 20 to 7 Saturday afternoon. Laidlow, Buffington and Boyer were the battery for Phi Psi, and Sellers and Fetter for the Demosthenean. Heavy hitting marked the game and "Vic" Schmid, of the former team, made a batting record of the series by knocking a home-run, a triple and three two-bag hits.

THETA ALPHA ELECTION.

In conjunction with the formation of the Eucpia Literary Society, the old Theta Alpha Society has also reorganized with membership limited to students of the Freshman and Sophomore classes. Prof. Phillips, a former member of the society, assisted by Prof. Fries, has personal supervision of all literary work. Debating constitutes a large part of the work of the organization.

No one will be admitted to membership hereafter except on invitation after election by the society. Monday night at 7 P. M. is the regular meeting night. The recently elected officers of the society are: Pres., Lotte '14; Vice Pres., Rishel, '15; Sec., Cross, '15; Treas, Edwards, '15; Critic, Richards, '14.

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

A party of fourteen girls took a trip to Winfield in search of arbutus on Saturday afternoon.

Helen Davis, '13, led the Y. W. C. A. at its regular meeting on Tuesday evening. Her subject was "Ideals".

Mr. Campbell and Mr. Sharp of the Academy were Miss Schillinger's guests at dinner on Friday evening.

STREAM HAS HISTORY

INTERESTING TALE TOLD OF CAMPUS BROOK.

The little stream which flows along the edge of the campus, past the chemical laboratory has a history attached to it which is quite interesting. Years ago this creek, which has its source back in the mountains a couple of miles, flowed along until it reached a spot about a quarter of a mile from the chemical laboratory. There it disappeared mysteriously from sight, gliding into a hole in the ground. This seemingly bottomless hole was the cause of much comment on the part of the farmers in the vicinity. As the story goes one day a farmer dumped a load of chaff into the stream. Happening to drive along the river road a little later, he saw the chaff coming up in the water of the river at the foot of the college hill. Evidently the stream was then flowing through an underground passage under "The Hill".

The hole into which the stream disappeared was large enough to cause the people living in the vicinity some apprehension. Children were warned never to go near it. The farmers, however, used the hole as a depository for stones and rubbish found in the fields until, some thirty years ago, it became clogged up, causing the stream, when the spring freshets came, to find its way around The Hill instead of through the limestone rock beneath.

MAY HEAR FROM OTHER WORLD.

Members of the American society for psychical research hope to obtain an authoritative communication from the other world through the death of Dr. Isaac K. Funk, April 18th. Dr. Funk, who was a noted investigator of physical phenomena and published three books on the subject of spiritualism, made elaborate arrangements sometime ago to establis'i communication with a living person on earth following his death.

"We have determined on a certain code of signals, which no one on earth knows but the person to whom I will communicate and myself," said Dr. Funk.

While Dr. Funk did not indicate the identity of the person he proposed to reach from the spirit world, it is believed that he is Dr. James H. Hyslop, editor of the Journal of the American Society for Psychical Research, and Dr. Funk's closest friend and co-worker in spiritualistic investigations.

In 1889 Dr. Hyslop was Professor of Logic, Psychology and Ethics at Bucknell, serving in the iterim between the term of Dr. Hill and that of Dr. Harris.

BAND TO PLAY.

The services of the college band have been engaged by the Tucker Post of the G. A. R. and the P. O. S of A. to render the music for Memorial Day in Lewisburg.

New Models in Corsets

Varsity Wins From Gettysburg; Loses To Harrisburg Tri-State

HOME GROUNDS SCENE OF TWO GOOD GAMES.

BUCKNELL UNDEFEATED BY COLLEGE TEAM

Invincible Pitching by Wyckoff and Excellent Hitting and Fielding by Other Members of Team Defeat Gettysburg.

Two baseball games were played on the campus by the Varsity during the past week which resulted in the first defeat of the season by the Harrisburg Tri-State club Thursday, and an easy victory over Gettysburg College on Saturday.

The game with George Cocklill's Tri-Staters was scheduled to have been played Wednesday but a heavy downpour of rain shortly before the hour of play caused the postponement of the contest until the following day. The full account of the two games will be found below.

B. U. 8: Gettysburg, 2.

In the conflict with the battle-field collegians the Varsity presented the prettiest and fastest game of ball they have played this season. The batting and fielding of the Bucknellians were excellent and the base running good. Pitcher Wyckoff kept the men who faced him always guessing as to the nature of his bends and slants and was given almost perfect support by the team behind him.

During the first inning it seemed as if Beaver, their pitcher, was the whole Gettysburg team. After he had struck out Topham, a stolen base and three errors by the visiting infielders gave Bucknell two runs. It also remained for him to strike out another player before the side was retired. At several other critical periods throughout the game the support accorded him was poor and resulted in runs for the Varsity.

In the second inning Worrilow lifted the ball into right field for three bases and scored on Cuddy's sacrifice fly to Empfield. Beaver then struck out the next two men up.

Only three men of each team faced the pitchers in the third session, the visitors being retired by a cleverly executed double play, O'Brien to Cruikshank.

Gettysburg scored for the first time in the fourth inning when Ikeler hit for two bases and scored on Beaver's sacrifice fly. Bucknell also added one tally to their score in this session, a single by Sturgis, a stolen base, a base on balls and Cuddy's two base hit scoring Worrilow.

In the fifth inning both teams were again retired with only three men facing the pitchers. The visitors scored for the last time in the next period when Miller singled and was brought home by Storb with a clean hit for two sacks into the right garden. In the remaining three innings Wyckoff allowed but ten men to confront him, striking five of them out and giving but one hit, a two base drive in the ninth by Brumbaugh.

Cruikshank led off the sixth inning for Bucknell with a three bagger into left but was later tagged while endeavoring to score. Four singles and a base on balls together with a stolen base and an error netted our fellows three more runs before O'Brien flied out.

In the ninth Worrilow hit to the outfield for two bases and added the final run to Bucknell's credit by scoring on Miller's wild throw to first to catch Gdaniec.

The score:

GETTYSBURG.

Gettysburg ... 0 0 0 1 0 1 0 0 0—2
Bucknell ..... 2 1 0 1 0 2 0 1 x—8

Three base hits—Ikeler, Brumbaugh, Storb, Coughanour, Worrilow. Struck out—by Beaver, 7; by Wyckoff, 8. Base on balls—off Beaver, 2; off Wyckoff, 1. Double play—O'Brien to Cruikshank. Umpire—Schmid, '12.

Harrisburg, 6: B. U., 2.

Timely hitting on the part of the Tri-Staters and the inability on the part of our fellows to connect with the ball at the times when hits meant runs resulted Thursday in the first defeat of the season for Bucknell.

Hagan was on the mound for the Collegians and pitched his usual consistent game, keeping the hits accur-

Continued on page two.

ALUMNI AT BANQUET

MANY GRADS ATTEND DINNER AT PHILADELPHIA.

The Collonade Hotel, Phila., was the scene of the annual dinner of the Bucknell Alumni Club of Philadelphia, on Friday night, April 19. Just forty-nine men, representing almost every class in the history of the University, sat down to the banquet and joined reminiscences of college days and in singing the praises of their Alma Mater. President Harris was the guest of honor.

Owing to the lateness of the arrival of Herbert F. Harris, President of the Club, and official toastmaster, W. Norman Morris, Esq., '96, vice-president, acted in this capacity. Toasts were responded to by Dr. Harris, '69; Hon. J. Warren Davis, '96; Dr. George M. Philips, '75; Prof. Benjamin W. Griffith, '99; Dr. Elton S. Carson, '92; Hon. Robert E. James, '69; Dr. Oscar R. LeVan, '99; Registrar Wolfe, '89, and Rev. John Norris Jones, '51, the oldest living alumnus of the University.

At the business meeting held after the banquet a letter was composed and sent to Mrs. William Bucknell congratulating her upon her rescue from the Titanic upon which she was a passenger at the time of its wreck.

New officers were elected for the next year. They are: W. Norman Morris, president; Harold Perrine, vice-president; Dr. Edwin L. Nesbit, treasurer; Clement K. Robb, secretary; Blair Jaekel, chairman executive committee.

STUDENT FIRST IN EXAMINATION.

D. M. Wise, '12, E. E. Course, has accepted an appointment to the Bureau of Chemical Research in the U. S. Geological Survey at Washington, D. C. Wise secured first place on the list of those competing in the examination.

BAND TO LEAD PARADE.

In addition to the engagement in Lewisburg for Memorial Day, the Bucknell band will lead the procession at Winfield that morning.

BUCKNELL MINSTRELS COME TO TOWN

ANNUAL SHOW A REAL SUCCESS.

The Catchy Witticisms and Popular Songs Captivate the Large Audience in Commencement Hall.

The annual comic function of the year took place last Friday evening when the Bucknell Minstrels in a two part show presented "A Busy Night in the Bucknell Buffet", and "The Booster Club of Blackville". The show was in every respect a success. The performance was carried through without a single hitch, every character filling his part in a commendable manner. In spite of the threatening weather there were present more than seven hundred spectators.

The scene of Part One was a banquet hall with a number of guests seated at the tables. The toastmaster and the six colored waiters were the chief actors in this part. The catchy witticisms coined by the waiters together with the popular songs sung met with hearty applause from the audience. "Brass Band Ephraim Jones," sung by Sprout, '14, and the "Dog Song," by Willits, '15, seemed to especially please the audience.

Part Two had its setting in the club rooms of the "Booster Club of Blackville" at a time just before a political campaign. Fetter, '13, alias Horace Wetweather Cutup, was a moving force in the first part of the comedy. By the threatening flourishes of his large razor he was very instrumental in preserving the order of the meeting. The climax was reached when Willits, '15, alias Hon. Bill Johnson, running for judge, was interrupted by the explosion of a dynamite bomb under the platform on which he was standing.

The whole performance was thoroughly enjoyed by every one present. The singing and the acting showed long and faithful practice and much credit is due both to the actors themselves and to the management for the success of the show.

The cast of characters was as follows:

PART I.

"A Busy Night in the Bucknell Buffet"

Who's Who at the Banquet.

Toastmaster Walter H. Edwards
Head Waiters—Donald A. Sprout, Leonard B. Willits.
Waiters—John D. W. Fetter, C. Baker Bernhart, A. E. Coughanour, Miller A. Johnson.
Guests—Ralph F. Davenport, Frank R. Hean, H. Max Bullard, Miles E. Dean, John L. Gehman, W. Cline Lowther, Robert J. Parmenter, Harvey E. Eavenson, Jesse E. Riley, Alfred Van Osten, Albert J. Clark, George A. Irland, Wayne B. Jeffries, F. F. Whitman, John H. Speer

PART II

"The Booster Club of Blackvillite"

Hon. Bill Johnson, running for judge, —Willits.
Abraham Lincoln Washington, running for chickens—Jeffries.
William Bilkins Smith, running for anything—Bernhart.
Chas. Augustus Hotfoot, too slow to run for anything—Edwards.
James Jackson Muchmouth, running for a crap game—Hean.
Garfield Fussfeathers, a chicken inspector—Johnson.
Alexander Brutus Thicklips, pork chops inspector—Lowther.
Rufus Rastus Goggenheimer, health inspector—Coughanour.
Horace Weiweather Cutup, razor inspector—Fetter.
Michael Angelo Wishbone, an artist —Sprout.

Scene—The Club Rooms.

Time—Just before a political campaign.

ORATORICAL CONTEST POSTPONED.

As the College Men's Reception is to be held on May 10th, the Sophomore oratorical contest has been shifted to the 9th, Thursday evening.

Bucknell Debaters Tie Gettysburg In Joint Intercollegiate Debate

MEET WITH VICTORY AT HOME AND CLOSE CONTEST AT GETTYSBURG.

Affirmative Side of Question Successfully Upheld by Richards and Riley.

Tuesday night witnessed the opening of a four years' inter-collegiate debating league with Gettysburg College. The absence of debating at Bucknell for two years had made even the most enthusiastic somewhat skeptical as to the outcome, but with a good sized crowd to encourage them, the Bucknell representatives soon dispelled all fears.

The question, "Resolved, that for the best interests of the whole country Woodrow Wilson, and not Wm. H. Taft should be elected next President of the United States," was very difficult, making the debaters rely very much on their own individual research and ability.

The Bucknell representatives, E. J. Richards and J. E. Riley, both members of the class of 1914, upheld the affirmative. "In electing a President the people ask, What are the candidates' solutions for the leading problems before the people and how efficient will he be in putting them into effect. The leading questions are the tariff and special privilege. Woodrow Wilson stands for tariff for revenue, the principle of which is that the suitability of the environment determines what industry will be profitable in a certain locality. Taft is allied with special privilege, and Wilson is not."

The Gettysburg debaters, C. D. Fanshold, '13, and J. C. Haberlen, '13, contended that Taft should be elected President of the United States "because his early training especially fits him; because of his executive ability, wise deliberation and impartiality as shown by his conduct of the Philippine Islands; because of his experience and the success of the present administration; because he stands for the authority of the law; his policies are constructive, progressive, and economic; he would fearlessly and rigidly enforce the laws, and he advocates peace with the world.

The Gettysburg men entered the contest with set speeches and found much difficulty in delivering them verbatim. They had failed to analyze the question and seemed to ignore the main issues entirely. The Bucknell men had a clear analysis which their opponents were unable to refute. In argument Bucknell easily surpassed while in delivery the sides were more nearly equal.

The decision of the judges, unanimous in favor of Bucknell, met with the approval of the audience. The judges were Prof. W. A. Wilson, Milton; Rev. O. C. Horsemann, Ph. D., Williamsport, and W. C. Gilmore, Esq., Williamsport.

Rev. Julius Seebach presided and introduced the debaters. Misses Rollins and Bancroft entertained with music while the debaters were preparing rebuttal.

MEETING OF THE BRANCH.

On Thursday evening, April 25th, the Bucknell University Branch of the American Institute of Electrical Engineers held its regular meeting in the lecture room of the chemical laboratory. The Branch was addressed by Mr. H. J. Schieffer, Jr., associate member of the A. I. E. E., who is affiliated with the Rumsey Electric Company of Philadelphia. His address, on the subject of meters, was very well received.

FRESHMEN TO CONTEST.

The Freshman contest in declamation will be held Friday evening, May 3rd in the Chapel. An excellent program interspersed with music will be presented by the class.

Although Bucknell was not successful in winning the debate at Gettysburg she was well represented by Messrs. Igler and Davies.

The direct argument presented by both Bucknell debaters was exceptionally strong, and was commented upon by many members of the student body at Gettysburg. An unfortunate incident occurred in the rebuttal, when one of the Bucknell debaters lost a valuable reference paper in a critical moment of the debate.

The debate took place in Brua chapel at 8:00 P. M. President Granville of Gettysburg acting as chairman, while the judges consisted two professors and one attorney, none of them being local or interested parties.

The debate was opened for Bucknell by Igler, '12, who in a defense of the negative side, showed how for the best interests of the whole country President Taft's ideas and plans for the tariff situation were better than those of Wilson's. He dwelt upon the advantage of a reasonable tariff for protection in place of one for revenue only; and showed how this could be successfully worked out under President Taft's present non-partisan tariff commission board. Davies, '12, was the second speaker for the negative. He took up the argument that Taft with his four years of experience in office is a safer man and can accomplish more constructive work during the next four years than Wilson. He took up a review of Taft's administration and showed where Taft had worked for legislation which would be for the best interest of the whole country.

The fine reception which all members of the Bucknell team received at the hands of the Gettysburg students is worthy of commendation.

SENIORS AT PARTY

MEN OF THE CLASS ENTERTAINED BY GIRLS.

On Saturday evening the girls of the senior class were the hostesses of the men of the class. The function was held in the college parlors which were decorated with flowers and class pennants.

Several clever ideas for entertainment had been thought of beforehand and were successfully carried out during the evening. Upon the walls were fastened life-size silhouettes of each girl in the class and the guest's first duty was to identify these and then to write in order upon his tally the names of the persons represented. Mr. Oscar Wolfe proved himself the most observing senior in this respect and as a reward carreid off a large poster of a Bucknell girl. Then followed anagrams and the seniors were requested to show their skill in giving names of trees, battles, colleges and Bucknell professors. Mr. Robinson grasped this opportunity to obtain a two-pound box of college-made candy.

The refreshments were served by the sophomore girls. A few moments before leaving the entire class gathered around the piano and sang Bucknell songs.

PHI KAPPA PSI DANCE.

The Phi Kappa Psi fraternity held an informal dance in their halls last Thursday evening at which guests from Williamsport, Sunbury and Milton were present. The halls were very tastily decorated and an unusually enjoyable evening was spent. The music was furnished by Campbell's orchestra of Sunbury.

An X in the vacant space opposite this reading, indicates that your subscription is due. Will you please remit?

MONDAY, APRIL 29, 1912.

The annual Penn Relays were held Saturday and for another year Bucknell was not represented. Everything is being done, however, by those in charge of track work, to revive the teams which brought so much credit to the college in the past. The latest step—that of giving a track "B" for work in the home events, is understood as a step towards a real track team next year. That next year's team may be successful, material must be developed this year upon which the future team can depend as a nucleus.

Announcement is made of a contest, to be managed by the editorial staff of the Orange and Blue, in which a number of prizes will be offered for the best cheers submitted which are applicable to Bucknell use. The idea is to obtain at least three good cheers which may be used by the students on all occasions and which may become the permanent property of the college. Especial attention will be given to the choice of cheers which will give the greatest volume to the enthusiasm displayed.

The work of the baseball team is drawing favorable comment not only from Bucknell students but from the college world at large. In view of such worth the enthusiasm displayed at the games so far this year has been decidedly inadequate.

The idea of establishing a straw hat day at Bucknell is a good one. We should welcome any such custom as a desirable acquisition to the student life of the college.

COLLEGE BIBLE CLASS.

Progress is not realized when it is made the object of pursuit; progress is possible only in relation to something. The Jewish nation had brought themselves to a point at which they knew that they had not realized their best. But when the ideal of the nation was presented to them in the person of Jesus, they rejected that ideal. The consequence was the loss of their greatest opportunity, and this failure led to the destruction of the nation.

The principles involved in their catastrophe were: they preferred form to life; preferring form to life they became fanatic and sectarian.

Varsity Wins From Gettysburg; Loses To Harrisburg Tri-State

Continued from page one.

ed off him well scattered with the exception of one inning when four bingles netted three runs for the visitors. Myers and Fox did the twirling for Harrisburg and performed their duties well.

Bucknell came near scoring in the third inning when Wyckoff, the first man at bat, clouted the ball into right field for three bags. Worrilow then knocked a bounder to Sundheim who threw to the plate in time to catch Wyckoff as he slid for home. Worrilow was later caught when he tried to purloin second and Coughanour was thrown out at first.

Neither team was able to score until the first of the fourth inning when Harrisburg sent one man over the plate for a tally. O'Brien fielded Upp's grounder perfectly but threw wild to first, allowing the latter to reach the second cushion. Upp went to third on Miller's out and scored on a single into the right garden after Mays had gone out on a fly to Topham.

In the first portion of the fifth inning Hagan retired the visitors on only seven pitched balls. Sundheim and Myers were struck out in order on six pitched balls and Wehrell hit the first ball thrown to him to Capt. O'Brien who threw him out at first.

Two men were out, two men on bases and two strikes had been called on him when Smoyer in the sixth inning hit the ball far into center field for a home run, clearing the bases before him. Logan made a strenuous effort to reach the flying sphere but fell while attempting to catch it. Fortunately Joe was uninjured. Two more bingles placed that number of men on bases but Myers retired the side on a long fly to Logan.

Bucknell's only scores came during the same session. Hagan started the excitement with a pretty single into the vacant portion of right field. Topham drove one at the third baseman's feet which the shortstop picked up and threw to second in time to catch Hagan. Topham was then advanced a base on O'Brien's sacrifice and Logan reached first on Sundheim's error which advanced Tip to third. Cruikshank hit to right field, scoring Topham. The ball was returned to the catcher who threw wild to third, letting Logan come in for a run. While the left fielder was throwing the ball back to the infield "Crook" attempted to score but was caught at the plate, retiring the side.

During the remaining three innings Bucknell was unable to hit Fox, who had been substituted for Myers, and was likewise unable to score. Harrisburg, however, added two runs to their credit during that interval, one coming in the eighth and the other in the ninth. The run secured in the latter session was made by Fox who led off with a drive to right field that netted him three sacks. He scored on Wehrell's fly to Logan. Young struck out and Upp was caught at second after hitting safely for one base.

DR. PERRINE SPEAKS

ADDRESSES Y. M. C. A. ON COLLEGE SPIRIT.

Dr. Perrine gave a very interesting talk to the Y. M. C. A. last Thursday evening on the subject of "College Spirit." He said that there had been much written about College Spirit but that it had dealt with the subject more or less vaguely and had not really defined the phrase. Prof. Perrine proceeded by a definition of terms showing what was meant by the words "college" and "spirit" when used independently. By a process of deductive reasoning he then framed a definition for College Spirit. The professor said in part: "College Spirit" is the attitude that one manifests towards the college. That attitude should be one of loyalty and helpfulness to the college in attaining to its ideal. The college was established in order to discover and proclaim the truth. True College Spirit is that spirit which helps the college to accomplish this purpose. Every student should show his College Spirit by loyalty to the President, to the faculty, to the other students, and to the trustees. Dr. Perrine said further that the student might show his loyalty by being careful not to throw any hinderance in the way of the President or faculty; by assisting others; by trying to make the most out of himself; by showing proper regard for the college property and by doing all in his power to develop and create "the still air of delightful studies" about the college. The whole talk was both interesting and instructive and should at least clarify the ideas of what constitutes "College Spirit."

TRACK WORK HONORED

ARRANGEMENTS MADE FOR WINNING OF LETTERS.

In order to encourage the men who are interested in field and track sports, the Executive Committee of the Athletic Association, at a recent meeting decided that Bucknell should be represented at the Harrisburg State meet by a few of its best men. Those who make a point at that meet will be entitled to wear a track "B."

For further encouragement in the development of material, not only for this year but for next year as well, several home events will be held at which men may compete for honors. In these events men who attain a certain speed, height or distance in the events will be entitled to wear a Track "B". The committee believes this method of winning a "B" should be adopted this year as no meets with other colleges have been scheduled. A sub-committee was appointed to determine the standards which students must attain before they are entitled to wear the "B". These will probably be some average speeds, heights, or distances at which Bucknell men have won intercollegiate events in past years. For instance, Bucknell men have won 100 yards dash twice in 11 seconds and three times in 10 seconds. The average speed, however, has been about 10 3-5 seconds. The pole vault has been won at 7 feet 6 inches and at 11 feet.

With a fair standard set, each athlete will have somthing definite to strive for. Instead of putting himself against a man he will contend with the limitations of nature.

HILL GOSSIP

Glover, '14, has gone to his home in Erie on account of eye trouble.

Bucknell Academy won from Danville High School on the college field last Friday.

Bucknell will meet the Milton Eagle team at the Centre Street grounds in Milton on Wednesday afternoon.

Straw hat cleaners in Lewisburg report an unusual rush in business. No doubt Saturday's game will witness the appearance of a good many "straws."

Edwin H. Gundy, ex-'04, who is employed in the Chemical Department of the Pennsylvania R. R. at Altoona, visited his Phi Kappa Psi brothers the past week.

Parke, '12, left Sunday for Meadville, where he will attend the province convention of Sigma Alpha Epsilon fraternity, which is being held at Allegheny College.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, MAY 6, 1912. NUMBER 28

VARSITY TAKES TWO MORE GAMES; SUSQUEHANNA AND MILTON DEFEATED

WEATHER FOR STRAW HAT DAY PERFECT.

BUCKNELL'S WINNING STREAK UNBROKEN

Talbot Pitches His First Game and Mystifies Milton Batters—Allows Only Two Hits—Listless Game With Susquehanna Saturday.

Both games played by the Varsity during the past week, with the Milton lodge of Eagles, Wednesday, and with Susquehanna University, Saturday, resulted in victories for the Orange and Blue.

While Bucknell had no difficulty in winning from the Milton aggregation the game was interesting throughout and was witnessed by a large number of fans of that place. On account of the late hour at which the contest began it had to be called at the end of the seventh inning, when darkness made it impossible for the players to see the ball.

The game with Susquehanna University on the Bucknell campus Saturday afternoon drew a big crowd, a large number of whom were supporters of the visiting team from Sunbury and Selinsgrove. The weather conditions for the "straw hat" game were perfect and a large number of the spectators availed themselves of the opportunity to appear in the renewed form of headgear.

B. U., 4; Susquehanna, 3.

The game with Susquehanna Saturday was one of the most listless that the Varsity has played this season and can be accounted for only by the explanation that they experienced what is known as an "off day". Had the team played as they did against Harisburg or Gettysburg the visitors would not have been able to score, while the Bucknell tally would doubtless have been much larger.

Captain O'Brien was unable to appear in the game on account of a badly sprained ankle, sustained in practice Friday afternoon. His place was taken by "Mike" Fulmer.

In the first inning Susquehanna was deprived of a three base hit by Dreese when "Ump" Schmid ruled the runner out for not having touched first base in his detour around the infield. The side was retired with only three men having faced Hagan.

Bucknell scored twice in the same session. With one man out Logan drew a pass, went to second on "Cuddy's" sacrifice fly, and scored on Crufkshank's pretty three base drive into left field. Wyckoff then met the sphere with a clout that sent it rolling into the outfield, scoring "Crook" and permitting him to safely reach third. Worrilow then flied to Swope.

It was not until the fifth inning that Susquehanna could succeed in sending a man over the plate. Hagan had struck out two batters when Forsythe was given a base on balls, went to third on Dreese's two base drive, and scored while the ball was being fielded.

In the latter half of the fifth the Varsity added two more runs to their total on the score book. With one down three successive singles and an error by Spangler brought Topham and Logan across the pan.

The visitors tallied once during the sixth period, Martz making the circuit on two errors made while his single into right garden was being fielded and returned.

Two singles and a similar number of flies made in the seventh period resulted in the third and final score for the Susquehanna nine. In the eighth Wyckoff substituted Hagan on the mound and although in each of the remaining innings there were two men on base at the same time he permitted none of them to advance farther.

Bucknell was unable to do anything at bat until in their portion of the eighth when both Wyckoff and Worrilow sent up Texas leagers that netted one sack each. Sturgis made a strenuous effort to bring in the runners but his fly was grasped by Hoy and the side was retired.

The score:

BUCKNELL.

READY FOR TRACK

EXECUTIVE COMMITTEE SETS CERTAIN STANDARDS.

In order to encourage field and track work at the college, to develop athletes, and to furnish an incentive for students interested in this line of activity, the Executive Committee has set certain standards. On attaining one of these the student may wear a Track "B". He must make the effort in a competition duly sanctioned. The first of these trials will be the Interclass contest for the Mirror Cup on May 11; the next will be the meet of Pennsylvania colleges at Harrisburg on May 18; later, the Sophomore-Freshman meet; then a Record Day; and finally Olympic Games, embodying classic events and some novel features. The holding of these sports will depend upon the good will and interest of the students.

To establish the standards the records of Bucknell athletes for fifteen years were averaged. The shot put has been won at 29 feet 4 inches and at 42 feet 5 inches. The 440 yard dash has varied from 1 min. 16 sec. to 52 1-5 sec. In presenting the standards the committee recognizes the fact that there are a number of students in college at present who have already excelled the standards and it believes that there are many who by practice can attain one or more of them.

100 yard dash	10 3-5 sec.
220 yards dash	24 sec.
440 yards dash	58 sec.
½ mile run	2 min. 10 sec.
1 mile run	5 min.
2 mile run	11 min.
120 yards hurdle	17 3-5 sec.
220 yards hurdle	28 sec.
Broad jump	20 feet.
High jump	5 feet 5 in.
Pole vault	9 feet 6 in.
Hammer throw	120 feet.
Shot put	36 feet.
Discus throw	100 feet.

FINAL PREPARATION FOR THE "COLLEGE MEN'S".

At a meeting of the "College Men's" Committee last Thursday night final preparations were made for the Reception to be held the coming Friday Evening, May the tenth.

The affair is to be entirely informal. Plans were outlined for the decorating committee and different men were appointed to look after fraternity furniture, banners and pennants which will be collected on the "Hill".

FRATERNITY BASEBALL.

Only one game was played in the Fraternity League last week. Phi Kappa Psi were the victors over Kappa Sigma by the score of 13 to 7. Batteries were Phi Kappa Psi—Laidlow, Bullington and Boyer. Kappa Sigma—R. Sellars, Speer and Murray.

MINSTRELS START FUND FOR AUDITORIUM

PROCEEDS OF SHOW TO BE USED

Great Difficulty Encountered in Giving Performances in Commencement Hall.

At the meeting of the Minstrel Club last Monday evening the report of the treasurer showed that the net profit of the recent performance of the Minstrels in Commencement Hall was $101.14. The Minstrels have always experienced much difficulty in having a suitable auditorium for the show but never before did they realize as this year when the insurance companies denied them the privilege of putting up curtains on the stage or having any electrical effects in the show.

Bucknell has long been in the need of a suitable hall for the use of the dramatic clubs and the numbers on the Y. M. C. A. course. The Minstrels have decided to open a fund for the erection of an auditorium in which the plays and shows can be given and they will give the proceeds of their show to this fund.

BIG TIME COMING

BAZAAR AND SUPPER TO APPEAR IN ARMORY.

A big Bazaar and Supper will be held in the Lewisburg Armory on Thursday and Friday evenings, May 23 and 24. The affair will be held under the auspices of the Bucknell University Athletic Association and the Lewisburg Play Ground Association. Elaborate preparations are being made for the event so that it may surpass the former successes of the Bucknellians in the Lewisburg Armory.

Mrs. George Matlack is chairman of the General Committee. The heads of the Special Committees are Mrs. J. C. Steans, Miss Georgiana Scott, Mrs. John Matzke, Mrs. J. Fred Kurtz, Miss Stanton, Don Sprout, '14, Miss Zeigler, '15. The girls of the four fraternities will run a candy booth. A gipsy tent will be in charge of Miss Helen Lovegood, '12, Miss Ada Brooks, '13, Miss Vera Campbell, '15. Lots of fortunes will be made and unmade these evenings and if business is brisk, as it promises to be, they'll have to have a tent apiece. Here is a chance for the old college to give itself a rousing good time.

EUEPIA ENDS WORK

62D YEAR CLOSES WITH ELECTION OF OFFICERS.

The meetings of Euepia Literary Society ended for the year last Wednesday evening. At this meeting the following officers were chosen to serve during the fall term of next year: Pres., Ralph Still, '13; Vice Pres., Logan Jackson, '13; Sec., L. H. Shattuck, '14; Treas., Paul R. Wendt, '15; Monitor, J. Rice, '14.

Although the society started up late in the college year, its purpose and meetings have become very successful. Now that the society is organized upon a substantial basis for beginning work next fall, there is no doubt that Euepia will have one of the most successful years in her history. A limited number of men who show an interest and talent for literary work will be invited to join the society next fall.

SOPHS TO GIVE COTILLION.

It has been the desire of many of the Sophomores this year to hold a Cotillion and renew the custom of former Sophomore classes. The class of 1908 was the last class to hold a cotillion in its second year. President Worrilow will appoint a committee this week to work on the plans. The cotillion will occur some time this month.

COLLEGE MEN'S COMMITTEE COMING.

Thursday afternoon of this week several of the College Men's Committee will visit the rooms of the fellows on the Hill to collect cushions and banners for the decoration of Main Hall. It is requested that every man have his pennants marked so that there will be no trouble in returning them.

SOPH. ORATORICAL CONTEST.

The Sophomore contest in oratory will be held Thursday of this week. Musical numbers will be furnished by the young ladies of the class and by the School of Music.

An excellent program is expected, to which members of the literary societies are especially invited.

PHI GAMMS ENTERTAIN.

Phi Gamma Delta entertained Delta Theta Upsilon fraternity at a dance in the Armory last Friday evening. Several out of town guests were present. NeCall's orchestra of Sunbury furnished the music for the occasion.

THE LOST IS FOUND

LONG SEARCH REVEALS OLD MIRROR CUP.

Interest in the mysterious disappearance of the Mirror Cup led to correspondence with alumni who had formerly competed for it. One class claimed the honor of winning it three times Only a determined effort on the part of the other classes prevented it from being won the fourth time and becoming the permanent property of this class. The result of the inquiry began by the Orange and Blue is as follows. The cup passed into the hands of "Doc" Hoskins, the former athletic director of the college. On his departure from Lewisburg he left the cup at the University Book Store. The cup was in a badly tarnished condition and bare of numerals except those of the first two winners.

For nineteen years the classes have striven to win the cup, although many were not aware of its existence. Which class will have its numerals inscribed this year?

The Mirror Cup may be seen in the window of Nogel Brothers, who have kindly consented to polish it for the winning classes.

THETA ALPHA MEETS

ADDRESS BY DR. PERRINE CLOSES SUCCESSFUL TERM.

Monday evening the Theta Alpha Literary Society in the last meeting for the term finished with rousing enthusiasm the successful year of its re-organization. Dr. Perrine, always a staunch supporter and friend of the society, made an address on the subject: The Essentials of Successful Public Speaking. He said in part:

"All public speaking must be viewed from two important standpoints—matter and manner. As to manner of speaking there are certain essentials which every beginner must learn. The last syllable of every word should be pronounced as distinctly as the first syllable; this gives clearness and good enunciation. The mouth should be opened wide in pronouncing each syllable; depth of tone is acquired in this way. Every speaker should have a pleasing manner of speaking, for audiences are won over, not by a hostile and unfriendly spirit, but rather by gentle persuasion. The person who observes these three essentials has gone a great way toward mastering the art of successful public speaking."

Michigan will celebrate its seventy-fifth anniversary in June. One of the features will be the presence of representatives of universities, both American and European, in their distinctive dress.

FRESHMEN SPEAK IN ANNUAL CONTEST

NINE CONTESTANTS FOR PRIZES

Declamation of First Year Students Heard By Large Audience in Bucknell Hall.

On Friday evening the annual Declamation contest of the freshmen class was held in Bucknell Hall. The large crowd which usually is in attendance at the declamation contests of the first year class, was in evidence again this year and showed its appreciation of the various selections by a hearty applause.

Promptly at eight o'clock the nine contestants, four young ladies and five young men, passed to their seats in front to a march played by Miss McLaughlin.

The young ladies and gentlemen rendered their respective selections in a very creditable manner. Some of these were very difficult to present in a way appropriate to the character of the selection. In spite of this fact they were rendered with ease and facility on the part of the speakers, showing care taken in their preparation and reflecting credit upon the instructors.

The program was agreeably interrupted with a well rendered solo by Mr. Van Osten. The program was as follows:

Arthur Elton Evans—The Soldier's Pardon.

John H. Speer, Jr.—De Apple Tree.

Emma Elizabeth Dillon—Lasca.

Dwite Hayden Schaffner—The Movement Cure.

Florence Brown Harber—Jimsella.

Edward Oliver Clark—Court Scene Shakespeare's M. of Venice—Characters: Duke, Portia, Shylock, Antonio, Bassanio, Gratiano.

Winifred Wilbur Miller—Tobe's Monument.

Frank Forrest Whittam—The Unknown Rider.

Florence Grace Good—Bill, Me, and Sis.

SENIOR GIRLS RECITE

ANNUAL CONTEST HELD BY ELOCUTION STUDENTS.

A large audience attended the annual elocution contest of the Institute Saturday evening in Bucknell Hall. The contestants were unusually successful. The program began with a march by Miss McLaughlin, a vocal solo by Mr. Van Osten and an invocation by Prof. Edwards. The contestants and their selections were as follows:

Aunty Doleful's Visit—Margaret Harter.

Matrimonial Experiment from "The Leopard Spots"—Eva Brown.

The Christ Child—Marie Derr.

Corianna's Wedding. (A Country Neighbor's Version) Ada Smith.

The Little Scottish Martyrs—Jeanette Owens.

When a Man is Widowed—Mary Clayton.

Madeline's Victory—Nellie Folmer.

PROF. STEWART SPEAKS

ADDRESSES Y. M. C. A. THURSDAY EVENING.

Prof. Stewart addressed the Y. M. C. A. on Thursday evening using as his theme the question, "What is the basis on which we deserve blessings?" He showed that for our physical condition we deserve very little credit. Whether we are great or small, weak or strong, educated or ignorant, cultured or uncultured, is largely a matter of heredity or environment. "We are worthy", Prof. Stewart said, "according to the quality of our acts of volition." The two commandments given by Christ to the scribes established rules of conduct which if followed produce a character worthy of blessings.

This paper is published once a week during the college year by the Orange and Blue Board, representing the student body of Bucknell University. Subscription $1.25 per year. $1.00 if paid before January 1 of the college year. Communications addressed to the Orange and Blue, Lewisburg, Pa.

An X in the vacant space opposite this reading indicates that your subscription is due. Will you please remit?

MONDAY, MAY 6, 1912.

PRESERVE THE CUSTOMS.

The successful innovation of a straw hat day at Bucknell last Saturday signifies another addition to the customs of the college. In view of the fact the management of next year's baseball team should schedule a game at home on May 3 or thereabouts. The preservation of Straw Hat Day depends upon this action.

Last year the present Sophomore class originated the idea of Moving Up Day. The decease from Freshman life was accompanied at that event by a huge parade and bonfire and the formal burning of the Freshman caps. The preservation of this event depends now upon the present first year class.

There is every reason why we should be zealous to maintain the college customs of the past and to innovate new customs for the future. The attractiveness of college life is enhanced by such usages.

We are in receipt of a communication signed "Grouchy", which refers to the disregard of the appearance of the campus on the part of the students. "Grouchy" thinks that the college men and women should be more careful about disfiguring the campus with old papers and rubbish. Undoubtedly "Grouchy" is right. A little thoughtfulness will remove the need of any unfavorable comment on the part of "Grouchy" or those students who possess some "local" pride, to say nothing of visitors.

COMMUNICATION.

There is one thing that Bucknell lacks and that is an honorary fraternity such as Phi Beta Kappa. This organization admits into its ranks men who have attained a high standard of morality and intellect. There is no reason why a college like our own should not have a fraternity of this nature. We have the standing and we have the men. Why not work for it?

A Student.

Y. W. C. A. PLANS EVENT

EVENING OF COMEDY TO BE HELD IN BUCKNELL HALL.

May 17 will witness The Evening of Comedy in Bucknell Hall. The program is being arranged by Miss Schillinger and the proceeds of the evening will be used for the Conference Fund of the Y. W. C. A. of the Women's College.

As suggested by the name, The Evening of Comedy will include comic features. Several sketches, monologues and dialogues are to appear on the program. A committee of college maids will have charge of a candy booth that evening.

VARSITY WINS FROM MILTON AND SUSQUEUHANNA

Concluded from first page.

SUSQUEHANNA.

	R	H	O	A	E
Dreese, 3b.	1	1	0	1	0
Spangler, 1b.	0	1	12	0	1

Three base hits—Cruikshank, Wyckoff. Two base hits—Spangler, Dreese. Struck out—by Hagan 6, by Wyckoff 2, by Forsythe 4. First base on balls—off Hagan, 2; off Wyckoff, 1, off Forsythe 2. Umpire, Schmid, '12.

B. U. 8, Milton Eagles 2.

The 'Varsity added another scalp to the large string already gathered when they defeated the team representing the Milton lodge of Eagles Wednesday afternoon at Milton. A number of students accompanied the team to the neighboring town and witnessed the game.

Talbot did the twirling for Bucknell and pitched his usual consistent game, allowing the lodgemen but two hits, scattered through as many innings.

The 'Varsity began scoring in the first inning after Harpster, the Milton pitcher, had given three men their bases on balls. Cruikshank then sacrificed, scoring Topham, and O'Brien and Logan were brought home by Coughnour's single into the infield.

In the third inning one more run was tallied by the Orange and Blue, "Crook" driving a pretty two-base hit into the left garden and scoring on "Cuddy's" single.

The only scoring by the Eagles came in the third session and the three errors which were made by the 'Varsity then were directly responsible for the two runs made by the Milton aggregation. Bucknell played errorless ball during all of the other innings.

Another set of three runs was scored by the 'Varsity in the fifth. Four hits, one of them the third hit for "Cuddy" in the game, together with an error and a stolen base, brought the Bucknell score up to seven points.

On account of the fast increasing darkness only seven innings were played but the end did not come until after Bucknell had tallied another run, O'Brien receiving a pass on balls, stealing second, going to third on Logan's hit and crossing the home plate while "Joe" was being thrown out at second.

ALUMNI JOTTINGS.

Howard H. Baldridge, '84, has been nominated to Congress from the Omaha District in Nebraska.

Christopher Mathewson, Jr., ex-'02, in the May St. Nicholas, tells "How I Became a Big-League Pitcher."

Alice C. Hartley, ex-'98, has charge of the dramatics at the Gardner School, 505 Fifth Ave., New York City.

Jay Wolfe, '07, of Lewisburg, who has been in the employ of a large electrical railway company at Jackson, Mich., for several years, has been transferred by the company to Kalamazoo.

Gronde, '11, who has been traveling in the interests of the University, has resigned his position to become teacher of science in the Red Bank, N. J., high school. Woods, '10, is principal of the school.

S. W. Gilpin, '98, formerly of Wayne county, Pa., has been chosen Probate Judge at Duluth, Minn. Judge Gilpin went to Duluth in 1900, where he was elected superintendent of the Virginia schools and four years later became county superintendent, which position he held for six years. During this time he studied law and was admitted to the Minnesota bar.

STORIES BY MATHEWSON.

Putnam's Advance Book News says of a series of stories to appear in May by "Christy" Mathewson, ex-'02, pitcher of the New York Giants, by many followers of baseball declared the greatest twirler that ever lived, has written a series of stories about the Big Leaguers, the men who have played with him, which will be published by the Putnams in May under the title of "Pitching in a Pinch."

These tales are told from the point of view of a baseball player who has been through eleven years of baseball strife in the Big League and who, almost single handed, won a world's championship for the Giants in 1905.

Every fan likes to know a little more about the game than the other fellow. In these stories "Matty" is letting the reader "inside." He brings the reader up close to the game, makes him feel that he is personally acquainted with all the great stars and almost leads him to believe that he is playing the game himself.

In short it is a story of the Big Leaguers, past and present, stories of their styles, their "grooves," and how they play the game, written by a man who is on the "inside."

WORK OF ALUMNUS OMITTED.

In a special story of the alumni active in literary work, published in the Orange and Blue of April 15, the name and work of J. S. Wrightnour, D. D., '69, was omitted. Dr. Wrightnour is the pastor of the First Baptist church of Scranton, Pa. He is the author of "The Accuracy of the Bible in the Light of Scientific Knowledge". In the early days of the international B. Y. P. U. movement, he conducted the "Studies in Christian Doctrine" in the Study Hour, the official organ of that organization. Dr. Wrightnour was for years the regular correspondent of the National Baptist Journal and Messenger and in connection with his pastorates he has been editor of the Baptist Messenger and later of the Guardian. His contribution to the press of the country would fill quite a volume. A reply to Prof. Goldwin Smith in the New York Sun, contributions to the Literary Digest, the Examiner, the Standard and the Commonwealth complete a review of Dr. Wrightnour's literary work.

TO SING IN OPERA.

Paul Althouse, Ex-12, has been engaged for four years to sing tenor roles with the Metropolitan Opera Company. He is now on a tour with Walter Damrosch and the New York Symphony Orchestra as tenor soloist. After his return this summer his time will be spent in the study of Italian roles.

In speaking of his latest success Althouse said: "Of course I can't realize my good fortune, and I suppose I won't until I am on the stage, but it has been the only dream of my life to sing in opera. That I could start with the Metropolitan never entered my head, but I was determined to get there eventually."

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU
ALBANY TEACHERS' AGENCY,
81 Chapel St., Albany, N. Y.

THERE IS no necessity of your feeling in the least dissatisfied if you cannot afford to buy your new Spring Suit from one of the expensive custim made tailors.

You can receive from us a Custom Made Suit at a reasonable price that is the equal of the suit you have in mind.

You want an up-to-date serviceable Suit—you want fit and style. That is what we offer in B. STEARN & SON tailoring. If you wish to make a good appearance this Spring, you should not delay, but immediately come to us.

We will show you such a variety of the weaves and patterns, 600 different fabrics, that you will easily be able to satisfy your individual taste.

New York's exclusive tailors who employ only expert workmen, will do the rest.

If you follow our advice, your Spring Suit will be the last word as to fit, finish, and style.

Yours very truly,

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, MAY 13, 1912. NUMBER 29

BUCKNELL BREAKS EVEN ON SECOND EASTERN TRIP

MERCERSBURG AND ROCK HILL COLLEGE DEFEATED.

ILL LUCK CAUSES LOSS OF GAME TO NAVY

Midshipmen Win Despite Superior Batting and Fielding of the Varsity.—Bucknell Plays Miserable Game Against Mt. St. Mary's College.

The Varsity took the second Eastern trip of the season during the past week and played four games with schools of that section, winning two of the contests.

The Mercersburg and Rock Hill College games resulted in victories for the Orange and Blue team while three extra innings were played before the Navy won from us.

B. U., 1; Mercersburg, 0.

The first game of the trip was played with Mercersburg Wednesday, and is credited with being the fastest game that the Academy boys have indulged in this season. That it was a pitchers' battle is evident from the small amount of work required of the outfielders and the fact that Wyckoff had thirteen strike-outs to his credit and the opposing twirler fourteen. Bucknell hit safely seven times while Mercersburg had but two hits to their credit.

B. U., 3; Mt. St. Mary's, 14.

The first defeat of the season at the hands of a scholastic team was suffered by Bucknell at Emittsburg Thursday when Mt. St. Mary's College bumped us for a score of 14 to 3. It was indeed an off day for the Varsity for never this season have they played such a miserable game of ball.

Bases on balls—off Hagan 1; off Letters 4. Batter hit—by Hagan (Schold.) Struck out—by Letters 5; by Hagan 9. Passed ball—Sturgis. Wild pitch—Letters. Left on bases—Mt. St. Mary's 8; Bucknell 6. Time of game —1.50. Umpire—McAtee, of Baltimore.

B. U., 6; Rock Hill College, 2.

The following day, however, the Varsity endeavored to atone for its defeat on Thursday by defeating Rock Hill College in an errorless game. In the first inning Bucknell made three runs which proved a handicap that the Maryland aggregation could not overcome. Talbot was on the mound and pitched an excellent game for Bucknell. In the third inning one of the opponents collided with Conghanour, the latter receiving a painful cut on the instep that necessitated his removal from the game. Topham took Cudy's" place and Hagan went to the left field.

The score:

Continued on second page.

CLASSES MEET IN TRACK

FIVE LETTERS AWARDED IN MIRROR CUP CONTEST.

On Saturday, May 11th, the meet for the Mirror Cup took place on the athletic field. This was the first opportunity of the season under the new ruling for a track man to get his letter. Five men received their "B" in the meet. Glover, '14, tied Whitam, '15, in the 100 yard dash at 10 2-5 sec. Everett, '12, ran the 440 yard dash in 57 1-5 sec., Bott, '15, in 57 2-5 sec. Ballard, '13, ran the mile in 4 min. and 58 sec. The old men who exceeded the records set were Teamer, Tyson and Dufton. The meet was won by the Freshmen with 56 points. Juniors 38 points. Seniors 28 points. Sophomores 13 points.

100 yard dash—Tie: Glover, '14, and Whittam, '15; 2d, Jones, '15; 4th, Lotte, '14. Time 10 2-5 sec.

220 yard dash—Glover, '14; 2d, Lotte, '14. Time, 26 sec.

440 yard dash—1st, Everett, '12; 2d, Bott, '15; 3d, VanDyne, '15. Time, 57 1-5 sec.

Half mile run—1st, Bott, '15; 2d, Smith, '15. Time 2 min. 18 sec.

Mile run—1st, Bullard, '13; 2d, Stevenson, '15; 3d, Smith, '15. Time, 4 min. 58 sec.

Two mile run—1st, Bullard, '13; 2d, Clark, '15. Time, 12 min. 33 sec.

120 yard hurdles—1st, Dufton, '12; 2d, Dunkle, '13. Time, 17 sec.

220 yard hurdles—1st, Afran, '15; 2d, VanDyne, '15. Time, 32 sec.

Shot put—1st, Teamer, '13; 2d, Jordon, '12; 3d, Kerstetter, '12; 4th, Aleshouckas, '15. Distance, 37 feet 1 inch.

Hammer throw—1st, Tyson, '12; 2d Fisher, '13; 3d, McKeague, '13. Distance 128 feet 2 inches.

High jump—1st, Dufton, '12; 2d, Buffington, '15; 3d, Dunkle, '13; 4th, Whidsor, '15. Height, 5 feet 4 inches

Pole vault—1st, Buffington, '15; 2d, Aleshouckas, '15; 3d, Hooker, '12; 4th, Stevenson, '15. Height, 8 feet 9 inches.

Broad jump—1st, Whittam, '15; 2d, Hooker, '13; 3d, Zehner, '12. Distance, 18 feet 10 inches.

Discus—1st, Teamer, '13; 2d, Jordan, '12; 3d, Runk, '15; 4th, Fisher, '13. Distance, 98 feet 9 inches.

DEMOSTHENEANS ENTERTAIN.

On Monday evening the Demostheneans entertained the Phi Kappa Psi fraternity at a smoker in their halls.

GLEE CLUB TO GIVE SECOND CONCERT

WEDNESDAY IN BUCKNELL HALL.

Auditorium Fund Begun by Minstrel Club to be Augmented by the Proceeds.

The second concert of the Glee Club will be given Wednesday evening in Bucknell Hall at 8 o'clock The Glee Club sees the necessity of an auditorium for the rendition of concerts, oratories and musicals, and has decided to ald this new project by asking a silver offering at the door on Wednesday night. The proceeds will be given to the Auditorium Fund begun by the Minstrel Club last week. The Glee Club has also made plans for a number of concerts to be given next year for the Auditorium Fund.

The program for Wednesday night has been prepared with much care. The following numbers will be presented:

Part One.

I. Chorus—"The Heavens Are Telling"—From Hayden's "Creation". Soloists—Gabriel, Miss Sheep; Uriel, Mr. Van Osten; Raphael, Mr. Parmenter.

II. Violin Solo—"Legende", Wienlawski. Miss C. G. Armstrong.

III. Chorus—"Despairing Cursinz Rage"—From Hayden's "Creation".

Part Two.

I. Song Cycle—"The Morning of the Year"—Cadman—Miss Sheep, Soprano; Miss Stephenson, Alto; Mr. Van Osten, Tenor; Mr. Parmenter, Bass.

S. A. E. HOUSE PARTY

LOCAL CHAPTER ENTERTAINS VISITING GUESTS.

Entertainments at cards, with the presentation of favors, marked the opening of the fourth annual house party of Sigma Alpha Epsilon fraternity, Friday evening, May 3, at the chapter house, corner of Fourth and St. George streets.

Saturday evening an informal dance was held in the armory, the Watsontown orchestra furnishing the music. Later the inclement weather interfered with some of the plans for entertainment, however the spirit of the affair was in no wise affected.

A formal dance was held in the armory Monday night, and with the Grange orchestra furnishing the music, the party and guests danced until 3:30 o'clock.

Tuesday afternoon the party ended and the seventeen girls and the chaperons left for their homes. The affair was pronounced the most successful yet given by the local chapter of S. A. E.

Besides the chaperons Mrs. W. R. Peoples, of Jersey Shore and Mrs. J. C. Bancroft, of Altoona, the following young ladies were present for the party:

Myra West, Toledo, Ohio; Grace McCloskey, Erie; G. Bell Michael, Cleveland, Ohio; Jesse G. Dixon, Freeport; Nell R. Eckert, Sunbury; Claire Dieffenbacher, Williamsport; Blanche F. Harcourt, Baltimore, Md.; Eva Bachman, Freeland; Catherine R. Schoch, Selinsgrove; Marion Bancroft, Altoona; Evelyn Kennedy, Sparrows Point, Md.; Caroline Best, Montgomery; Ethel Gettig, Bellefonte; Hazel Becher, Muncy; Carrie I. Housel, Hazel Galloway and Ethel Galloway of Lewisburg.

A number of alumni of the fraternity were back for the occasion. The Dickinson chapter was represented by Thomas Miller. At the dance on Monday night were representatives from the other fraternities at the college and a number of Lewisburg young ladies.

STUDENT ACCEPTS POSITION.

H. S. Bastian, '12, an electrical student, has accepted an appointment to the signal department of the Southern Pacific Railway Company. He will begin work at San Francisco immediately after graduation.

CHINESE TEAM TO PLAY VARSITY

Next Saturday, May 18th, on the Bucknell Campus, the Chinese Team from the College of Hawaii will play Bucknell. This Chinese team is making a tour of the United States and playing the strongest college teams. In their first game in this country against the University of California, the Celestials lost 4-3. They lost to the University of Wisconsin by the same score and lost a ten-inning game to Beloit College.

While the game will be interesting on account of it being the first opportunity the people in this section will have of seeing an all-Chinese team in action, it will also be interesting as a good exhibition of the National Game.

The last issue of Sporting Life says of the Chinese team, "They are far superior to the Japanese team that toured this country last summer. They are good batters and base runners and one of their pitchers is the equal of the best college pitchers in the United States. They have acquired American baseball slang, and are always on the jump. They knocked the pitcher for the University of Chicago out of the box."

MISS KERCHNER TO SING.

On Thursday evening, Miss Rice will present her pupil, Miss Kerchner, soprano, in Bucknell Hall. All lovers of good music and friends of the department are cordially invited to enjoy Miss Kerchner's rendition of the splendid program that has been selected. Miss Kerchner received her complete vocal training at the Bucknell School of Music.

SOPHOMORES SPEAK

ANNUAL ORATORICAL CONTEST IN BUCKNELL HALL.

One of the most successful and interesting Sophomore oratorical contests ever held at the university took place Thursday evening in Bucknell Hall. A good sized crowd was present when at 8 o'clock Miss Bancroft played the opening march for the contestants, three young ladies and five young men, to take their places.

The selections, without exception, were very well rendered and reflected the expenditure of much time and energy on the part of both the pupils and the instructor.

The program was as follows:

March—Miss Bancroft.

John Francis Winklebleich—Centralization in the United States.

Edna Alice Wittam—Commencement.

Frank Russell Hamiblin—The Rough Riders.

Duet—Miss Bancroft and Miss Rollins.

Charles Walter Lotte—Liberty or Death.

Wilma Harriette Knapp—The Lie.

Samuel Harison Markowitz—The Plumed Knight.

Duett—Miss Bancroft and Miss Rollins.

Edward John Richards—Affairs in Cuba.

Mary Ellen Race—A Reconsidered Verdict.

HARRISBURG MEET

SMALL REPRESENTATION TO BE SENT THIS YEAR.

As a result of the interclass games the Executive Committee decided not to send a large representation to Harrisburg on the 18th. In selecting men for this honor the committee was guided by the following considerations: First, real athletes practice diligently to develop their powers; second, athletes from a college owe their best efforts to their college, obtainable only by practice; third, a high standard is demanded from an athlete entitled to represent Bucknell. In the meet on Saturday this combination of requirements did not occur with sufficient frequency to warrant a large delegation at the Harrisburg meet.

'VARSITY TENNIS TEAM COMPLETED

FINAL TRY-OUTS LAST WEEK.

Interesting Tournament Expected With Gettysburg on Wednesday on Woman's College Court.

The try-outs for the varsity tennis team after considerable delay owing to the bad weather of the last few weeks, have now been completed. There has been greater interest than usual this year in the preliminary matches. Eleven men were entered in the contest for the fourth position on the team. The three men from last year's team who are now in college, James, John and Walter Harris, are in excellent condition and will make their usually strong showing.

It is to be regretted that but one game is scheduled for the team this season. The management has worked

COLEMAN J. HARRIS

Captain of the Tennis Team.

faithfully, but under many difficulties. The tournament with Gettysburg, postponed from May 4, will be played on the Women's College courts on Wednesday of this week. A good game is assured as Gettysburg has defeated Dickinson already this season.

The scores of the preliminary matches follow. Moyer, '15, being the successful candidate.

Fahringer vs. Neff, 6-1, 6-1.

Africa vs. Bliss, 6-2, 6-0.

Moyer vs. Glover, 6-1, 6-1.

MEN ENTERTAIN

ANNUAL RECEPTION HELD AT THE COLLEGE.

The annual reception given by the men of the college to the faculty and friends from the Woman's College, the town, and out of town, was held on Friday evening.

By means of flowers, furniture, and decorations, Euepia and Theta Alpha Halls and the Oratory Room were transformed into beautiful parlors. The hall and stairway were also artistically decorated. The Grange orchestra of Muncy enlivened the occasion with splendid music. About two hundred were present.

The committee in charge was: Goehring, Bartholomew, Coll, DeLancy, Schmid, Eisenmenger, Courter, Sprout, Hollenbaugh, Robinson, Tyson and Everett.

PHI GAMMA DELTA ENTERTAINS.

The local chapter of Pi Beta Phi sorority was entertained by Phi Gamma Delta fraternity in the halls of the latter, corner of Market Third streets, on last Wednesday evening. Cards with favors to the winners furnished the principal amusement of the evening. Shortly before ten o'clock the party repaired to Madam Huth's where refreshments were served.

This paper is published once a week during the college year by the Orange and Blue Board, representing the student body of Bucknell University. Subscription $1.25 per year. $1.00 if paid before January 1 of the college year. Communications addressed to the Orange and Blue, Lewisburg, Pa.

An X in the vacant space opposite this reading, indicates that your subscription is due. Will you please remit?

MONDAY, MAY 13, 1912.

PRESERVE THE BAND!

The apparent listlessness on the part of certain members of the college band is lamentable. After the student body has put its shoulder to the wheel and aided the band financially, its wants ought to be considered when there is thought of disbanding the Bucknell Band. What is more, several engagements have been made by those in charge of the band, the filling of which will mean further aid financially and the continuance of the organization next year.

The threatened disorganization of the band must needs reveal a lack of respect for the institutions of "Old Bucknell". When we consider the immediate benefits and results to ourselves of participancy in the various functions of the college, it is evident that the members of the band are not doing more than many other students for the activities of the college.

IN BEHALF OF ATHLETICS.

Notice should be taken of the efforts of the friends of Bucknell athletics who are endeavoring to augment the finances of the Athletic Association by means of a benefit bazaar and supper. As has been announced, a committee of ladies from the town has assumed the main responsibility of the affair.

Experience with like events in the past make those in charge of the bazaar and supper anxious that it receive support from the student body. It is right that this support should be anticipated. Neither the committee of Lewisburg ladies nor the Bucknell students assisting, will benefit by the affair, but the college athletics themselves will be stimulated. In view of this fact every Bucknell student who is interested in the welfare of Bucknell athletics—and that means every Bucknell student—will attend the bazaar and supper of May 22 and 23.

PITTSBURGH ALUMNI DINE.

The Pittsburgh-Bucknell Alumni Club held its monthly dinner at the Fort Pitt hotel, Thursday evening, May 9. A large number of Bucknell men attended and enlivened the dinner with the songs and reminiscences of the "old college on the hill."

The Pittsburg alumni club has been unusually successful in its regular banquets and dinners. Last week's event was no exception to the record.

Two base hit—O'Brien. Sacrifice hits, Doyle, Meadows. Stolen bases—Bucknell 5. Double plays—Talbot to Crulkshank to Coughanour; Stahley to Doyle; Meadows to Taliaferro to Doyle. Bases on balls—off Talbot 1; off Meadows 6. Batter hit—by Talbot. Struck out—by Talbot 6; by Meadows 8. Passed ball—Sturgis. Time—1.40. Umpire—McAtee.

B. U., 7; Navy, 8.

Though doing better work in the field and at the bat than the Midshipmen, Bucknell lost in a twelve inning game to the Navy at Anapolis on Saturday by a score of 8 to 7.

The Varsity is credited with having batted harder than any team that has visited the Academy this season, but the sailors tightened up at critical times and kept Bucknell from scoring the runs that would bring victory. Wyckoff pitched for Bucknell and did remarkably well.

The winning run for the Middies was made in the twelfth inning when Vaiden, first man up for Navy, hit safely, Fisher was safe on a fielder's choice, and the throw to second to catch Vaiden was tardy. Gloved singled cleanly to left and Vaiden cantered home with the winning run.

The Baltimore Sun printed the following comment on the game: "It was a hard game for the Pennsylvanians to lose. Altogether they had a little the better of it all the way, except that they were a bit slow in running bases, and at least two chances to tally a run were thrown away. Also, in justice to the visitors, it must be said that the umpiring was not up to the standard, as they got the raw end of at least three decisions on the bases. Both teams batted hard, but the Middies were more fortunate in getting a hingle or two when most needed.

"Both teams are credited with several errors, but these were offset by some rather sensational plays, the stars being Fisher and Osborne, of Navy, and Hagan, of Bucknell. O'Brien won applause in the first inning by his pretty one-hand stop of Hicks' grounder, getting a runner at first."

ALUMNI JOTTINGS.

Croop, ex-'10, is resident physician at the Hamot Hospital, Erie, Pa.

Lenord Maher, Ex-10, is Asst. Cashier of the First National Bank of Port Allegany, Pa.

Roy Philson, '09, is with the Connellsville Coal and Coke Company with offices in Uniontown.

William Burtnett, ex-12, has returned to Coal Centre, Pa., after spending the winter in the south.

Chas. R. Kurtz, '86, of Bellefonte, Pa., was elected one of the delegates-at-large to the National Democratic Convention.

Dr. F. W. Brown, '96, of Franklin, has recently been elected as a Roosevelt delegate to the National Republican convention.

Tom Foley, ex-12, was married recently at Bellevue, Pa. He is now living at Brownsville, Pa., where he is connected with an engineering corps.

The engagement of Miss Charlotte Hulley, '09, to Louis J. Velte, '10, now at Croser Seminary, has been announced. The wedding will take place in June.

G. A. Riggs, '07, now missionary in Porto Rico, is reported doing good work in his field. Several articles written by him have appeared in the denominational papers.

Professor Willard C. MacNaul, '90, has taken charge of the work in the English History department at Oberlin College. Professor MacNaul has been teaching in the department of social sciences in the Northwestern College at Naperville, Illinois.

Rev. W. H. Mentzer, '72, undertook two years ago to build up the Baptist congregation at Hazleton, Pa. This was a discouraging task in an almost abandoned field. As a result of Rev. Mentzer's efforts the congregation has just completed the erection of a new $12,000 edifice.

DR. HUMPSTONE RESIGNS.

After nearly thirty years of service as pastor of Emanuel Baptist church, Brooklyn, N. Y., the Rev. Dr. John Humpstone, '71, considered one of the best known Baptist ministers in the country, resigned last week. The church was very loath to let him go as pastor, and in order that he might be in touch with the people, the deacons and trustees, indorsed by the congregation with unaminity, voted to him an annuity for life. Dr. Humpstone is not to be pastor emeritus, he stipulating that he did not desire to be thus designated. Poor health is the cause of Dr. Humpstone's resignation.

THIS WEEK'S EVENTS.

MONDAY, MAY 13.
6:30 P. M.—Glee Club practice in Bucknell Hall.
TUESDAY.
7:00 P. M.—Fraternity meetings.
WEDNESDAY.
3:30 P. M.—Tennis meet—Bucknell vs. Gettysburg on Womens' College courts.
8:00 P. M—Glee Club concert in Bucknell Hall.
THURSDAY.
9:00 P. M.—Y. M. C. A. meeting in Y. M. C. A. Hall.
SATURDAY.
2:15 P. M—Baseball—Bucknell vs. Chinese Team of College of Hawaii.
SUNDAY.
9:00 A. M—College Bible Class in Baptist church.

NOTICE.

Bucknell is to meet Gettysburg College on the Institute campus, Wednesday afternoon, May 15, at 3:30 o'clock, in the first 'varsity tennis tournament of the season. It is imperative for the scheduling of future inter-college tennis meets, that Wednesday's game be well attended. Chairs will be arranged about the courts and these are to be rented for ten cents. Do your part and be present next Wednesday.

NOTICE.

All penants collected for the college men's reception will be distributed to night.

Commencement speakers are to hand in the outlines of their orations at once.

ABOUT BALLS
In any game where a ball is used in a competitive way, the official ball always bears the Trade-Mark of
A. G. SPALDING & BROS.
America's National Game is Base Ball—and the Official Ball of the Game since 1878 has been Spalding's "Official National League" Ball.
Writing of the new Cork Center Ball, President T. J. Lynch says:
"I consider that the new Cork Center Ball that you are now furnishing is the best that the National League has ever used. It is a great step forward in base ball construction."
The Presidents of all organizations connected with Sports write likewise.
Our free 1912 Catalogue illustrates and describes Balls for every athletic sport

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU
ALBANY TEACHERS' AGENCY,
81 Chapel St., Albany, N. Y.

THERE IS no necessity of your feeling in the least dissatisfied if you cannot afford to buy your new Spring Suit from one of the expensive custim made tailors.

You can receive from us a Custom Made Suit at a reasonable price that is the equal of the suit you have in mind.

You want an up-to-date serviceable Suit—you want fit and style. That is what we offer in B. STEARN & SON tailoring. If you wish to make a good appearance this Spring, you should not delay, but immediately come to us.

We will show you such a variety of the weaves and patterns, 600 different fabrics, that you will easily be able to satisfy your individual taste.

New York's exclusive tailors who employ only expert workmen, will do the rest.

If you follow our advice, your Spring Suit will be the last word as to fit, finish, and style.

Yours very truly.

EAGLES MERE CONFERENCE DISCUSSED BY Y. M. C. A.

The Y. M. C. A. is at present directing its efforts towards getting a large delegation in line for the Eagles Mere Conference. The regular meeting on Thursday evening was devoted to creating a conference spirit among the fellows. A number of talks were made by the members presenting the various phases of conference life. Brush, '13, who was one of the delegates to the Northfield Conference last year, spoke of the pleasant time and the fun which was enjoyed on "Stunt Day". Waltz, '12, spoke of the meetings which he attended at Northfield. Goehring, '12, also gave a talk showing what a rare opportunity a conference gives one to come in touch with men from other colleges and to exchange ideas with them.

The special attractions of Eagles Mere were discussed by Sprout, '14; Jackson, '13, and Rice, '14. The three speakers agreed that Eagles Mere, with its crystal clear lake, its invigorating mountain air, and its magnificent walks and drives, was an ideal place to hold a summer conference.

Prof. Davis closed the meeting with a talk in which he spoke of the beauties of Eagles Mere, and of the great inspiration which would come from hearing Y. M. C. A. speakers of national reputation. Prof. Davis said that he hoped to attend part of the conference himself and urged every one who could, to attend.

CUP TO BE INSCRIBED

NUMERALS OF WINNING CLASSES TO RECEIVE HONOR.

This year's Freshman class has the honor of having first won the Mirror Cup since it has been found. The class winning the Interclass Meet each year, wins the honor of having its numerals inscribed on the old trophy. The Mirror Cup was bought by the Mirror to stimulate interest in class athletics. It seems however, that the purpose for which it was bought was lost sight of and only the first few classes winning the event have their numerals on it. It would only be fair to have inscribed upon the cup the numerals of the different classes which have won it in past years. In 1910 the class of 1911 won the meet, and in 1911 the class of 1912 was victorious. The numerals of these classes will be placed upon the cup.

FRATERNITY BASEBALL.

Wednesday the Kappa Sigma fraternity was defeated by Delta Theta Upsilon by the score of 4-2. Batteries, Speer and Murray for Kappa Sigma; Fisher and Burleau for D. T. U.

Thursday the Demosthenean easily defeated Kappa Sigma 22-2. Kappa Sigma did not score after the first inning, being helpless before Jeffries' curves. Batteries, Demosthenean, Jeffries and Fetter; Kappa Sigma, Speer and Murray.

Friday, D. T. U. won from S. A. E., score, 11-2. Batteries, Fisher and Burleau, and Zehner and Hoke, respectively.

Saturday, Phi Gamma Delta won from Kappa Sigma 11-10. A rally by Phi Gamma Delta in the last inning by scoring four runs won the game. Batteries, Phi Gamma Delta, Bliss and Winter; Kappa Sigma, Speer and Murray.

Foremost Sale of Muslin Underwear

We stand head and shoulders above all other stores in Milton in the Muslin Underwear line.

1st—In beauty and exclusiveness of design.

2nd—In variety, low, medium and high priced garments.

3rd—In quality, running through the entire line.

4th—In unsurpassed values for the money.

Here are Gowns, Skirts, Corset Covers, Drawers, Combination Suits, etc., for the regular sized lady as well as outsizes for the large lady. We make a specialty in Children's Muslin Underwear at prices less than the mothers can buy the materials and trimmings to make them.

Vudor and Bamboo Porch Screens

Make your porch the reception room during the summer months. These screens make the porch cool, shady secluded and breezy at any time during the day or night.

Vudor Shades are made of the best weather-resisting wood, bound with unbreakable twine such as is used for fisherman's nets. Easy to put up. Any woman can hang them. Colors are stained instead of painted. The most severe rain will not make them run. The slats are of tough wood and won't break.

You can look forward to a summer of comfort if your porch is equipped with a screen.

For an inexpensive screen we are showing a line of Bamboo effects. Come in and get our prices. We know we can please you.

Velvet

THE SMOOTHEST TOBACCO

Like the Lawford stroke, the more you try it the more fascinating is Velvet, the tobacco. The best leaf aged over 2 years—time is the only process. Tobacco matured in this fashion is rare—it's too smooth to irritate or "bite." It's a pleasure to carry such a smoke as Velvet in your pocket—it's extremely companionable! You need it! At your dealers.

BERWICK SUCCUMBS TO BUCKNELL'S ATTACK

INTERESTING GAME SATURDAY.

Wyckoff Scatters Hits of Visiting Professionals.—Heavy Hitting by the Varsity.

The 'Varsity added another victory to the long list already to its credit by defeating the Berwick professional team Saturday afternoon in a rather listless game on the campus by a score of 8 to 2.

On account of the inclement weather experienced during the earlier part of last week the Chinese team of the College of Hawaii telegraphed Manager English a few days before the game that they would not appear here Saturday as scheduled. Attempts to communicate with the yellow-skinned aggregation and assure them that the rain guarantee would be high enough to cover their expenses, proved futile. The Berwick professionals then agreed to fill the date.

The Bucknell team played a clean and consistent game of ball from start to finish and the players seemed to have the ability to right the ball at the times when hits meant runs, a feat that they have been able to perform but seldom this season. Wyckoff did the pitching for the Collegians and kept the hits secured off his delivery well scattered throughout the nine innings. But few times however, was the situation critical enough to bring out the best that is in him.

The visiting team played a steady game with the exception of the second and eighth sessions when the Orange and Blue crew got in some effective hitting that put the professionals more or less in the air and netted the total of eight runs.

Berwick started off in the first with two singles and a sacrifice that scored them the only runs that they were destined to tally in the contest.

The 'Varsity started the merry-go-round in the second with one man out. Two passes on balls, three errors, a purloined sack and three hits permitted five Bucknell men to complete the circuit of the bases. Sturgis tried to score when Logan drove a grounder to Riley, but the latter threw to the plate in time to catch the runner.

In the sixth inning Coughanour, who made his first appearance in the line up since being injured in the Rock Hill game, won a hearty round of applause from the spectators by his one-handed stop of a liner off Riley's bat.

In the seventh with two men down Topham and Logan knocked one-sack bingles and it seemed as if Bucknell would score again. But Capt. O'Brien's fly was caught by Edgar and the side was retired.

A long drive into the left garden by Wyckoff in the eighth gave him two bases and he scored on Cuddy's two-base hit into center field. On trying to score Cuddy was caught at the plate. Three singles and an error netted Bucknell two more runs before the session was brought to a close.

Two of the visitors singled in the ninth inning but both were tagged at the second station on throws from Sturgis at the plate. Davis was out on a bounder which Wyckoff fielded and threw to first.

The score:

BERWICK.

	R	H	O	A	E
Edgar, 3b,	1	1	4	0	1
Riley, ss,	0	0	1	5	0
Hagenbuch, mf,	0	2	1	1	0
Davis, 1b,	0	0	8	1	1
Pawnell, lf,	1	1	1	0	0
Miller, rf,	0	3	0	0	0

BUCKNELL ENJOYS EVENING OF COMEDY

LARGE AUDIENCE IS PLEASED.

Program Arranged By Y. W. C. A. Presents Numerous Amusing Situations.

It was an interested audience that gathered in Bucknell Hall last Friday evening to enjoy "An Evening of Comedy", given under the auspices of the Y. W. C. A of the Woman's College.

From the first tinkle of the bell which announced the opening of the performance until the close of the final scene, there was one continuous round of amusing incidents and situations.

The impersonation of the timid fair sex was well acted by Messrs. Don Sprout, '14, and E. J. Richards, '14; while the shy and uncertain advances of the retiring suitors was realistically handled by Harry X Kelley, '13, and George Middleton, '13.

Fred Igler, '12, as John Small, a talkative little waiter, kept the audience in continued good humor with his facetious remarks.

A sermon, which had for its text that famous old nursery rhyme, "Old Mother Hubbard," was exceptionally well rendered by Samuel Teamer, '12, and brought forth much laughter and applause from the audience.

The other selections on the program came in for an equal share of applause. The program was as follows:

Mr. Benjamin Buzzard, Lucretia's brother, in love at fifty and knows it—Harry X. Kelly.

Mr. Glimmer—a regular "spongling" kind of a spark—Geo. Middleton.

Miss Sallie, a one time servant but now rightful owner of the Buzzard's nest—Edward Richards.

John Small, who knows what he is talking about tho no one else does—Fred Igler.

"Old Mother Hubbard"—a wise philosopher: Samuel Teamer.

"Sissy Hawkins." Sissy herself: Elizabeth Heinsling.

"I'sling the Weed". five innocents:—

Miss Book Worm, she of the intellectual brain—Emma Dillon.

Mrs. Starch, who can't help her military bearing—Marion Shivers.

Aunt Pauline—

Aunt Roberta—

The twiniest of twins who can't be told apart "except they don't look alike." Guardians to Clarissa: Olive Cooper, Mable Brown.

Buds at school because of the fun—Clarissa—Marion Cooper,

Mary, Florence Good.

Fannie, Winifred Miller.

"The Bachelor's Sale—Some of the buyers: Alberta Bronson, Florence Good, Hazel Galloway.

"I Am Glad I Am an Old Maid"—One who missed the sale: Eva Rittenhouse.

"Making Him Feel at Home"—Little sister: Marie Derr.

"White Bait a Greenwich"—Four Fishes and the Cook:—

Miss Lucretia Buzzard, old but with the sixteen year old heart—Don Sprout.

SOPHS ARRANGE COTILLION.

The sophomore class will revive the custom of the annual cotillion given by the second year class, at Riverside Park, Milton, on the evening of June 7th. The commitee in charge of the affair has secured an excellent orchestra of eight pieces to furnish music. All Bucknell students are invited to this informal dance and may obtain tickets from the committee which is as follows: Nicholls, Chairman; Worrilow, Lowther, Glover, Neff, Moore, Criswell, Fullmer, Powell and Musser.

JUNIOR ORATORICAL CONTEST.

The Junior Oratorical contest will be held this year on Wednesday evening, May 29.

GLEE CLUB TREATS MUSIC LOVERS

APPEARS IN SECOND CONCERT.

Individual And Chorus Work Delights Large Crowd In Bucknell Hall Wednesday.

The Glee Club provided a treat for the music lovers of the college and the town when it gave its second concert of the year in Bucknell Hall last Wednesday evening. The program was varied and delightful. The first part consisted chiefly of chorus work. The rendition of "The Heavens Are Telling", from Haydn's "Creation", was of a very high order. The soloists, Miss Sheep, Mr. Van Osten and Mr. Parmenter, made a very creditable showing. "Despairing, Cursing Rage", a second chorus from "Creation", was rendered with good expression in spite of its difficult nature. The violin solos by Miss Armstrong were highly applauded.

The second part consisted of a song cycle, entitled "The Morning of the Year", from Cadman. It is a very pleasing expression of the spirit of spring, and was well interpreted by the quartette, consisting of Miss Sheep, soprano; Miss Stephenson, alto; Mr. Van Osten, tenor; and Mr. Parmenter, bass.

The Glee Club is now preparing for its annual oratolo on Commencement Sunday. This year Haydn's "Creation" will be given by a chorus of more than fifty voices, assisted by out-of-town talent. Rapid progress is being made under the leadership of Prof. Stoltz and a delightful production is expected.

ALUMNI HONORED

TWO GRADUATES RECEIVE UNUSUAL RECOGNITION.

Two Bucknell alumni have recently received special recognition for their excellent work as students in German. Leo L. Rockwell, '07, was appointed Attendorfer Fellow in German from the New York University and Chas Elson, '09, was appointed alternate to the Carl Schurz Foundation Fellowship at Columbia University.

The Ottendorfer Fellowship, to which Mr. Rockwell was appointed, was established about nine years ago by friends of Mr. Ottendorfer, late editor of the New York Staats-Zeitung. It is under the control of the New York University and is given each year to a young American student of German who has ability and preparation to pursue advanced study in the German Universities. The Fellowship amounts to nine hundred dollars a year. The recipient is expected to attend a German University for at least one semester and to publish some original work of research. Mr. Rockwells sails May 21 in company with Prof. McLouth, head of the department of German at the New York University. He will spend the summer at Munich and later probably will go to Berlin.

The Carl Schurz Fellowship at Columbia, to which Mr. Elson was appointed as alternate, is also a very valuable one, amounting to about eight hundred dollars a year. The present incumbent has already spent two years in Germany and has made a number of contributions to German literature. Mr. Elson is a student at Columbia where his work is spoken of very highly by Prof. Thomas, the leading Goethe specialist in America.

D. T. U. DANCE.

Delta Theta Upsilon entertained in honor of Sigma Chi at an informal dance held in the Armory, Thursday evening, May 16. The Grange orchestra, of Muncy, furnished the music for the occasion and their prompt and generous encores were much appreciated by all. The walls of the Armory were decorated with banners appropriate to the occasion. Numerous guests from out of town were present to enjoy the dance.

TENNIS TEAM WINS FIRST TOURNAMANT

GETTYSBURG EASILY DEFEATED.

Orange and Blue Has Little Trouble In Taking Four of The Six Matches.

The 'Varsity tennis team easily defeated the quartet representing Gettysburg College on the Seminary courts Wednesday afternoon. Six matches were played during the afternoon and Bucknell successfully carried off the honors in four of them.

The attendance at the match was even larger than expected. The chairs placed about the courts were filled for the most part with men and fair feminine faces watched the contestants from the many vantage points afforded by the windows of the Seminary buildings.

Prof. Phillips, Jackson, '13, and Fetter, '13, refereed the matches.

In the first match of doubles played Bucknell was represented by W. Harris '14, and James Harris, '12, while the Gettysburg players were Diehl and Fritchey. The Harris boys soon demonstrated that they have not forgotten the fine points of the game and won the match in two fast sets, 6—2, 6—3.

Meanwhile on the other court Moyer, '15, was playing a close and exciting game with Cower, of the visiting delegation. It took three sets to decide the winner.

James Harris had Diehl as his opponent in the next match of singles. The visitor, one of Gettysburg's premier all-round athletes, seemed to have Jim puzzled by his masterful use of the Lafford stroke and won the contest in two matches, 6—4, 6—4.

Walter Harris found Ritchey an easy adversary and with little effort won the two sets required to give him the victory. The score was 6—1, 6—2.

The other match of doubles was played between John Harris, '12, and Moyer, of the Orange and Blue quartet, Cower and Kurtz, of the battlefield school. The visitors played a hard and consistent game throughout the contest but were no match for Harris and Moyer, who won from them with a score similar to that of the first match played, 6—2, 6—3.

John Harris played the final match of the afternoon with Kurtz who showed rare ability in wielding the racquet and John was kept hustling about the court for three sets before he finally won by a score of 6—1, 4—6, 6—2.

CLASS GIVE RECITAL

ELOCUTION GRADUATES APPEAR IN ANNUAL EVENT.

The class completing the course in Elocution gave its recital in the study hall of the Institute last Saturday evening. The program which consisted of ten numbers was of high order.

Miss Anna Reed, who was first on the program, recited "The Besieged Castle," "The Last Token," and "As a Woman Keeps Accounts." By the manner in which she handled the first two of these selections, Miss Reed showed that she was capable of doing justice to difficult pieces. "Taking Care of Other People's Children", recited by Miss Elizabeth Heinsling proved her to be an artist in the portrayal of the comic and the ridiculous. Miss Alberta Bronson's selection "Shirley Rossmore Reveals Herself", taken from the "The Lion and the Mouse," was enjoyed by the audience, in this as in other selections the clear expression made the number impressive. Of the selections recited by Miss Rittenhouse, the one entitled "The Japanese Nightengale" was most appreciated by the audience. Miss Rittenhouse's voice was well pitched and her gestures were gracefully performed.

NOTICE.

Senior Banquet June 14.

EVERYTHING READY FOR THE BIG FAIR

NONE WHO IS WISE WILL MISS.

Friday and Saturday the Armory Will be the Mecca of All in the Amusement Line.

According to the maxim in our old copy books, only the brave were supposed to get the fair, but according to those interested in the Lewisburg Play Ground and Bucknell athletics their Fair is supposed to get everyone. Concerning the second beneficiary, Bucknell athletics, no recommending words need be spoken, for all friends of the students know that, owing to geographical location, the college games played upon the campus cannot be made to pay unless prohibitive admission fees be charged. Thus it is seen that by largely and liberally supporting the Fair which is to be given by the Play Ground Commission and the Bucknell Athletic Association in the Armory May 24 and 25 we shall not only be enjoying ourselves but at the same time doing a "double header" in the philanthropy line.

The first thing in the program as arranged by the general committee under the leadership of Mrs. Matlack is called Cateteria. Now that's a poser. Try your ordinary household dictionary on it and you will find this word among the missing. We asked a high brow what the word meant and he said it looked like bacteria and might be a biological term; then we sought information from an ordinary low brow and he guessed, looking only at the first part of it that it meant eats. The best way to find out all about it is to get some money in your pockets and come to the Armory

Next we have the Bohemian Booth. Here also we have some mystery. Sherlocko dopes it out thus: The Bohemian Booth is in charge of Miss Scott—Miss Scott is an artist—artists are Bohemian—so therefore!

And now we come to the Candy Booth, which will probably be presided over by the Girls' Greek Letter Societies. Just how ladies conduct themselves when doing business at this booth we do not know, but gentlemen the supposed to choose one of the attendants, either at random or by predilection, purchase two pounds of fudge from her and then have this attendant relieved from her onerous duties to go to a cozy corner with the purchaser to eat the fudge.

According to Mrs. J. F. Kurtz and Miss Mary Stanton, who have charge of the Rummage Sale, it is not always best to "let by-gones be by-gones" indeed, sometimes we ought to buy them over again.

Now, here we have something entirely new—the Klondike. This is the real thing—claimed, laid out, grubstaked, and salted by the College Girls under the leadership of Miss E. Zeigler. This diversion has Fish Pond and other such amusements beaten to a frazzle. As a little bit of inside information, the audience may be interested in learning that the young lady prospectors do not work their claim, they work only prospective miners.

Mrs. E. Matzke is training a young company of Woodland Players some May Pole dances and Mother Goose Pantomines which are certain to afford pleasure to the beholders and pleasure and profit to the players.

The Vaudeville will be in charge of Spriggs Sprout and it will be a shouting success; to be convinced of this we need only remember that this young gentleman was both Business Manager and Assistant Business Manager of the recent Bucknell Minstrel Show.

And finally the Fortune Tellers will be young ladies from the college and town. These young ladies may be consulted as to why? when? where? what? Roosevelt? Taft? and all the other important questions of the day— even Lewisburg's great burning question—"Why can't we have better gas?"

An X in the vacant space opposite this reading, indicates that your subscription is due. Will you please remit?

MONDAY, MAY 20, 1912.

Those in charge of the bazaar and supper to be given in the armory on Friday and Saturday of this week, have been laboring faithfully for a month that this event might be an unprecedented success. The committee of ladies from the town have shown such interest in the event, which is to profit the Athletic Association of the college, that it must needs receive the hoped-for support from the students of the university, as a token of gratitude. It has been suggested that the different fraternities, eating clubs dispense with their regular supper Friday evening and dine in style at the bazaar. In view of the object of the event, this suggestion merits general approval.

Remarkable recognition has been given to Leo L. Rockwell and Charles Elson, two recent Bucknell graduates, for their work in the field of German. The Ottendorfer and Carl Schurz Fellowships are probably the highest honors given in America for successful graduate work in this field. That two Bucknell graduates should receive these highest honors reflects honor upon the institution and the departments in which Messrs. Rockwell and Elson obtained their early training.

The tennis tournament wih Gettysburg College was generally appreciated by the student body. Next year the Varsity team will play a return match at Gettysburg. The fact that Gettysburg had defeated Dickinson previous to the Gettysburg-Bucknell tournament speaks well for the ability of the Varsity players.

COMMUNICATION.

The Intercollegiate Magazine in one of its late issues presents the query, why should there not be an Intercollegiate Press Association? There is no reason why there should not except the fact that no one as yet has undertaken the initiative of such a movement. Student organizations for almost every conceivable purpose exist in the colleges of our country and there are a number of press clubs. These exist as separate societies in seperate schools and have nothing in common except a like name and purpose.

Considerable interest has been aroused in journalistic work by the endowment of the Pulitzer School at Columbia. Therefore this seems an especially favorable oportunity for some progressive school to inaugurate a movement to establish an I. P. A. The value of such an association is quite obvious and would he especially grent in schools which as yet have not been fortunate enough to have established departments of journalism Press work at present holds an important place at Bucknell and there is every reason to believe that we have here a sufficient number of interested stu- to organize such a plan.

SUBSCRIBER.

REV. A. J. ROWLAND HONORED.

Unusual honors were accorded Rev. A. J. Rowland, '62, now and for many years a secretary of the Board of Trustees of Bucknell, at the weekly meeting of the Baptist ministers in the First Baptist church, Philadelphia, when he was made the honorary guest of the occasion, because of his having completed 50 years in the ministry of the church.

In an address entitled "Fifty Years a Minister," Dr. Rowland gave an outline of his life as a preacher, which was interpersed with a number of thrilling and interesting anecdotes. Dr. Rowland was born in Rochester, and attended a theological seminary of that city. He was ordained in 1862, and shortly afterward entered the army, where he was later commissioned as chaplain of the One Hundred and Seventy-fifth Pennsylvania Volunteers. At the conclusion of the war he went to Cincinnati, where he took his first charge as pastor of the Mt. Auburn Church. He later was transferred to Baltimore, where he remained for twelve years. He was then given a charge in Philadelphia, where he remained for 30 years, and where he became popularly identified with church extension work. His last charge was the Tenth Street Church, Philadelphia, from which he was recently retired. He is at present secretary of the American Baptist Publication Society.

ADDRESSES Y. M. C. A.

Dr. Phillips spoke in Y. M. C. A. on Thursday evening using as his theme, "What abides and what is worth while in life." Prof. Phillips introduced his talk by showing that many lives are only defeats. Defeat in life comes before one is thirty years old and is the result of placing the emphasis in life upon the wrong things—upon things which do not abide. Among the things which do abide in life the speaker named religion, some of our social experiences and our friendships. He said that one should cultivate the power to set aside that which is not of value and to hold to that which abides.

PHI GAMMS WIN IN BASEBALL.

Saturday morning Phi Gamma Delta met the Demosthenean nine and defeated them by the score of 10-9. The game was featureless till the ninth inning when the Demosthenean secured a run which tied the score, making it 9-9. The determination and the luck of the "Phi Gams" seemed to rally just at the opportune moment. With two men down and two men on bases, Neff hit into right field bringing in one of the runners. Battery for Phi Gamma Delta, Bliss and Winter; for Demosthenean, Sellers and Fetter.

MISS KERCHNER SINGS.

On Thursday evening Miss Rice presented her pupil Miss Elizabeth Kerchner in her senior song recital. Miss Kerchner's voice is sweet, high and clear soprano, which while not powerful carries extremely well. Among her best numbers were "Nobi Donna" (from Les Hugenots) by Meyerbeer, "With Verdure Clad" by Hayda and "Hark, Hark, the Lark" by Schubert. The song-cycle was especially pleasing. Miss Kerchner's work shows careful study particularly in her execution of sustained tones and lighter runs.

NOTICE!

Courses leading to B. D. degree, and special provision for postgraduate students.
More than one hundred Newton men have served as foreign missionaries. Special courses are offered on missionary history and methods.
The proximity of the seminary to Boston and Cambridge makes it easy for students to attend lectures by eminent specialists and the Lowell Institute courses.
There are many opportunities for engaging in missionary and philanthropic work by which students acquire clinical experience and contribute to their self-support. Address
GEORGE E. HORR, President, - - - Newton Centre, Mass.

Leaving for the Holidays
The trip is often long. You'll relieve your monotony with Fatima Cigarettes.
20 for 15 cents
With each package of Fatima you get a pennant coupon, 25 of which secure a handsome felt college pennant (12x32)—selection of 100.

ALUMNI JOTTINGS.

Prof. A. Wilson Geary, '98, who died this week at Patterson, N. J., where he was a public school instructor for five years was professor of chemistry in the Carbondale High School previously to going to New Jersey.

The faculty of the Lewisburg High School will include two more Bucknell graduates next year. Miss Eliza J. Martin, '09, is to be in charge of the instruction in German and Harry S. Everett, '12, is to teach science.

Harvard Griffith, '07, is pastor of the Baptist church at Port Allegheny Pa., where he has been located since his graduation from Rochester Seminary in May 1910. All reports indicate that he is meeting with much success in his first charge. He recently delivered three Sunday night lectures on Socialism, which attracted much attention. Many requests have been made for this lecture, from near by towns, and it has already been given in several places. The lecture is not a political speech but is simply an explanation of Socialism. Mr Griffith has received an invitation from the Labor Council of Olean, N. Y., to speak in the local opera house, at a memorial meeting he is also to be the orator of the day at the Port Allegany Decoration day exercises.

THIS WEEK'S EVENTS.

MONDAY.
6.30 P. M.—Glee Club practice in Baptist Church.
TUESDAY.
7.00 P. M.—Fraternity meetings.
THURSDAY.
7.30 P. M.—Glee Club practice in Baptist Church.
9.00 P. M.—Y. M. C. A. meeting in Y. M. C. A. Hall.
FRIDAY.
Bazaar and Supper in Lewisburg Armory.
SATURDAY.
2:30 P. M.—Baseball, Bucknell vs. Philadelphia College of Osteopathy.
Bazaar and Supper in Lewisburg Armory.
SUNDAY.
9.00 A. M.—College Bible Class in Baptist Church.

DR. HILL'S WORK IN FRENCH.

M. Boutroux has laid before the Academy of Moral and Political Sciences a French translation of the "The World Organization and the Modern State," recently published by Dr. David Jane Hill, ex-American Ambassador to Germany.

The translation is the work of Mme. Boutroux, a sister of Henry Poincare, the French Academician.

The translation is preceded by a preface from the pen of Louis Renault, who, like Dr. Hill, was a member of the last Hague Conference and one of the most active and able organizers of its deliberations.

INTERCOLLEGIATE.

Brown has abolished basketball as an organized sport.

Chicago has a Chinese library of 36,000 volumes—the largest outside of the Orient.

Wireless communication is about to be established between Michigan State and Ohio State.

Ohio State has compiled statistics which show that $1,690 is the average amount spent therein obtaining a degree.

Ohio state had a May pageant representing the different stages of its history in which over 700 students took part.

Of the senior class at Princeton one-twentieth are eligible to be elected members of the honorary fraternity Phi Beta Kappa.

Statistics concerning the 1909 class of Wellesly College show that of a class of 200 young women, 245 were married in 1910.

Princeton has a farm on which the students may work during the summer for which they are paid two dollars a day.

The major sports of Cornell University show a loss of $6,000 for the year ending August 31, 1911. Baseball and football were the only branches which were self-supporting.

All records for the number of failures have been broken at the University of Minnesota as a result of mid-year examinations. The registrar reports that nearly six huundred students are deficient in their studies.

ABOUT BALLS
In any game where a ball is used in a competitive way, the official ball always bears the Trade-Mark of A. G. SPALDING & BROS.
America's National Game is Base Ball—and the Official Ball of the Game since 1878 has been Spalding's "Official National League" Ball.
Writing of the new Cork Center Ball, President T. J. Lynch says:
"I consider that the new Cork Center Ball that you are now furnishing is the best that the National League has ever used. It is a great step forward in base ball construction."
The Presidents of all organizations connected with Sports write likewise.
Our free 1912 Catalogue illustrates and describes Balls for every athletic sport

ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

HILL GOSSIP

Coll, '12, made a short trip to Philadelphia.

Elson, '09, was the guest of Prof. Riemer last Saturday.

Hean, '12, spent the week end at his home in Harrisburg.

Bertolette, '14, entertained a few of his friends over Sunday.

Moyer, '15, spent the week-end with friends in Montgomery.

S. K. White, '13, spent several days last week at Gettysburg.

Reitz, '14, entertained H. T. Heenon, of Trevorton, over Sunday.

Parmenter, '14, has been entertaining his father for several days.

O'Brien, '12, attended a dinner in Williamsport last Thursday evening.

C. A. Fryling '13, returned Saturday after a week's visit in New York City.

Thomas Wood, '05, of Muncy, spent Saturday with his Phi Gamma Delta fraternity brothers.

James A. Tyson, '11, of Williamsport, spent several days with his S. A. E. brothers last week.

Clyde Runk and Edgar Roehr, of Harrisburg, visited the former's brother, Runk, '15, over Sunday.

Sayer, '03, was back on a visit for a few days last week. He is a Junior in the Jefferson Medical School of Philadelphia.

WOMEN'S COLLEGE

Grace Fries entertained her sister, Miss Fries, over the week end.

Ruth Lenington, '15, spent Saturday at her home in Scranton.

Miss Anita Sheep, of Milton, was the guest of Marion Rogers on Friday evening.

Lois Baer, ex-'13, and Helen Bartol, '13, took dinner at the Institute on Friday evening.

Dr. and Mrs. Bronson were here to attend the elocution recital given on Saturday evening.

Mrs. Kaiser spent a few days at the Institute as the guest of her daughter, Emma Kaiser, '12.

Mrs. Harmon, of Montoursville, spent the week end with her daughter, Marion Harmon, '14.

Miss Juanita Heinsling, of Altoona, is spending a few days with her sisters, Ruth and Elizabeth Heinsling.

Mrs. Miller and Mrs. Ott, of Bridgeton, N. J., have been visiting their daughters, Winifred Miller, '15, and Helen Ott, '14.

ELECTRICAL SOCIETY MEETING.

The Bucknell University branch of the A. I. E. E. held its regular meeting in the lecture room of the physical laboratory on Wednesday evening, May 15. The meeting was addressed by Roland K. Hoke, '15, on the subject of Hydro-electric development in Porto Rico. Mr. Hoke was for some time an employee of the company making these developments and is thoroughly conversant with the plans of development and the difficulties encountered in the construction and operation of the system.

The address was well illustrated with lantern views showing location of the electrical plant, topography and vegetation of the island, the particular location where the transmission line is constructed. A brief account of the capacity of the plant was given together with a description of its proposed extension and the difficulties encountered in the construction line in that particular climate. The meeting was well attended and the address very much appreciated.

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, MAY 27, 1912. NUMBER 31

BUCKNELL HAS BATTING FEST

COLLEGE OF OSTEOPATHY EASY.

Varsity Secures Thirty-four Hits Off Visiting Pitchers.—Wyckoff Fractures His Leg.

The game with the team representing the Philadelphia College of Osteopathy on the campus Saturday was the easiest victory that the Varsity has encountered in several years, and did not even prove to be a good practice game for the Orange and Blue players.

As soon as the contest began Bucknell realized what an extremely weak adversary she had and the men began to knock the ball to all corners of the lot, the big majority of the bingles falling or rolling into safe territory. The almost continuous running of bases by the home boys reminded many of the spectatory of a track meet rather than of a baseball game. Long hits were secured a'plenty, the Varsity being credited with five of the three-base and seven of the two-sack variety. Topham drove a beautiful home run into middle field in the second inning.

Hagan began the game as pitcher for Bucknell but was replaced in the third by Talbot who handled the situation from the mound for two innings. Neither twirler allowed more than three men to face him in any inning. Buffington then finished the game in good style, keeping the few hits secured by the visitors well scattered with the exception of the seventh session, when a three bagger followed by a single scored the only run made by the embryo Osteopaths.

While sliding into second base in the eighth inning Wyckoff had the misfortune to fracture one of the bones of his leg near the ankle, an injury that will keep him out of the game for some time. He is one of the most dependable pitchers and fielders on the Varsity squad and his loss will be keenly felt in the hard games remaining on the schedule.

The score:

KAPPA SIGMA ENTERTAINS.

The Pan-Hellenic fraternities were entertained at a dance by the local chapter of Kappa Sigma at Riverside Park, Milton, last Wednesday night. The Grange Orchestra, of Muncy, furnished the music. Special trolley cars conveyed the guests to and from the park. The patronesses were Mrs. Wm. Forster, Mrs. B. W. Griffith, Mrs. T. D. Baker, Mrs. P. B. Linn and Mrs. Wm. Lelser.

PROF. RIEMER SPEAKS

EXCELLENT ADDRESS BEFORE Y. M. C. A. THURSDAY.

"Spiritual Ideals of Modern Germany" was the subject which Prof. Riemer chose for his talk before the Y. M. C. A. on Thursday evening. The speaker said that there is in German life many contradictions. There is in some parts of the empire a conflict between the church and the state. Another contradiction in German life is found between the monarchial and the socialistic spirits. The principles of the German socialists are very different from the principles held by the American socialists. German socialists are not contending for equality of wages or for equal distribution of wealth, but they are contending for freedom and equal opportunity. Prof. Riemer said that another great contradiction which we in America cannot understand is the class spirit which exists there.

Perhaps the greatest contradiction, however, is in the inner life of the individual. The German church has ceased to solve the moral problems of the age and has thrown the solution of these problems back on the people themselves. The speaker said that the church in Germany had completely failed to keep space with the intellectual growth of the nation. The result of this has been that a new sect has come into existance which emphasizes just the things that the church failed to emphasize. This new sect believes in humanity and interests itself in the inner life of the individual. It has faith in the inmate goodness of the human race. It maintains that the best way to serve God is to serve one's fellowmen. It believes that humanity is slowly tending towards the divine. This new sect has disregarded the plan of salvation laid down in the Bible and holds that redemption lies within the individual's own self. Later leaders have added to the creed a great sympathy for humanity. They feel, or claim to feel, humanity attempting to raise itself to higher levels.

Dr. Riemer said that this new humanism had affected all phases of life in Germany. Poets, musicians, teachers, preachers, professional and business men, men of all vocations have felt the influence of this new thought. It has practically changed the religious belief of all Germany. They have now formulated a creed and adopted a religion, the principles of which, they claim, are so broad that they will harmonize with any and every new conception of life and of the universe which may originate.

THE FAIR A SUCCESS.

The Bazaar and Supper was a decided success. One hundred dollars was realized for the Playground Fund of the town, and as far as is known, the Bucknell Athletic Association will realize a greater amount. Late Saturday night an auction sale was held at which the unsold effects were disposed of at the most unheard of rates. Such material as could be saved was retained for another event of a different nature to be held next year.

RINGGOLD BAND FOR COMMENCEMENT.

Mr. Althouse, the leader of the Ringgold Band of Reading, called on P. G. Stolz and made final arrangements for the Twilight Concert, the Alumni and Class Play musical programs. The Ringgold is one of the best bands in the state, and only music of professional interpretation and rendition may be expected.

SENIOR BANQUET ON JUNE 4.

The Senior banquet will take place at the Cameron House on June 4th and not on June 14th as was announced in last week's edition.

Freshmen at Princeton are required to learn to swim. Two hundred yards is the minimum distance which they must cover to meet this requirement.

ALUMNI BANQUET IN DISTANT CHINA

DR. SHIELDS SENDS THE WORD.

Letter Tells of Frightful Conditions Seen by Missionaries in the Chinese Realm.

A letter received by relatives of Edgar T. Shields, '01, who is engaged in missionary work in China, tells of a banquet of Bucknell alumni at Shanghai. Those who attended were: Rev. Frank Rawlinson, '99, and wife; Rev. Chas. Keene, '99, and wife; Miss Norris, who is engaged in rescue work at Shanghai, Miss Goddard, daughter of Dr. Goddard of Ningpo, and sister of Dr. Frank Goddard of Shoaling, Rev. Hylbert of Ningpo; Rev. and Mrs. Chas. L. Brumley, Charles Harvey, '09, Y. M. C. A. Secretary at Tien Tsin, and Dr. Edgar Shields and wife. Rev. Rawlinson is under the Southern Baptist Board and has a boys' school at Shanghai. He was one of the teachers at the Union Language School as was Rev. Chas. Keene, who now has a boys' school at Kenlohn.

Ningpo, China, March 3, 1912.

"We are here for another two days; when we go back to Shanghai I will either go into Famine Relief work, if the need is as urgent as it has been lately, or will start in a course of surgery at the Harvard School of Medicine, in Shanghai.

"Famine conditions are terrible indeed at present time, and unless help comes soon, many thousands will die in the next few weeks.

"I visited the Ningpo Baptist church today at noon, and on our way back home we passed one of the cemetery plots where the natives bury. Here I actually saw the Baby Tower where they throw the dead babies; it was about half full of the little bodies wraped only in matting, or thrown in frail little wooden boxes, offering no protection from the dogs or weather. We chased away some dogs from a half-eaten carcass of a half grown child. Awful conditions here! But contrast this scene with what christianity has done for the 99 or more school girls I saw at church today: bright-faced, sweet-voiced, and unbound-foot girls whom one would be glad to associate with anywhere.

"Conditions are improving, but not wholly peaceful yet. In the last seige, a shell burst in our parlor, splintered the floor, breaking some vases, etc., besides hurting some of the men who had taken refuge down in the room below."

L'AGENDA APPEARS

SOME NEW FEATURES IN JUNIOR BOOK.

The 1913 L'Agenda made its appearance Saturday. A number of new and interesting features are to be found in this year's book.

As was previously announced, a number of the books this year are bound in soft leather. The color of the leather is dark blue and the word L'Agenda is pressed horizontally in the upper left hand corner. The lower part of the cover contains the Bucknell seal and the numerals "13." The leather cover is an entirely new feature in the L'Agenda and is successful.

In the athletic department a review is made of each branch of sport for the year and there are also short sketches of men who have been most prominent in athletics at Bucknell since its foundinz.

The calendar furnishes one of the most interesting sections of the book, giving an account of the happenings of each day from March 28, 1911, to March 20, 1912. The illustrations and cuts are unusually good both in their artistic work and in originality of design. The book is dedicated to Hon. Albert W. Johnson, '96, the President Judge of Union County.

—Senior rehearsals will begin next week.

COSTLY ADDITIONS

SCHOLARLY WORKS SECURED FOR THE LIBRARY.

Some additions worthy of special mention have recently been secured for the college library through the efforts of the heads of the language and literature departments.

The new Oxford English dictionary, the most exhaustive work of its kind ever printed, is perhaps the most valuable of these new additions. This splendid work comprises, in full, eleven volumes of from thirteen to sixteen hundred pages each, and cost about one hundred and forty-five dollars. It is a dictionary on historic principles founded mainly on materials collected by the Philological Society and edited by James Murray, sometime president of that society, with the assistance of many scholars and men of science.

The collection of materials for the dictionary was begun by the Philological Society in 1857, and in 1879 work was begun on the preparation of the materials thus far collected. The work of collecting and classifying was carried on by volunteers, mostly in Great Britain, but also a large number in the United States, of whose work Prof. F. A. March, of Lafayette College, was in charge. Dr. George M. Phillips, Bucknell, '71, also spent many years in this preliminary work.

In 1882 the first volume was printed at the Clarendon Press, Oxford, and the other volumes followed at intervals of four or five years till 1912 when the seventh was completed The remaining three volumes will be completed during the next ten years

The aim of the dictionary is to furnish an adequate account of the meaning, origin, and history of English words now in general use, or known to have been in use at any time during the last seven hundred years. It shows, with regard to each individual word, when, how, in what shape, and with what signification, it became English; what development of form and meaning it has since received; which of its uses have, in the course of time become obsolete, and which still survive; what new uses have since arisen, by what processes, and when. These facts are illustrated by a series of quotations ranging from the first known occurrence of the word to the latest, or down to the present day; the word being thus made to exhibit its own history and meaning. Each word is treated strictly on the basis of historical fact, and in accordance with the methods and results of modern philological science.

Some of the other new works at the library are the first two volumes of a lexicon of the Latin language in five volumes; an encyclopedia of classical antiquities in eight volumes, and the new eleventh edition of the Encyclopedia Brittanica in twenty-nine volumes, costing one hundred and sixteen dollars.

PROF. COLESTOCK GOES FISHING.

The local deelples of Izaak Walton were compelled to sit up and take notice last Saturday a week ago, when Prof. Henry Colestock of the College returned from a fishing trip in the upper end of the county with a beautiful trout measuring over eighteen inches. A local paper said of this momentous event which will no doubt add an item of interest to the curriculum of the History Department: Prof. Colestock had some nice ones in his fishing creel which he displayed with the air of a conquering hero.

JUNIORS TO CONTEST.

The annual contest of the Junior class in orations of their own production will be held on the eve of Memorial Day, May 29, in Bucknell Hall An excellent program has been arranged by the young men, assisted by musical talent from the Department of Music.

BUCKNELL FAIR BIG AS EVER

AND LARGE CROWDS ATTENDED.

Substantial Sum Realized for the Athletic Association and Playground Fund.

For the benefit of any persons who did not have the time and money to spend at last week's Bazaar and supper, we perhaps would better describe and locate the different features, and, if you please, we will imagine ourselves members of a personally conducted European tour, or if that be too heavy a task, let us imagine ourselves comfortably seated upon the upper deck of a Fifth Avenue Rubber Neck Wagon.

Now, ladies and gentlemen, as we pass thru these stately portals, out from which have gone our brave soldiers to battle with typhoid fever and the enemy (this, of course, means that we are going thru the front door of the Armory), your attention is invited to the Cafeteria which you see upon the right, extending the full length of the building. Observe with wonder the mighty cascades of eats, befilled with thrills of the coffee in rills. In order that visitors might enjoy this feature to the full, and till they were full, Mr. Steans and her corps of galdes were out each day as early as five o'clock.

Now passing from the Cafeteria we come to the end of the Bazaar, we come to the end of things in general, that is, the Rummage Sale. Here we behold the remnants and ruins of erstwhile glory. Antiquity is not always so freely for sale and we will linger here for a moment to give an opportunity for the purchase of souvenirs.

Next we come to the Art Booth. This, ladies and gentlemen, is not for description but for enjoyment, quiet enjoyment, and calm consideration, consequently our guide will seize this opportunity to recharge his warm atmosphere apparatus.

Let us proceed now to this wild western bit of romantic realism labelled the Klondike. If you don t have sand enough to be a sport, this contrary to what you might suppose, is just the place for you, for money was surely made here, but by the mine-ladies who were running it of course, and not by the innocent bystander.

Behold now the Advertising Booth! This is a new creation, beyond any feeble attempt to expound.

And now let us all be taken into camp—the Gipsy Camp. No, of course, these are not real gipsies—real gipsies scorn the use of manicuring implements, but these make believers are much more enjoyable than the real Romany.

Finally we come to the reformed fumoir—this is the place in which the young men attending dances, smoke cigarettes while their partners entertain the chaperones or some of the other girls. There was no smoking in this room during the fair, but it was smoking hot in there, however, the vaudeville being so distractingly funny that all troubles and annoyances were forgotten.

We have now made the grand tour and yet there is more. Out on the Armory Green—grass plot, that is, in a large and commodius cavass tent Mrs. Matzke's Open Air Players glided gracefully through Maypole mazes and pantomimically presented the Rhymes of Mother Goose. These performances, and likewise the vaudeville stunts began at 8 o'clock and were repeated each twenty minutes or half hour.

GLEE CLUB NOTICE.

There will a slight change in this week's practice for "Creation." On Monday the time is 7.30 and on Wednesday at 6.30. Both rehearsals will be held in the Baptist Church.

An X in the vacant space opposite this reading, indicates that your subscription is due. Will you please remit?

MONDAY, MAY 27, 1912.

A MALADJUSTMENT IN TRACK.

The outcome of the Inter-Class and the Sophomore-Freshmen track and field meets, insofar as the college letters awarded is concerned, points to a maladjustment of the standards necessary for this honor. Seven men have been awarded letters for the first time as a result of these contests. Three men who obtained letters in inter-collegiate contests in previous years, excelled the standards set for the varsity letter.

The idea of awarding the college letter for successful work in track had its beginning in the desire of those in charge of Bucknell athletics to encourage field and track work at the college in the absence of a 'varsity team, to develop athletes, and to furnish incentive for students interested in this line of activity. The Executive Committee of the Athletic Association set certain standards, which when attained gave the successful candidate the right to wear his track "B". It was believed that the chance of winning a 'varsity letter would be incentive enough to urge long and faithful training on the part of candidates. Some observations on the contests point to a slip from the original intention.

In the first place, the standards have been placed far too low for the desired results. In the effort to interest the students, the value of the college letter was lost sight of. The requirements at Bucknell Academy for the school letter in the quarter mile is 59 seconds. The corresponding time for the same honor at the college is but one second lower. Again the required time in the 100 yd. dash at the Academy is 10 4-5 seconds; at the college the standards set by the Executive Committee award a track "B" at 10 3-5 seconds in this event. In other events the college and the academy requirements for letters are correspondingly similar. Letters are awarded at the two institutions for almost a like amount of work on the track.

There is also the case to be cited of a 'varsity letter awarded in the Sophomore-Freshmen meet last week to a candidate, who in two years was unable to obtain his class numerals. He obtained his 'varsity letter, however, when he took a third place in last week's meet.

The primary idea in the minds of those in charge of track work was to place a premium on faithful training by awarding a varsity letter when the standard was attained as a result of such work. Here again the original plan has gone astray. Men obtained their track "B" after doing a disgracefully small bit of previous work on the track. In only a few instances did the 'varsity letter come as a reward for unceasing and faithful training. Too often the candidates appeared for the first or second time on the track to contest for the college letter.

There is plenty of argument why the standards necessary for the college letter on the track should be readjusted. The value of the letter has been such that it was to be obtained only after the most faithful work. Corresponding training should be required on the track to that given the other branches of the athletics of the college. Higher standards will require that training.

The idea of giving a track "B" for faithful work in track and field is certainly a good one. Such work must needs result in capable material for 'varsity track teams in the future. The maladjustment must be changed to attain this object.

A final word of appreciation is due those who contributed toward the success of last week's Bazaar and Supper. Professor Griffith of the Bucknell Athletic Association took upon himself the supervision of the affair as a whole. The ladies of Lewisburg interested in the Playground Association, as well as the friends of the movement to obtain a playground for the children of the town, had the success of the Fair at heart from the first and labored faithfully with that in view. Finally the students contributed time and money. The girls of the Woman's College and the student committee did not spare themselves in the interest of the affair. The spirit displayed by all those who contributed towards last week's event is worthy of appreciation.

SINGERS COMING

NOTED ARTISTS IN COMMENCEMENT ORATORIO.

Bucknell can feel itself very fortunate that the services of Mrs. Cox, Mr. Sutton, and Mr. Allen have been secured as soloists for the Oratorio "Creation," to be given on Sunday, June 16th, by the Bucknell Oratorio Society.

Mrs. Cox's reputation as a dramatic soprano is well known to the New York, Philadelphia and Harrisburg people, and she is considered especially successful in concert and oratorio work.

Mr. Allen is very good, having a lyric tenor voice of purity and strength. He has studied in Paris.

Mr. Sutton has just recently returned to Harrisburg from New York where he studied under Oscar Saenger. Mr. Sutton's voice is the kind that brings him back to sing for people time after time.

Another important phase, that assures sympathetic and successful work by the soloists, is the fact that all are members of the same church choir, the Pine Street Presbyterian, the highest paid choir in Harrisburg.

The rendition of "Creation," a wonderful exponent of the musical classics, will no doubt be one of the greatest musical events of the commencement program.

NOTICE, COMMENCEMENT SPEAKERS.

It is desired that all commencement speakers make abstracts of about two hundred words of their orations. These abstracts, together with the cuts of the speakers, are to be handed as soon as possible to the editor of the Orange and Blue.

THE
Spalding Ball
was adopted by the National League for twenty years, because we recognized it as the best ball made. We have used it satisfactorily for thirty-four years. The NEW CORK CENTER BALL introduced for the first time last year and used in the World's series, we to be the only ball for the future, and it is absolutely the best ball that has been used by the National League in its history."
Signed, Sec. of Nat. League.

Eastman
CAN HELP YOU
If you want employment and can afford to prepare for a paying position
GOING INTO BUSINESS?
Then investigate EASTMAN before you decide on your college. Consider what it will mean to you to begin business "full panoplied" as Minerva sprang from the head of Jove—equipped BEFOREHAND with what most college men and women have to learn after graduating through a long, painful, poorly paid or costly apprenticeship.
EASTMAN teaches all that is essential to training for business—during college life, a wholesome, energizing experience, affording, time and money considered, just as much of all the cultural activities—physical, intellectual, and social—while you are in college, and very much more after you are through.
For EASTMAN graduates are ready for work and are not obliged to hunt aimlessly for "something to do." Positions are offered them promptly, and they earn higher salaries at the start and advance faster and farther up because they KNOW BUSINESS before they begin. The prospectus of the school will tell you what is taught—and how.
Write today for interesting and inspiring publications. "There are many business schools but only one EASTMAN."

With each package of Fatima you get a pennant coupon, 25 of which secure a handsome felt college pennant (12x32)—selection of 100.

OLYMPIC GAMES

RECORD DAY FOR TRACK SET FOR JUNE 12.

For Wednesday, June 5th, at 4:15 an interesting series of contests has been arranged. The principal event will be the Pentathlon, consisting of the 100 yards dash, the mile run, throwing the discuss, hurling the javelin, and the broad jump. Each contestant will be given a percentage in each event according to the standards of the A. A. U. The one making the highest number of points will be the champion all-round athlete of the college, for he must be quick and have endurance, and be strong in body, arms and legs.

In addition to the classic Pentathlon there will be the hitch kick, the three-legged race, tossing the caber, heaving the 56, the old fashioned hop, step and jump, and pole vault for distance.

Students may enter any or all of the above events. Men who have made their "B" will be expected to continue in training preparatory to Record Day on June 12. At that time any student may try to break a college record, his own record, or to win a "B". Certain of the standards set will be changed next year according to the experience gained this year. So far a number of excellent athletes have been discovered whose services will be in demand when inter-collegiate relations are resumed.

THIS WEEK'S EVENTS.

DR. NESBIT MAKES EXPERIMENT.

Results of a series of experiments with a "poison squad," composed of students of Hahnemann Medical College, to determine the effect on the human system of caffeine, which is found in coffee, are to be made known by Dr. Edwin Lightner Nesbit, '99, at a meeting of the Academy of Medicine soon.

Dr. Nesbit, who is director of the Constantine Hering laboratory of the college, where the experiments were conducted, is not at liberty to give out any facts before the reading of his paper at the medical society meeting.

Caffeine is said to bring on severe attacks of nervousness, irritability and insomnia. To learn to what degree it is responsible for such attacks, the "poison squad," similar to that employed by Dr. Harvey E. Wiley, former chief of the bureau of chemistry, to test the purity of drugs and food, was organized by Doctor Nesbit.

The members, who were given caffeine in small quantities, were kept under strict watch. Everything they did and every pain or ache that developed was carefully jotted down.

Harvard University has just received an important bequest in the form of a high-tension electrical laboratory, which is expected to outrank everything of its kind in the world. A transformer will be constructed which will be able to deliver an alternating current at 1,000,000 volts, a far higher voltage than has heretofore been possible. The direct current supplied will be 100,000.

ABOUT BALLS
In any game where a ball is used in a competitive way, the official ball always bears the Trade-Mark of A. G. SPALDING & BROS.
America's National Game is Base Ball—and the Official Ball of the Game since 1878 has been Spalding's "Official National League" Ball.
Writing of the new Cork Center Ball, President T. J. Lynch says:
"I consider that the new Cork Center Ball that you are now furnishing is the best that the National League has ever used. It is a great step forward in base ball construction."
The Presidents of all organizations connected with Sports write likewise.
Our free 1912 Catalogue illustrates and describes Balls for every athletic sport

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year.

HILL GOSSIP

Potts, '13, entertained his father and brother the past week.

Tomorrow afternoon Bucknell Academy will meet the Lewisburg High School in a track meet on the athletic field.

Paul Snyder, '11, of the Mifflinburg High School, was a caller among his old college chums in the town last Saturday afternoon.

Ralph R. Tyson, ex-'14, has been the guest of his S. A. E. brothers for a few days. Tyson has just finished his year's work at Jefferson.

Bucknell Academy won an interesting ten-inning game from the Newberry baseball team on the college campus Friday afternoon. The final score was 6-5.

The warm evenings the past week brought out the string instrument and vocal talent of the college in force. Almost every evening a concert was given in the quadrangle from the library steps.

Seventy-four contestants took part in the track meets of the grammar and intermediate schools of Lewisburg, held on the college campus. Prof. Bromley Smith, of the college, supervised the arrangements of the meets.

WOMEN'S COLLEGE

Olive Long, '12, spent the week-end at her home in Mill Hall.

Minnie Andrews, '12, spent the week-end in New York City.

The Pi Beta Phi girls held their annual picnic on Saturday at Blue Hill.

Margaret Harter entertained her mother and sister on Saturday and Sunday.

Dorothea Jones, '14, was surprised by an automobile party of relatives on Sunday.

Helen Levegood '12, and her sister Ruth Levegood, visited Ethel Hottenstein, '12, in Milton on Saturday.

Miss VanGundy gave the second of her talks on the life of David as revealed in the Psalms in the regular Y. W. C. A. meeting on Tuesday evening.

FRESHMEN WIN MEET

FIRST YEAR MEN VICTORS OVER SOPHOMORES.

The Sophomore-Freshmen meet in track was held Wednesday afternoon, May 22. The Freshmen won the meet by a score of 48 to 29.

In the contest seven men attained the standards set by the executive committee for a letter. Of these two had won their "B" in the interclass meet; Glover and Bott. The five new men were Riggs, '14, in the 440 yard dash, time 56 seconds; Bufflington, '15, clearing 9 feet six inches in the pole vault; Hagen, '14, in the discus, distance 111 feet and 7 and 1-2 inches; Jones, '15, in the 220 yard dash, time 23 3-5 seconds; Lotte, '14, in the 220 yard dash, time 23 4-5 seconds.

100 yard dash—1st heat: 1st, Glover, '14; 2d Jones, '15; 3d, Lotte, '14; time 10 4-5 seconds. Second heat: 1st, Whittam, '15; 2d, Nicely, '14; time 11 seconds. Final heat: 1st, Whittam, '15; 2d, Glover, '14; 3d, Nicely, '14. Time 10 4-5 sec.

One mile relay in which the time for the quarters was taken. Sophomores won. Sophomores: 1st, Lowther; 2nd, Swenson; time, 62 4-5 sec.; 3rd, Lanning, time 59½ sec.; 4th Riggs, time 56 sec.

Freshmen: 1st, Mellott, time 67 sec.; 2d, Affron, time 59 sec.; 3d, Stevenson, time 63 sec; 4th, Bott, time 56½ sec.

Mile run: 1st, Bott'15; 2d, Lanning, '14; 3d, Clark, '15. Time 5 min., 10 sec.

220 yd dash: 1st, Glover, '14; 2d Jones, '15; 3d, Lotte, '14. Time, 23 2-5 sec.

High jump: 1st, Bufflington, '15; 2d, Hagen, '14; 3d, Gdaniac, '15. Height 5 ft., 1½ in.

Pole vault: 1st, Bufflington, '15; 2d, Aleshouckas, '15; 3d, Stevenson, '15. Height, 9 ft., 6 in.

Broad jump: 1st, Sturgis, '15; 2d, Walters, '15; 3d, Bufflington, '15. Distance, 19 ft., 7 in.

Shot put: 1st, Aleshouckas, '15; 2d, Hagan, '14; 3d, Whittam, '15. Distance 33 ft., 5 in.

Discus: 1st, Hagan, '14; 2d, Topham, '15; 3d, Kelser, '15. Distance 111 ft., 7½ in.

Colored Wash Fabrics for Dresses

We have displayed this week the full line of Wash Materials in all the Summer Colorings and Patterns. We pride ourselves on the large showing and the assort ment of styles cannot be equaled in Milton. Among the lots are the Silky Jacquards and Velours as well as the fine Sheer Myrtle Batistes, Voiles, Marquisettes and Egyptian Tissues.

A line of colors in Reps, Peter Thompson and Ramie Linens, also the Linen Colored Linens, French Ginghams, in fact every new fabric that is fashionable this season.

"Kolor-Fast" Mattings

Colors guaranteed fast to sun or water. You can leave the windows open and the shades up day after day yet the sun cannot fade them. The colors are everlasting proof against both fading and water. It has no odor and can be sewed like any carpet. It is sanitary, beautiful, dainty patterns and colorings. Easy to keep clean and the best of all the price will not scare you. We will cheerfully show you a nice assortment and tell you more of them when you are ready to see them. Come at once while the choosing is good.

Great Reductions of Ladies' Tailor-Made Suits and Coats

We are offering a lot of Light Colored Tailormade Suits and Coats this week at prices less than you can buy a wash suit for if you want to have the same tailoring. They are just the materials for these cool mornings and evenings and will be good for early Fall. All this season's styles and in the lot are the Tans, Grays, Mixtuttes, Shepherd Checks, etc.

Velvet

THE SMOOTHEST TOBACCO

OFT in the moony night with pipe and Velvet—that's enjoyment enough for some of us.

Velvet tobacco—the finest leaf in the great tobacco country—hung in big warehouses for over 2 years—a mellowing process impossible to counterfeit—only time, little by little, can change the leaf—eliminate the harshness (you call it bite!). Every puff of Velvet takes over 2 years to produce—no wonder it's good.

Try it. At all dealers.

THE ORANGE AND BLUE

BUCKNELL UNIVERSITY.

VOLUME XVI. LEWISBURG, PENNA., MONDAY, JUNE 3, 1912. NUMBER 32

VARSITY WARRIORS ARE STILL ON THE WARPATH

U. OF PITT. AND SUSQUEHANNA SCALPS TAKEN.

SUPERIOR BATTING BY BUCKNELL PLAYERS

Varsity Has Won Twelve Out of Fifteen Games Played This Season.—Only Two Defeats to Date by Collegiate Teams.

Two more games were annexed by the Varsity during the past week, Susquehanna University bowing to a 1 to 2 score at Selinsgrove Wednesday, and the University of Pittsburgh nine drawing to a 4 to 1 defeat on the local campus Saturday. In both games the opposing teams were of almost equal strength, the superior batting ability of the Bucknell players, however, being largely responsible for our success.

To date Bucknell has played fifteen games, eight of them away from home. Of that number twelve have been victories for the Orange and Blue. All but three of the contests played have been with collegiate nine, but of that number only one, the game with the Harrisburg Tri-State team, has resulted in defeat for our men.

U. of Pitt. Game.

During the first inning of the game Saturday it appeared to many that Bucknell would have an easy time defeating the visiting delegation from the University of Pittsburgh, but both teams soon settled down and played gilt-edged ball until the last man was put out. The pitching of Hagan, the batting of Crulkshank, and the home run by Topham were features.

It was in the first session that most of the scoring was done. Pitt. secured her only run at that time, Graves sprinting to first on a single and circling the sacks on a little ragged field work on the part of the Varsity. When Bucknell came to bat Topham started the proceedings by drawing a pass on balls and scoring on a wild throw by Harenski which allowed Logan to safely hand on second. O'Brien then sacrificed Logan to third, the latter crossing the plate for another tally when Crulkshank drove the spheres over the first baseman's head for one sack. While the next two men were being retired "Crook" pilfered second, took third on a wild pitch, and scored on "Cuddy's" out at first.

In the second inning it looked for a time as if the visitors would add a run or more to their score. A single, an error and two fielders' choices put three men on the circuit, but the first man was caught off third and the next two men up were easy outs on flies to the outfield.

Topham made his second home run of the season in the third inning when he selected a beautifully pitched slant and landed on it with sufficient force to send it sailing far into the middle garden. In the meantime he ran the bases in record time. Logan and O'Brien were out when Crulkshank singled and the latter died on second when "Cuddy" was thrown out at first.

In the fifth session Pittsburgh again placed two men on bases, Allen singling to left field and Graves being hit by a pitched ball, but Hagan proved fully equal to the occasion and retired the side by striking out three of his opponents. In the sixth inning Hagan repeated the performance of fanning three.

The visitors took a slight brace in the ninth but the clever playing of the Varsity kept them from scoring. A single and a fielder's choice allowed Reetenwald and Allen to get on bases but both were stranded on the cushions when Harenski was thrown out at the first station.

The score:

U. OF PITT.

	R	H	O	A	E
Biddle, 2b.	0	0	3	4	0
Graves, ss.	1	1	1	8	0
Koenig, 3b.	0	0	1	2	0

Bucknell .....3 0 1 0 0 0 0 0 x—4

Home run—Topham. Struck out—by Harenski, 4; by Hagan, 12. Bases on balls—off Harenski, 3; off Hagan, 1. Double play—Graves to Reetenwald; Koenig to Rechtenwald. Wild pitch—Harenski. Hit by pitcher—Graves. Umpire—Strine.

Concluded on fourth page.

SENIORS ENTERTAINED

ENJOYABLE RECEPTION BY DR. AND MRS. HARRIS.

The annual reception to the Seniors of the college and the Institute was given last Tuesday evening by President and Mrs. Harris at their home on University Avenue.

At 7.45 the men of the class gathered in front of West College and marched in a body to the Woman's College, where they were joined by the young ladies of the college and Institute Senior classes. The procession, clad in the academic cap and gown, proceeded to the President's home, where they were cordially welcomed by Dr. and Mrs. Harris. The evening was very pleasantly spent in general conversation and the singing of a number of well-known classic songs, interspersed with several pieces of ragtime for variation. While refreshments were being served several selections were rendered by the Mandolin Club.

NOTICE, SENIORS.

The abstracts of commencement orations are to be about four hundred words in length instead of two hundred as announced last week. Abstracts and pictures of the commencement speakers must be handed to the editor of the Orange and Blue not later than Monday, June 10.

Most of the members of the graduating class have had their pictures taken. A few, however, have not yet done so. It is imperative that this be done at once.

Senior banquet tomorrow night at the Cameron house.

MR. MURRAY TO ADDRESS STUDENTS.

Mr. Murray of the American Humane Association will be in Lewisburg on Friday, June 7th, and will address the students of the College in Bucknell Hall. The Association numbers among its directors, Pres. Taft, Andrew Carnegie, Mrs. Russell Sage, and a large number of other prominent Americans.

The thesis by Herbert Baldwin Meyer, Ph. D., '97, on "Speech Development" has been published. The work consists of a study of Dr. Moyer's child, extending from March 1902 to June 24, 1908, and is a valuable addition to the literature of Child Psychology.

LOTS OF FRILLS BUT NO FROWNS

"MISS FEARLESS AND COMPANY."

Nothing Ordinary About the Play Given by Frill and Frown Society on Friday Evening.

"The Frill and Frown" made its appearance on Friday evening with plenty of frills but no frowns. In fact, the play which the company presented was not of the kind to cause frowns. "Miss Fearless and Co." was enjoyed by everyone who was present. More wit and humor could hardly be woven into a single play than was brought together in this little play on Friday night. From the beginning of the first act to the fall of the curtain at the end of the third act, the audience was in laughter. The acting itself was beyond the class of an amateur performance.

The leading parts of the play were acted by Miss Margaret Weddell, Olive Cooper, and Rachel Davis. Miss Cooper's impersonation of a motherly old woman was thoroughly enjoyed and was one of the strongest parts of the play. Miss Davis, whose stage name was Katie O'Conner, succeeded well in her impersonation of an Irish maid. Miss Good, who made her appearance as a ghost in the third act, and afterwards was known as "Just Lizzie" added interest and wit to the latter part of the play.

The program and cast of characters was as follows:

Miss Margaret Henley, an heiress—Margaret Weddell.

Miss Euphemia Addison, her chaperon—Edna Whittam.

Miss Sara Jane Longley, from the lost Nation—Olive Cooper.

Katie O'Conner, Miss Henley's maid—Rachel Davis.

"Just Lizzie," the ghost—Florence Good.

Miss Alias and Miss Alibi, "The Silent Sisters," in reality they are Jack Eggleston and James Reading—Cecil Childs and Helen Eede.

Miss Barbara Livingston, Miss Bettie Cameron and Miss Marion Reynolds, Miss Henley's guests—Marion Harmon, Joletta Arthur and Whilfred Miller.

Act I—A room in Miss Henley's country home.

Act II—Room in a cottage on Spook Island.

Act III—Same as Act II.

DEATH OF DAVID PHILLIPS.

David Phillips, '95, brother of Professor Phillips of the college, died at Plymouth, Pa., on May 30. Mr. Phillips after being graduated from Bucknell, continued his work in the School of Divinity at Chicago University, where he also was graduated.

BASEBALL AVERAGES

VARSITY PLAYERS FIELDING AND BATTING WELL.

The batting and fielding averages up to the game with the University of Pittsburgh on Saturday make evident the reasons for the Varsity's unusual success on the diamond this year. Five of the regular team are batting past the .300 mark and several others are close to that record. Conghanour leads the batters with a record of .447, and Crulkshank has been doing the best work in the field with an average of .976. The averages are as follows:

	G.	A.B.	R.	H.	S.B.	S.H.	P.	A.	E.	Batting	Fielding
Fisher	2	3	1	3	2	0	1	6	0	1,000	1,000
Conghanour	13	47	7	21	6	4	13	17	3	.447	.969
Logan	12	44	16	17	8	4	15	1	1	.384	.941
Wyckoff	10	47	7	18	4	1	16	19	2	.383	.946
Worrilow	14	51	11	19	4	1	15	38	1	.373	.981
O'Brien	13	52	14	18	3	2	32	32	12	.340	.858
Sturgis	14	47	7	14	7	2	92	13	7	.298	.928
Crulkshank	14	62	10	18	4	2	120	4	4	.290	.976
Hagan	6	22	3	6	2	0	4	11	0	.273	1.000
Gdaniac	4	11	3	3	1	0	2	0	0	.273	1.000
Topham	14	55	16	13	6	1	20	4	5	.235	.828
Talbot	7	18	2	3	1	1	4	9	1	.167	.929
Campbell	3	10	0	1	0	1	4	1	1	.100	.834

ELECTRICAL SOCIETY MEETING.

The Bucknell University branch of the A. I. E. E. held a special meeting on Wednesday afternoon of last week. The meeting was addressed by Mr. C. H. Fagley '10, who has been in the employ of the General Electric Company at its Schenectedy works since his graduation. The speaker gave a very interesting account of his experiences, calling attention to the great number of problems that come up daily in the practical field and how the engineer's confidence and ability are increased by meeting these problems. The address was thoroughly enjoyed and the meeting well attended.

A meeting has been called for 7.30 Wednesday evening, June 5th, in the lecture room of the Chemical Laboratory. Mr. Ralph W. Pope, Honorary Secretary of the American Institute of Electrical Engineers, will be present on this occasion. The subject of his address will be "The Engineers In Public Affairs. The officers and members of the Branch are very desirous of having every engineering student in attendance.

SOPHOMORE-FRESHMAN GAME.

The annual Sophomore-Freshman baseball game will be held on Saturday afternoon of this week on the athletic field. An interesting game is expected as both classes have an abundance of material from which to select teams.

PUPILS IN RECITAL

MISS HOLLINGSHEAD PRESENTS SENIORS SATURDAY.

A recital by the Senior pupils in piano was given Saturday evening in Buckwell Hall. Miss Mench, who was to have taken part, was unable to do so because of the critical illness of her father. Miss Angstadt consented to play, however, and in the closing duet Miss Hollinghead took the place of Miss Mench. The program was as follows:

Adagio, Sonata, op. 10, Beethoven—Miss Angstadt.

Valse Caprice, Newland—Miss Mench.

(a) The Fawns, Chaminade. (b) Pasquinade, Gottschalk—Miss Angstadt.

(a) Romance, Schumann. (b) Lingenne, (left hand solo). Krogman—Miss Mench.

Papillons Etude, Levallee—Miss Angstadt.

Polka Caprice, Bendel—Miss Mench and Miss Angstadt.

S. A. E. ENTERTAINS AT DANCE.

Delta Theta Upsilon and Kappa Sigma were entertained by Sigma Alpha Epsilon at an informal dance at Riverside Park, Milton, last Friday evenings. Guests from Lewisburg, Milton, and nearly towns attended. Special cars conveyed the party to the Milton park where the Milton orchestra furnished the music.

MEETING OF ATHLETIC ASSO.

The regular meeting of the Athletic Association will be held Saturday morning, June 8, to elect officers for the ensuing year and to adopt the new constitution.

PHI KAPPA PSI ENTERTAINS.

The Phi Kappa Psi fraternity entertained a number of the college girls at a "500" party and reception in their halls last Monday evening.

JUNIOR ORATORS IN ANNUAL EXHIBITION

SEVEN STUDENTS COMPETE.

Orations Confined to Subject Political Science.—Attractive Musical Numbers Rendered.

The annual exhibition of original orations by speakers chosen from the Junior class was held in the chapel last Wednesday evening. The contest was a success in every way. The orations were well written and were delivered in excellent form. The winner is by no means a foregone conclusion as the competition was keen throughout.

The orations were confined this year to the general topic of Political Science and although a wide range was allowed, the orations were quite similar in their general attitude. The importance of conserving the old, of avoiding radicalism, and yet of developing a new patriotism based not on military exploits, but on ethical ideas, was the general theme. There was sufficient variety however, to sustain the interest, as will be seen from the following program.

March - - - - from Tannhauser
Miss Pross.

Edwin Charles Brush - Jackson
"The Navy and Universal Peace."

Harry Xing Kelly - Brookville.
"Representative vs. Direct Government."

Simple Owen - - - - Thome.
Mandolin Club.

Bright Wilkes Beck - Cressona.
"The American Craze for Wealth."

Richard Hausber Bowling, Jr. -Norfolk, Va.
"The Ethics of Political Progress."

Barcarolle - - - - Offerbach.
Mandolin Club.

Logan Earl Jackson - Williamsport
"Lynch Law."

H. G. Weston Smith - Malvern.
"A Forward Step in World Politics."

John D. W. Fetter - Barnesboro.
"The New Patriotism."

BAND FILLS ENGAGEMENTS.

The college band filled two engagements on Memorial Day—one in the morning at Winfield and one in the afternoon in the parade in Lewisburg. A regrettable fact was that of the desertion of several members of the band after they had given their word to fill the engagements. Their places were filled with difficulty by other members of the band who were forced to abandon their accustomed places. A substantial sum was received for the services of the band.

FRESHMEN DEDICATE PICTURE.

During the past week the Freshman class dedicated a full length engraving of Daniel Webster to the inspiration of students of public speaking. The picture now hangs upon the wall of the oratory room in company with Clay, Henry and other eminent Americans. It is a copy of a rare engraving and was secured through the efforts of the Saturday News Publishing Co. of Lewisburg.

SOPHOMORE COTILLION FRIDAY.

Final arrangements have been made for the Sophomore Cotillion to be held Friday evening of this week at Riverside Park, Milton. An excellent orchestra has been secured and judging from the manner in which tickets for the dance are going, a large crowd will attend.

ROOM ASSIGNMENT NEXT WEEK.

The Registrar desires that all students wishing rooms for next year reserve them at once. Applications may be secured at the offices. Next week rooms will be assigned to students who will enter in the fall.

COMMENCEMENT NEWS.

The Subscription price for the four numbers of the Commencement News will be fifteen cents in Lewisburg and twenty cents if sent out of town. Address George T. Grove, Lewisburg, Pa.

This paper is published once a week during the college year by the Orange and Blue Board, representing the student body of Bucknell University. Subscription $1.25 per year. $1.00 if paid before January 1 of the college year. Communications addressed to the Orange and Blue, Lewisburg, Pa.

An X in the vacant space opposite this reading, indicates that your subscription is due. Will you please remit?

MONDAY, JUNE 3, 1912.

In the communication signed "Sport" the assertion is made that the Orange and Blue has spoken of 'varsity letters won in the inter-class contests in cases where the formal gift of the symbol has not yet been made by the Executive Committee of the Athletic Association. True enough, but we were under the impression that inasmuch as the Executive Committee had set and sanctioned certain standards at which the 'varsity letter could be won, that the committee was in honor bound to ratify these letters after the standards had been attained or excelled. We are aware that letters are awarded only with the sanction of the Executive Committee, but when no stipulation was made concerning the training to be maintained by students before contesting for the highest athletic honor in college, we assumed, quite naturally, that nothing else was needed than to excel the standards set by this committee.

COMMUNICATIONS

LETTERS NOT SANCTIONED.

The Orange and Blue:-

Several recent issues of the Orange and Blue have been awarding "B's" to various students on the strength of work done in contests between classes, etc. As the writer understands these matters the college letter can not be awarded to any student in any event, or by any other than the Executive Board of the Athletic Association. When the Executive Board awards a "B" they do so in a formal manner and award the letter to each party to receive it in writing. So far there has not been considered by the Board the awarding of Track letters for the 1912 season. That matter will likely be acted upon at the next meeting of the Board.

"Sport."

LETTERS MAY NOT BE AWARDED.

Editor Orange and Blue:

The editorial published last week on Maladjustment in Field and Track Work has caused considerable comment on the part of the student body. There is dissatisfaction among the football, baseball, and basketball men, who feel that they win their "B" by long continued training and by contest with other colleges, whereas the winners of a Field and Track "B" are allowed to obtain a "B" by little practice and by home competition. The football, baseball, and basketball men have no objection to a fellow student earning honors by steady practice, but they object to the honors being conferred for a minimum amount of work. I believe their position well taken and for their benefit have a word of comfort.

The granting of the "B" is optional with the Executive Committee. That body considers each case on its merits. Among the conditions which that body may consider will be the preparation for a contest, so that the athlete may give his best performance; the continued interest, as manifested by appearance on the field in preparation for subsequent events; and the winning of an event in accordance with the Intercollegiate rules which govern our athletics. These rules are very specific as to the measurements and timing. No event can be regarded as officially measured unless a steel tape is used or timed properly unless there are at least two watches. Under these considerations it is quite probable that a number of aspirants to the "B" will be ruled out, unless they make good on Record Day, June 12.

With these considerations in mind I believe the Executive Committee will not permit the Field and Track "B" to be cheapened by ease in winning and will place it on a par with that won in other sports.

OBSERVER.

SCRUB WANTS LETTER TOO.

Editor Orange and Blue:—

The chief topic of conversation on the hill at present seems to be as to whether or not the men who equalled or excelled the average standards on the track are entitled to wear the Varsity "B". Most students think they should not be, at least not unless they have shown by previous or later work that they are worthy of representing the University in Intercollegiate meets, should such ever again be conducted.

To award a Varsity letter to a man, no matter how good or how poor an athlete he is, for but a few minutes work on one particular afternoon would be a proceedure that many of us cannot understand. For nearly three months during the past fall there were about a dozen men who laid aside studies and pleasures six afternoons a week in order to form a Scrub team against which the Varsity could practice. Bruises and sprains were their only reward. Surely if these men who gave their time and energy freely to Bucknell athletics are not entitled to even a "B2" which used to be awarded to members of the Scrubs, how much less entitled to even the same honor are those men who, without training, came onto the field and surpassed standards that are not a bit higher than those of the smallest preparatory schools?

A SCRUB.

WHERE IS THE CUP?

To Orange and Blue:-

Last Thanksgiving Day a cup was offered to the winning team in the Bucknell-Ursinus game at Reading. As I understand, the cup was awarded by those in charge of it to Bucknell for having played a more consistent game. What has become of the cup?

All trophies won in the name of the college should remain the property of the college. Why not have a case for all such trophies, say in the museum in the library? There are several of these cups already and if care is taken of them, a collection can be started which will be of value in future years.

Mr. Ralph Koser, I understand, in awarding the Bucknell-Ursinus cup to Bucknell last Thanksgiving, did so with the intention that it become the property of the college. Why not carry out this intention?

INQUIRER.

ALUMNI JOTTINGS.

Col. Freeman G. Teed, '73, of Los Angeles, Cal., expects to shortly leave on a trip to China.

Charles Leppard, '09, is now working for the Philadelphia and Reading Railway at Pottstown, Pa.

At the 100th anniversary of Norristown, Pa., held from May 5 to 11, inclusive, Surgeon-General Joseph K. Weaver, '61, was the Chief Marshall of the leading event, the military parade. General Weaver was also the chairman of the committee on Military Day.

THE
Spalding Ball
was adopted by the National League for twenty years, because we recognized it as the best ball made. We have used it satisfactorily for thirty-four years. The NEW CORK CENTER BALL introduced for the first time last year and used in the World's series, we to be the only ball for the future, and it is absolutely the best ball that has been used by the National League in its history."
Signed, Sec. of Nat. League,
JOHN A. HYDLER.

FINAL ARRANGEMENTS FOR COMMENCEMENT

PROGRAM BEGINS ON JUNE 13

Famous Ringgold Band, of Reading, To Furnish Music For the Week.

The sixty-second annual commencement of Bucknell University will be held June 13th to 19th. A number of attractive features on the program will make the week an enjoyable one for the visiting friends and alumni.

The Ringgold band, of Reading, is to furnish the music at the different events. The band will give the usual open air concert on Tuesday evening of commencement week. The organization has appeared in Lewisburg in recent years and has done credible work. The program for the week is as follows.

Thursday, June 13.

7:30 P. M.—Recital Elocution Class, Bucknell Hall.

Friday, June 14.

7:30 P. M.—Exhibition of the School of Music, Bucknell Hall.

Saturday, June 15.

10:30 A. M.—Organ Recital, School of Music, Baptist Church.
7:30 P. M.—Exercises, Fourth Form Academy, Bucknell Hall.

Sunday, June 16.

10:30 A. M.—Baccalaureate Sermon, President Harris, Baptist church.
3:00 P. M.—Haydn's Creation, Oratorio, Baptist church.
8:00 P. M.—Sermon before the Education Society, Spenser B. Meeser, D. D., Baptist church.

Monday, June 17.

10:00 A. M.—Commencement Exercises of the School of Music, Bucknell Hall.
Art Exhibition—Studio, begins Monday at 9:00 A. M. and continues through Commencement week.
12:00 M.—Alumnae Reunion and Luncheon.
7:30 P. M.—Class Exercises, and Concert by Ringgold Band, Commencement Hall.

Tuesday, June 18.

8:30 A. M.—Annual Meeting of the Board of Trustees, Carnegie Library.
10:30 A. M.—Annual Address, Thomas O. Conant, LL. D. Conferring of Diplomas and Certificates, Institute, School of Music, School of Art, and Academy. Commencement Hall.
1:00 P. M.—Business Meeting—College Alumni, Bucknell Hall.
6:00 P. M.—Twilight Concert, Ringgold Band, College Campus.
7:45 P. M.—Alumni Procession forms at Main Entrance to Campus.
8:00 P. M.—Alumni Anniversary, Bucknell Hall,
Orator, Thomas M. Eastwood, D. D., '72.
Poet, George Whitman, D. D., '72.
Reunions, Classes of '52, '62, '72, '82, '87, '92, '97, 1902 and 1907.

Wednesday, June 19.

8:00 A. M.—Announcement of Degrees, Bucknell Hall.
8:30 A. M.—The procession forms at Bucknell Hall.
9:00 A. M.—Commencement of the College — Orations, Commencement Hall.
12:00 M.—Corporation Dinner, Bucknell Hall. Guest of Honor, A. J. Rowland, D. D. LL. D., Class of 1862.

WOMEN'S COLLEGE

Ruby Stuck, '12, has been visiting in town with her mother.

Ruby Pierson, '10, spent Saturday and Sunday with Helen Hare, '10.

The Delta Phi Sorority held its annual picnic at Blue Hill on Saturday.

Helen Levegood, '12, entertained her sister, Ruth Levegood, on Wednesday.

Frances McNall, '14, entertained her sister, Majorie, last Thursday and Friday.

Marion Bancroft, '15, and Jessie Oswaldt, '15, spent the week-end at their homes in Altoona.

Florence Rollins, '14, has been entertaining her sister, Margaret, for the past few days.

Several groups of Seminary girls enjoyed picnicing at Blue Hill and Shriner's island on Thursday.

A Freshman at DePauw has figured that the popular co-eds ate 210 tons of ice cream during the four years they were students.

ABOUT BALLS
In any game where a ball is used in a competitive way, the official ball always bears the Trade-Mark of A. G. SPALDING & BROS.
America's National Game is Base Ball—and the Official Ball of the Game since 1878 has been Spalding's "Official National League" Ball.
Writing of the new Cork Center Ball, President T. J. Lynch says:
"I consider that the new Cork Center Ball that you are now furnishing is the best that the National League has ever used. It is a great step forward in base ball construction."
The Presidents of all organizations connected with Sperts write likewise.
Our free 1912 Catalogue illustrates and describes Balls for every athletic sport

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

HILL GOSSIP

J. R. Harding, of Trenton, N. J., spent Sunday with Cook, '14.

Phi Gamma Delta was entertained by Dr. and Mrs. Martin last week.

The Olympic games on Wednesday promise to be interesting and amusing.

Tom Miller, of Dickinson College, has been visiting his S. A. E. brothers the past week.

Many of the fellows attended the Memorial Day celebration at Gettysburg and heard "Teddy" Roosevelt deliver his Gettysburg speech.

Bucknell Academy defeated Lewisburg High School in a field and track meet on the athletic field last Tuesday afternoon. The score was 62 to 12.

The first section of the Senior memorial flag pole has been raised on the athletic field. The feat of raising the other two sections has been attracting much attention.

Students and residents of the town while fighting the fire at the rear of the Miller residence on University Avenue on Sunday night, were hampered in their efforts when they were forbidden access to the Miller premises. The task of extinguishing the fire was consequently difficult, there being no aeroplanes at hand.

VARSITY WARRIORS ARE STILL ON THE WAR PATH

Concluded from first page.

The Susquehanna Game.

For the second time in the present season the Varsity defeated the Susquehanna University nine by a score of 4 to 3 when the two teams met on the diamond at Selinsgrove Wednesday afternoon.

Talbot pitched the first seven innings for Bucknell and until the sixth session held his opponents to three scattered hits and no runs. Hagan took the mound in the eighth and assured the victory for Bucknell by allowing but one man to reach the initial base.

In the first inning with one man out Susquehanna got two men on bases but were unable to score. Harpster going out on a fly and Martz fanning.

The first score of the game was made by the Varsity in the third inning when a base on balls, two singles and Follmer's error brought Gdanice across the plate.

Five singles and an error in the sixth netted three runs for Bucknell. In the same session the Selinsgrove collegians tallied their first score. Harpster going to first on O'Brien's error and ending the circuit on one by Cruikshank. In the next inning Follmer reached second on an error, Forsythe and Breese were easy outs. Follmer scored on Spangler's two base drive to the outfield, and the latter scored on a similar hit by Boyer.

Neither side was able to advance a runner beyond second base during the remaining two innings and the contest ended with a score of 4 to 3 in favor of Bucknell.

The score:

SUSQUEHANNA.

	R	H	O	A	E
Dreese 3b.	0	2	0	0	0
Spangler 1b	1	1	16	1	1
Boyer c.	0	1	6	5	1
Harpster lf.	1	0	2	0	0
Martz cf.	0	0	2	0	0
Hoy ss.	0	0	1	6	0
Swope rf.	0	1	0	0	0
Follmer 2b.	1	0	4	3	1

Velvet

THE SMOOTHEST TOBACCO

OFT in the moony night with pipe and Velvet —that's enjoyment enough for some of us.

Velvet tobacco—the finest leaf in the great tobacco country—hung in big warehouses for over 2 years—a mellowing process impossible to counterfeit—only time, little by little, can change the leaf—eliminate the harshness (you call it bite!). Every puff of Velvet takes over 2 years to produce—no wonder it's good.

Try it. At all dealers.

EASY WIN FOR FIRST YEAR NINE

Varsity Players Excluded From Annual Contest Between Classes. Final Score 11-3.

The annual baseball game between the sophomore and freshmen classes was played on the athletic field Saturday afternoon and resulted in a decisive victory for the Freshmen by a score of 11-3.

As in other inter-class sports the 'varsity men were excluded from participation in the contest, but both captains found considerable good material in the ranks of the classes, 1915 being especially fortunate in that respect.

Strike-outs were numerous in the game. Angstadt, who pitched for the Sophs, had eight to his credit, while Sellers, twirling for the Freshmen, caused twelve of his opponents to breeze. Eleven bingles were secured off Angstadt during the nine sessions while Sellers allowed but five well scattered hits.

A feature of the game was the batting of Buffington, '15, who had a home run, two two-baggers, and a single out of five times at bat. His single was made in the fourth in a squeeze play which scored Captain Fulmer, of the Freshmen, after the latter had driven a three bagger into the outfield. Parmenter made the only long hit by a Sophomore when he clouted the ball for a home run in the eighth inning, bringing Angstadt in from first base and scoring the first runs tallied by the 1914 team.

The score.

PHI GAMMA DELTA ENTERTAINS.

On Wednesday evening the local chapter of Delta Delta Delta was entertained by Phi Gamma Delta fraternity in the halls of the latter at the corner of Market and Third streets. Cards with favors to the winner furnished the amusement for the evening. About ten o'clock the scene of the festivities was changed to Madame Huth's parlors where refreshments were served.

Commencement News subscriptions are fifteen cents for the four issues in Lewisburg and twenty cents out of town. Address George Grove Mgr.

THE LIFE OF DAVID PHILLIPS

David Phillips, A. B., B. D., who died at his home in Wilkes-Barre, Pa., May 30th, graduated from Bucknell Academy in the class of 1891, and later from the college in the class of 1895. After graduation at Bucknell, he continued his work in the Divinity School of the University of Chicago. Mr. Phillips was an elder brother of Prof. Llewellyn Phillips of the University faculty.

After completing his divinity studies in Chicago, Mr. Phillips succeeded his father in the successful conduct of a general merchandising business in Plymouth, Pa., where he was highly esteemed. Removing to Wilkes-Barre, he accepted the position of clerk in the office of the assessors of Luzerne county, but on account of an affection of the heart he was not permitted to enter upon its actual work.

His funeral attested the place he had won in his new home. His pastor, Rev. E. C. Kunkle, B. D. class of 1897, was assisted by the Rev. Dr. Roberts of the Welsh Presbyterian church, and by Prof. Martin of the University. The Masonic fraternity attended in a body and conducted their service at the cemetery. Mr Phillips is survived by his widow and one son, John C., aged eight; his mother, Mrs. Samuel Phillips and several brothers and sisters.

OLYMPIC GAMES

INTERESTING CONTESTS HELD ON ATHLETIC FIELD

In the Olympic games held last Wednesday several new features were introduced by Bucknell athletes, which proved interesting to the spectators as well as the participants.

The summary of the events:

100 yard dash—Glover, '14, 10 4-5 seconds; Hitch and kick—Hagan, '14, 7 feet, 7 inches; Javelin—Aleshouckas, '15, 114 feet 3 in.; Discus—Hagan, '14, 103 ft., 6in.; Caber—Greninger, '15, and Aleshouckas, '15, tied. 32 ft., 9 in.; Three-legged race—Lotte, '14, and Fetter '15. Broad jump—Aleshouckas, '15, 18 ft., 3½ in.; Pole vault for distance—Aleshouckas, '15, 22 ft. 3 in.; Mile run—Bott, '15, 5 min., 15 sec.

The Pentathlon championship was marred by mishaps to two of the contestants. Jordan, '13, won the 100 yds. dash with ease, but strained a tendon on account of an irregularity in the track. He was forced to retire. Aleshouckas had been winning first places until the mile, when , after the first lap his shoe gave out compelling him to leave the track. Inasmuch as the contest was for a percentage in each event, Aleshouckas became the winner and challenger by making a total score of 2064 points; Bott was second with 2047 points, and Jordan third with 796.

LEHIGH GAME CANCELLED.

The news of the cancelling of the Bucknell-Lehigh game to have been played here to-day was a disappointment to the baseball lovers of the town and college. The game was arranged by the Bucknell management with the student manager of the Lehigh team. When it came to the executive committee at Lehigh, however, there was trouble. Because of the game with State to-morrow, the Lehigh management though it unadvisable to play Bucknell to-day.

NEWS WANTED NEXT WEEK.

Articles and items of interest for the Commencement News are being eagerly solicited. It is desired that any material which is of interest to Bucknell students and alumni be sent to the editors at once. During Commencement Week items concerning visitors and alumni will be needed and the staff of the News must depend to a large extent upon other's than themselves for these. Other news which can be prepared at once is desired this week.

SENIORS SUPREME IN BANQUET SCENE

COLLEGE DAYS ALMOST ENDED

Toasts Review Delights of Last Four Years—Presentation of Mantle Revived.

Last Tuesday evening, the New Cameron House, Lewisburg, was the scene of the most delightful social function yet held by the class of 1912. The occasion was the commencement banquet of the class. Coming at the close of the Senior examinations, the banquet toasts were full of reminiscenses of the class scraps, games, and good times of the past four years. An excellent menu was served.

The inauguration of the commencement banquet is a step in advance and answers a long-felt want. The favor with which it has met insures its permanency. The revival of the "Presentation of the Mantle" to the Junior president is also commendable. The program of toasts follows:

Toastmaster — James P. Harris; "The Absent Ones."—J. H. R. Roberts; "The Faculty."—Miss Vera Frost; "1912 in Athletics." — Victor A. Schmid; "The Flag Pole."—Jesse R. Tyson; "East College."—P. P. Kinneman; "The Library." —L. L. Coil; "To-night."—O. S. DeLancey; "The Girls."—Fred V. Rockey; "In Retrospect."—Miss Helen Lovegood; "The Schoolmarms."—Miss Ruby V. Stuck; "Housewives."—Miss Maze R. Callahan; "The Future."—Ralph F. Davenport; "Presentation of Mantle."—Fred B. Igler; Response.—Henry S. Steele; "About a Minute."—James D. Collison.

MR. MURRAY LECTURES

DEALS WITH THE EVOLUTION OF PRISON REFORM.

Owing to the Sophomore Cotillion and other attractions Friday evening not a large crowd attended the lecture given by Mr. Murray of the American Humane Association in Bucknell Hall.

Despite the scarceness of auditors Mr. Murray's lecture was interesting and instructive. He dealt with the evolution of prison reform in England and America, showing how in the earlier days of the eighteenth century nearly all the misdemeanors were subject to capital punishment, or the most severe and inhuman torture. With the advance of civilization, however, the purpose of punishment ceased to be for the sake of seeking vengeance on those who committed the crimes, but rather with the idea of ultimately reforming them, and making them law abiding citizens.

Mr. Murray also spoke of the great work which the Humane Association throughout the world had accomplished during the past half century in the care of children and the protection of animals. He said that the Humane Association was not an institution which came to beg for financial help, but rather an institution for the purpose of creating an interest in abused children and in unnecessary cruelty to animals.

EAGLES MERE CONFERENCE.

A number of Bucknell students will attend the Eagles Mere Y. M. C. A. Conference during the coming week. The meetings at Eagles Mere will mean much to those who attend and Bucknell should have a good delegation there. Those who go should not fail to take bathing suits, tennis racquets and running suits along. The athletic side of the conference will be one of the most pleasant features.

NOTICE SPEAKERS.

Commencement speakers are reminded that abstracts of their orations of a length of about four hundred words are due to-day. Cuts of the speakers are to accompany this material.

SOPHOMORE DANCE A SUCCESS.

The revival of the custom of holding a sophomore dance meet with decided success last Friday evening at Riverside Park, Milton, Pa. Over fifty couples attended the affair despite the cool breezes from the river which made dancing necessary for comfort. NeCall's orchestra from Sunbury furnished the music for the second-year men and their friends. Mrs. Benjamin Griffith, and Mrs. Joseph Wolfe acted as patronesses. The committee in charge of the cotillion was as follows: R. A. Nicholls, chairman, J. R. Criswell, T. E. Moore, R. A. Neff, E. B. Glover, H. E. Powell, G. L. Fulmer, W. C. Lowther and H. B. Musser.

SAID TO HAVE PURCHASED HOME

A local paper prints the following concerning a house purchased by the local chapter of Sigma Chi:

The Sigma Chi fraternity has closed a deal whereby it has secured the Groff property on the bluff overlooking the river east of the college. The property is a modern structure, with four acres of fine land and the many fruit trees planted and fostered under the care of the late Dr. G. G. Groff, deceased. The fraternity boys will use the place for a chapter house, and with the opening of the fall term will take over the building.

FORTY YEARS PASTOR

DR. J. R. WALKER HAS THIS UNUSUAL DISTINCTION.

The fortieth anniversary of the Mantua Baptist Church was celebrated in Philadelphia last week. The pastor , the Rev. Dr. J. J. Walker, '62, has served this church as its first and only pastor during all these years, so that the term of his ministry is contemporaneous with the history of the church itself. He has seen the church grow from a constituency of seventy-seven members to a large and influential body with a membership of seven hundred and four. The Belmont Avenue church with a constituency of five hundred members, was begun as a mission of Mantua Church in 1887, and constituted a church in 1889.

Dr. Walker, while a most diligent and successful pastor, is also deeply interested in the general work of the denomination. He has tendered efficient service as president and secretary of the Philadelphia Conference of Baptist ministers. In 1877 he was elected a moderator of the Philadelphia association, and since that time has been its chief clerk and secretary of the board of trustees. He is a member of several city and state boards , and is recording secretary of both of the boards of the Pennsylvania Baptist Educational Society and the American Baptist Publication Society. He was one of the former curators of Bucknell University, and since 1871, with the exception of a few years, has been editor of the Baptist year Book.

MEMBERSHIP TICKETS USEFUL.

Many of those who hold membership tickets in the Bucknell Y. M. C. A. may, during the summer, have occasion to visit the city Y. M. C. A.'s. For the benefit of those who hold tickets we wish to say that these tickets are good for admission to the Y. M. C. A. of any city in the United States. The possessor of a ticket can secure lodging and entertainment at exceptionally low rates while traveling during the summer. Bear this in mind and take your Bucknell Association ticket with you.

S. A. E. ENTERTAINS AT DANCE.

Monday evening at Riverside Park, Milton, the local chapter of Sigma Alpha Epsilon entertained Phi Gamma Delta and Sigma Chi at an informal dance. Music was furnished by the Milton orchestra. The patronesses were Mrs. Walter Wilcox, Mrs. Leroy Butler and Mrs. Ralph Koser.

CAMPUS TREES ARE BEING CLASSIFIED

ONE HUNDRED TREES TAGGED

Plan of Prof. Stewart To Mark The Nine Hundred Trees With Metal Signs.

During the last week one hundred of the trees on the college campus have been marked with tags in order to give the interested observer their English and Latin names. Time after time visitors and townspeople have asked the names of some of the trees about the campus and in many cases the questions have been answered uncertainly because of a lack of accurate knowledge. If the plan of the forestry professor is carried out successfully, in a few years most of the trees on the campus will be tagged properly.

The Bucknell University campus is one of the beauty spots in this vicinity and its trees are largely responsible for its attractiveness. A large proportion of the trees native to this state are found on it, and in addition to these some trees from surrounding districts and even some foreign trees have been planted here. The number and the variety of the trees consequently are a source of much interest both to those conversant with the practical phases of forestry and to those who care for trees on account of their natural beauty.

The question has lately been raised as to whether species do or do not intergrade. The habits and the characteristics of some trees, presumably of the same species are so varied that in many cases it has become impossible to identify them except by those who have made a special study of the cases at hand. Investigation carried on by the faculty of the Forestry Department of the University of Michigan show that red, black and scarlet oak species are closely differentiated in Michigan, but that the farther east the less marked are the differences between them. In Pennsylvania it is a difficult matter to make any accurate classification of these three species, but in order to determine as clearly as possible their exact nature, it is the plan of those in charge of forestry to make a fairly exhaustive study of the matter and to so regulate their work that in a few years all these as well as all other doubtful trees will be identified.

This year one hundred of the nine hundred trees on the campus have been fully identified and named. In the course of choosing these, numbers of uncertain trees were found and these will be watched from time to time and compared with the certain specimens until their true specie has been ascertained beyond any doubt Then as these are determined they will be tagged along with the known species until the whole campus has been gone over.

The method of marking the trees is very simple and involves but little time and labor. A large piece of tin is cut into pieces twelve by four inches. These strips are first given a coat of black paint and allowed to dry. Then at the upper part the common name of the tree is printed with white lead, capital letters being used throughout the words. Upon the lower half of the strip the Latin name is then painted in a similar way only in this case italics are used. Around the border a white line one-fourth of an inch across is drawn to give the whole an artistic set-off. Two coats of varnish on both the painted and unpainted side complete the signs.

This same idea has been followed out in many of the public parks throughout the country and in every case the results have more than justified the effort. Judging from these it is safe to say that the Bucknell University campus will be the source of much interest to the lovers of trees when the plan has been carried to its completion.

CHANGE THE CLASS SCRAP.

The present college year practically at an end, the needs of the coming fall term demand our attention. According to custom the freshman and sophomore classes will meet again on the campus, several days after the opening of college, to compete for doubtful honors in the annual class scrap. If the nature of the contest remains the same, the freshmen will be the victors. Their superior strength in numbers make this outcome a foregone conclusion.

Why is the nature of the annual scrap between the underclassmen such that the incoming men are allowed always to win? This is a question which some college students have attempted to answer. It does seem strange that the respect which incoming men should have for men already initiated into the traditions and the life of the college, should be so ignored at the very beginning of the term. The irony of this is the fact that numerous hazing parties during the rest of the college year attempt to readjust the misdirected respect of the freshmen for their predecessors.

The nature of the annual scrap between the underclasses should be changed. The advantage of numbers on the part of the newcomers could be, we believe, adjusted in such a manner that the older men would have a chance to become the victors. And victors they certainly ought to be.

But better still would be the substitution of some institution for the annual class scrap which would be of advantage to the college itself. The most up-to-date college in the country make diligent use of the first few days and weeks of the college term to imbue the incoming men with enthusiasm for the college and its traditions. Instead of filling the newcomers with the pride of class, instead of fostering class alignment, the new man is imbued from the very first with respect and love of his college. Class hatred is in this manner replaced by the spirit of the college.

There is nothing which destroys the love of college so quickly as the presence of factional alignment within the college. It is a direct injury to the college spirit which we hope to foster later in the incoming students, that we preserve the pellmell melee between the classes which we dignify by the name of a "scrap". Last year the present sophomore class voted to use the college colors instead of separate emblems of the class. The intention of the freshmen was to foster college spirit. Yet one of the institutions of the college, which ought to foster this spirit, defeated the object in the minds of the first-year men.

It is not our idea to offer any substitution for the annual class scrap. That is for next year's senior class to decide. It is their right to preserve those institutions of student life which they think best for the welfare of the college and to set aside those things which defeat this object. But we do wish that a compulsory cheering practice or some such innovation might take the place of the unpopular contest between the underclassmen during the first week of college next fall.

BETTER CHEERING NEXT YEAR.

At once after the beginning of the next college year efforts will be made to insure improvement in the cheering at the college games. The editorial staff of the Orange and Blue will offer several prizes for cheers which are to give the greatest volume to the enthusiasm of the cheering section. It is hoped that the student body will co-operate in the effort to better the cheering and will select several of its most competent men to take charge at the games. Perhaps, too, a regular cheering practise will be established—compulsory on the part of the freshmen.

SENSIBLE RULES FOR FRESHMEN

The suggestion is made that the freshmen rules next year be shortened and made of greater import. It will be far better to include a few items which will be of general worth to the college than to print a score of rules which are worthless or nonsensical. The ultimate object of all attention given the first-year men should be to arouse in them greater enthusiasm for the welfare of the college.

MANAGERSHIP COMPETITION.

If the management of the different athletic teams were made competitive as it is at Harvard and other colleges, there would be less dissatisfaction displayed at elections. It is certain that none but assiduous men would apply for managerships and incidently the Athletic Association would profit by work done in the course of competition.

EXAMINATIONS—JUNE, 1912.

Regular class work will continue until 11.15 A. M., June 11, 1912.

Monday, June 10th—Lectures at 8.15 A. M.

Tuesday, June 11th—11.15 classes at 2.15 A. M.

Wednesday, June 12th—8.15 classes at 8.15 A. M.

Wednesday, June 12th—1.15 classes at 2.15 P. M.

Thursday, June 13th—9.15 classes at 8.15 A. M.

Thursday, June 13th—2.15 classes at 2.15 P. M.

Friday, June 14th—10.15 classes at 8.15 A. M.

Friday, June 14th—3.15 classes at 2.15 P. M.

MANAGEMENT WANTS MONEY.

As yet a number of subscriptions to the Orange and Blue remain unpaid. The managers in order to close their books before the end of the college year must hear from delinquent subscribers at once.

THE
Spalding Ball
was adopted by the National League for twenty years, because we recognized it as the best ball made. We have used it satisfactorily for thirty-four years. The NEW CORK CENTER BALL introduced for the first time last year and used in the World's series, we to be the only ball for the future, and it is absolutely the best ball that has been used by the National League in its history." CAN HELP YOU
If you want employment and can afford to prepare for a paying position
GOING INTO BUSINESS?
Then investigate EASTMAN before you decide on your college. Consider what it will mean to you to begin business "full panoplied" as Minerva sprang from the head of Jove—equipped BEFOREHAND with what most college men and women have to learn after graduating through a long, painful, poorly paid or costly apprenticeship.
EASTMAN teaches all that is essential to training for business—during college life, a wholesome, energizing experience, affording, time and money considered, just as much of all the cultural activities—physical, intellectual, and social—while you are in college, and very much more after you are through.
For EASTMAN graduates are ready for work and are not obliged to hunt aimlessly for "something to do." Positions are offered them promptly, and they earn higher salaries at the start and advance faster and farther up because they KNOW BUSINESS before they begin. The prospectus of the school will tell you what is taught—and how.
Write today for interesting and inspiring publications. "There are many business schools but only one EASTMAN."

ELECTRICAL SOCIETY MEETING.

On Wednesday evening the Bucknell University branch of the A. I. E. E., held its regular meeting of the current year. The meeting was addressed by Mr. Ralph W. Pope, Honorary member of the A. I. E. E., New York City.

The speaker treated at some length concerning his relations with the institute, having been its active secretary for twenty-six years which constituted the formative period of the organization. He was also the originator of the idea of establishing University branches, and it was through his professional interest in the Electrical course at Bucknell that this institution was able to secure the establishment of a branch. He expressed himself as being highly pleased with the work Bucknell is doing, and assured the members of the Branch that he has no misgivings whatever for the future success of the Branch.

During his discussion of "The Engineer in Public Affairs" he urged the engineers to take an active interest in the political affairs of the state and nation. He showed how the good work of the public service commissions is made more effective by having engineering talent represented on the commission, and how the work and advice of the engineer is so essential to progress in public affairs.

The discourse throughout was one of very great inspiration and such as was to be expected from an admirable gentleman like Mr. Pope with his many years of experience in the work.

RECORD DAY ON TRACK

For record day on Wednesday each participant who desires to enter will file with Prof. Griffith or Prof. Smith a special application for the privilege. The application is to read as follows: "I, ——, having practised for (time) and having competed this year in (specify events), do hereby apply for the privilege of competing in (event) on Record Day for the purpose of winning a 'B'."

Next Monday the Commencement News will take the place of the Orange and Blue which appears to-day for the last time this year. The editors wish to thank all those who have contributed toward the publication of the paper during the past college year. Next year, it is expected, changes will be made in the make-up of the paper which will add something to its worth as a representative of the college.

ATHLETIC ASSO. ELECTION.

The annual meeting of the Athletic Association was held in the gymnasium on Saturday morning. The report of the comptroller showed that the Association had closed the year in better financial condition than in former years.

The most important business of the meeting was the adoption of a new constitution. The new constitution contains a number of provisions which make it better suited to the needs of the Association.

Following the adoption of the new constitution the following officers were elected.

Baseball Manager, T. E. Moore, '14; Basketball Manager, J. E. Riley, '14; Track Manager, E. O. Limberg; Tennis Manager, Earl B. Glover, '14; Advisory Board, S. H. Coulter, '14; D. D. Zinn, '14.

TRI-DELTAS HAVE OUTING

The Riverside Club, on Thursday last was the scene of a most delightful outing given to the members of the Delta Delta Delta Sorority by their patronesses. A special car took the party to the Club House in the afternoon.

After an hour at Riverside Park an elaborate dinner was served at the Club House. The table decorations, favors and place cards were suggestions of Tri-Delta. The evening was spent in song and games.

Besides the Tri-Deltas there were present the following Pi Phi girls from the Seminary: Elizabeth Heinsling, Amelia McSparren and Blanche Henderson.

The patronesses were: Mrs. John Duncan, Mrs. W. L. Gerhart, Mrs. A. A. Leiser, Mrs. J. Hamblin, Mrs. Nelson Davis, Mrs. Leroy Butler, Mrs. J. M. Wolfe, Mrs. P. M. Irey, Mrs. P. B. Linn, Mrs. McCracken, Mrs. C. J. Wolfe and Mrs. Walter Wilcox.

ABOUT BALLS
In any game where a ball is used in a copetitive way, the official A. G. SPALDING & BROS. ball always bears the Trade-Mark of
A. G. SPALDING & BROS. TRADE SPALDING MARK MADE IN U.S.A.
America's National Game is Base Ball—and the Official Ball of the Game since 1878 has been Spalding's "Official National League" Ball.
Writing of the new Cork Center Ball, President T. J. Lynch says:
"I consider that the new Cork Center Ball that you are now furnishing is the best that the National League has ever used. It is a great step forward in base ball construction."
The Presidents of all organizations connected with Sports write likewise.
Our free 1912 Catalogue illustrates and describes Balls for every athletic Sport

The Albany Teachers' Agency Knows How.
ONE EXAMPLE
In August 1911 Principal Alfred C. Thompson of the Brockport Normal School called at our office in search of a strong superintendent for the training department. We recommended Charles D. Cooper (Bucknell, '05) who was Professor of Pedagogy at Millersville, Pa. Normal School. Professor Cooper was appointed at Brockport at a large advance in salary and on September 15th, 1911 wrote us as follows:—
"I came here on Tuesday and surely am pleased with all conditions; I must say that while I was half-hearted in my belief that any agency could help me, I have been convinced of the standing you have as well as your manner of doing business."
We have helped other Bucknell graduates to good positions this year. We can help YOU

THERE IS no necessity of your feeling in the least dissatisfied if you cannot afford to buy your new Spring Suit from one of the expensive custim made tailors.

You can receive from us a Custom Made Suit at a reasonable price that is the equal of the suit you have in mind.

You want an up-to-date serviceable Suit—you want fit and style. That is what we offer in B. STEARN & SON tailoring. If you wish to make a good appearance this Spring, you should not delay, but immediately come to us.

We will show you such a variety of the weaves and patterns, 600 different fabrics, that you will easily be able to satisfy your individual taste.

New York's exclusive tailors who employ only expert workmen, will do the rest.

If you follow our advice, your Spring Suit will be the last word as to fit, finish, and style.

Yours very truly,

J. F. Prowant

Market Street - - Lewisburg, Pa.

HILL GOSSIP

Mark Baldwin, '11, is the guest of his Phi Gamma Delta brothers.

Bucknell Academy lost its first game Saturday when it met Bellefonte Academy in baseball at Bellefonte The score was 10 to 3.

A number of new lights erected this week along the dark paths on the college campus mark a decided improvement and a long-felt need.

The senior reception held at Bucknell Academy was one of the most enjoyable affairs ever given by the graduating class of that institution to their friends.

A large stalk of rye, probably the largest stalk of rye seen about Lewisburg, was displayed at the Lewisburg Journal office last week. The rye was grown on the farm of Prof W. G. Owens along the river road below town. Its length was seven feet and six inches.

WOMEN'S COLLEGE

Gretchen Radack, '11, is the guest of Mrs. Wm. Leiser.

Blanche Henderson, '15, spent Saturday at her home in Montgomery.

The Delta Delta Delta girls held their annual picnic at Blue Hill on Saturday.

Vera Frost, '12, and Sara Rittenhouse, '12, are visiting in Vicksburg over Sunday.

Helen Levegood, '12, is spending her senior vacation at her home in Jersey Shore.

Helen Hare, '10, was the guest of Helen Ott, '14, and Winifred Miller, '15, at dinner on Friday.

News was lately received of the death of Mr. White, of Passadena Cal. Mrs. White, nee Miss Aiken, was for ten years music instructor at the Woman's College.

Frances and Florence Barber, '15, entertained Ruth and Ramona Lenington, '15, Winifred Miller, '15, Helen Ott, '14, and Frances McNoll, '14, at their home on Saturday evening.

Margaret Weddell, '13, took charge of the regular Y. W. C. A. meeting on Tuesday evening. Miss Weddell resigned as president of Y. W. C. A. since she will not return to college next year and Rachael Davis, '14, was elected to take her place.

INTERCOLLEGIATE

Kenyon, a small Ohio college, faces a gradual dropping off in attendance. The shortage is ascribed to lack of advertising and poor athletic teams.

Freedom to cut classes as often as they please, and to be absent without giving any excuse has been granted Dartmouth students as long as their average is 85 or above.

The University of Kansas has an annual inter-fraternity debate. The subject of this year's debate will be this: "Resolved: That high schools should be reorganized to extend over six years in order to provide an adequate vocational training and guidance.

Miami University has just adopted the budget system. Their plan differs from others in that nearly all of the money goes to the support of athletics. The assessment is six dollars and all of this goes to athletics save two deposits for part payment for the college paper and annual.

As a result of a recent demand on the part of the undergraduates at the University of Kansas, the signals for the closing of all the classes will be given by a blast of the university whistle. Instructions accompanying the schedule say: "Students are authorized and expected to leave their classes promptly after hearing the signal. Instructors will not consider this a discourtesy."

That the busiest students in college have time for Bible study is evidenced by the number of men holding prominent positions in college life who were enrolled in the Bible classes last year. These included 1,522 members of 'varsity football teams, 1,454 members of college glee clubs, 653 editors of college papers, 1,402 members of varsity baseball teams, 755 class presidents, 983 prize and scholarship men, 712 members of college basketball teams, 92 members of 'varsity crews and 1,053 members of 'varsity track teams.

Domestic Vacuum Carpet Cleaner

Nothing to get out of order—
Nothing to wear out.

If you run over your carpets and rugs every day or two with this vacuum sweeper you will keep them practically as clean as your table linens and you will never have to take them off the floor. Think of the money, time and labor it will mean to you. The Domestic Cleaner rolls over the floor and sucks up the dirt without the slightest wear on the carpet. No brushes, no bristles, just a blast of air rushing through your carpet up into the cleaner and carrying all the dust, moths, and microbes with it and not one particle of the dust escapes from the cleaner to settle again in the room as it does with the old fashioned methods. While this cleaner is designed especially for cleaning carpets it can be used very successfully for cleaning draperies, walls, upholstered furniture, bedding, etc., by use of nozzle and hose which can be easily attached to the front of the cleaner. We guarantee it to do all we claim. What it is doing in other homes it will do in yours.

June Sale of Under-Muslins

Great savings on the best and newest garments, such as gowns, skirts, corset covers, combination suits and drawers. Not only do we cater to the regular sizes but we make a specialty of out-sizes for the large lady, and children's sizes also. Special prices on many lots that it will be an object for you to come in and take advantage of the mark down. Best material, daintiest trimmings and fine needlework.

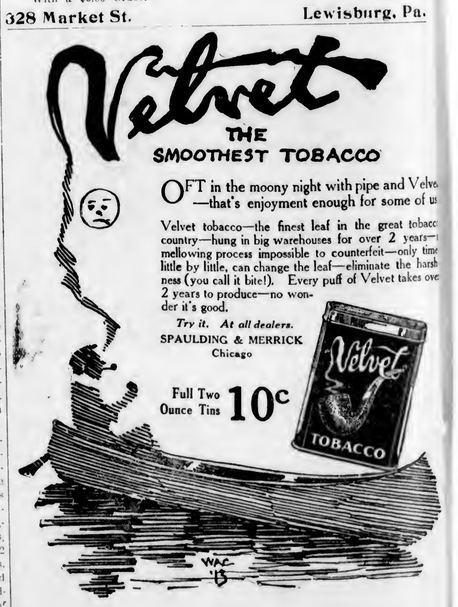
Velvet
THE SMOOTHEST TOBACCO



OFT in the moony night with pipe and Velve —that's enjoyment enough for some of us

Velvet tobacco—the finest leaf in the great tobacco country—hung in big warehouses for over 2 years—mellowing process impossible to counterfeit—only time little by little, can change the leaf—eliminate the harshness (you call it bite!). Every puff of Velvet takes over 2 years to produce—no wonder it's good.

Try it. At all dealers.
